RE: Spirit Night Prize Money
CC: Steve Hamilton, Director of Athletics

Per our discussion, on Thursday, September 26, the athletic department will host Spirit Nite '96 - *Take it to the Limit*. Working in conjunction with several student organizations and the Alumni Center, the athletic department is organizing a banner contest at Alumni Tower, a parade from Alumni to the AAC and a lip sync contest to the Eagles song *Take it to the Limit*.

Banners will be displayed at Alumni Tower on September 26 and the winner announced during the third quarter of the football game on September 28. Winners of the Lip Sync contest will be announced at the conclusion of the contest, and first-place winners will perform during half-time of the September 28 game.

As this event will be open to all students, and help in generating campus-wide unity and support for the Eagle football and volleyball programs, we are requesting the SGA fund prize money for the Lip Sync contest. Prize money totals \$350 and the break down is as follows:

✓	1 st	\$200	+ couple of tickets to Byrd/Laurence.
	2 nd	\$100	
	3 rd	\$ 50	

Thank you in advance for your time and consideration. I can be reached at #2387.

The Executive Committee would like to thank everyone for a productive semester. Here are some of the things that SGA has accomplished:

- Had an increased voter turnout for both the Spring 1996 and the Fall 1996 SGA elections.
- Hosted a successful retreat at Carter Caves during the second week of September.
- Extended Free Parking Hours in the F/S zone. From 11:00 pm to 6:00 am.
- We launched a contest to name the MSU eagle, "Beaker".
- Approved the proposed electronic message board that will be located on ADUC. We are currently in the acquisition process.
- Had a headlining concert, "Tracy Byrd and Tracy Lawrence" on October 3rd.
- Passed a resolution to keep Third Street closed. It has now be turned in to a cobblestone courtyard.
- Funded and facilitated 30 events that were absolutely free to MSU students.
- Registered over 80 new student voters, out of a total of 500 state-wide, in the 1996 November Election voter registration.
- Helped financially support several club sports and student organizations over the course of the semester.
- Continued to be the primary sponsor of the Miss MSU Scholarship Pageant. The only student ran preliminary for the Miss Kentucky Pageant.

There are probably many things we have accomplished that are not listed above, but overall this semester has been successful. The Executive Committee would like to thank everyone who has contributed to this semester. Have a nice long holiday break and start getting ready for the Spring 1997 semester.

Dear Jason:

SGA's recent gift of \$2.000 to MSU is deeply appreciated and I want to assure you that it will be used in accordance with your wishes.

It certainly is no secret that all public institutions of higher education have financial needs which cannot be met with appropriated funds and student fees. Private gifts like yours enable us to stretch our resources in these tough times, and to continue to provide quality.

In compliance with Section 170 (f) (8) of the Internal Revenue Code, I hereby certify that you have received no goods or services in exchange for your gift. This letter will serve as your official receipt.

Please help me spread the word to others who also have the means to help, and thanks again for being such a special friend.

Sincerely,

A handwritten signature in cursive script that reads 'Ron Eaglin'.

Guidelines for Special Funding Allocations 1996-1997

1. The purpose of the Special Funding Committee is to review all funding application requests for the Student Government Association. Therefore, organizations outside SGA must submit their funding application to the Special Funding Committee.
2. The Committee must treat every proposal in a critical and unbiased manner.
3. Every funding proposal that is outside the scope of the SGA should be brought before the Special Funding Committee.
4. Funds approved by SGA are to be used for the explicit purpose as stated in the proposal. Failure to do so may result in forfeiture of funds allotted or reimbursement would be required back to SGA. The Committee also reserves the right to ask for summarization of expenditures after event.
5. SGA will fund no more than 50% of the total cost of a proposed funding request without exception. The funding request is to be itemized on the application. All proposals exceeding \$1000 shall be itemized to one third of the total cost.
6. Those student organizations with budgets directly funded by the University should not submit any applications to the Committee.
7. Funding must benefit the entire campus. The burden of proof lies upon the organization itself, not the SGA. The event must have some impact on the students, be it entertainment or education. An organization planning an activity should notify the SGA before planning it so that they know beforehand if the money is available.
8. Organizations must show a genuine need for the funds. They must have raised at least 50% or more of the expected cost before submitting a request for funds.
9. Persons explaining or presenting their proposals will be asked to leave when a vote is taken. The SGA office will contact the persons, or they can learn of it by reading the minutes of the SGA meeting by 1:00 p.m. each Thursday.
10. Any member on the Special Funding Committee who is a member or has documented ties to the organization requesting funding will not participate in a vote to bring the proposal to Congress at large.
11. Those organizations who have previously received money from the SGA are not guaranteed any allotment for the following year. A registered student organization is eligible to receive money one time per semester each academic year. A student organization that is not registered with the University is not eligible for SGA funds.
12. The Special Funding Committee will be allotted a definite amount of money that can be used for Special Funding proposals. Those members of the Special Funding Committee must be cognizant of the amount of money available for use. That amount will be mandated by the approval of a budget by Congress to be presented at the first or second SGA meeting of each semester by the Executive Committee. The amount of money may be different each semester.
13. It is advised that applications be submitted to the SGA office at least one calendar month before the money is needed.
