## LOCAL AND PERSONAL

Mrs. Rhoda Hughes, of England, Ark., stopped over here last week with relatives, from a visit to the home of Rev. Tipton, her father, in Greengrub.

Yes Patton, who has been here the past winter with his brother Thomas, returned Saturday to Lewis county to farm. If Tom is successful in what he expects to do he will probably become a future citizen of Lewis, also.

Mrs. J. M. Scott, who has been visiting in Carter the past winter, expects to return to Iowa in a few days.

(Mr. and Mrs. Herbert Dennes returned Monday to Ashland after spending a few days here with relatives.

George McClave and wife are here from Portsmouth for a visit with home folks.

Miss Letha Sammons visited her sister, Mrs. Ned James, of Sinking, a few days last week.

Leslie James has moved into the L. H. James property in east town.

R. H. Paymer was here last week from Portsmouth, shaking hands with old friends.

John Tackett spent Sunday with his home folks at Enterprise.

The boys will not be able to open the season on the local diamond Sunday on account of the condition of the ground. If the grounds can be gotten in shape a game is hoped for Sunday after Easter.

The ladies of the Christian church gave a luncheon in the hotel parlor on Tuesday evening, which affair was a surprising success. The receipts was \$27.60, which applies on the payment of the mortgage against the church. At a recent meeting \$500 was subscribed.

J. A. Maddox can supply your need in lumber or roofing. 2111

**Days Lawton Sand Quarry**

H. Watt Hillman and his father-in-law, R. A. Carpenter, have bought out the Lawton Sand and Supply Co., at the Lawton, and have taken charge of the workings of the plant. The store they recently bought there, formerly belonging to Chas. Oppenheimer, is under the management of Jno. Carpenter, son of R. A., and is to run in connection with the works.

## GEN. BENNETT H. YOUNG

Gen. Young is the Commander in Chief of the United Confederate Veterans, who hold their Reunion at Jacksonville, Florida, in May.

### Feeling Are Hurt.

Jackson and Hazard, rival boom towns of the mountains, are both fifth class cities. They thought they were in the fourth class. Now they want to know why Senator C. D. Arnett was in Frankfort inquiring about the bill and Senator Brock had tacked an amendment on Representative John C. Duff's bill, making Hopkinsville a third-class city, which raised, as they understood, Jackson and Hazard from the fifth to the fourth class. The enrolled bill, signed by the presiding officers of the two houses and the governor, puts them in the fifth class, and that is the law. Jackson and Hazard both are growing rapidly and are in adjoining counties and the same coal field, and located on the same railroad line; they are near enough together to have engendered great rivalry. Each was desirous of flaunting its gain in population by getting into the highest class its population would permit. Their representatives watched each other like hawks throughout the recent session, each fearing that the other town should get into a higher class than his own. The result was an agreement, it is stated, that both cities should become fourth-class.

### Test Suit May Be Brought.

It is possible that a test suit to establish the validity of the workmen's compensation act may be brought before assessments are levied against employers of labor to create the indemnity fund. Atty. Gen. Garnett, Commissioner of Agriculture, J. W. Neyman and Insurance Commissioner M. T. Clay, who compose the board, which will have charge of the operation of the law, have discussed various phases of the law, but have not yet decided upon a definite policy. Atty. Gen. Garnett said that, after studying the law, there is any doubt in his mind as to the validity of any of its provisions, he would be in favor of submitting the matter to the courts, any attempt is made to act under it, particularly if opposition to the features of the law develops in any quarter.

### Parole Asked For Ropke.

The state prison board has been asked to parole August Ropke, sent from Louisville for embezzling about \$1,500,000 from the old Fidelity Trust Co. The family claims the court of appeals decision in the DeLoss case entitles Ropke to parole. He was given five terms of two years each. The case was referred to the attorney general by the board. If a parole is refused, a suit will be filed, it is claimed.

### Visiting Nurses Named.

The state tuberculosis commission have employed Miss Mary Bogard, of Louisville, visiting nurse in Boyd county, and designated Miss Marion Williams, visiting nurse at London, Prestonburg, Paintsville and Pikeville, and Miss Emma Hann visiting nurse in Morgan county. The commission will employ a negro nurse to carry on the work in Henderson.

### Consults With His Friends.

Gov. McCreary held a conference with his friends relative to the opening of his campaign at Winchester, April 6th. Among those present were Judge Alle W. Young, of Mt. Sterling, and former Representative W. P. Kerr, of Lexington.

### Wakefield Is Named To Board.

Gov. McCreary has appointed John D. Wakefield, of Louisville, a member of the board of visitors of the Kentucky Institute for the Blind. Mr. Wakefield was appointed to fill the vacancy caused by the failure of Clifton Rhodes to serve.

## NEW ITEMIZED STATEMENT BILL

CAUSING MUCH WORRY TO MEMBERS OF STATE BOARD AND COMMISSIONS.

### MAY LOSE TRANSPORTATION

Work Secured by Parole Agent Cox for Most of the 450 Prisoners Let Out of the State Pens.

(Special Frankfort Correspondence.)

Frankfort, Ky.—Journeys in which the commonwealth of Kentucky is interested begin and end at Frankfort, according to the stipulations of the itemized statement bill passed by the general assembly and signed by the governor. How this will affect members of state boards and commissions, which have offices in Frankfort, where the members meet once a month or more, coming from their homes elsewhere for the purpose, is a question which is making copies of the measure much in demand. The law, which says that all officials, members of boards and commissions and state employees and employees of institutions, "entitled to receive their traveling expenses incident to the discharge of their official duties, shall take a receipt on blanks to be furnished by the auditor for all items of expense incurred by them in excess of \$10, to be given on to say, "All officers or employees of the commonwealth of Kentucky, who by reason of the duties assigned to their office, are required to be at the seat of government for the majority of the time, or who have offices located at the seat of government," shall not be permitted to charge for expenses except from Frankfort to the place where the business they are transacting is to be transacted and from that place back to Frankfort; and those officers or employees who are assigned to duty at some place other than Frankfort shall only be permitted to charge to the commonwealth for expenses which they incur in going from such place to the place where the business is to be transacted, and returning, and in no event shall the auditor allow any claim of any official for expenses in going from the seat of government or the place where the official is assigned to duty, to the claimant's real place of residence, or in return therefrom, unless it is shown that it was necessary for the claimant to make said trip for the discharge of business for the commonwealth of Kentucky."

### Convicts Seek Credit For Labor.

Some of the men in the Franklin circuit court here in behalf of John Spencer, Luke Hopper and Louis Reed, inmates of the Frankfort reformatory, against Prison Commissioners Daniel O'Sullivan, Henry Lawrence and M. P. Conley, for a writ of mandamus, requiring the board to place to the credit of all the prisoners in the reformatory part of the contract price of their labor for the period between July 1, 1910, and August 1, 1912. The law authorizing the prison commissioners to set at naught the credit of each convict a portion of his earnings became operative July 1, 1910. The prison commission began the system of crediting the prisoners with a portion of their earnings-August 1, 1912.

### Moonlight Schools in Grayson.

Mrs. Cora Wilson Stewart, of Morehead, accompanied by Miss Ella Lewis, county school superintendent of Grayson county, was here to see Gov. McCreary. Miss Lewis has established the moonlight school system in Grayson county and had with her a picture of a ninety-four-year-old pupil, at present twenty-five months of age. The state have inaugurated the moonlight school system.

### To Survey Water Sheds.

A conference between A. H. Horton, of the government geological survey; J. B. Hising, state geologist, and J. E. Barton, state forester, was held here relative to a co-operative survey of the watersheds, with reference to flood stages in the rivers of the state. The government proposes to establish 60 gauging stations in the rivers.

### Brock Named Regent.

Gov. McCreary has appointed Senator H. Brock, of Harlan, and reappointed Jerry Sullivan, of Richmond, members of the board of regents of the Eastern Normal school. Brock takes the place of Phil Grinstead.

### Named Forest Warden.

E. P. Howe, of Paintsville, has been appointed Forest Warden for Johnson county.

## 58 PRIZE WINNERS

Following are the names and addresses of all those sending in correct answers to our March \$5 prize contest.

## VA.; Mrs. B. J. Cline; Sublett, Idaho; Mrs. Jno. Tierney, Piqua, O.; Master Chester Bryant, Verdun, Okla.; Mrs. Malissa Salyer, Brazil, Ind.

A special prize was to go to the first answer, and this goes to J. A. Sewell, Olive Hill, and we sent the special prize—a big juicy lemon—to him by parcels post.

Our big popularity contest will be put on in a few weeks; soon as arrangements can be made for display of the prizes. They will total about \$250 and there is to be about 10 prizes, the capital prize being worth at out \$100.

### Two Bills of Special Notes

The Governor signed the bill carrying the amendments to the State Primary Law. The amendments provide that a candidate may act on the ballot without a petition and that a defeated candidate may have ten days to file notice of contest.

The bill providing for holding Circuit Court terms in counties containing a city of the sixth class or larger, located eleven miles from a courthouse and not over two miles from the center of the county, was signed. The bill provides that court shall be held alternately at the county seat and at the sixth class or larger city which is designated as the place for holding court.

FOR SALE—A good featherbed and cedar 3-room house for 15 by 100; payments of \$10 a month. Call at Progressive office.

## ELECTRIC LIGHTS

The fact that we have had so little to say about our electric lights need not leave the inference that the enterprise has lived its age and died.

The management, when picking up the electric light proposition here realized, as we stated in a previous issue of this paper, realized that public confidence was yet to gain from prospective patrons of the town, and that it must come by the system, meriting the patronage through confidence; so the past three weeks has been used, practically as a sample of service; the management really figuring a "get it" proposition in order to show that the system, in proper hands, can be made to give service satisfactory.

With the exception of a few minor troubles at the beginning, occasioned by the necessary adjustment of the machinery, we think we are permitted to say the service given has been better than was expected, and that several customers are very well satisfied with the service, especially when we reason that unavoidable accidents happen in the most perfected businesses.

Very soon, we are informed, the electric light project will be taken hold of and dealt with as a real live, come-to-stay adjunct; developed, system-extended and improved, and undertake to keep a several among Olive Hill's other thriving industries.

Robt. Hyatt, Wm. Carpenter, Crow Presley, Min. Hyatt and several others from Wain, Rowan-co., were here Saturday on business.

Rumor has it that the new nuke leading from Plummers Landing to within about 1 mile of here will be completed to this place during the present year.

Chesney Evans, who is going to teach school here the coming fall and winter is out taking the census of the district for T. H. Dunaway, sub-district trustee.

Merchant J. S. Muse of this place has purchased the farm of Chas. E. Rollins consisting of 66 acres on Lewman ridge near here, paying a good price. Mr. Rollins is going to Harrison-co. after this year to reside.

Mason Carpenter of whose illness we made mention last week died at his home over in Rowan Wednesday with fever and was buried here Thursday. He leaves

a father, mother and young wife to mourn his loss. He had been married since last July. He died claiming that Christ had pardoned his sins and he was going home to rest. He was a Junior and a Red Man. The Junior order had charge of his remains at the cemetery. A large crowd was present to pay the last sad rites of the departed son and husband. Peace be to his ashes.

Convincing and Unique Demonstrations Will Be Feature of Meeting

TWO ACRES OF FLOOR SPACE

Many Activities of Rural Co-operative Work Will Be Shown in Actual Operation—Parcel Postoffice Will Be Part of Exhibit at Louisville.

A talk or a lecture may be thoroughly convincing and delightful, but a demonstration must carry absolute conviction. The demonstrations that will be used in Louisville in the Army, April 7, 8, 9, 10, are sure to attract the attention of the farmers, their friends and neighbors who come to the Conference. A short list of some of these various demonstrations will probably give some idea of the wide scope of this meeting. Men who understand the business will develop real organizations for the handling (1) Poultry and Eggs; (2) Vegetables and Small Fruits; (3) Farm Products; (4) Dairy Products; (5) Live Stock; (6) Purchase of Farm Requirements; and (7) Co-operative Credit. In these organizations that will be developed, an effort will be made to show exactly how the testing, grading, standardizing and packing of all the various products is done. Directors for shipping, selling, the making of returns and the finding of markets will be made features of these demonstrations.

Besides these co-operative organizations that have just been mentioned the United States Postoffice Department has arranged for space in which to equip a complete parcel post department. Instead of its being merely a dummy affair with an exhibit, parcels will be handled and sent out as they are in any great postoffice. Several of the large retail stores of Louisville will send their parcel post packages direct to this office instead of the main postoffice, so that there will be continuous work in handling the mail during the whole time the Army is open for exhibition purposes. In addition to the handling of packages from the city to the country, experts will be present to show anyone how to pack eggs, butter and country produce of every type. Very few people know very much about the parcel post as yet, and this innovation should prove a tremendous advantage to those visiting the Conference.

**THE BANKER-FARMER**

B. F. Harris, of Illinois.

It seems rather odd to find on our desk a new magazine with the above heading. It has always seemed to us as if the bankers and the farmers did not know each other as well as they should. In running over this splendid magazine, which is a monthly review of the State Bankers' Associations of thirty-seven states, their agricultural committees and the individual banker in agricultural matters, it seems to be most timely. It claims among its items of interest 'public welfare, in connection with an effort to obtain and hold successful and permanent agriculture through better farming, marketing, education, roads, rural life and credits.

All the wide-awake folks who meet at the Conference for Farmers and Business Men in Louisville to discuss rural matters during the four days, April 7, 8, 9, 10, will have a chance to hear the editor of 'The Banker-Farmer' Mr. B. F. Harris, of Champaign, Ill. He is not only the editor of this strong, clean publication; but he is, also, the very successful vice president of the First National Bank of Champaign and chairman of the Agricultural Commission, which was developed under the auspices of the American Bankers' Association.

Railroad Rates. The railroad people of the South have been quick to see the tremendous advantage of quickening interest in rural life through the Conference of Farmers and Business Men in Louisville, April 7-9-10, and have allowed a very low rate, one fare plus 25 cents for the round trip.

# EVEN PLAN GIRLS CAN ADD MUCH TO THEIR ATTRACTIONS

## Simple Rules of Health and Attention to Details Will Work Wonders

THE fact that we are told that beauty is only skin deep does not seem to trouble the girls who, in a mad rush after a lovely face and an equally lovely "finger," resort to all sorts of expedients to gain the coveted loveliness.

Perfums, cosmetics, deceiving ruffles and all sorts of artifices are indulged in, and beauty talks are eagerly read in order to gain that elusive quality which the gods forget in most of us—beauty.

But what is more natural than this wish to be just as attractive as the prettiest? The modern girl differs not at all from her famous ancestress in this respect, and I'll wager that some ancestress wasted just as much time before an "primal mirror" as does the modern product before one on her dressing table.

And let me say that no girl need be plain.

Nature may have been much kinder to some of her daughters than others by bestowing on them rose-petal complexions and regular features, but this is no reason why the plain sister should not at least be as attractive, if not beautiful.

This hair of no particular color may mar a pretty face and make only a plain one, but why should the unhappy possessor accept the fact meekly and make no attempt to remedy it?

Peroxide and rasps may be resorted to, but generally with disastrous results, and there is absolutely no excuse for this. In no reason why the hair is many times worse than the "crowning beauty" of a woman, and if she but makes good use of the remedies at hand it will not be long before the thinning hair is a glossy thick tress.

If the hair is gray it will have to be washed at least once a week, but if very dry once in three weeks will be ample with a couple of dry shampoos between washings.

Try fixing up the hair in a number of different ways and select that which is most becoming. Whether it is fashionable or not.

A bad complexion is generally the trial of the seeker after beauty, but this also may be remedied.

All the cosmetics and face washes in the world will not make a pretty complexion if the system is run down or if the face is not kept clean.

Truly it has been said that "cleanliness is next to godliness" and not only cleanliness of the outside of the body but cleanliness of the inside.

And this cleanliness of the inside can only be gained by a thorough washing with water. At least six glasses of water a day should be drunk by every person and the tobacco placed on oily and indigestible foods.

Pastry and rich foods will work havoc with the best complexion and with an already bad complexion the result is unattractive.

A girl may not be pretty, but also she must not be hopeless.

## Wolfe

Once more the death angel has visited the home of Mr. and Mrs. Chas. Meenach and taken from them their dear little daughter, Mabel, aged 2 years, 4 months and 1 day. God has called 3 of their little ones home to dwell with Him. In the midst were 2 pair of twins. The family have our sympathy while they dwell at their lonesome home. God does all things well.

Thomas Burchett, who has been working at Portsmouth, O., has returned home on the sick list. We trust he shall soon recover.

Mrs. Jane Crawford and her daughter Etta, of Everman's Creek, are visiting home folks at Flatwoods.

Misses Willa and Ora Jacobs were shopping in Carter Saturday.

Mrs. Monroe Sturgill is visiting her brother, Noah Jarvis, this week.

Miss Lottie Horsley and sister, Ollie, were visiting Miss Willa Jacob's last week; a very pleasant time reported. We suppose they were trying to cheer Willa up, as her best fellow will soon join the army. Boo-hoo, Willa.

Herbert Burchett has returned home, after rambling around over the U. S. for four years; yes and was calling on Miss Lottie Horsley Sunday afternoon, who has been his best girl for eight years only.

Misses Grace and Kate Burchett are still enjoying school days at Grayson.

John Plummer has returned home from Canada on a short visit with home folks.

C. C. Jacobs attended Old Fellow Lodge at Carter Wednesday night.

Mrs. Mary Burchett, who has been on the sick list for a few days, is improving some, we are glad to say.

I suppose Miss Virgie Plummer will soon enter school at Grayson.

J. H. Jacobs made a flying trip to Portsmouth Monday.

Prayer meeting at Jeff Hignite's yesterday at 2 o'clock and at Plummer church last night.

J. H. Jacobs spent a couple of days in Portsmouth last week.

Thomas Burchett is on the sick list.

Miss Ollie Maggard visited

Miss Willa Jacobs Saturday and Sunday.

## Counts Cross Roads

It really seems that Winter is with us yet; the fire seems as good to us as ever, but vegetables are growing rapidly in spite of the cold weather. Farmers down this way are working, getting ready to sow grass and oats.

Bro. Tackett preached for the people Sunday morning and had a good congregation.

Miss Mayme Gee, from Salem, was the guest of Mrs. Bertie Morgan Sunday.

Miss Evie Morgan took school census last week, and we hope to get a good teacher for the small children this year.

Quite a crowd of young people from here took in the moving picture show at Olive Hill Saturday night.

Everet Morgan is better.

Mrs. Wm. Johnson went to Salt Lick Friday to consult a physician there, returning Saturday.

Mrs. May Criswell went to Olive Hill one day last week.

Mrs. Ellen Everman of Graham took dinner with Jessie Baker one day last week.

## Lawton

crowded out last week

Times are very dull here since the Oppenheimer family moved up Sandy. Society lost two of its most charming young ladies and all their friends miss them.

as they entertained often and their home was always open to their friends.

W. F. Counts and family have gone to Montana. All of their friends went to the station to bid them good by. Everyone regretted to see them leave.

### BLOOD POISON

IS actually millions of germs that grow from one of the best germ under the skin and into the blood.

### DR. BELL'S Antiseptic Salve

Applied right away would have killed these germs before they had time to multiply. It is the only remedy for these germs. See Dr. Bell's Antiseptic Salve. "Kill It By The Bell!"

## Ben's Run

Spring is here

Oh, joyous Spring! In all the trees the little birds sing.

The little flowers from their hiding place peep. As just awakened by the sunshine bright, from their long Winter's sleep.

We are glad to welcome dear old Spring once more with all its beauty.

12 and 16 Gauge Hammerless "Pump" Guns Six Quik Shots!

shotgun is a fine-sporting, beautifully balanced gun without any objectionable lumps or bumps no holes on top for gas to blow out through or water to get in. It fires up with rain, snow or dirt; its solid steel barrel has a shell of wood permits a thoroughly symmetrical gun without sacrificing strength or safety; it is the safest breech-loading shotgun ever built.

It has Hammerless repeating action—no hammer to cock, no hammer to drop, no hammer to strike, no hammer to cock, no hammer to drop, no hammer to strike, no hammer to cock, no hammer to drop, no hammer to strike.

It has Double Extraction—no need to pull the trigger again to eject the spent shell.

It has Double Ejection—no need to pull the trigger again to eject the spent shell.

It has Double Extraction—no need to pull the trigger again to eject the spent shell.

It has Double Ejection—no need to pull the trigger again to eject the spent shell.

If you shoot a rifle, pistol or shotgun, you should have a copy of the Ideal Hand Book—160 pages of useful information for shooters. It tells all about powder, bullets, primers and reloading tools for all standard rifle, pistol and shotgun ammunition; how to measure powder accurately; shows you how to cut your ammunition; gives in half an hour more and better shooting. This book is free to any shooter who will send three stamps postage to The Marlin Firearms Co., 42 Willow St., New Haven, Conn.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. ## Making Dresses for Little Girls

Children's clothes are always a fascinating subject, but they seem particularly bewitching just at present in their absolute simplicity and perfect cleanliness.

It is now so much the custom for mothers to dress small children in frocks the year round that there is little difference in the winter and spring preparations for the child's wardrobe.

Unquestionably, a little frock may be achieved much cheaper at home than an equally good frock can be bought ready-made, provided the mother does the sewing herself.

One can be absolutely sure, too, of the material used and whether it has been shirred or not, and can have it made up more carefully, but it is doubtful if the home-made production will have the air the little bought frock has.

However, if the mother has had much experience in the making of clothes, small or large, there are always resources and odd pieces of material she can pick up in the stores for very little and which can be fashioned into stylish little garments.

## Cure for Felon

The following recipe is a cure for felons is an old and well-tried remedy. Take one egg, one tablespoonful of strained honey, one tablespoonful of spirits of turpentine, four enough to make a moist paste and cover the finger with the mixture. Renew when this gets dry and speedily relief will follow.
