nication of Thoughts and Opinions is one of the invaluable rights of Man."

tres, Thursday, June 29, 1846. In Committee of the Whole on the state of the Union, on the Civil and Diplo-matic Appropriation Bill, Mr. PRENCH and, that if he were ac-taneed by a regard to his healt of pressive state of the atmosphere, he should certainly have been the last to rise on this public duty, regardless of parsonal com-fort or considerations, and adaed the in-dulgence of the committee whilst he sub-stice after thoughts on two subjects, which none of the Representatives from his State had yet a pofeen on: he mant which none of the Representatives from his State had yet spoken on: he mean the subject of slavery and of the power of the General Government over that in-

of the General Government over that in-stitution, and the power of Congress over the Territories belonging to the United States. He proposed addressing the com-mittee briefly on these subjects, but chiefmittee brieny on tnese surjects, out time ly on the questions relating to slavery. When he had a scat in this House twelv years since, the famous twenty-first ru was in force; in compliance with which the subject of the subject twenty-first rule nce with which als on the subject subject

s at petitions and memorials on the subject were last upon the table, without being either printed or referred. Many agine ing secres with fresh in warmsmore the secret subject of the secret secret research and the secret secret secret research and the secret secret secret upon the ground, by those who offered anis-slavery petitions and memorials, of vindicating the secred right of petition which they alleged was in danger, and subject secret right of petitions and secret right of petitions donotous rule was repealed, that the ap-function of the subject of slavery would have ceased here, and ceased forver, but in this reasonable expectation he had seen faulty dissipational.

appointed. proposed to agitate that ief snace of time himself, a brief subject for but not by brief space of time himself, resort to declamation or de-but he invited gentlemen to im, take counsel of reason nunciation; b walk with hi and moderati on this subject, is in the

Mr. F. said the great object of human rement, its principal and most im-nt aim, is, to protect men in the en-cut of their absolute rights. With-overnament, these rights cannot be cled; by the institution of govern-there are protected wermannt, tuess in the institution of govern-they are protected. What, then, hese absolute rights of mani-ply to this question, Mr. F. did not entlemen to take his words for the or; but those of the ablest jurists and bunds who have ever blessed the

one more worthy of confidence and spect than Sir William Blackstone. All law writers upon the elements of law, of any eminence, it will be found, concer with Judge Blackstone in his deficit

intro the element of the two sets and elements of tw

late these absolute rights of individuals." Vol. 1, poge 124. And on page 129, same volume, the learned jurist thus defines the absolute rights of individuals:

rights of individuals: "And these may be reduced to theop principal or primary articose. the right of personal security, the right of personal (here), and the right of primary and there is a security of the right of the right of the right of the right of one or the other of these important rights, the preservation of Aree invitate may justly be said to include the preservation of our civil immunities in their largest and most extensive sense." Again:

Again: "The right of personal security con-sists in a person's legal and uninterrup-ted enjoyment of his life, his limbs, his health, and his reputation." "The right of personal liberty consists in the power of locomotion, of changing output one's person to one's person to "The right of personal hours, in the power of locomotion, of changing situation, or removing one's person to be a structure one's own inclination may

untess by due course of use "-- Zege 134, and to ". The link doolse right inherents, every Doglahmach free use, rajoynent, and dispessed of all his acquisitions, with-out any control or dimmition, save only by the laws of all his acquisitions, with-out any control or dimmition, save only the laws of rand defined and explain-ed so plainly, that with of personal society, enhanging the right of personal topic of personal iberty. embry of personal ight of personal iberty.

And again, same page: "So great, moreover, is the regard of the law for *prirate* property, that it will not authorize the least violation of it, no, the law for prirate property, that it will not authorize the least violation of it, no, not even for the general good of the whole community. If a new road, for instance, were to be made through the grounds of not even fit the period of the second of this common good, and to decide er it be expedient or no. Beside public good is in nothing more esse interested than in the protection of individual's private rights, as mode the municipal law. In this and cases the legislature can, and inde n of every odeled by individual's private rights, as modeled by the municipal law. In this and similar cases the legislature can, and indeed fre-quenity does interpose and compet has the second second law of the legislature can interpose and compet? Not by show it interpose and compet? Not by show in a full interpose model, the second for the injury thereby sustained. The pablie in now considered as an individu-ant for an exceeding on the second second pablic second for a reasonable price, and even this is an exterior of power which the legislature can per-form."

which none out ..... form." But, sir, the question yet remains to be answered, how was the right of private answered, how was the right of private answered, and so answered, now was the for property, so valuable, so s guarded, as the foregoing it to have been even in E ed? foregoing extracts show even in England acquir

ed?-"Or what was it that gave a man an ex-clusive right to retain in a permanent manner that specific land winch before belonged generally to everybody, but particularly to nobody!
