A MOTHER'S DEVOTION

To her children is one of the most beautiful things in life. When they are sick, the wise mother, who has taken the pains to study their best interests, promptly gives them Dr. Caldwell's (Laxative) Syrup Pepsin. It quickly relieves pain and fever, and can never do nothing but good. C. B. Waring.

If You Are Sick

It is because some of the organs of the body are not doing their work well. There is a lack of that nervous energy that gives them motion. Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc., because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nerve restores health because it restores this nervous energy. "I have been sick for a year, and did not know what was the matter with me. I tried many remedies, and some of them proved of some value. I heard of Dr. Miles' Nerve, and I purchased a bottle, and before I had taken half of it I was better. I would have had previous permission if I had not got this medicine when I did. It cured me. I have since recommended it to five of my best friends, and they have all thanked me for doing so, for it benefited them all." MRS. ROSE OTT, 339 S. E. St., Newnes, Columbus, Ohio. Dr. Miles' Nerve is sold by your druggist, who will guarantee that the will restore your nerves. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

"PET"

A Nebraska cyclone went into matrimonial business long enough to wrap a pretty school ma'am in the front yard of a bachelor farmer. The young man accepted the prize package as a dispensation of providence believing in the saying that cyclones like lightning, never strike twice in the same place. —Ex.

The interstate Commerce Commission will have a peculiar test case to decide. A Tennessee negro refused to occupy the colored car and it was necessary to forcibly make her leave the "White folks car."

Most Fatal Year.

The year 1906, according to an insurance company, established the most fatal record of disasters on land and sea in the history of this country. Motor cars contributed to fatalities not quite 500 deaths; 1,184 persons were killed in burning buildings; 2,985 were drowned.

Explosions killed 623. Falling and collapsed buildings cut off 483 lives; 599 persons were killed in mining accidents; 700 in cyclone storms; 205 died from lightning strokes, and electricity numbered 176 persons as its victims. Six hundred people were killed by the accidental discharge of firearms, and exactly the same number perished because of elevator accidents. Seven thousand pedestrians met death on the public streets.

Teams killed 5,000. The loss of life by ocean disasters during 1906 was 2,193, and on the great lakes and rivers 135 were lost. Deaths due to hunting accidents totaled 74. Thirty-four thousand were killed while doing their day's work. Sixty thousand people were maimed, and lost either hand, foot, legs, arms or eyesight.

Remarkable Introduction of a Remarkable President.

In introducing President Roosevelt at Indianapolis, Governor Hanly said: "This in and of itself is a great occasion. It is great because of the purpose for which we are assembled; because of the character and the fame of him (Morton) whose memory we are met to honor, and because of the presence of his widow and his gracious daughters; but it would still be great were these elements absent, because of him who is to bear the principal share in its ceremonies.

"The presidential office is the greatest office in the gift of men. It requires a strong man to administer it. A weakling would be quickly overwhelmed by its responsibilities and lost amid its immensities. But he whom I now have the privilege, and the honor to introduce to you is at home in that great office. Great as it is, it is to him but opportunity—nothing more. By his own intrinsic worth he has added distinction to its greatness and luster to its fame. For him there have been—there are—no problems. "Ladies and gentlemen, the president of the United States."

Heavy Rains, Hail, Wind and High Water.

The Ohio river is higher in this place than it has been at any time since the last winter floods. On yesterday and Tuesday much silt fell, indicating that there had been heavy rains above. At Cattlesburg, on Monday evening the rain was accompanied by quite a storm; houses were roofed, a church tower was demolished, window lights were broken by hail stones, and the Canal, one of the largest in the Big Sandy trade, was overturned and sunk. The damage at Cattlesburg is estimated at \$25,000.00. —Greenup Republican.

The most curious story told of John Bunyan's life in Bedford jail is this: To pass away his gloomy hours he took a leg out of his stool and with his knife fashioned it into a flute, the keepers repeatedly searched his cell to find the cause of the music, but when he heard them coming he would always replace the leg in the stool and they never discovered how the music had been produced.

Say, girls, if you're best fellow, or any other fellow, overstarts his time when calling on you, spring this on him and if he don't "take a tumble" he is too stupid to ever call on you again. Here it is: Take any number between one and nine, add one, multiply by nine, cross out the hand figure, add fourteen, add the number you started with and then watch and then watch the young man's countenance.

"Papa, what is a work of art?" "Oh, almost anything in the way of a picture or a piece of statuary without clothing." —Houston Post.

ANNOUNCEMENT.

We are authorized to announce Hon. M. M. Redwine, of Elliott county, a candidate for the Democratic nomination for Circuit Judge of the 32nd Judicial District of Kentucky at the primary to be held at each voting precinct Saturday, June 22, 1907, at 9 o'clock, p. m.

John Temple Graves is another statesman who attains great prominence through a large accumulation of untaken advice.

In Berlin a man has been sentenced to spend nine months in prison for sticking his tongue out at the emperor, but had the tongue been a woman's the sentence would necessarily have been nine years.

In spite of persecution and prosecution, Standard Oil dividends continue to be poured on the troubled waters.

Up to the present date, Wm. Jennings Bryan has not shown anything that might be regarded as undignified haste in accepting Henry Watterson's offer to name an acceptable leader for the Democratic hosts in 1908. It is no secret that Mr. Bryan thinks he knows a man who just fills the bill.

Mr. Fribanks says prosperity will continue if the nation is wise. Does he mean "wise" enough to elect a tall thin president?

"Character is the anvil" we have often observed that it is a favorite target for the knockers

According to a Kansas exchange, "Job was the first printer." Job printer of course.

The German thrown into prison for making faces at the Emperor explains that he was merely trying to look as much like his majesty as possible. Few people in Germany have the face to do such thing.

Hariman continues to say nothing, and pile up more work for the interstate commerce commission.

A western contemporary says it likes Taft because he is always "Johnny-on-the-Spot." A good part of the time however, he has been "Willie-on-the-lid."

There is a difference between Mr. Hurst and Fingy Connors. The amount is said to be something less than \$100,000.

That ten dollar fine that Signor Caruso paid seems to have been worth several hundred thousand dollars in advertising.

"Uncle Joe" declares that he recently dined with the President and Secretary Taft and that not a word of politics was uttered. As a practical joker, "Uncle Joe" is easily the Republican Mark Twain.

Still, Alphonso is not the first man to feel that two or three names are inadequate to the demand of the first boy. He probably will recover from such extravagant ideas as he goes along.

"Speaking or candidates, our choice for the presidential nomination, is a good Democrat who can win," says the Montgomery Advertiser. And speaking of riddles and guessing con-

tests, what's the answer to the advertisers poster?

"I said in my haste, all fishermen are liars," says an Alabama poet. There really was no occasion for haste; nobody is going to deny it.

Well, what if Gen. Karoki was the 71,345 "distinguished visitor" to declare American women beautiful? It's a fact, isn't it?

Rhode Island has a hen that "Sings like a bird." Evidently some poetical fellow has been listening to her lay.

Mrs. Joseph Bijelicki, a N. Y. woman, has petitioned for a divorce. What the trouble is, we don't know, but a mere desire to change her name wouldn't be altogether unreasonable grounds.

Everybody is anxious for peace in Ohio. The only question is as to who shall dictate the terms.

The statement that President Roosevelt discovered the ten commandments, sounds like a sarcasm. Yet these are many politicians who would be benefited by a similar discovery.

Mr. Cannon is one of the fortunate statesman who can enjoy a casual presidential boom without inviting any enemies.

The presentation of the cross of Perlay to the Spanish prince will not divert his attention from the usual toys for the diversion of infancy.

There are many ways of calling a man a liar. The under colonial Secretary of Great Britain accuses a certain peer of transparent mendacity.

The dove of peace in Ohio is making a noise as if he hawks were after it.

"Cannum absque injuria" said Senator Pettus, when asked his opinion concerning the Brownsville proceedings. The phrase will sound good to the average newspaper reader, whether he understands its meaning or not.

To add to the mystery, there is a possibility that Mr. Watterson's candidate has by this time shaved off his mustache.

A N. Y. boy has just received a hero medal, and \$2,000 for saving the life of a 200 pound man. It may be of interest to certain gentlemen that fatmen are valued at \$10 a pound.

Ninety hoboes were recently invited to a banquet in Chicago, and tried to eat enough for the 9,000 that couldn't come.

That German who has been punished for sticking out his tongue at the Kaiser, now ought to have a clearer idea of what it means to keep a civil tongue in one's head.

"Money is a drug on the market", according to the N. Y. papers. And as a rule drugs come pretty high, and have only a temporary effect.

An exchange comments on the fact that Constantinople did not go wild over the birth of the Sultan's first child. As it was the fourteenth one, it is not very likely that the Sultan waxed very enthusiastic over it either.

A learned Frenchman declares that the majority of marriages are arranged at dances. And after the average man realizes that the jig is up.

That little Spanish prince deserved something better of his parents than to be burdened with twelve names. Think of the worry when kind visitors pat him on the head and ask, "What's your name little boy?"

The German authorities do not just how they shall finly punish the man who made faces at the Emperor. Why not sentence him to wear a mustache like Williams for the balance of his life. That would be a fierce punishment.

King Alphonso showed his devotion to his people when he took time enough off nursery duty to open parliament.

John Armstrong, a negro legally hanged at Columbus, Texas, on April 19, is reported alive his relatives having received him after receiving the supposed corpse from the sheriff. The relatives hurried Armstrong into hiding, according to apparently authentic information, but, as the negro is officially dead, it has been stated by attorneys, whose opinion carry some weight, that the state is powerless to enforce the original verdict of death. The case is unique and promises to attract general attention before the legal status of the negro is officially declared.—Ex.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orino Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt to be a thorough, practical remedy for this trouble, and it is with pleasure that I offer my conscientious reference." C. B. Waring.

Know the Condition of Your Business.
Everyone—whether in business or not—should be ever ready to know their condition. That is what we must be able to do, and we cannot so long as we have such a large number of subscriptions 'way behind on their subscriptions. We are almost positive a mighty few dollars will be lost on our subscribers, for we think we have given them value received for their money at least. But the thing is now, owing to the fact that we must further enlarge and complete our office, by buying more type, etc., we need the money. About July 1 we will mail all who owe us, a plain notice of how much you are debted to us, with a request that you come in and pay us the amount. We do not do this with any offensive purpose but it takes money to carry on business. We now have about \$400 out on subscription and of course we have more than one place where we could use \$400 very fittingly. Please do not wait for us to send you a notice but remit now, for which please accept our thanks in advance.

A movement is being inaugurated in fronton and Ashland, suggested by the editor of the The Republican, to procure the placing of a morning east-bound and an evening west-bound accommodation train on the C. & O. railroad. As the trains now run persons visiting points east are compelled to remain overnight, though their business may require but a short time for transaction. With this train starting about six o'clock A. M. from Vanceburg, and running to Ashland, and returning, leaving Ashland about four o'clock P. M., the people of Greenup county and of Lewis county could visit points as far east as Huntington, returning the same day. We want this train, and if we go after it in earnest we will get it. - Greenup Republican.

Now is the chance of the people of Greenup to land a good enterprise. A representative of the Harbison-Walker Company, the largest manufacturers of fire brick in the world, has been here this week looking for a location to establish a branch brick manufacturing yard. It will be worth thousands of dollars to this community. Let our business men get busy and make it so attractive this industry will become established here. - Republican. This company has a yard here and it is rumored will build another during the coming year.

A LESSON IN HEALTH. Healthy Kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. C. B. Waring.

RINGO'S MILLS

Amid sunshine and roses I pay the dear old Times another visit with my bit of items.

Mrs. Rebecca Hurst bought a two-year-old mare of T. F. Rawlings for \$125 recently.

Mrs. Millie A. Rawlings is spending a few days with home folks.

Eli Oakley lost a nice mare the past week, supposed to have died of colic.

Robert Harris lost a mare and colt the past week. Disease unknown. There seems to be quite an epidemic among the horses of this vicinity.

Mrs. Rebecca Hurst sold to Mose Thompson a mare the past week. Price unknown.

T. F. Rawlings and Louis McRoberts have gone to the mountains to buy sheep and cattle.

Mrs. Everette Barber and daughter, Christina, and sister-in-law, Miss Effie, visited the former's parents the past week.

Chas. Gilmore left for Marion, Ind., last Saturday.

Mr. Frank Roysse and wife left for Ft. Thomas, Ky., to make that their future home. May success be theirs through life.

Mr. Arthur Barber and wife, nee Miss Etta Pierce, left for Fithian, Ill., to make that their home.

J. W. Gilmore, the hustling merchant of this place, made a business trip to Cincinnati this week.

Decoration Day was quietly observed at Fair View the 30th and many beautiful flowers were contributed. C. B. Wills has moved his saw-

mill from near here to Chas. Myers' timber, near Hillborough.

For fear I have exhausted the many readers with my uninteresting news I will bid adieu. "TEMPEST."

WILL CURE CONSUMPTION.

A. A. Heppen, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. C. B. Waring.

A Wisconsin widow who is soon to marry has had her first husband's teeth repaired and will hereafter wear them. If she now has the foresight to marry another man with false teeth, dentists will have fewer terrors for her.

The business man who won't advertise says the capacity of his business won't permit. If advertising and business don't mix better, quit business, for you can't after you advertise.

The Court of Appeals in passing on a case from Triggy county decided that when the entire county had voted dry one precinct cannot hold a separate election to determine the sense of the voters in that district. - Ex.

It clears all the impurities out of your body and makes your breath as sweet as the June morning. Safe, pleasant and effective. Sold by C. B. Waring at 50c and 1.00 a bottle. Money back if it fails.

Oh, my, how we do growl why, just think, since Morgan laid hands on the old C. & O. he has put a "little bottle" wall lamp in the big C. & O. waiting room combined, because it serves as a ladies' and gentlemen's waiting room, everybody's waiting room, the "night owl" sleeping room, in fact, anybody's any kind of a room, till (of nights) the operator with lamp in hand appears upon the scene and chases a rat out of the door and kicks a hen out of the other, and then all we get till the "reassembly" is called. But of course, like little rats, we're thankful. Till but recently both ladies and gentlemen, drunken men and respectable ladies wait, or night day train have had the pleasure of all being "waiting room associates" without even a lamp in the waiting room. Thanks, Mr. Morgan, but can't you strain another muscle and come a little mucker and get that lonely little lamp a companion for the other side of the room?

On Thursday evening, June 6, the Olive City Club entertained at the Stamper Hotel. The congenial sociability was the nicest feature of the evening. All attending enjoyed the pleasures of the brilliant two-step and the dreamy waltz. The morehead orchestra furnished a well selected program for the occasion and the every wish of all was "may we see more of the Olive City Club."

If you make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. C. B. Waring.

Collision.
A mistake in orders caused a serious head-on collision at Paducah Monday. Both engines and a dozen cars were demolished, but fortunately none of the crew were killed.

This vicinity was visited Monday by a heavy rain, the heaviest in several months. At Limestone, about 3 miles west, logs and other obstructions were washed upon the railroad track, that part experiencing the worst of the flood.

TROUBLE INCREASING.
When your trouble with food-digestion seems to be increasing, and various pains, like stomach-ache, headache, backache, etc., beset you; when your bowels and liver seem continually out of order, what you need is Dr. Caldwell's (axative) Syrup Pepsin. It is safe, pleasant and far superior to all pills and cathartic waters. Sold by N. M. Hudgins at 50c and 1.00. Money back if it fails.

Gives Lie to Redwine Article.
SANDY HOOK, KY., June 8, '07.
To the Editor of the Morgan County Times:

In order to vindicate myself and husband from being accused of taking any part in the coming Democratic primary for Circuit Judge, I want to say in response to an article which appeared in your paper some days ago, supposed to have been written by me, that there must be some mistake, as I never wrote, or authorized to be written, that article.

I know both the candidates, and know them to be honest, upright gentlemen; but my husband and my family are Republicans, and we have nothing to do with Democratic conventions. (Signed) ALICE BLAIR.

The above article is paid for at our regular advertising rates.

The first man in England to carry an umbrella was Jonas Hanway, a noted philanthropist of his time, and he suffered much ridicule. In time, however, his example was followed by others until it came to be considered a sign of poverty there not to be the possessor of an umbrella.
