## TWO MEXICANS ARE HANGED

Soldiers of General Maa Strung Up Countryman for Selling Milk to Americans in Vera Cruz—Dictator is Preparing for War.

Washington, May 5.—President Wilson plans to go to Brooklyn next Monday to meet the Mexicans, which is bringing the "big day" of the bodies of the men killed at Vera Cruz. This statement was made by Secretary Daniels after a conference with the president. In case business is not possible at the president to leave Washington he will send a personal representative with a letter from him to welcome the funeral ship.

Mexico City, Mexico, May 5.—More than three hundred Americans left here for Puerto Mexico, with a guard of soldiers personally selected by Huerta. They are the last American citizens left here. Senor Cardoso, the Mexican legislator, received the promise of the dictator that the Americans shall come to no harm.

Vera Cruz, May 5.—All the field pieces and machine guns in the United States warships in the Vera Cruz harbor were taken ashore and parked on San Juan wharf for distribution to rebel army attack which might be made by the 15,000 federal soldiers, Gustavo Maa.

Remembering parties reported to Brigadier General Frank Johnston, the military governor, that there are 4,000 Federals at Soledad, 2,500 near at Jahuas and a force of 1,500 at El Palmar Jalisco and El Palmar near the Interoceanic railway, respectively 20 and 25 miles north of Vera Cruz. May Send More Troops to Vera Cruz. Washington, May 5.—Secretary of War Garrison took under consideration at a conference with Major General Woodhouse, Chief of Staff, and Major General Wood, a plan for rush reinforcements to Vera Cruz if conditions become more alarming.

The concentration of Mexican soldiers under federal General Maa, fifteen miles from Vera Cruz, is looked upon by army officials here as a threatening move. The situation there has agreed to mediation is not interfering with the preparedness of the army in Vera Cruz for eventualities.

Huerta Selects Mediators. D. Amelio Babera, the Mexican jurist, and Augustus Garza Galdino, undersecretary of justice, have been selected by General Huerta as delegates to confer with the Latin-American mediators. A third name will be appointed later. This information was admitted to Secretary of State Bryan by the South American mediators.

No American representatives have been designated by the United States as yet. Senor Nann, the Spanish ambassador, stated after the conference with Secretary Bryan that he had not agreed to an armed truce or an armed armistice in Mexico and that his government would be marshaled vigorously against the Mexican dictatorship.

The South American envoys conferred with Secretary of State Bryan for two hours on an hour. On leaving he stated he refused to discuss the immediate reasons for their visit. Senor Nann decided whether the future conference of the mediators would be held in Washington or some other place.

## Two Mexicans Are Hanged.

Vera Cruz, May 5.—Two Mexicans were hanged by soldiers of General Maa because they were bringing milk into the city to be sold to the American troops. Details of their execution were brought here by another Mexican who succeeded in getting through the federal lines. He declared that at least twenty other men had been killed in the last week by the federals because they violated General Maa's order to bring no supplies to Vera Cruz.

Huerta Preparing for War. Confirmation of reports that President Huerta is preparing for war was given by El Dictamen. It announced that General Lugo and Lis, with 1,500 federales, were marching to join General Huerta at Jahuas. That Gen. Jureta, Hobbs and 200 Juchitane Indians were marching up the coast to Vera Cruz, and that Governor Breton of Chiapas had sent a column of arms

and ammunition and cartridges to Jahuas. The arms were accepted by Jureta, but he refused to join Huerta, El Dictamen says.

Refugees in Vera Cruz. Vera Cruz, May 5.—"Trains going out" is a sobbing cry in Vera Cruz. It is the signal for hurried, but orderly activity at the terminal, the Union railway station. Orderlies are dispatched for the officers in charge of the railroad, clothing and refugee rescue squads. Guards, generally about thirty men with a machine gun, are hurried on

## Woman's Home Mission School a Success

For some time the residents of Olive Hill have been wondering if the school on the hill would be a success.

It is now definitely decided to push the work to completion in a short time. Work has already begun and will continue until the building is ready for occupancy next fall.

Mrs. Aiken of Cincinnati, and Mrs. George March of Lebanon, O., are here this week planning the work.

An enthusiasts' meeting was held at the Methodist Church Monday night and the ground was broken on the building premises Tuesday afternoon. 9,000 brick are on the ground. Excavation and the foundation work will begin in a very short time.

The building itself is to be a three-story structure and also a basement with rooms for domestic science and manual training, laundry, etc. The first floor will contain a large chapel and a parlor, library, office lobby, and other recreation rooms.

The second floor has dormitory rooms well arranged for the accommodation of boarding students. The third floor when finished will also be dormitory rooms. This building is a fine model and will be a great credit to the town.

All citizens and visitors are invited to visit the building site and see what is to be in a short time. The committee earnestly requests the co-operation of the citizens in this enterprise.

Please don't knock. There are enough people outside that knock Olive Hill. Be a booster and help what will help to make the town better.

You'll be proud of this school if you are interested in what will help make humanity better.

Anyone desiring further information see the Superintendent, Miss Ashton or Rev. Shepherd.

Tom Whitlock, a miner at the Hitchens works of the General Refractories Co., and who was so seriously burned Wednesday of last week, when a can of powder which he was opening a hatchet, exploded, killing his six year old child, who was watching him, died following morning at Kings Daughters Hospital at Ashland.

This office has for sale, scratch pads, various sizes, in tablets of about 100, at 20c. per dozen.

Walter James and wife were visiting relatives here last week.

Robert Ramey and wife left Monday for their home in Portsmouth after some weeks at the bedside of her father and brother, Uncle Andy and Harrison Applegate, who have been very low.

At the school election Saturday Wm. Durham, John DeHart and George Fouch were elected trustees.

Wm. Moreland is re-building on the site where his residence burned down near a month ago. The one he is building is temporary, as he expects to build himself a brick residence.

General Daniel E. Sickles, U. S. A., retired, who died at his home in New York City was born in New York Oct. 20, 1825. He was retired from active service in 1869.

board the train; water and food for refugees are placed on board; a navy doctor with a hospital detachment embarks and a frantic rush is made for the soldiers and photographers for official sanction to accompany the train.

On Tuesday, April 29, word came from across the break in the railroad, where the Federals had torn out five, sixths of a mile of track. Five miles from this city, that 100 refugees had arrived at the other end of the break and were walking in the train was made ready and within fifteen minutes was under way with Lieut. F. J. Fletcher of the Fourth and Ensign George Lowry in charge of a guard of 25 soldiers, each heavily armed.

Encounter Refugees Walking. Beyond the outposts two miles from Vera Cruz the first of the refugees were encountered. They were walking along the side of the track. Most of them were scantily clad. Some had baggage which they carried themselves, or was packed on the backs of the ponies.

At Tierra Blanca and Cordoba the men were held in prison for five days and when finally released after pressure had been brought to bear by British consulates, were herded on the cars and coal cars and sent toward the coast.

As the train passed them slowly the word was given out to the refugees.

"Wait here, we are coming back." Tired and footsore, the weary refugees dropped to the roadside. Most of them in a state of exhaustion, but with the light of hope in their eyes. Hospital attendants dropped off the train and gave first aid to the suffering. Soldiers with food and water gave nourishment to the hungry.

About half way out to the break in the railroad, tracks of the train and the refugees was encountered. He was H. Ritter, a conductor employed by the Mexican railroad and he had been the last to get away from Cordoba.

Train Picked Up Refugees. Lieutenant Fletcher ordered the train to return and began picking up the refugees. Some of them were so weak that they had to be lifted on board. With a sigh of relief they sank into the seats on the train and told of their harrowing experiences. One of the most thrilling stories was related by Mrs. Sidney M. Emery of Vista Mora. Their hacienda was raided by a mob and her husband carried away. She thought to be shot. She had remained hidden in the house until midnight, then mounted the only horse left by the looters.

All they left me to wear was a riding skirt and there I was with my little three-year-old baby and nothing to wrap him in but a sheet," said Mrs. Emery. "I had to ride six hours on horseback until I reached Tierra Blanca only to find that all the American men there were in jail. I joined the women of the town and waited to be sent to Cordoba in the coal cars."

Refugees Denounce Policy. New Orleans, May 5.—Resolutions denouncing President Wilson and Secretary of State Bryan for their "Mexican policy" and urging former President Roosevelt to return to the United States for the sake of his moral influence, were adopted by six hundred refugees from Mexico who arrived at quarantine on board the steamship Monterey. It was also asserted in the resolution that the British flag and not the Stars and Stripes had saved many of them from execution.

## CITY COUNCIL MEET

The City Council met in regular session Monday night and disposed of a number of very important matters. Present; Mayor Hicks, Clerk Henderson, and Councilmen Duvall, Sims, Wallace and Christian.

Reports of officials received and claims disposed of. Resignation of Tom Parsons as Marshal of West End accepted.

## Clean Up Day

The Mayor proclaimed a second clean up day, and May 14th was set as the date, and all are expected to collect, all rubbish and waste materials on their premises and remove it to a convenient place for loading on garbage wagons to be provided by the city.

## Improvement of Water Street

The matter of an ordinance requiring property owners abutting Water Street (street next to the creek on South Side) to construct concrete sidewalks fronting their property, which has been before the council previously, came up. The city Clerk was ordered to draw a warrant for the sum of \$50, as a grading fund to be expended under the city's supervision, in grading the road from Chas. McCleese's property, west along Water street to the corporate line, preparatory to the laying of side walks by property owners. If necessary to spend more than \$50 for this grading, the excess is pledged by some of property owners of South Side. Dr. Rose and Councilmen McCleese and Duvall were appointed to supervise the grading.

## Bids For Paving Main

Some while ago by ordinance the paving of Main Street (commonly called Cross) from North end of the bridge, to intersect with the pike, and the council at this meeting moved to receive bids for the work.

## Court House

The Committee recently appointed to confer with proper county officials proposing a jointly owned court house for Police and Justice's courts, reported the county appropriating \$500 toward the building, provided the city appropriate a like sum. On motion a warrant for \$500 was ordered drawn to this fund. The building will most probably set on the city's own lot, just East of the Peoples Bank.

## Telephone Franchise

The matter of again offering the telephone franchise for sale was tabled. The franchise was offered recently but the bid was rejected. The sale is sought for the Big Sandy Telephone Co., by Mr. Mubley, who asks a new franchise with privilege of better rates, on the grounds that the present franchise rates are inadequate for the maintenance of the system to the point of satisfactory service, offering to substantiate his statement by facts and figures of the company from their records.

## City Attorney

The election of a city attorney, which has been tabled since last March, was made necessary by the resignation of Police Judge Counts, who had been filling that office. Attorneys Milt Erwin, Ben F. Thompson and Jas. Tyre, applicants before the council, were voted upon, resulting in a count of Erwin, 2; Thompson, 2; Tyre, 0. Mayor Hicks untied the vote favoring Thompson.

The committee was continued to further investigate and check

the reports and accounts of former Marshal, John Crawford and ex-Judge Blizzard.

## Big Doins at the Park

May 18 to 23, inclusive, are to be the banner days for the people of this section. Six big days in which to, for a while each, forget the dull cares of the busy hum of business, and the tire some grind of daily toil, and take a whiff of the exhilarating air of the pleasure side of life.

If we are correctly informed, the attractions that have been secured for the opening dates, and the season, are of the class that never before have been attempted to be given, entirely, at the opening of any park outside the big cities, and pleasure resorts.

Island park will be a "thing of beauty." We are told, when opened on the 18th of May, and will be continued day and night, with special, moral attractions and high class shows. The merry-go-round, ferris wheel, ocean wave, and like attractions and a number of other amusements besides the high dive, balloon ascension, and other free attractions.

The park will be a gleam of light of nights, and special free

attractions are promised for the benefit of those who cannot attend until evening.

## Mexican Muddle Midgets

Dynamite mines have been planted by Mexican Federals along the tracks of the Mexican railroad and the Vera Cruz and Isthmus railroad at a number of points between Vera Cruz and Mexico City. Americans are in control at Vera Cruz at Mexican soldiers centered at Mexico City, which will be the next place attacked by the United States providing further drastic measures are necessary, and the mines are placed to blow up United States trains transporting troops for this engagement.

President Huerta of Mexico is growing suspicious of the men of his own cabinet who are in his support and are seeking by underhand methods to overthrow his government, and has forced the resignation of his Minister of Foreign Affairs.

An armistice for peace is now on, but Huerta is centering his power at Mexico City, the national capital. All prisoners there have been released and prepared to fight. The saloons of the city have been seized by him so that he may supply his soldiers with whiskey.

### Increasing State Debt.

Preliminary figures from the forthcoming bulletin pertaining to national and state indebtedness and funds available for Kentucky have been given out by Director W. J. Harris, of the bureau of the census, department of commerce. Harris states that the total national debt obligations to public trust funds increased from \$1,706,000 in 1891 to \$2,313,000 in 1892, and in 1898 had advanced to \$2,481,000, remaining practically unchanged throughout the other years of the period. The floating debt changed with each year, though reporting a general increase of \$1,790,000 from 1891 to 1892. In the case of funds and investments the securities reached the maximum amount, \$3,542,000, in 1902; but as between the securities in 1902 and 1903 the amount decreased from \$2,860,000 to \$2,557,000. The amount of cash changed naturally from year to year, but shows a general change from \$11 in 1891 to \$362,000 in 1913. The sinking fund assets reached the maximum amount of \$1,158,000 in 1902, but decreased to \$13,000 in 1913. All 1903 the sinking fund assets were large enough to make the debt less sinking fund assets appreciably less than the total debt; but from 1908 to 1913 the difference was comparatively small. Although the population of the state increased steadily during the period covered by the census of increasing the debt is not sufficient to offset the marked increase in the debt less sinking fund assets, hence the debt per capita advanced nearly 50 per cent from 1891 to 1913. In 1890 the total debt of Kentucky at the close of the fiscal year, June 30, was \$1,883,000; in 1891 it was \$2,000,000; in 1913 it had advanced to \$4,472,000. The population of the state increased from 1,649,000 in 1889 to 2,326,000 in 1913; the average increase of 23,000 was not sufficient to appreciably affect the average increase of \$10,000 in the total debt less sinking fund assets, hence the continued increase in the debt per capita. In 1889 the debt per capita was \$0.66; in 1891 it was \$0.98; in 1913 it had risen to \$1.90, this being the largest amount recorded for any year during the period discussed.

Exposition Commission Formed. Organization of the Kentucky Commission for the Panama-Pacific Exposition was effected at a meeting at Louisville. Tentative plans for raising \$50,000 with which to erect a Kentucky building at the exposition were discussed, but were not made public. As the legislature failed to appropriate this amount it will be necessary to obtain the sum by private subscription. J. G. Holliday, at present of the exposition, is in Kentucky acting in an advisory capacity to the commission in its work of making plans for raising the fund. His services have been placed at the disposal of the commission and he will remain in the state as long as the commissioners desire. His home is in Washington. Colvin B. Brown, a director of the exposition, was in Louisville last week and conferred with the commission. At the meeting John Holliday of Nashville, was elected chairman; Harry Meyers, of Covington, treasurer, and Staring Marshall, of Henderson, secretary.

Will Receive Bids. The State Text Book Commission met and after the commissioners were sworn in, elected State Superintendent Barksdale Hamlett secretary. The commission decided to open bids for furnishing text books for common schools for the next five years at noon May 27 in the state reception room in the Capitol, and instructed Secretary Hamlett to advertise for bids in four newspapers selected by the commission, composed of Governor McCree, ex-officio, chairman; Superintendent Hamlett, ex-officio, secretary; President H. H. Barker, State University; Prof. J. R. Johnson, Eastern State normal; Prof. A. C. Burton, Western State normal; E. Foster, Hopkinsville, First Appellate district; A. E. Hill, Frankfort, Second district; L. H. Gregg, Shelbyville, Third district; F. H. Kunkel, Lyndon, Fourth district; L. D. Stucker, Frankfort, Fourth district; C. E. Collins, Covington, Sixth district; J. E. Luster, Winchester, Seventh district.

Vacancy is Unfilled. The vacancy in the tax commission of Erie county is yet unfilled though it was stated that a candidate had been tentatively agreed upon. His name is said to be Alex. M. Wagner. The appointment will probably not be announced for several days as it is desired that a man who will fill the place in every way, be secured.

Oaths Administered. The state text book commission was organized here, the members of the commission being sworn in by a notary public. In order to correct a defect in the law, Barksdale Hamlett, superintendent of public instruction, was elected secretary. The secretary was authorized to advertise for bids on the state adoption of text books, the bids to be opened in this city May 17. It is thought that the court of appeals will have passed on the constitutionality of the law for text book act by that time.

Successful Merchant After Investigation Found a Remedy That Restored His Health.

"This is Thanksgiving day in the state of Pennsylvania, and I want to devote a part of it in writing a letter to you on the 26th day of November, 1910. I was afflicted with Heart trouble. My family physician called it Angina Pectoris. I had from one to five attacks in 24 hours. In the latter part of December, 1910, I wrote to the Miles Medical Co. for information concerning my case, and in reply I received a very kind and instructive letter, which I handed to my family doctor, and he told me to use your remedies in connection with the medicine he gave me, so I did. I used five bottles of Dr. Miles' Heart Remedy and seven bottles of Dr. Miles' Nervine, and seven bottles of Dr. Miles' Kidney and Bladder Remedy. The action of my heart is now slow, and has been normal for six months. I do what they are intended for. If you kindly for your address in answer to my monthly reports, I am now sixty-seven years of age, have been in the mercantile business for forty-five years, and lived retired for the last fifteen years." too late for last week  
Farmers are very busy plowing and planting corn.  
There was some talk of James Calk moving to the B. F. Carroll farm, but he has postponed moving and still lives on the J. E. Tabor farm.  
Jim Gearheart has been planting corn for B. F. Carroll the past few days.  
Madams Livena and Flora Carroll were shopping in town Saturday.  
Floyd Tackett says he thinks with favorable weather he will finish planting corn by the first of June.  
Mother's prayer meeting seems to be a failure as we hear of it no more.  
Sprouts have been flying the past week at B. F. Carroll's.  
Grandma Boggs and aunt Rhoda Boggs have been at the home of Van Barker's at Corey for the past few days on account of sickness.

**Grah**  
Elmer James and family spent Sunday at the home of his father, Calvin, who is very sick.  
T. J. Maddix was in our midst from the Valley Sunday.  
Jim Kirkeek took his mother out for a buggy ride Sunday afternoon.  
It is reported Ernest Counts has rented John Kiser's farm for this year and will go to farming at once. Wonder who will cook for him; Miss Willa Jane.  
Mrs. Amanda Maddix spent Sunday with her son Ned and family of Neval Branch.  
The boys here have organized a good base ball team.  
Arts Dickerson and his little daughter Earnestine attended Sabbath School at Kirk Memorial Sunday.  
We fear the recent frosts have damaged the fruit.  
Miss Carrie Sammons is on the sick list this week.

**MOLLYCODDLE LAXATIVES**  
Can Not and Do Not Touch the Liver  
They may clear out the intestinal tract, but do not relieve the damaged-up bile. Years ago Mr. J. P. Jones called to-day (Mollycoddle) was a laxative bile starter. It acted beautifully, but brought out the bile. Polyphibin with the grape taken out is now to be had under the name

**A TEXAS WONDER**

The Texas Wonder cures kidney and bladder troubles, displaces gravel, cures dia-tes, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle (two months) treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. HALL, 2926 Olive Street, St. Louis, Mo. Sold by druggists—adv. 25—562

Andy James and wife of Leon visited friends and relatives here Sunday. Hope the peaches and cake wont make Andy sick.  
Mrs. Bennett spent Sunday afternoon with John Dickerson and wife.  
The Misses Mabel, Nellie and James, Ricie and Edith Waugh, and Goldie Dickerson spent Sunday with Miss Thelma Pinson; all report a good time.  
Lewie Ernest, from Louisville, took dinner Sunday with W. B. Dickerson and family.  
Mr. Kaifer, life insurance agent, from Salt Lick, stayed one night this week with John Dickerson and wife.  
Jess Willburn and family visited home folks Sunday.  
Miss Beulah Williams of near Artle Dickerson one day of last week.  
K. B. Grah from Louisville paid a brief visit here last week.  
Aunt Sarah and Miss Dickerson and daughter Goldie spent Friday at Mrs. Dave Flanagan's. The dinner table groaned under the good edibles, and the big turkey they had for dinner.

Although the population of the state increased steadily during the period of 30 years, the ratio of increase was not sufficient to offset the total decrease in the debt less sinking fund assets, hence the debt per capita advanced nearly 200 per cent from 1880 to 1913. In 1880 the total debt of Kentucky at the close of the fiscal year, June 30, was \$1,883,000; in 1891 it was \$2,662,000; in 1913 it had advanced to \$4,452,000. The population of the state increased from 1,849,000 in 1880 to 2,326,000 in 1913; the average increase of 21,000 was not sufficient to appreciably affect the average increase in the total debt. The total debt less sinking fund assets, hence the debt per capita, in 1880 the debt per capita was \$1.06; in 1913 it had risen to \$1.90, this being the largest amount recorded for any year during the period discussed.

**Exposition Commission Formed.**  
Organization of the Kentucky Commission for the Panama-Pacific Exposition was effected at a meeting at Louisville. Tentative plans for raising \$50,000 with which to erect a Kentucky building at the exposition were discussed, but were not made public. As the legislature failed to appropriate this amount it will be necessary to obtain the sum by private subscription along the Guadalupe, an agent of the exposition, in its Kentucky acting in an advisory capacity to the commission in its work of making plans for raising the fund. His services have been placed at the disposal of the commission and he will remain in the state as long as the commissioners desire. His home is in Washington, Colvin B. Brown, a director of the commission, was in Louisville last week and conferred with the commission. At the meeting John Holland, of Shelbyville, was elected chairman, Harry Meyers, of Covington, Treasurer, and Starting Marshall, of Henderson, secretary.

**Will Receive Bids.**  
The State Text Book Commission met and after the commissioners were sworn in, elected State Superintendent Barkdale Hamlett secretary. The commission decided to open bids for furnishing text books for common schools for the next five years at noon May 27 in the state recreation room in the Capitol, and instructed Secretary Hamlett to advertise for bids in four newspapers selected by the commission, composed of Governor McCreary, ex-officio, Chairman; Superintendent Hamlett, ex-officio, Secretary; President H. S. Barker, State university; Prof. J. L. Johnson, Eastern State normal; Prof. A. C. Burton, Western State normal; E. Foster, Hopkinsville, First Appellate district; A. M. Hill, Franklin, Second district; L. H. Grege, Shelbyville, Third district; F. H. Riddler, Lyndon, Fourth district; L. D. Stuckert, Frankfort, Fourth district; A. C. Collins, Covington, Sixth district; J. E. Lanter, Winchester, Seventh district.

**Vacancy is Unfilled.**  
The vacancy in the tax commission of Erie county is yet unfilled though it was stated here that a candidate had been tentatively agreed upon. His name is said to be Alex. M. Wagner. The appointment will probably not be announced for several days as it is desired that a man who will fill the place in every way, be secured.  
**Nuckols For Secretary.**  
S. C. Nuckols, Jr., of Versailles, will be a candidate for secretary of the State Racing Commission, just appointed by Governor McCreary, and it is said he is favored for the position when the commission meets to reorganize.  
**Oaths Administered.**  
The state text book commission was organized here, the members of the commission being sworn in by a notary public. In order to correct a defect in the law, Barkdale Hamlett, superintendent of public instruction, was elected secretary. The secretary was authorized to advertise for bids on the state adoption of text books, the bids to be opened in this city, May 27. It is thought that the court of appeals will have passed on the constitutionality of the uniform text book act by that time.

**Increasing State Debt.**

Preliminary figures from the forthcoming bulletin pertaining to national and state indebtedness and funds and investments have been given out by Director W. J. Harris, of the bureau of the census, department of commerce, at Washington. An inspection of the tables for Kentucky shows a fluctuating indebtedness varying at various times from \$600,000 in 1881 to \$1,006,000 in 1898 and \$5,000 in 1913. The special debt obligations to public trust funds increased from \$170,000 in 1881 to \$2,313,000 in 1892, and in 1898 had advanced to \$2,481,000, remaining practically unchanged throughout the fifteen years of the last decade. The floating debt changed with each year, though reporting a general increase of \$1,790,000 from 1881 to 1913. In the case of loans and investments the securities reached the maximum amount, \$3,542,000, in 1902; but as between the securities on hand in 1891 and 1892 the amount decreased from \$2,680,000 to \$2,557,000. The amount of cash changed naturally from year to year, but shows a general change from \$11 in 1881 to \$306,000 in 1913. The sinking fund assets reached the maximum amount of \$1,158,000 in 1902, but decreased to \$13,000 in 1913. Until 1908 the sinking fund assets were large enough to make the debt less than the total debt; from 1908 to 1913 the difference was comparatively small.

# LOOK, READ!

Great reduction sale on **GUARANTEED WATCHES!** To introduce ourselves as a company, we are bringing before the public, **Watches of the Best Make, at prices that will never be made again.** How often do you long for an absolutely dependable timepiece? We know you do not want to pay the prices asked by so many retail jewelers and Mail Order houses. **Now is your opportunity.** We list below some watches that rank elsewhere, at from 25% to 40% more than we ask for them. We can prove this to you! But—

**We are Going To Sell Only 500 of These Watches at These Prices!**

Then the prices must go up! We handle all makes of movements, and can furnish you with any style, size or make at a Great Saving.

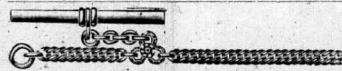

As a leader we illustrate the 18 size, 17 Ruby Jewel Elgin, as described below, fitted in the famous Wadsworth Case, guaranteed 20 years—the Manufacturer's guarantee stamped in each case—and give with each watch purchased, a **Solid Gold filled chain, absolutely FREE** for only \$12.98. Compare this price with others: **We guarantee a great saving.** Don't be misled by a misunderstanding friend or "Jeweler." All our watches are of the Latest Model, and are **Brand New.** We could not afford to guarantee a watch that was not exactly as we represent it. If you want to purchase this fine guaranteed watch, and want to see it before buying, just send us a deposit of \$3.50 and we will ship Watch and Chain by return mail for your inspection; then pay the Post Master or Express Agent, he balance and the watch is yours. Remember, we prepay all express charges. You must be satisfied, or we do not want you to buy.

The other movements we list below are the **High Grade Railroad Watches,** and are guaranteed to pass inspection on all Railroads in the United States; they all have the Double Roller escapement which is the latest requirement on all railroads. If you want one of these watches, cash if full must accompany each order. We fit them in the same case that our 17-Jewel is fitted in, and we give a free chain with each of them. If you are not satisfied with them and think you can "beat it" elsewhere, then all we ask is that you return it within two days, and we will refund the full purchase price.

We can furnish hunting cases at a charge of \$1.75 extra. 25-year guaranteed cases made by the best Manufacturer at a charge of \$1.65 extra. These cases are some of the finest made, and we guarantee them all.

Try us on repairs. **We guarantee a Saving of 50 per cent.** on repairs and guarantee the work; it is done by experts. Now, our customer, we're waiting for your order. We know we can please—that is the reason we want you to order from us. Your purchase leads to another, and we want your name for reference. We know of your high standing in your community and we are anxious to sell you one of our Watches. Break away from the high prices the people have been used to paying. We are waiting to hear from you; write us concerning anything you want to know; we are prepared to answer any and all questions and will appreciate any you may ask; we are interested in you. We will send a detailed description of any Railroad Watch that we handle if you but write us.

# OIL KING'S CASH IN EVIDENCE

ROCKEFELLER FOUNDATION IS PAYING \$250,000 A YEAR IN RURAL EDUCATION.

## PARTNERSHIP IS EXPLAINED

Instructors in Kentucky Are Paid By Rockefeller Under a Partnership Arrangement With the Department of Agriculture.

(Special Frankfort Correspondence.)  
Frankfort, Ky.—John D. Rockefeller's Standard Oil cash, which some persons hold to be tainted, is very much in evidence in educating the rural people of Kentucky and other southern states, according to a report made in the senate at Washington recently by Secretary of Agriculture Houston. The report was called for in a resolution adopted by the senate some time ago, of which Senator Kenyon, of Iowa, was the author. The response from Secretary Houston shows that the Rockefeller Foundation is paying out for this purpose \$250,000 a year.

"A part of this appropriation," says the report, "has been used for general demonstration work in the states of West Virginia and Kentucky. About \$75,000 of the amount is devoted to girls' canning and poultry club work in the southern states."

The Kentuckians sent out to do farm demonstration work under this partnership arrangement are O. Anderson, J. C. Baldwin, Paul D. Brown, O. B. Burrell, P. W. Bushong, A. M. Casey, E. H. Faulkner, A. V. Finley, O. F. Floyd, J. G. Gentry, M. O. Hughes, E. S. Kestley, E. J. Kilpatrick, F. E. Merriam, Frank Montgomery, Geoffrey Morgan, Fred Butcher, J. E. Nichol, W. H. Jones, S. J. Smock, C. L. Taylor and W. C. Wilson.

Of these, C. C. Anderson is paid \$25 per month by Rockefeller's foundation and \$25 by the state. The others get varying amounts from the Rockefeller concern, ranging as high as \$250 per month in the case of Fred Bushong, down to \$50 per month in a number of others, none receiving less than the latter amount. The sums paid by county and local authorities vary from \$25 per month to \$82.33 per month.

The Kentuckians in charge of girls' club work, paid jointly by Rockefeller, the state and the county and local authorities are Miss E. C. Carson, Miss M. M. Conitt, Miss B. D. Gentry, Miss E. N. Graves, Miss M. I. Morton, Miss Rhoda Siler, Mrs. C. L. Vogel, Mrs. H. R. Wolcott and Miss M. Worthington. All of these except Mrs. Worthington receive \$25 from Rockefeller per month, \$25 from the state, \$25 from county or local authorities and \$1 per year from the department of agriculture.

**Slot Machine Faces Turned To Wall.**  
Good-bye to the days when the slot machine check was legal tender in Frankfort. Also, good-bye to the days when it has been possible for a man to get a "chase" after 11 o'clock at night. The day of the slot machine and the 12 o'clock bar is dead. It died at midnight, when the face of every slot machine in the city was turned to the wall and each bartender in the city told his family to expect him home earlier in the future at night. The time when one could with one lone nickel speedily become the possessor of some shiny checks, or where one could just as speedily lose the nickel, has gone, never to return in Frankfort. No longer will the goddess of chance rule over the saloons and poolrooms of the capital city.

**Convicts Get Back Pay.**  
Judge R. L. Stott, of the state fiscal court, has entered a judgment in the case of Louis Spencer, a convict, against the State prison commission, giving all the convicts pay for time from June 15, 1910, to August 1, 1912. The order provides that the commission shall place to the credit of each of the convicts the earnings to which they are entitled. There are 1,000 convicts interested in the suit. The amount involved will reach \$180,000.

**Lawrence County First.**  
R. C. Terry, Public Roads Commissioner, has received notice from the fiscal court of Lawrence county asking the state for \$15,000 for roads. The request is made under the recent law providing that the state shall furnish an amount equal to the sum appropriated for roads by the county. This county is the first in the state to accept the provisions of the new law.

**With Bid For Contract.**  
J. M. Goodloe, expert accountant of New York, and brother of T. M. Goodloe, insurance expert for the state rating board, will bid for the contract of installing the uniform accounting system in Kentucky. He is a native of Louisville.

**New Passes on Racing Commission.**  
A new racing commission with two new members was appointed by Gov. McCreary. The new members are Gen. E. H. Haddock, of Louisville, and Al W. Young, of Morehead, who succeeded George J. Long, of Louisville, and Milton Young, of Lexington. The members responsible are Charles F. Grainger, Louisville; Thomas Hart Talbot, Paris; and Johnson N. Cameron, Jr., Versailles. J. P. Johnson, of Lexington, is the secretary of the commission.
