Difficult Breathing

Short breath, fluttering palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the waste out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

Improved formula. Dr. Miles' Heart Cure cured me when several doctors failed. My chest was tight, my breathing could do for me what Heart Cure has done. My case was bad, but it could be cured. I had almost impossible to breathe, my heart beat so fast that I thought it impossible to live, when I bought Heart Cure had almost given up all hope of being cured and I was sure I would die. I had not taken the Heart Cure. I take the great blessing in recommending Dr. Miles' remedy to all who suffer for weak heart disease. Sold also.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit you. If it fails he will refund your money. Miles Medical Co., Elkhart, Ind.

New Postal Notes.

Postmaster General Meyer will recommend to the next Congress that legislation be enacted providing for the introduction of postal notes not exceeding \$2.50, or perhaps \$5, which may be issued without the filing of a written application or the sending of an advice and be obtainable not only at all money order offices, but at many of the small post-offices, where it may be feasible to issue money orders. It is intended that these notes take the place of postage stamps, which are now used to a large extent in transmitting small amounts. Inasmuch as these notes can be more easily procured than money orders would be more convenient and could be obtained at thousands of post-offices too small for money order stations. It is believed that the innovation, if authorized will be generally welcomed by the public.

Hughes "Safe and Sane."

New York State is now in the throes of the favorite-state fever. Frederick Stevens, the multimillionaire superintendent of public works, is building up a Hughes organization. Former Gov. Odell is working on a machine which at the present time is only anti-Roosevelt. It is stated that before long the candidate will fly the Hughes banner. The anti-Roosevelt sentiment emanates from Wall street. Gov. Hughes' action in vetoing the 2-cent railroad-rate bill on the ground that it was unjust to the railroads has touched the railroads, and while it is felt that the Governor is not a corporation man, he is a big improvement over Roosevelt from the safe and sane standpoint.

China and a Third Term.

China's impassivity must have received one of the severest jolts in the history of the nation the other day when it became known that the President had told the retiring Chinese Minister that he would recommend to Congress the return of \$40,000,000 of the United States for the Boxer troubles. At the time of the riots in Peking when all of the Embassies and legations were in a state of siege for weeks the allied troops marched into the capital and afterward it was this Government that saved the Empire from partition among the powers. It was then that the indemnity of \$200,000,000 was demanded and about \$55,000,000 fell to the share of the United States. It is now claimed that but eleven million of this was required to pay our expenses in the affair and the President proposes to return the remaining \$40,000,000. The movement is not only equitable but it is shrewd. It makes a friend of China and that alone might be useful in case of war with Japan. It will probably encourage American-Chinese trade which has always been seriously threatened by the distrust and dislike of the Chinese for our people. The European nations will probably be disgusted with the generosity of this country. They need all the money they can get and they will not know how to about giving back money which has once fallen into their hands though they will feel compelled to follow the example of the United States. Probably no President but Theodore Roosevelt would have had the nerve to make the offer but he has done it with the sang froid with which he breaks precedents generally and it is probable that Congress will uphold him.

party doctrine, but they are bound to be a most important factor in the solution of the nominating problem. By his frequent public repetition of these and other important policies the president has shown a path which is believed will be too difficult for Tait, Knox, Fairbanks and others to follow and the choice of the convention will in probability be centered in Roosevelt.

Foraker's Candidacy.

Senator Dick, of Ohio, Senator Foraker's colleague, recently spent some time in New York, where he talked with many Republicans of influence from other states. After his departure it was learned that Senator Foraker is to declare himself a candidate for the support of Ohio's delegation in the National Republican Convention for the Presidency. It will be remembered that up to this time Senator Foraker has made no announcement of any kind, but has merely defended himself against the Roosevelt administration. The fact that Ohio has made no official expression for Secretary Tait, while Pennsylvania has spoken for Senator Knox, has no doubt been detrimental to the Secretary's candidacy. Another fact that leads to the belief that the Secretary is relying solely upon President Roosevelt to bring the Ohio delegation over to him in the coming convention lies in his trip this fall to the Philippines. The Secretary scheduled to leave this country on September 30, next, and he will be gone about three months. It is argued that he would not absent himself for such a long time during a crucial anteconvention discussion without placing reliance in the support just mentioned.

Sexton-Whitt.

Cards were received this week from Mr. and Mrs. A. J. Sexton announcing the marriage of their daughter, Miss Bessie Janelle to Senator W. B. Whitt, of Carter County. The wedding occurred at the home of Mr. and Mrs. M. D. Jordan in Olive Hill, May 15th but the bride being engaged as Deputy Circuit Clerk of Carter County, the wedded couple decided to keep the wedding a secret until she could get released from her duties and the preparations for a bridal tour could be made. The bride, a charming and accomplished young woman, is also a noted beauty. Added to her beauty are gracious manners and a superior mind; and all these have made her not only one of the most popular young women of our town, but wherever she appeared. Her picture is soon to be visited in various poses in one of the leading magazines as, "A Mountain Beauty." The groom is a successful politician and business man who is well known all over the State. He was the last popular Senator from the Carter-Elliott district in the last General Assembly and is a member of the wholesale grocery firm of Kitchin, Whitt & Co., of Ashland. The courtship which culminated in the union of this couple, was short and romantic. The gallant Senator was captivated the first time he met his fair bride and she, likewise received a dart from Cupid's quiver. They left here Saturday for their home near Olive Hill and will leave on the 21st for a bridal tour, taking in the Jamestown Exposition, Atlantic City and other points. Congratulations are extended by the Mountaineer. —Morehead Mountaineer.

Indeed the affair was well conducted as a success, fair to be.

Indeeless, many here have been under a serious impression that the matrimonial event had already taken place. However for the Times and many, we extend congratulations.

No Room for Loafers.

Mayor O'bryan, of Owensboro has issued a proclamation forbidding the loafing on the streets and imposing a fine on persons if found on the streets without some good cause. The farmers in these parts have had hard times getting help at this time of the year, while the streets in this city are well filled with idlers. The main loafing place is the public square, and the county officials are assisting in the work. But few towns in this state can have as little use in this proclamation as Olive Hill. An idle man—young of old—with no occupation or employment whatever, sitting around whittling on an empty goods box would be something rarely seen. Business interests made this so.

The arguments that Gov. Hughes puts forth in defense of his astonishing act in vetoing the bill providing two cent R. R. fare, sound like those of a hypocrite, who tries to defend an in-defensible act. He claims that the N. Y. Legislature should not have legislated until the roads were investigated and the necessity for two-cent fare established. The earnings of the roads, which are published yearly, show that such a measure is eminently just and equitable. Many of the states are enjoying the privilege of a two-cent fare and the roads of the Ohio, have to endure it, and their dividends are still to large for health. Gov. Hughes need not try to bluff the people any more about his superior qualities he is simply a tool of the corporations, and will serve them when they need "service from the chief executive."
