

VIKINGS OPEN SEASON WITH WIN OVER SANDY HOOK AS AMAZONS DROP OPENER TO SOLDIER GIRLS

The Amazons took it on the chin last Friday night when "Greek met Greek" or Holbrook met Holbrook in the opener of the high school basketball season here. Allie Holbrook and his Soldier Girls, or girls from Soldier took the measure of the Amazons in a rough and tumble affair such as openers are apt to be, before the young ladies settle down to the idea that rules are rules and basketball is not football. The Amazons were mostly on the sidelines before the end of the game by the foul route and Coach Roy Holbrook was hard put to find substitutes to fill the gaps, while his little brother Allie, mentor for the visitors, looked on and grinned. The game ended and Soldier led by the score of

Sandy Hook boys closed the light of play in a red hot battle against the Vikings who had begun practice the previous Monday and showed in their rugged play. By that we do not mean that certain the Kings would not develop into a formidable aggregation. However the Kings on last Friday night were a completely unfinished organization. They won, it is true, but they won without any display of basketball. The boys have to recently come from the football field to be able to settle down to the indoor game. The score at the end of the first half was 17-13 in the Vikings favor and at the end of the battle was 24-35 in their favor.

Sandy Hook, by the way, has a powerful set of basketball players who will give trouble to somebody before the end of the season. They are a passing team and are dangerous largely because they have that Elliott county determination that doesn't know its liked.

Naturally fans here are interested in the prospects for a good team this year, especially in view of the fact that only two regulars Gene Miles and Bub Tatum are left from the team of last year.

In addition to the Kings have Earl Caskey, Harold Crosswhite, Shanchia Elam and Russel Barber are left among the substitutes from the last year's squad and there are a number of others coming on. Consequently fans were interested in the prospects.

The general opinion seems to be that the Kings have more material of fair to good quality than ever before. Of course it will have to be developed. They have ample guard material already developed and on the way in Gene Miles, Earl Caskey, Russel Barber and Arch Casity, Tatum and Elam are prospects for the center job, and the forward positions are the two that need looking after. The Kings lost the best team of forwards in eastern Kentucky when they lost the services of Fred Caudill and Peck Robinson and it will be impossible to fill their shoes. By that we mean that Peck and Fred had played together so long that they knew each other's style to perfection and made a perfect team. New forwards will undoubtedly be developed and undoubtedly will, but an entirely different style of play with less dependence on others will have to be used.

Possibilities for forward positions are many. Tatum is being tried out and in addition there are Harold Crosswhite, Willie Banks and Tag Calvert among the most likely boys to drag Fred and Peck's shoes. Of course the shift of Tatum to forward would mean that either Elam or Miles would get the call for the pivot position. Which will leave another hole at guard. Any way you take it its going to be worth while to watch developments.

In themeam time, the Amazon and Vikings have an engagement on Friday night with Hitchens boys and girls. And Hitchens can't be sneezed at because they have two good teams and have had considerably more practice than either the Amazons or Vikings. The games should be hotly contested from the start and should plenty of thrills.

Football Banquet Monday Night

The annual football banquet of the Morehead State Teachers College will be held at the College Cafeteria on Monday evening, December 12, at 6:00 o'clock. The banquet is an annual affair to which the public is invited in honor of the Eagles football squad. Tickets are on sale at the Eagles Nest and at Battson's Drug Store at 50 cents each. The ticket sale closes at noon Monday.

The following is the program for the banquet:

Toastmaster	A. Y. Lloyd
School Song

Our Team	President Payne
Presentation Of Awards	
	Coach G. D. Downing

ATTENDS SOUTHERN CONFERENCE MEETING

President John Howard Payne is attending the meeting of the Southern Association of Colleges and Secondary Schools. This meeting convened at New Orleans November 29. Many prominent southern school officials will appear on the program, the purpose of which is to present and discuss problems of interest to southern college and high school administrators.

We are looking forward to a good report from the association concerning our standards. President Payne is expected to return this week, since the meeting ends December 2.

ISAAC BLAIR SUFFERS PARALYTIC STROKE

Mr. Isaac Blair was stricken with paralysis last Thursday morning as he was about to start work for the day. According to reports, Mr. Blair is slowly recovering from the effects of the stroke and is expected to be able to be out again within the next few weeks.

College Installs Moving Pictures

By the time you read this it is expected that the premiere show will be ready for presentation. All the equipment has arrived and special sound engineers from Cincinnati have been on the grounds for several days making the installation.

Two complete Kaplan Surefit projection machines and a Kuntz Perfection sound system have been put in. A large sound screen, suspended by steel cables, a little back of the front part of the stage may be raised out of sight when pictures are not being shown. Three large exponential-type loud speakers, mounted in an acoustical chamber, will give a uniform distribution of sound throughout the auditorium. These loud speakers are mounted on rubber-tired castors and may be rolled off the stage when not in use.

With Mr. Rice in charge, the buildings and grounds here has just completed adjustments of the projection booth and painted it.

Several of the leading film companies have submitted quotations on films, both of an educational and a purely entertaining nature. The original founder of this sound system, Mr. D. R. Katz, representing the Cincinnati Time Recorder Company, was here and supervised the installation. The engineer in charge of the electrical end was Mr. E. J. Mitchell, and the projection-engineer was Mr. R. E. Strem.

Basketball Prospects at College Good

Basketball practice for the coming season got under way on Monday last week as a squad of 24 prospective Eagles answered Coach Downing's summons to his netball.

Prospects for the net season are bright. While the squad is no larger than usual, there are six lettermen out and a number of freshmen who gained recognition while playing with high schools in this section.

The six returning Eagles are O. Evans, Luis Oxley, Paul Combs, George Queen, Dave Nickell, and "Perry" Caudill. They were all on last year's team except Queen, who played on the team season before last, but was not in school the past year. Besides these six, there is Willard Johnson, former member of the famous Car Creek High School and a member of last year's squad.

Among the outstanding freshmen on the squad, according to their records in high school, are "Doc" Adams, Fred Caudill, Ralph Brashear, Roy Lowry, Claude Estes, and Emery Milner. Caudill is a local product, while the others played with teams representing their home towns of Olive Hill, Whitesburg, Stanton, and Corinth respectively. Has been given over almost entirely to

VISITORS PRESENT AT DINNER AND DANCE

Dr. Agnes Snyder, Mrs. Thomas Alexander, Miss Helen Beck, and Miss Sadie Fitzgerald, Teachers College, Columbia University, visited Morehead last Wednesday, November 30. They observed the classes in the Training School.

The faculty gave a dinner in the cafeteria in honor of the visitors, Wednesday evening. Following the dinner, the guests and faculty adjourned to the gymnasium where they spent an enjoyable evening in dancing.

ONE-ACT PLAYS GIVEN BY JUNIOR HIGH

The ninth and tenth grades, under the supervision of Mrs. Mildred Silver, are presenting two one-act plays, "Just a Little Mistake" and "No Room in the Inn." These will be given Tuesday, December 13, at 7:30 p. m. in the Training School Auditorium. The admission for grade students will be 10 cents, for adults 15 cents. Begin your holidays with a laugh and a Christmas thought.

SPEAKING OF THOSE ANNOUNCEMENTS

A number of inquiries have been made relative to political announcements for the coming county election to be held next year. The cost of an announcement will be \$10.00 cash in advance without exception no as county officers go. High rates and other officers will be \$6.00. This will carry the announcement through the primary and for successful candidates through to the general election.

Lions Club Celebrates Charter Night

Tuesday night, December 6, the Morehead Lions Club observed their Charter Night by banqueting the local club, their wives and friends, some members of the Morehead Men's Club and many delegates from neighboring Lions Clubs of the state. The Morehead Club had as local guests, Dr. Gard, Morehead State Teachers College, Mr. and Mrs. Morgan Clayton, and each member brought a guest of his own choosing. Dr. R. F. Men's Club, Dr. and Mrs. Res. Terrell, President of the Morehead Men's Club, and Professor and Mrs. Roy E. Graves were visitors from the Morehead Men's Club. Delegations were present from the following Lions Clubs: Ashland Lexington, Carlisle, Flemingsburg, Olive Hill, and Winchester.

The banquet was served by the ladies of the Christian Church in the church basement. Decorations were of Blue and Gold and the tables were lighted with candles. Eighty-seven plates were served, and the meal was enjoyed by everyone.

After the banquet, J. Sneed Zager of Ashland introduced the toastmaster Porter M. Gray also of Ashland. Mr.

Practice during the past week has work on fundamentals. No games to be played before the Christmas holidays have been scheduled as yet. However, it is more than likely that games will be scheduled for that time in order that Coach Downing may get a line on his candidates before the season's campaign goes in to full swing.

Announcement of the completed schedule will probably be made in the next issue of The Trail Blazer.

Candidates for the team and their names: Overton Evans, Mr. Sterling, Luster Oxley, Ashland; Paul Combs; Hazard; Dave Nickell, Morehead; Willard Johnson, Car Creek; George Queen, Vanceburg; Roy Adams, Olive Hill; Fred Caudill, Morehead; Robert Brashear, Hazard; Ralph Brashear, Whitesburg; Claude Estes, Stanton; Emery Milner, Williams-town; Hazel McIntyre, Blackey; Graydon Hackney, Morehead; Roy Lowry, Wilmore; Max Clay, Paintsville; Edward Kufahl, Vest; John Francis, Car Creek; Kelly Hoskins, Blue Diamond; Beverly Reed, Hazard; Robert Rowland, Frenchburg; Fred Ambergue, Hindman; James Blair, Parrotay.

CELEBRATES HIS FOURTH BIRTHDAY

Roy E. "Sonny" Graves celebrated his fourth birthday on Wednesday with a birthday party at his home. Eighteen boys and girls between the ages of 2 to 5 years were present. The house was decorated in white pink and green, while a large cake with four candles occupied the center of the table. Games were played and refreshments were served.

The guests were presented with white bags containing pink and green candy, and with little horns. Roy E. Graves "Sonny", celebrated Clung Adkins, Mary Caldwell Haggan and Marjorie Ann Hollis served the lunch.

MAKES RECORD IN QUILTING

Mrs. A. J. McKenize of Cogswell has quilted 67 quilts and pieced 53 since 1924. They are really quilted. It would pay you to stop and look them over. Such large figures might give one the impression that she spends most of her time with her needle, but that isn't the case. She takes care of her chickens, garden, cows and does her own house work. This is a rare example of the proper use of leisure time.

MOREHEAD TO JOIN S. J. A. A. SOON

The Athletic Council of the Morehead State Teachers College at a meeting Wednesday took a definite step toward joining the other colleges of Kentucky in the Southern Intercollegiate Athletic Association when they agreed to make application on probation for membership in the conference. According to the plans both freshmen and varsity basketball teams are to be organized.

Lions Club Celebrates Charter Night

Gray was ready with a superior line of wit at all times during the program. His introductions were received with laughter and applause always. The chief speakers of the program were John Howard Payne, Morehead, who gave the welcome address, Freeman Webb of Olive Hill, who made the response, Charlie M. Cox, Lexington, who represented Lions Clubs of the Kentucky-Tennessee District, and Blaine Lewis, of Ashland, District Governor, who spoke on "Lionism" and presented the Charter to the Morehead Club. The most considerable address was presented by Charles E. Jennings, Vice President. Charles Goff accepted the charter. In the absence of Dr. Clifford Wood of Ashland, who was to sing, Mr. Buell H. Kasee gave two vocal selections.

Chief among the entertaining features was L. C. Fielder who delighted his audience with interpretations of an old mountain preacher, and with other readings. Delightful music was furnished by the Blue and Gold Orchestra.

The Morehead Club, chartered with twenty members, is sponsored by the Ashland Lions Club.

ROWAN COUNTY RELIEF FUND IS BEING ADMINISTERED BY LOCAL COMMITTEE; MANY GIVEN WORK

Dean Smith At Y. W. Conference

Dean Curralean Smith attended the annual committee conference of the Y. W. C. A.'s of the state at Lexington, Kentucky, November 25 and 26. A review of the work of the past year was given by Miss J. V. Cromwell, Louisville, state secretary of the Year's Women's Christian Association. One of the most interesting points of the year's work was the report that there are over 250 Girl Reserve clubs in the high schools of the state. Many interesting activities are carried on by these clubs. One very successful last year was the Bible Study Contest in which ten thousand girls participated.

This committee carries the distribution of funds for planning on the state work for these girls in their clubs. A most inspirational speech was given by Mrs. Frank L. McVey, Lexington, chairman of the committee.

Mrs. Robert Caldwell, Ashland, is president of the Kentucky committee.

MRS. LESTER HOGGE GOES TO HOSPITAL

Mrs. Lester Hogge was taken to the Good Samaritan Hospital at Lexington suffering apparently from a nervous breakdown. Mrs. Hogge suffered a fall sometime ago, and it was thought this might have been the cause of her disorder. However, examination failed to reveal anything wrong. Mrs. Hogge will remain for an indefinite period in the hospital under observation and in the expectation that the rest will prove beneficial.

SUBSCRIPTIONS ARE DUE AND PAYABLE

Fu Manchu Is Back At Cozy

Mystery pictures are always good, but if they are Fu Manchu pictures, they are doubly assured of a good house. So when the Cozy announces that on next Wednesday and Thursday Boris Karloff, the hero of Frankenstein will be the feature at the theater, the movie fans begin to sit up and prepare for a big night of it. And especially they sit up and take notice when the picture is the latest Fu Manchu picture, "The Mask of Fu Manchu."

Fu Manchu will be remembered as the master Chinese criminal who set out to seek his vengeance against the white man whom he held responsible for the death of his wife. The story of his efforts and their success has sent thrills and shudders coursing down many a spine. This last is another great mystery picture, with a great actor heading the cast in the title role.

The developments in "The Mask of Fu Manchu" are vivid in their details. For example Boris Karloff, as Dr. Fu Manchu takes a million and a half volts of electricity through his body in the weird laboratory scene. It is the bolt from a giant Tesla coil generating man-made lightning. Because there is practically no amperage, it is not fatal.

Other scenes equally spectacular keep the audience thrilled from the start to the end. Others who guarantee the success of the picture include Lewis Stone, Karen Morley, Charles Starrett, Myrna Loy, Jean Hersholt, Lawrence Grant and David Torrence.

The Rowan County Relief Committee, in charge of the disbursement of the Reconstruction Finance Corporation funds allotted to Rowan county, began distribution and allotment of labor on Thursday of last week. To say that the men and women in charge of the work have been busy is to say the least, putting it mildly. They have been literally swamped with applications for work, so much so that they have been unable to keep up with them. Already over 700 applications have been made, and over 450 have been acted upon by those in charge. Others are receiving the attention of the workers as rapidly as possible.

The committee for Rowan county is made up of the following members: Dr. H. L. Wilson, chairman; Hartley Batson, David Caudill, D. B. Leadbetter and Isaac Blair. In addition to the committee who have charge of the work as a whole J. H. Powers has been selected as Field Agent and Social Worker. Mr. Powers investigates applications for work and approves such as come under the regulations and provisions. He is in active charge of the labor.

M. P. Davis has been appointed as disbursing officer by the committee. Many may not know just what the relief work being done means. The Reconstruction Finance Corporation loaned the State of Kentucky a certain amount of money for relief work. This money has been proportioned among the counties of the state to be used to give employment to the needy in the various communities during the winter. The work is to be done and the money expended for pure improvements, such as the county road buildings, and so on. None of the money may be used for the purchase of supplies or material which must be furnished by the county or city as the case may be. The money loaned by the Reconstruction Finance Corporation must be used only in the payment of wages for labor.

Laborers are paid at the rate of \$1.50 a day. Wages are collectable by the week, except that if necessary emergencies rise, wages may be collected each day.

The money being expended is for the relief of the needy. The committee is emphatic on that statement. Anyone who is able to get by without this assistance should realize this and should realize further that if they are given work when they can get along without it, they are only cheating some one out of work who really needs it to live. We were asked to mention this fact in particular, because already some have been headed out in the investigations.

At present, the work is being done on the county roads in the various magisterial districts of the county. The work is directly in charge of the committee in the districts who oversee the work in their own district.

Its planned later on to develop some work in the city of Morehead as relief for the unemployed in the town.

Rowan county's portion of the funds available amounts to over \$830,000 to be disbursed among the needy of the county this winter.

Further details of the distribution will be published in the next issue of the News.

MOREHEAD WOMAN'S CLUB HOLD MEETING

The Morehead Woman's Club met Monday night at the Training School auditorium where they were entertained with a play given by the training high school under the direction of Miss Juanita Minish.

The next meeting will be held at the home of Mrs. Grace Ford and will be in the form of the annual Christmas party.

HOKE TO SPEAK AT
 MEETING OF A. P. A.

Dr. R. L. Hoke has been invited to
 deliver an address before the
 American Psychological Association
 which is to convene in Atlantic City
 the latter part of December. This is
 the second time Dr. Hoke has ap-
 peared on the program at the annual
 meeting of the association, having
 done so last year at the meeting held
 in New Orleans.

The subject that will be used by
 Dr. Hoke this year will deal with
 some phases of the psychological
 aspects of college examinations.

Reports of psychologists through-
 out the United States will make
 up the principal part of the convention
 program.

The American Association for the
 Advancement of Science is also
 meeting in Atlantic City at the same
 time.

Lloyd Debating Club Has Meeting

The Lloyd Debating Club held its
 regular meeting, Tuesday, November
 29, in the recreation room of
 Fields Hall.

A debate on the question: "Re-
 solved that 60 percent of all reve-
 nue raised by taxation should be
 collected from sources other than
 tobacco property," constituted the
 evening's program. Edric C. At-
 tention and W. Jack Lewis presented
 arguments on the affirmative, while
 the negative side of the question was
 argued by Clyde Smith and Middle
 White.

The judge, Kathryn Pope, Arthur
 Barbour, Kate Sharon, Williams re-
 sulted in a decision in favor of the ne-
