## FRANK F. HAGER HURT

INJURED IN AUTO WRECK AT PARIS, ILL.--BROTHER OF JOHN F. AND D. MILT HAGER.

Word has just been received in Paintsville of the serious injury to Frank F. Hager, brother of Col. D. Milt Hager of Paintsville, and Col. John F. Hager, of Ashland, Ky. Mr. Hager who is cashier of the Edgar County National Bank was out riding with a number of friends Sunday a week ago when the car was by some means dented and the five occupants were injured. It was thought for a time that Mr. Hager would not survive but later information says he will recover, although he has a broken jaw and arm.

Mr. Hager has many friends in this section of Kentucky who will regret to learn of his misfortune.

## UNWRITTEN LAW

UPHELD BY JURY--WM. DANIELS ACQUITTED OF KILLING GREEN PATRICK.

Hazard, Ky., August 30.--The "unwritten law" was upheld by a jury in the Perry Circuit Court, when William Daniels, on trial for killing Green Patrick several weeks ago, was acquitted. According to testimony at the trial Patrick came to Hazard from Magoffin county several weeks ago with Mrs. Daniels, and when he was met on the street next day by the woman's husband, the latter shot him.

At Thousand Island, N. Y. Attorney Fred Howes is on a visit to Thousand Islands, N. Y., and other points in that section this week. He is combining business with pleasure. ## HORSE SALE

CAR LOAD OF FINE MARES WILL BE SOLD AT PRIVATE SALE ALL THIS WEEK.

J. W. Shepard who was here last week with a car load of young mares for sale at auction has returned and will sell the mares this week at private sale rather than ship them away. These mares were offered for sale at auction last week, but on account of the bad weather and the low prices offered only a few were sold. The ones that were sold are now broken to ride. Mr. Shepard will dispose of the remainder of these mares at private sale. He is making headquarters at the Webb Hotel, all this week. If you need a good young mare call on him at once. You will never have an opportunity to buy mares of this kind at the prices asked for them. Adv-It.

New Meat Market. Sol Elevins has opened a butcher shop in the building opposite the Coker Hotel. He has fresh meats and is now killing beef and sheep. Later he will have all kinds of fresh meats. About 15c per pound, best steak 20c per pound. Adv-It.

The year's business totaled \$206,867,247; the year's profit was \$59,944,118. Cash in hand and in banks totaled \$52,530,771. In 1912 the available cash was \$6,400,100.

## LANGLEY PAIRED

Congressman John W. Langley, of Pikeville, Republican, was a caller at Democratic State headquarters yesterday, but his visit had no political significance, being merely a friendly call on Congressman J. Campbell Cantrell, chairman of the Democratic Committee. Langley is a member of the league in Congress. Each profited by the call, however, as they paired on all matters to be voted during the remainder of the present session of Congress and sent the agreement by wire signed by them jointly, to be recorded on the floor of the House when the body convenes today.

Congressman Cantrell had received a telegram calling him to Washington tomorrow and had not been for the friendly call of his Republican colleague he could have had to relinquish his seat temporarily at the Democratic headquarters to respond to the urgent call from Washington. Congressman Langley was equally gratified over the solution, as he stated that he is anxious to remain in Kentucky until after the election to look after his political friends in the Tenth district. He left for his home in Pikeville last night, after having conferred with National Committeeman A. T. Hart during the afternoon on the political situation in Kentucky.

Mr. Walters will go to a Fleming next week, but Mrs. Walters will not go until about the first of October.

The College Chap. "The College Chap" given at The Stafford house by local talent Tuesday night was a grand success from every point of view. A full house greeted the performance and all the players did exceptionally well. These A. B. Normal and High School young people have every reason to feel proud of this play. Miss May Stafford directed the show and nothing was left undone.

Wednesday they showed at Prestonsburg and it is said a number of the surrounding towns will be visited. The Sandy Valley Seminary opened Tuesday morning with a good attendance. He left Cincinnati Friday afternoon and spent the night with his father in Ohio, leaving there Saturday morning he arrived in Paintsville in the evening, which is the best and fastest record yet made over these roads. His Ford made the trip without an accident, not even a punctured tire.

Repairing Foot Bridge. Oppenheimer & Hager are repairing the foot bridge leading to their homes. It will cost about \$250 to repair this bridge. The original cost of the bridge was \$800, but this progressive measure of them built the bridge at their own expense and turned it over for use of the public. **THE DEUTCHLAND'S SAFE RETURN.**  
Keeping company with the sharks, and dodging the dangers above and below her, the submarine Deutchland has reached her home port at Bremen. Captain Koenig and his crew have accomplished a daring and dashing feat, and on that basis all fairminded men, who possess the true sporting sense, may applaud without being vicarious to their personal prejudices. Whatever may have been the political purpose, or whatever may be the political results of the Deutchland's famous voyage, her achievement, as a scientific sense are already recorded. She has established a new record, and has put her name down in marine history at the top of that particular column in which all subsequent and similar submarine achievements must be written. In other words there can never again be a first-Transatlantic voyage during war time of a submarine merchantman. The Deutchland has made herself secure in that particular niche.

The full story of the round trip under the command of Capt. Koenig will some day make interesting reading. No one is now so foolish as to believe that all the stirring details have been told. The conditions of the war have laid a rigid censorship on the log book of the underwater boat. But if we have to wait until the war is over that the complete narrative may be told with all its thrills and mystery, the tale will be none the less absorbing.

**TOAST ON WATER.**  
The following from the Gallipoli Tribune, Editor Sibley's paper, will be worth reading: Just about everybody has read Bob Ingersoll's whiskey rhapsody, as well as the scolding criticism written by a friend. But comparatively few have seen Col. Bob Marx's toast to water, delivered before the bar association of Arkansas. They gave the Colonel that subject as a joke, but the way he went after it was a caution to future generations. Don't put it up for it will tickle you, dry or wet. Here it is:

"Mr. Toastmaster, ladies and gentlemen: You have asked me to respond to the toast 'Water,' the purest and best of all the things that God created. I want to say to you that I have seen it glisten in tiny dew drops on the sleeping lids of infancy; I have seen it trickle down the blushing cheeks of youth, and go in writhing torrents down the wrinkled cheeks of age. I have seen it dew drops on the blades of grass and leaves of trees, sparkling like polished diamonds when the morning sun bursts in resplendent glory over the eastern hills. I have seen it trickle down the mountain side in tiny rivulets with the music of it, and silver striking on beds of polished diamonds. I have seen it in the rushing ocean, and in the

join the mighty father of waters, and in the mighty father of waters I have seen it go in slow and majestic sweep to join the ocean. And I have seen it in the mighty ocean, on whose broad bosoms float the battle fleets of all nations and the commerce of the world, but, ladies and gentlemen, I want to say to you, that as a beverage it is a dam failure."

**RESOLUTION.**  
The following resolution was submitted to Congress by Congressman John W. Langley. It was referred to the proper committee. John is always looking out for the soldiers: "RESOLVED, That the President be, and he is hereby, requested, if not incompatible with the public interests, to furnish the House with the names of all ex-Union soldiers and sailors, and the names of all soldiers and sailors of the War with Spain and the Philippine insurrection, and the widows of such soldiers and sailors who have been removed from office or reduced in salary between March fourth, nineteen hundred and thirteen, and the present time in the various executive departments, independent offices, and commissions, whether in the classified service or otherwise, and the ground upon which such removal or reduction in salary was based."

**THE NEIGHBORHOOD MILL.**  
A Whitesburg correspondent says in view of the increasing cost of flour farmers in that part of the State are planning to grow more wheat than they have been growing, and to patronize the nearby mills which offer to grind for toll any amount of wheat delivered to them. The old-fashioned neighborhood mill, doing a local business and grinding grain for part of the year, was an economic factor of no small importance in the United States until recently. The flour made at many of the small mills was good and the meal made at the water mill was of the best. With flour at or about \$10 a barrel proprietors of the few remaining mills now in condition for business should be able to persuade many farmers that there is an opportunity for economy in utilizing all suitable grain land for grain and hauling grain one way and meal and flour the other instead of going with an empty wagon to the railroad station for \$10 and returning from the railroad station with an empty wagon when selling farm products, paying railroad freight as well as the cost of hauling on the commodities sold and the commodities bought.

"An old neglected meadow that has become weedy may be plowed for grain and return in the form of meal or flour from the neighborhood mill, a bread supply for many families."—Courier Journal.

CARTER, in New York Evening Sun

**"I've had enough of it"**  
**MOUTH CLEANLINESS.**  
The public is waking up to what the Monarch meant when he said, "The health of the people is the supreme law." The government officials are also doing their duty in the great battle for peace, comfort and contentment of which health is the paramount factor.

The government has provided us with pest houses, means of fumigation, experiment stations for testing the purity of our food and drinks, have asked us to provide ourselves with individual drinking cups and to not spit in public places, etc., all of which is aimed at "prevention." We often hear it said that "Cleanliness is next to Godliness," and to Godlike we must be clean physically, morally and spiritually. Cleanliness make us men and it is through neglect that our pains and suffering are caused, during which time we are little more than beasts of the field.

**SANFORD WRIGHT, Dentist.**  
**SITKA, KY.**  
The annual meeting held at Frohonyer Friday, Saturday and Sunday was largely attended. Mrs. Chas. Childers and daughter Erma, Miss Maggie Preston and brother Herschel, of Thelma, were the guests of Miss VanHoose Saturday and Sunday. John Young who is suffering with cancer is no better. Mrs. Mary Castle and son Earl visited her daughter Mrs. Will Cridler Saturday night. Ruth Witten spent the week-end with home folks. He was accompanied home by Misses Coon, Virgie and Evelyn Welch, of Buffalo. Dan VanHoose went to Hood Sunday. Odd, isn't it? Carl Stambaugh, who has been holding a position at Ashland for some time has returned home.

Roy Fitch thinks he will soon know how to run a gasoline mill. Mr. and Mrs. Cam VanHoose and Mrs. T. J. VanHoose, attended the annual meeting here. Mrs. Geo. Witten and daughter, of Oil Springs, were the guests of relatives a few days here.

Mr. Ernest Davis, of Mingo, spent the week with her father Garfield Stambaugh. Herbie, Verner and Paris Stambaugh, of Paintsville attended the annual meeting here Sunday.

Mrs. Sana Sublett spent Friday with her sister Mrs. J. M. Stambaugh. Mr. and Mrs. James Stafford, of Staufferville, were the guests of Mr. and Mrs. Garfield Stambaugh.

trip to East Point last week. Mr. and Mrs. Russell Kirk, of Van Lear; Miss Minnie McKenney and Mr. Roy VanHoose, of Obit; Mrs. Albert Mills, and Miss Lillie Mae Childers, of Mingo, were the dinner guests of Dot VanHoose Sunday.

**FREE BIBLE LECTURE.**  
Many who heard Pastor W. H. Spring, of the International Bible Students Association, deliver a lecture at the Stafford Theatre, this city, some two months ago, will be pleased to know that he is coming back to Paintsville and will deliver a lecture at the Court House Sunday, Sept. 10, 2:30 P. M. Subject, "The Battle of Armageddon." This is a lecture that all should hear, as it opens up the long hidden prophecies of the Bible, proving beyond controversy that the present conflict of the nations of Europe, with the general distress and perplexity throughout the world, is the prelude to the great Battle of Armageddon soon to be fought.

Pastor Spring is a clear, logical and forceful speaker and is a complete master of the subject from the Bible standpoint. All welcome. Admission free. No collection.

Ralph Stafford & Co., real estate dealers of this city have farms, stores, town property for sale or exchange. They will swap with you if you don't want to buy for cash.

Better get a supply of stationery before the prices go still higher. The Herald will do it for the best work.

Lloyd Clay is offering some excellent bargains in ladies and gents ready to wear goods. Call and look the line over. Advit.

**TELL HOW WOMEN VOTERS WILL CONTROL POLITICS.**  
Congressional Union Leaders Explain the Movement in Opposition to President Wilson.  
Just how the decision of the women's party to oppose President Wilson for reelection is expected to change the national political situation was explained in a statement by suffrage leaders at the headquarters of the Congressional Union for Women's Suffrage at Washington.

It was pointed out that unless he wins the West the defeat of Mr. Wilson "seems inevitable."  
Needed to Offset Loss of Ohio. The continued loss of Ohio alone, which, judging from indications at the primaries, will go with a re-election of Wilson, would be a serious blow to the Democrats. It was pointed out that the Democrats will have to win the West, California, and Arizona, with three women's party representatives being assured.

Conditions in Other States. "In Kansas the Progressives and Republicans are practically one again. In Montana there is great dissatisfaction over the proposed Democratic nomination of a Republican. In Oregon and Washington are expected to go Republican. These states were lost last year by the Democrats. In California the Democratic ticket is seriously felt by the timber industry there. Utah is considered safe by the Republicans. In Wyoming the Progressives and Republicans have joined hands."

**QUESTION CRAZE.**  
**SEIZES THE G.O.P.**  
Democratic WORLD Long Had Monopoly of This Idioty But Opposite Party is Infected.  
**STRING OF INTERROGATIONS TO FEASE WILSON ISOLATORS**  
Questionnaire No. 1.—Will All the Willing Soldiers of the World Join the Old Fool Free Trade Bill Your Line of Business Just Before the Battle Began—When Will the Battle Begin—Will You Weep at the Funeral?

The questioner had grown. You may ask a question of any one. Why should the poor old public weep? Here are a few from The New York Sun for the man in the street: Do you approve of the Rikers and Harbors lot? Do you want four years more of watch-fave waiting with the National Guardmen undergoing military training in a tropical climate in mid-summer? Do you find that the duty of the United States is to serve humanity and let its own citizens be killed and outraged? Do you feel proud of notes with nothing behind them? What do you think of the Vera Cruz adventure? Would you like to have been an American soldier at Carrizal? Do you believe in a financial regime in Mexico in order that Japan may be able to do it? Do you desire to cut the Philippine Islands in order that Japan may be able to do it? Do you want four more years of Danville? Do you approve of wrecking the diplomatic service to provide jobs for deserving Democrats? Are you in favor of inflation? Do you believe in preparedness for a flood of cheap European wares as soon as peace comes? Have you noticed the significant increase of imports in the past year, despite the tariff? How did free trade hit your line of business before August, 1914? And you? Were you all cheered up by the Underwood tariff bill? Do you think the doubling of the income tax is fair while millions of competitive imports come in free?

Where are you going to be when the hard times die and business backs to the old, hard, normal basis? Can you conceive of any people going to you or to the country from another Presidential term like this? Will you perpetuate inflation, greed, ignorance, stupidity, general ignorance in Congress?

**ATTRACTS BUSINESS MEN.**  
Mr. Hightower has not yet been heard of, but has merely pointed the errors of the present administration and set forth certain principles on which the affairs of the country should be managed.

There is a political logic in this portrayal, the estimation of which to the mind of the voter is expressed by frequent remark: "Is the kind of man we want to elect or through?" This has been said by many a business man. The qualities seen in Hightower are a strong, sane, sane, sane and a willingness to sacrifice for the good of the country. See in Hightower the qualities of a man who is not a politician, but a man who is a man.

## ANNOUNCEMENT

We are glad to announce to the public that the Big Sandy Hardware Company will continue their store in Paintsville the same as usual, although under different management. Part of the original stock holders are going out and going in the hardware business at Ashland. Some are selling their entire stock and invest in other holdings while some are retaining their stock and some new parties taking stock. This change in the business makes it necessary that we settle up all the accounts for and against the original stockholders. This must be done at once, and in order to enable us to do this, we ask all that are indebted to us in any amount that is due or past due to please arrange to settle the amount at a very early date, and if you owe us an amount that is not due please bear in mind that we will not be in a position to extend time of payment.

We feel that we have been very lenient with our customers in most cases, and now as it is absolutely necessary that we settle up our business, we feel that all who owe us will respond readily.

We also wish to thank all our customers for their generous support of our firm, which has enabled us to accomplish what we have and trust that you will still continue to patronize the firm under the new management.

Yours very truly,

## Big Reductions In All Departments

**BUY NOW AND SAVE. BARGAINS FOR ALL**

WE ARE OFFERING EXCEPTIONAL BARGAINS IN ALL DEPARTMENTS OF OUR STORE FOR THE NEXT FEW WEEKS. WE ARE REDUCING STOCK IN ORDER TO MAKE ROOM FOR OUR LINE OF FALL AND WINTER GOODS THAT WILL SOON BE ON DISPLAY. WE HAVE NO REGARD FOR THE FIRST COST. THE GOODS ARE GOING AT SOME PRICE. DRY GOODS AT LESS THAN FIRST COST.

**All \$3 and \$3.50 Straw Hats, will go at 75c and \$1, along as they last**

This is what is known as between seasons. It is late for summer goods to sell rapidly and too early for the fall trade. But we have a full line of ladies and gents' furnishings and shoes that contain many things that you can use now and also good wear out of their next spring and summer. In fact we are offering our goods so cheap now that many articles you could well afford to buy and lay away until next summer. It is impossible for us to keep these goods in our store on account of the Fall and Winter line we have bought and which will begin to arrive shortly.

Many of the best dressers are taking advantage of the prices we are offering these goods at and are stocking up with some summer goods that will be right in style next summer. Come in and look these goods over. Our loss is your gain. We must have the room and you can save money if you buy now.

We are closing out our dry goods line at cost and less than first cost. These goods are a bargain as they cost much more in market than when we bought them last year.

## THE HOUSE BY THE SIDE OF THE ROAD.

There are hermit souls that live  
withdrawn  
In the place of their self-con-  
tent;

There are souls like stars that  
dwell apart  
In the fellowship firmament.  
There are pioneer souls that  
blaze a path  
Where the highwaymen never  
tarry.

Let me live in a house by the  
side of the road  
And be a friend to man.

Let me live in a house by the  
side of the road,  
Where the race of men go by  
The men that are good, the men  
that are bad,  
As good as and as bad as I.  
Then why should I sit in the  
scorned's seat,  
Or hurt the cynic's ban?  
Let me live in a house by the  
side of the road  
And be a friend to man.

I see from my house by the side  
of the road,  
By the side of the highway of  
life,  
The men that press on with the  
ardor of hope,  
And the men that faint with  
the strife,  
And I turn not away from their  
smiles and their tears—  
Both parts of an infinite plan.  
Let me live by the side of the  
road  
And be a friend to man.

I know there are brook-gladden-  
ed meadows ahead,  
And mountains of wearisome  
height,  
That the road stretches on thru  
the long afternoon  
And passes away to the night.  
Yet still I rejoice when the trav-  
elers rejoice,  
And weep with the strangers  
that moan,  
Nor live in my house by the side  
of the road  
Like a man that lives alone.

Let me live in my house by the  
side of the road  
Where the race of men go by  
They are good, they are bad,  
They are weak, they are strong.  
Wise, foolish; so am I.  
Then why should I sit in the  
scorned's seat,  
Or hurt the cynic's ban?  
Let me live in a house by the  
side of the road  
And be a friend to man.

## SEEK PROGRESSIVE AND LABOR VOTES ON FALSE CLAIMS

Democrats Posing as the En-  
actors of Legislation Which  
the Indisputable Facts  
Show to Be of Republi-  
can Origin.

### AUTHORITY ON SOUND SOCIAL LAW CITES 11 GLARING CASES

Organized Labor Resorts This Deception and Running Ties the Form  
In November as at Many Previous  
Elections Indignantly Smite Those  
Who Without Just Claim to  
the Gratitude—Even Much-vaunted  
Federal Reserve Law is Based  
Entirely on the Statistical Research  
of a Republican Administration.

That "no class is more instant than  
this to spread and punish the man  
who without foundation lay claim to  
its gratitude" is the assertion of John  
Williamson, ex-commissioner of labor,  
approves of certain false claims set  
forth by Vance McCormick, former  
National Chairman, in behalf of his  
party.

Chairman McCormick caused to be  
published in the New York Times, on  
July 3, an appeal for Progressive and  
Labor support, based on twenty  
measures enacted by Congress while  
President Wilson has been in the  
White House, and for which he  
claims credit for the Wilson adminis-  
tration and sets Progressive dispropor-  
tion. Commenting on this statement,  
the former Commissioner of Labor  
says:

"Students and promoters of sound  
social legislation will do well to ex-  
amine this list for it contains a num-  
ber of items of unusual interest.  
"We may well believe that it was  
with a great deal of pride that Mr.  
McCormick contemplated the record  
of his party and that he drew a vivid  
mental picture of Progressives false-  
ly claiming credit for the measures  
of the things done on behalf of  
this administration.

"It is a pity that in the interest of  
truth, which knows neither Democrat,  
Progressive nor Republican, we must  
make this reasonable statement. Nev-  
ertheless, it is our duty to call atten-  
tion to the fact that the list of mea-  
sures which Mr. Wilson the former  
Chairman of the Democratic National  
Committee has fallen into a glaring  
error. We have no desire to disgrace  
the administration of the Wilson ad-  
ministration, but we must enter an  
emphatic protest against any attempt  
to pad the record.

"Mr. McCormick claims twenty  
measures enacted by Congress while  
President Wilson has been in the  
White House. This claim we dispute.  
More than one hundred are measure  
enacted under a Republican adminis-  
tration and were approved by ex-presi-  
dent Taft, and for others the Demo-  
cratic administration deserves no credit.

"Let anyone think that this is a  
groundless assertion we herewith fur-  
nish the record which can easily be  
verified:

From among the twenty pieces of  
legislation cited by Chairman McCor-  
mick, I select the following:  
(1) Eight hour law on government  
work. In effect March 1, 1913. Signed  
by Mr. Taft.  
(2) Eight hour provision for post  
office clerks. In effect generally Au-  
gust 24, 1912.

(3) Eight hour provision applicable  
to the manufacture of ordnance for the  
government. In effect January 1, 1913.  
Signed by Mr. Taft.

(4) Children's Bureau. In effect  
April 9, 1912. Signed by Mr. Taft.

(5) Industrial Commission Law to  
investigate industrial relations. In  
effect August 25, 1912. Signed by Mr.  
Taft.

(6) The phosphorus match law.  
Enacted in 1912, effective as to the im-  
portation of white phosphorus match-  
es January 1, 1913, and as to the man-  
ufacture of such matches July 1, 1913.  
Signed by Mr. Taft.

(7) The Department of Labor Law  
creating a department with a secre-  
tary who shall have a cabinet rank.  
President's Cabinet. In effect March  
4, 1913. Signed by Mr. Taft.

(8) The Pure Food Law. In ef-  
fect January 1, 1913. Signed by Mr.  
Taft.

(9) The Federal Reserve Law, which  
while passed during this adminis-  
tration, is based entirely on the  
vast work of investigation and com-  
pilation done by the Monetary Com-  
mission, and closely follows, except in  
certain details, the legislation recom-  
mended by that commission.

(10) The eight-hour law for the  
District of Columbia, was introduced  
and put through by a Republican, Sen-  
ator La Follette.

The anti-trust law antedates the  
Cleveland Administration—although  
the Cleveland Administration never intro-  
duced it. The Pure Food Law, from  
time to time, as with all great  
legislative acts, it has been necessary  
to amend or to add to it and the anti-  
trust law of the Wilson Administration  
was merely such an amendment, a  
logical development of the original  
act.

## LETTER CO. NEWS ITEMS

### NEWS ITEMS OF GENERAL INTEREST FROM WHITES- BURG AND LETCHER CO.

Whitesburg, Ky., Sept. 4.—It  
is a fact that the Letcher Circuit  
Court will continue here practi-  
cally the remainder of this  
week. Many of the civil cases  
are being disposed of, and the  
much congested docket is being  
rapidly relieved. This week will  
complete the four weeks as or-  
iginally set down.

During the week Charlie Bowen  
was tried on a charge of assau-  
lt upon Miss Lennie O'Leary aged  
16 at Burdine in the coal  
fields about two weeks ago. The  
evidence completed the jury re-  
turned a verdict within a few  
minutes giving Bowen ten years  
in the Kentucky penitentiary. He  
is said to have come from Allegheny, Pa.

Manager H. LaViers, of  
Paintsville, with other officials  
of the South-East Coal Co., were  
visiting and looking over the  
new developments at LaViers in  
this county during the week. The  
new work is said to be moving  
along nicely. The construction  
of the tippie will be started  
within the next day or so.

After a two weeks illness of  
pneumonia and typhoid Prof.  
William R. Blair aged about 48,  
one of the best known public  
teachers in the county, actively  
engaged in the profession, for  
over 30 years, and a former  
Superintendent of Schools, died at his  
home at Colly Creek three miles  
from here Saturday about noon.  
He leaves a wife and five  
or six children to mourn his de-  
mise, besides a father and sev-  
eral brothers and sisters. We  
extend sincere heartfelt sympathy.  
The remains were interred Sun-  
day in the Blair graveyard near  
Whitesburg in the presence of  
many sorrowing friends.

Mrs. Sarah C. Jackson aged  
74, venerable mother of L. F.  
and H. C. Jackson, died at the  
home of her son Wednesday  
morning after a brief illness of  
pneumonia. Mrs. Jackson had  
come here from Honaker, Va.,  
for a short visit with her sons  
when she was taken ill. The re-  
mains were prepared and ship-  
ped to Honaker for burial.

The Whitesburg graded and  
public school will begin this  
morning with Prof. J. F. East-  
ham, of Somerset as principal,  
and Prof. G. B. Adams and Miss  
Nanna Harbitts and Charlotte  
Fields as assistants. Until the  
splendid new school building is  
completed on College Hill the  
school will be taught in the Baptist  
Church. The school bids  
fair to be a success.

Thanks to President Wilson  
and the powers that be for pre-  
venting the nation-wide railroad  
strike that would have paral-  
yzed the coal fields—the big min-  
ing centers—perhaps much  
worse than any other section of  
the State. With a strike, strag-  
gling ruin might have been  
stalking thru the big mining  
camps of this section.

Mrs. Elizabeth Gilliam aged  
about 80 formerly of Letcher  
county died in Hiram a few  
days ago. So did uncle Hiram  
Hogg die about the same age at  
Booneville, Owsley county. Both  
leave many descendants in Let-  
cher county.

Considerable sickness, largely  
colds, have been prevalent in  
this county during the past  
week.

Application for bail for James  
C. Thompson charged with the  
murder of Miss Lula Hantton at  
last April and who has been  
tried two weeks ago resulting in  
a disagreement was denied and  
Thompson will have to remain  
in jail until the next term of  
court which convenes in Novem-  
ber. He will be tried at that  
term.

The Letcher County Teachers'  
Institute which closed here Fri-  
day last April and who have  
tried two weeks ago resulting in  
a disagreement was denied and  
Thompson will have to remain  
in jail until the next term of  
court which convenes in Novem-  
ber. He will be tried at that  
term.

## THE KENTUCKY CHILDREN'S HOME.

To the citizens of Kentucky:—  
The work of the Kentucky  
Children's Home Society has  
grown to such an extent that we  
find ourselves always over-crowd-  
ed with children. We are ex-  
tremely anxious to place our  
children in good Christian homes,  
and in this connection we will  
have an exhibit at the State  
Fair this year, with rest, and  
lounging room for your accom-  
modation.

Our workers will be on the  
grounds, and will be only too  
glad to escort you to the home or  
will bring such children as you  
are interested in to the Fair  
grounds for you to see.

We have in the "Receiving  
Room" 225 children, of all ages,  
from babies a few months old  
up to girls and boys 12, 13 and  
14 years old. When you realize  
that there are 120 children in  
the State, and there is only  
one happy agency to receive  
destitute children, you will realize  
what a burden is upon us.

We are making an appeal to  
the citizens of Kentucky, as we  
cannot place our children in  
other States, and we hope that  
you will open your hearts and  
your homes to these little chil-  
dren, and give them a chance in  
this home. The success of this  
work is due to the fact that so  
many of our friends have taken  
these children into their  
homes, and now at the begin-  
ning of the fall season, when the  
children of the State are so  
great, it is imperative for us  
to place a number of our  
children in family homes.

If you will take a child you  
will find there are many who  
trouble enough and pleasure en-  
ough to compensate any effort  
you may make, and you will un-  
consciously and individually do  
a great work for the home and  
for the future citizenship of our  
Commonwealth.

"It is more blessed to give  
than to receive" and to give a  
child a chance to become a good  
citizen is one of the highest  
privileges that we can give to  
any child. Please think this matter  
over and if you want to make  
application for a child, we will  
be glad to take up the matter  
with you.

No family who have not the  
highest moral standing need ap-  
ply for a child. The work is  
non-sectarian; members of any  
church may make application for  
the children. Our object is to  
place our children in good Chris-  
tian homes, where they will be  
only given the advantages of  
church and school but will re-  
ceive a religious home-training.  
Hoping that this will make an  
impression on the citizens of  
Kentucky, and that you will call  
to see our exhibit at the State  
Fair, I remain,  
Yours respectfully,  
EEO. L. SEHON,  
State Sup't. Kentucky Children's  
Home Society, 1086 Baxter  
Ave., Louisville, Ky.

## TANLAC ROMANCE NOW FULLY TOLD

ITS LAUNCHING AND WHAT  
INSPIRED IT IS AT LAST  
EXPLAINED.

"Every few years someone  
suggests something that will  
tend to better our condition,  
whether it may pertain to our  
business, or health, or knowl-  
edge, or religion, or some other  
line," declared L. T. Cooper  
recently.

"It has been my pleasure to  
offer Tanlac to the world," he  
continued. "I presented Tanlac  
to the public, knowing full well  
that it would prove satisfactory  
if properly tested."

"Confident as I was of the  
reception Tanlac would receive,  
I confess I was hardly prepared  
for the wonderful popularity to  
which it at once sprang. When  
it is considered that just nine  
months to the day after Tanlac  
was announced, one million  
bottles had been sold, it can be  
understood that when the  
story of Tanlac is called a ro-  
mance of the business world it is  
quite true.

Tanlac appeals particularly to  
the best people everywhere,  
who are able to judge carefully  
and to render a just opinion of  
its merits. Upon the thousands  
of endorsements of such men  
and women Tanlac's astonishing  
success has been based. Great  
as is the demand for Tanlac now,  
I really feel that the country, as  
a whole, is only just awakening  
to it.

chemist and myself is, I believe,  
the most effective remedy  
known for ailments of the stom-

"It is compounded of roots,  
herbs, barks and flowers, many  
of which come from remote  
parts of the world, and it is free  
from the mineral salt feared by  
many persons.

"I have no doubt that Tanlac  
will be as successful in your  
city as it has in every other in  
which it has been introduced."

## THE JOHNSON COUNTY FAIR

WILL BE HELD IN PAINTSVILLE, OCTOBER 12, 13  
AND 14—LARGER AND  
BETTER FAIR THIS YEAR.

A number of the farmers  
from the county were in Paints-  
ville Saturday where they met  
a committee from the Boosters'  
Club and made arrangements for  
the Johnson County Fair which  
was decided to be held on Thurs-  
day, Friday and Saturday, Octo-  
ber 12, 13 and 14. This is one  
week later than it was held last  
year.

Committees were appointed  
and the work of boosting the  
fair started. Every indication  
points to a better and larger  
fair this year. More people are  
interested in the fair this year.  
They are beginning to realize  
that it is their fair, that it is for  
all the people. Let the farmers  
begin now to make arrange

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

You can't make a mistake in taking it.

## CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything. Begin taking Cardui today. Sold by all dealers."

IF BACK HURTS  
BEGIN ON SALTS

Flush the Kidneys at once when Back-  
ache or Bladder troubles—Must  
form uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys or back bones, says a well-known authority. Most forms of uric acid which clog the kidney pores so they gradually fill or strain only part of the waste and poison the blood. The blood, in fact, has a tendency to become thick, headachy, liver trouble, nervousness, constipation, indigestion, rheumatism, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back bones, or if the urine is cloudy, offensive, full of sediment, irrigate the kidneys by taking a session of soaking, get about four ounces of Jaf Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for five days and your kidneys will be all right. This famous salt is made from the self of grapes and lemon juice, combined with little and has been used for generations to flush degenerated kidneys and stimulate them to activity, also to neutralize the uric acid in the blood, and to relieve irritation, thus ending bladder disorders. Jaf Salts is inexpensive and cannot injure; makes a delightful effect. Recent little-water drinkers, who neglect their kidneys, should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

FLEETING PROSPERITY  
IS FOOL'S PARADISE

Don't Let Smoke From Munition  
Factories Cloud Your Brain  
With Belief It's Abiding.

PROTECTION, OUR BULWARK

Forget Not the Dire Conditions Which  
Depressed This Country Under the  
Democratic Free Trade Tariff  
Prior to the War—They Will Re-  
turn to Plague and Hunger Unless  
the Republicans Are Re-  
stored to Power.

"When we contemplate industrial conditions in this country," says Mr. Hughes, "we see that we are living in a fool's paradise." This is the condition to which the Democratic party and its supporters have deliberately closed their eyes. While the war cloud loomed over Europe, this country was experiencing the most serious depression it had known since 1893, when the Democratic party and its policies were in full control of the United States.

Suddenly there came from over the sea a demand for munitions of war, clothing, food, supplies, everything needed by vast armies and by countries whose sons were taken from the field and the workshop, sent to die. As a result our exports and the balance of trade for our country have reached figures far surpassing any ever before known. Prosperity, especially in the East, there is no lack of work at high wages. For Europe must pay whatever price America asks. No thoughtful person would imagine that this condition is anything like real prosperity. How false it is, we know because not clouded by the smoke from munition factories, have fully felt and fully appreciated.

What the Republican candidate for president says about it the Democrats know to be true. "Our opponents promised to reduce our taxes," says Mr. Hughes, "and they failed to do so, but did reduce the opportunities of making a living. Let us not forget the conditions that existed in this country under the war tariff prior to the war. Prosperity had increased; business was languishing; new enterprises were not undertaken; instead of expansion there was contraction and our streets were filled with the unemployed. The suspension of these conditions is not nationwide, only sectional, and depends upon the duration of the war. Those who think otherwise are, indeed, living in a fool's paradise.—Portland (Ore.) Glass of Hot Water  
Before Breakfast  
A Splendid Habit

Open studies of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; suffer from headache, dizziness, faintness, loss of appetite, indigestion, and all the other ailments which result from the previous day's indigestible waste, may find relief by taking a glass of hot water before breakfast. It flushes the stomach, liver, kidneys and bowels of the previous day's indigestible waste, and the result is a feeling of freshness and vigor. A glass of hot water before breakfast is a habit which should be cultivated. It is a habit which will do more for the body than any other habit.

Hot water on an empty stomach is wonderfully invigorating. It cleans out all the fermenting, stinking waste and acidity and gives one a feeling of freshness and vigor. It is said to be the best little while with the most benefit to be derived from it. A glass of hot water before breakfast is a habit which should be cultivated. ONE OF INTEREST TO OUR READERS.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if it is destined to believe it, at first hearing, we feel secure in accepting its truth now. The following experience of an Ashland woman is confirmed after two years.

Mrs. G. H. Barney, 604 E. Greenup Ave., Ashland, Ky., says: "I have had trouble with my kidneys on several occasions. I suffered severely from backache and had difficulty with the kidney secretions. Doan's Kidney Pills cured me."

OVER 20 YEARS LATER, Mrs. Barney said: "All I have previously said recommending Doan's Kidney Pills still holds good. There is no better kidney medicine."

## He Was Worried and Hopeless.

"For ten years I was bothered with kidney trouble," writes T. F. Hutchins, Little Rock, Ark. "I was worried and had almost given up all hopes. I used five boxes of Foley Kidney Pills and am now a well man. Foley Kidney Pills drive out aches, pains, rheumatism and all kidney trouble symptoms. Sold everywhere.—Adv."

## Trail of the Lonesome Pine

Have you read the beautiful story of the "Trail of the Lonesome Pine?"

A comparison of the Blue Grass and the mountains far behind. In the line of education they excelled us in every way. And abhorred our very presence, shunned our company each day. When the people of the Blue Grass called us ruffians, mountaineers.

And when going thru our country, always had their doubts and fears.

When we for any cause assembled, they would call it clique or clan.

And would say, "Now they're assembled for the murder of some man."

Thus the level Blue Grass counties with their ladies bright and fair.

Learned to hate and fear our people, called us wicked men up here;

So a line of demarcation 'twixt the mountains and the plains Was the cause of many troubles; strife and envy thus did reign.

'Tween the people of refinement and our undeveloped mines, There was placed a deep, dark chasm, hard to cure or heal or bind;

But as time and tide rolled onward and the tall pines sturdy bough,

Pointed us to school and progress and we learned the lesson, "How."

Then we mixed and intermingled, north and south and east and west,

Talked of progress and civilization, looking forward for the best.

With one aim we now look onward to a nobler, higher plain, Plains and mountains all united, purer motives to sustain.

We have conquered; love and friendship take the place of force and might.

Shaking hands with one another, all uniting for the right. All can see among the mountains, north the pine-clad hills that rise.

Arrested passions, nobler manhood springing up with human ties, Binding up the wounds of hatred, opposition, fear and strife. All united, marching onward to a higher, nobler life.

So our hills once viewed with horror by the broad, Kentucky plains.

Have become a source of pleasure, can you not see the change? That us as true Kentuckians, march together hand in hand. Our duty, do it nobly, till we reach the Promised Land.

The above poem was written by W. R. Amburgey, of Pine Top, Knott county, Ky. Prof. John Burke, of Paintsville, thought it worthy of publication, and gave it to The Herald.

The same mountain poet gave the following tribute to Prof. Burke, who is to be a teacher in Paintsville this year.

Prof. Burke, visited the Institute and delighted the teachers and pupils with his poetical recitations and genial humor.

But whom should we have to lead the van, Had not our gentle poetry man?

Stirred out our ambitions and calmed our fears In bringing new life to the fleeting years?

With such grace and ease he does recite These lengthy poems with force and might; He cannot be ruffled or muddled in mind.

And the sum of his teachings is to always be kind. He takes in the whole of human nature, Gives tongues to trees, makes brooks to speak, And beautifies the hills and plains.

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

## PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert every day, and you will be happy. It is a tobacco of the highest quality, and it is sold in every store. It is a tobacco that is worth the price.

Men who think they can't smoke a pipe or roll a cigarette can smoke and will not regret it. Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!
