My Dear Friends-

I assure you I do appreciate the nice card informing me of Warren's attending your Church. Of all our needs your Church is the greater and has always been our desire to raise Warren a Christian follower. He is all that we have and had to give him up to this dreadful needful cause. I trust that you will see him often and advise him when ever you can. So comforting to know a minister and wise will see to our children when they cannot be home and to me they are always the best to do so, in this good work for God and man.

Sorry I've waited so long. When  
 your card came my Mother was  
 very sick and husband also feeling  
 very bad and kept me on the  
 'move' for few days. I'm writing  
 this with pencil for I always  
 have slight jibs in my hand  
 due to daily use of a crutch.  
 Perhaps Warters has told  
 you I'm a cripple and have  
 been since childhood.

May God Grant you power  
 to carry on in your good  
 work. God Bless you, and  
 yours always.

Thanking You. I remain  
 Sincerely

F. Vella T. and  
 John. H. Ellis.
