**WHEREAS:** The Legislative & Fiscal Affairs Committee handles requests for funding by student organizations from the Student Government Congress, and

**WHEREAS:** The 2000 LFAC has developed guidelines and rules that each organization requesting funding must meet, and

**WHEREAS:** Each request for funding approved by the LFAC must be further passed by Congress, therefore

**BE IT PROPOSED:** The Student Government Association approve the following guidelines and rules of the LFAC.

- I. Proposals are to be submitted by student organizations to the SGA office on the 2<sup>nd</sup> floor of ADUC. Upon LFAC approval, the LFAC shall make recommendations for funding to the entire SGA congress. This will allow requests to be critically re-evaluated by the entire SGA congress, where the amounts can be raised or lowered.
- II. Organizations must show a genuine need for funds.
- III. Those organizations that have previously received money from SGA are not guaranteed any allotment for the following year.
- IV. All organizations must submit a written statement explaining how the funds will be used to benefit the entire campus.
- V. Organizations must submit information on their monetary (bank, savings, campus) accounts.
- VI. If funding is used for a scheduled event, all funds must be accounted for exactly with Receipts, within two weeks of the scheduled event. All funds not used must be returned to SGA within two weeks of the event.
- VII. A student representative and faculty advisor from the organization requesting funds MUST be present at the LFAC meeting to answer questions. Persons explaining or presenting proposals to the LFAC will be asked to leave when a vote is taken during the committee meeting. Also, any member of the LFAC who has documented ties to the organization requesting funding will participate in the LFAC vote to bring the proposal to the entire SGA Congress, but will be asked to leave when the vote is taken.
- VIII. The Legislative and Fiscal Affairs Committee will have a ceiling level set for each semester at the first meeting of each semester of SGA. This does not mean that the funds must be used or will definitely be available, it is only a measure to ensure proper financial planning by the LFAC and SGA.
- IX. It is required that applications be submitted to the SGA office at least one calendar month before the money is needed.

### **Rules for Funding Process**

- I. Registered Rule: The group must be a university registered student organization.
- II. 15 Day Rule: A request for funding must come before SGA congress 15 working days before the scheduled event. This allows for possible check processing and for SGA to have the flexibility to table a proposal for future consideration and debate.
- III. Once a Semester Rule: Registered student organizations are eligible for funding once per academic semester.
- IV. Absolute Maximum Rule: In keeping with the purpose of the LFAC, each request will be evaluated and upon committee approval there will be a funding level presented to SGA Congress. The maximum level that will be allotted to a given organization will be \$250.
- V. Matching Rule: The organizations requesting funding must provide documentation that they can either match or exceed the requested funding level before funds are requested.

### **LFAC's Special Rules Pertaining to Applications**

- The applications must be typed and received by the SGA Office, for distribution to committee members one month before money is needed.
- The student organization will have a student representative and a faculty advisor meet the LFAC prior to submission to congress. At this time the LFAC will: question, discuss, and give its recommendation of the application.
- All applicants must prove to be beneficial for the general population of the student body and/or Morehead State University.
- The said application must meet all requirements stated by the Student Government Constitution.

#### SGA RESOLUTION #4

**WHEREAS:** SGA is committed to making our campus one that is ran as efficiently as possible for the students, and

**WHEREAS:** The SGA Student Life committee is committed to providing better quality of life for the students at Morehead State University, and

**WHEREAS:** Parking on our campus has been seen as a problem that causes great concern for most students, and

Assign designated parking spaces for married housing parking permits, allowing only one space per couple, unless they can provide proof of another vehicle and a need for an extra space.

Split the current S zone into an F zone and a U zone. F would be for Freshmen, or those students under 30 hours. The U zone would be for Upperclassmen, or those above 30 hours.

The suggested placement for the zones would be as follows:

--U zones-Nunn Hall parking, Mignon Complex parking, All parking around Alumni, Regents, Wilson and Cooper that is currently S. The parking lot behind Cartmell hall. The parking leading to Eagle lake. The parking in Front of Mays and Butler Halls. Also, the Parking directly next to West Mignon.

--F zones-The parking lot behind Regents and Wilson. The parking lots at the Football field, Softball Field, and the Wellness Center. The gravel lot across from Cartmell, the 2 gravel lots on the way to the football field that are currently S zones. The lots behind the library that are currently S zones also be made into F zones (radio station, and hills).

Draft Response to SGA Resolution #4,

\* Brian, make apt w/ Mona; see Doug Brown

Assigning Designated parking spaces for Family housing residents, allowing only one space per Apartment is already enforced. The only time a second Decal is issued is when the occupant's do have a need for a second vehicle on campus.

Splitting the current S zone into upperclassmen and freshmen zones is not a new idea for the University; this was enforced up until a few years ago. Several other Universities, when they do allow freshmen to bring cars to campus, have similar arrangements. Allowing Upperclassmen to have the closer spaces. However, I do believe that the suggested parking areas that the SGA came up with will not leave much space for the upper-class men.

In previous years the area by the football field was freshmen parking, however with the Wellness Center now taking up most of the lot where the freshmen used to park. It is possible to give freshmen the 2 gravel lots on the way to the football field (*areas 6 and 20*) and also the parking area behind Regents and Wilson Halls. Also another concern of mine is the gravel lot across from the football field (*area 19*) that is currently an overflow lot. This is never filled to capacity and I have never seen more than 20 to 30 cars parked in it and it has a capacity of over 200. This lot could be used as both a freshmen zone and an R zone (for students who have had their privileges to park on campus revoked) as these students currently do not have the right to park on any MSU propriety for any reason. Instead of taking away their privileges, we can issue them a Zone R decal and requiring them to park in this lot **only**. If the student continues to park illegally, then their privileges will be revoked completely.

**Estimated Allotted Space Based Upon Current Enrollment:**

*(Numbers obtained from Office of Registrar)*

Freshmen: 1667 (48% of student enrollment, not all freshmen drive...38% of student parking should be considered a reasonable amount)

Sophomore: 1040

Junior: 956

Senior: 1388

Grad.: 176

By giving the freshmen the parking areas that I have named above, 38% of total current S zone will be Freshmen parking, leaving 62% of the parking for Sophomore, Junior and Seniors.

**Decals:**

As far as the purchase of more decals this will not be a problem. We will still be able to order the same number of decals. The decals would have to be redesigned by the printing company, as the S decals would be split into U and F decals.

## Student Secure Web Account

With an MSU student secure web account, students may access secure on-line information. The web site allows students to view/print academic information (grades, checksheet, class schedule, etc.); view/print financial account information; view/pay university holds; pay fees; register for classes; view course offerings; vote in student elections; and provides access to a variety of other on-line services. Because this is a secure web site, a web account (valid login and PIN) is necessary for access.

To access the web site, visit the University's home page at [www.moreheadstate.edu](http://www.moreheadstate.edu). Click the 'MSUsers' button, next click the 'students' button on the right side of this page and then the 'submit' button at the bottom. The student identification number and web PIN must be entered and validated for entry to the secure web site.

### New Account

To establish a new account, visit the University's home page ([www.moreheadstate.edu](http://www.moreheadstate.edu)) and click the 'MSUsers' button. Next, click the 'students' button on the right side of the page and then on the following page, at the bottom, click 'I need to create a web account.' A social security number and date of birth must be entered. Upon confirmation of this data, a web PIN of choice can be entered and the account authenticated by entering two questions and answers for future verification (in case the web PIN is forgotten).

### Forgotten PIN

If a secure web account already exists and has been authenticated previously but the web PIN has been forgotten, the account can still be accessed with verification. To access, visit the University's home page ([www.moreheadstate.edu](http://www.moreheadstate.edu)) and click the 'MSUsers' button. On the following page, click the 'Students' button on the right side of the page. Next, click on the prompt 'I have forgotten my PIN' at the bottom of this page.

With the entry of the 7-digit student identification number, the questions entered in the authentication process of the account will be displayed. With a match of the stored answers, a new PIN can be entered and access to the secure web site will be permitted.

If you have questions or need assistance with accessing the secure web site, please contact the Student Telecommunications Center (110 Ginger Hall) at 606-783-9000.
