THE DEMOCRAT.

Published Every Thursday Morning, BY C. H. ABERNETHY, at 11 East 1st Street, Louisville, KY. MONDAY DECEMBER 27, 1871.

X... with a X marked upon their papers... The X... has been placed upon the X... All... are... to this paper... will be... to this rule in any case.

Our Agents... The following gentlemen are authorized to act as agents for the Democrat, to solicit, receive and to receipt for subscription, etc.

To DELINQUENTS. All those indebted to this office are requested to come forward and settle as we need what we have earned and must have it to meet our urgent demands.

I. O. O. F.—A general assembly of all the members of Plumtree Lodge No. 30. I. O. O. F. is requested at the regular meeting, Tuesday, January 2nd, 1872, at 8 o'clock, as business of importance is to be transacted.

Adopted.—The Mayville Republican came to us last week in a new dress and greatly enlarged. It presents a beautiful appearance and it will worthy the support of the Republican party.

Our Paper.—As an usual custom we take holiday next week, consequently no paper will be issued from the office on the 28th. As our readers will doubtless take holiday also they will cheerfully accord us the same privilege.

From the South.—We had the pleasure of meeting Mr. James Darnall on Monday, who has just returned from his report on the mule trade and all other business in a depressed condition.

As Now Whiskey.—We understand that the sale of whiskey at Louisville and at the Halfway House on the Mayville pike has been discontinued.

The Lottery.—In the recent Old-Fellers lottery drawn at Covington number 12515 drew the horse and lot, and 12916 the horse and buggy.

The Lottery.—In the recent Old-Fellers lottery drawn at Covington number 12515 drew the horse and lot, and 12916 the horse and buggy.

The Lottery.—In the recent Old-Fellers lottery drawn at Covington number 12515 drew the horse and lot, and 12916 the horse and buggy.

Small Pox in Flemingburg. It has been reported in the country to the injury of our business. We have had it in this place. We heard it was in—There has been no case of this loathsome disease in this place for fifteen years for certain. It has also been reported in this county for the first time at Mt. Vernon, Ky. Our worthy citizens in this county who have the disease and this is used to prevent people from coming to town. It is only necessary to explain this by saying that so they did it about twenty-five years ago. We pledge our word there is no danger whatever from this paper, as the explanation we say to our readers that we will promptly report the first case that occurs in our midst, we will not play the part of a Cincinnati paper in the matter.

To the Public.—We are not publishing a paper in the interest of Flemingburg alone. We desire to make our paper the property of every town in this country and therefore solicit contributions of a local character from the different neighborhoods in the county. Very often important matters transpire of which we hear nothing until they have passed through the hands of another town, which is very acceptable, and we hope our friends elsewhere in the county will send us the same kind of documents.

Laid Over.—We have a very pretty piece of poetry from the pen of our Assistant M. M. M. Hanger, partly in type which we are compelled to lay over. We regret this very much but our readers shall have it in our next.

Faded Faces.—Little boys don't engage in the awful practice of wearing false faces. A few days ago a list of little boys were innocently engaged in this practice in Lincoln County, in this State. They accidentally came upon a lot of negroes, the negroes became frightened and ran away. In a few days afterward the boys were arrested and put in the county jail, where they are lodged in jail. Boys don't wear false faces in any number if you don't want to go to the Louisville Jail. The best government the world ever saw will not protect you in any such ludicrous crime.

To the Editor.—A patron of a certain newspaper sent to the publisher a note in which he inquired how you have called on me for pay for your paper? "Oh!" said the man of types, "we never ask a gentleman for money."

"Indeed!" replied the publisher, "how do you manage to get along when they don't pay you?" "Why," said the editor, "after a certain time we conclude he is no gentleman, and we ask him."

Survey Commenced.—Col. C. B. Child with a corps of assistants, commenced the survey for the Kentucky and Great Eastern railroad last week. The party began at the intersection of Third and Fourth streets, Third ward, and arraigned the line on the line of the Old Mayville and Big Sandy road, which, as the public is aware, was purchased by the new company some months since.

Beneficial Small Pox.—The Mayville Eagle says: "An affection known by the name of small pox has been recently found by a surgeon of the British army in China. The mode of treatment is as follows: When the preceding fever is at its height, and just before the eruption appears, the chest is rubbed with cream oil and tartaric ointment. This causes the whole of the eruption to appear on that part of the body, to the relief of the rest. It also secures a full and complete eruption, and thus prevents the disease from attacking the internal organs. This is now the established mode of treatment in the English army in China, and is regarded as a perfect cure."

Real Estate for Sale.—We have a very valuable piece of hotel property for sale situated in this place. It is now doing a good business and is now being treated for other property on the most reasonable terms. Parties desiring to engage in the hotel business or desiring property that will pay a good interest on their investment will wish to call on, or send to the editor of this paper, who will give full information concerning the same.

Annual Meeting.—Since the introduction of Limes' Liniment many of our citizens have used it, and have received great benefit therefrom. It is now for sale at the store of Mr. J. H. Linder, on Market Street, in this city. It is now for sale at the store of Mr. J. H. Linder, on Market Street, in this city.

Liberal Offer.—We will furnish you with Godey's Lady's Book, the best magazine published in the world, for one dollar for the sum of four dollars.

Have you paid your taxes for 1871? No. Have you paid your taxes for 1871? No.

The Small Pox. There are many rumors afloat in regard to this loathsome disease both at home and abroad. It is not possible to learn there are possibly one or two cases of it in East Mayville. The county of Mason is free from it. The exception of one case at Washington, Ky. and one at Mt. Vernon, Ky. At the former place is about well and the cases at Mt. Vernon are all confined to one family and there is no danger of its spreading to that locality. The family at Mt. Vernon are all out of danger and there is no fear at Mt. Vernon. The young ladies we reported had week at Mt. Vernon, Ky. Nicholas county protested and we understand that his protest has since been attended with it. His reports are in circulation in various places, which reports we pronounce false in every particular.

In New York and Philadelphia the disease is said to be fatally on the increase, ladies, gentlemen, young ladies to know what is the cause of a violent epidemic, though stronger to use a paper of that city recently mentioned the fact that it exists there in all its force. We have before us the report of the board of health for the month of November, which reports 27 deaths from small pox during that month. According to this statement they must have been at least twelve or fifteen hundred cases in that city in November. The report for the month of December is not yet in, but from a day book we make 200 for the month if not checked. This shows a steady increase of the horrible pest. The poisonous case as described as a "theoretical infection" and has been discontinued.

Scientific American. This splendid weekly, greatly enlarged and improved, is one of the most useful and interesting journals ever published. It contains a beautiful picture on the paper, representing the most interesting scientific inventions, novelties in mechanics, manufactures, and agriculture. Photography, archeditecture, geology, and mineralogy, glass-making, science and art.

**FLEMINGSBURG DEMOCRAT**  
No. 100 Adams Street

**There is a bright picture of the man who does not advertise.** He is distinguished by his career and devoted contentment. He is a man who has had to work for his bread and butter. He is generally a selfish, snobbish, snobs with all customers with distrust. This man is generally a man who is the cause of the pay that he gets for his goods creates an antagonism in the minds of his patrons, and they generally reject his goods. His store is anything but inviting, as the goods are not displayed at all, and a bleak appearance of the walls is the consequence. At night he lights his store with the poor quality of candles, which send a pale glimmer over his goods giving them an old and dusty look. As his store you will be certain to find men who are not satisfied with his goods, and who do not buy anything from him. He is a man who is not generally liked, and his store is not generally patronized.

**THE WEEKLY WORLD.**

A large quarto sheet, printed through out in large type, and published every Wednesday morning. Among its prominent features are: 1. A full and complete list of the names of the members of the Legislature of New York, Albany, Brighton, Westchester, and Philadelphia, the New York Country Producers, Markets and General Produce Markets. 2.
