## MAJORS AND MINORS

Not later than the beginning of the sophomore year, the applicants for degrees must file with the Registrar their selections of majors and minors. (This does not include those who are applying for the Bachelor of Arts with the Standard Elementary certificate.) The heads of the departments in the major and minor fields must approve the course to be taken before the blank is filed. Two majors of twenty-four hours each, or one major of twenty-four hours and two minors of eighteen hours each, may be selected.

A student may choose his major\* or minor\* from any one of the subjects listed below :

Agriculture  
Art  
Biology  
Chemistry  
Commerce  
English  
French  
Geography  
History

History and Government  
Home Economics  
Industrial Arts  
Mathematics  
Music  
Physical Education  
Physics  
Sociology and Economics

---

\* Please note that Education cannot be counted as a major or minor field.

AUTUMN SCENE ON THE CAMPUS

## CURRICULA

The curricular offerings at Morehead are varied. Students may pursue courses leading to the (1) Provisional Elementary certificate; (2) the Standard Elementary certificate and the degree; (3) the Provisional High School certificate and the degree; (4) the Provisional certificate in Administration and Supervision and the degree; and (5) the degree without a certificate. The college awards two degrees, the Bachelor of Arts and the Bachelor of Science. Each degree may be taken with or without a certificate. The student should notice that the requirements for the degrees differ according to the type of degree and the type of certificate. The chief distinction between the Bachelor of Arts degree and the Bachelor of Science degree is the 60-hour requirement in science for the Bachelor of Science degree. There are also differences between the Bachelor of Arts degree with the Elementary certificate and the same degree with the High School certificate. There are accordingly eight distinct courses of study leading to the degree. A student should choose early in his college career which course he prefers to take.

### GENERAL REQUIREMENTS FOR THE DEGREE

The candidate for the degree must meet the following general requirements:

1. A minimum of 128 hours of prescribed and elective college credit.
2. A standing of 1 on all work offered for a degree.
3. At least three-fourths of the credit in residence in some standard college and at least one year in residence and one semester immediately preceding graduation in this institution.
4. Not less than 43 hours of the work offered for the degree should be selected from courses numbered 300 or above.
