As It Is Described By a Kentucky Soldier—A True That Has in It No Forgeries. Review of the Situ.

An officer of the Third Kentucky regiment, giving the following account of the death of John Martin, who was killed by the enemy in the Shenandoah Valley, says:

John Martin, who lives on a farm near Pittsburgh, was a float-sawyer by trade. He was a brave and patriotic soldier, and volunteered for service in the army. In the spring of 1863 Martin was detailed for service in the army, and was ordered to the front.

Martin was a hard worker and a loyal soldier. He was always готов to do his duty. In the battle of Antietam, Martin was captured by the enemy, but he refused to give up his sword and fought until he was killed. After his death, his body was found lying on the battlefield, with his sword by his side. He was a brave and true soldier, and will always be remembered for his courage and devotion to his country.

Martin left behind a wife and three children. They were left to mourn his loss, but they knew that he had done his duty and died a hero. If you are ever in the military, remember the example of John Martin, and always be готов to do your duty.
