CINCINNATI, O.

The Texas Tarantula.
The Tarantula is now among us. It is a large, hairy, eight-legged insect, and is very poisonous. It is found in the southern part of the state, and is very common in the mountains.

A Change of Trust.
The most notable instance of a change of trust occurred in the case of the estate of John H. Smith. The trust was created by his will, and was for the benefit of his children.

DR. T. J. McCall.
The doctor has been practicing in Ashland for many years. He is a well-known and successful practitioner, and has a large number of patients.
