ANNOUNCEMENTS.

We are authorized to announce Attorney W. D. King, of Olive Hill, a candidate for the Democratic nomination for Representative of the 100th Legislative District.

LET HARMONY PREVAIL.

Editor Rutledge, of the Grayson Bugle-Herald, called on us Thursday and extended the glad hand of welcome. It pleased to have a veteran publisher and printer of Mr. Rutledge's standing speak words of encouragement and advice.

Why not all classes both of Grayson and this city follow the newspaper men's example, laying aside all petty prejudices, jealousies and differences and act in harmony?

During our short stay here we have observed entirely too much of these school boy tactics for the general welfare of either place. Let us all act in union for the good of the county.

Let us lay aside these petty spites and put your shoulder to the wheel of progress and PUSH HARD!

Above all, don't be a knocker.

Fewlers in convention at Cincinnati have passed resolutions condemning Senator Foraker for his action in befriending the watch case trust.

The news of Britt's defeat by Gans is now the talk of the dailies. Served him right. No self-respecting pugilist would enter the ring with a nigger, and other things should be beaten to a pulp.

Secretary Root has no need of paying Muldoon a fancy price for the strenuous course of training. Let him follow Hon. A. E. Wilson in his campaign tour through this end of the State and he will not need the services of a specialist to put him in his little bed.

The railroads have won in their fight to maintain a three-cent fare in Pennsylvania.

PERSONALITY OF A LEADER.

Timothy D. Sullivan Expresses His Views on the Subject. 'Any one may be a leader. There is no secret to the job and no trick of nature's doing. It only needs words and lots of it.'

So says Timothy D. Sullivan, a leader of men, a Tammany Hall district leader, a leader in financial affairs of large importance, a leader in legislation that affects millions of people, a leader in sport of more or less varied nature, a leader in public movements when the interests of his constituents or his associates are affected, a leader in many other things that are of the present moment.

Born in poverty, schooled indifferently, at work as a newsboy; then in charge of a big newspaper delivery system, then an owner of many newspapers, into politics; first a district captain, then a deputy leader, then a district leader, then an Assemblyman, then a State Senator, and next a Congressman.

All the time tending to growing personal business, he stands out as one of the men of the present moment. Born in poverty, schooled indifferently, at work as a newsboy; then in charge of a big newspaper delivery system, then an owner of many newspapers, into politics; first a district captain, then a deputy leader, then a district leader, then an Assemblyman, then a State Senator, and next a Congressman.

Before the year 1903 English coins were simply pieces of metal stamped by driving a die down on them with a hammer.

Timothy D. Sullivan. "When you ask me to do what particular thing I owe any of my friends I've got to do it. I've got to do it, no matter how much it costs me."

NOTICE

THE NEW AND LATTER HOUSE OF ISRAEL. Hagazi II-9.

Before Christ's coming a church must be formed distinct from Judaism and Christendom (Isaiah 44:1 Cor. 10:32; Matt. 10:5; Matt. 15:24). Paul says, 'I have not come to destroy the law or the prophets, but to fulfill them.' (Matt. 5:17-19). This church is in course of formation. (Rev. 21:3) and will be made manifest as God's elect (Isa. 44:4). God will give the first born, each member of which will receive strength to present his or her body a living sacrifice (Rom. 12:1) changed and sanctified while at Christ's coming, from mortal to immortal, to be made in the image and likeness of God. This saith the Lord: I will not utter, by the house of (Israel) Jacob, nor in a sieve, yet shall not come in the least grain fall to the earth (Amos 9:9). The extracts from the Flying Roll give divine information on this very interesting subject, which must precede all others. No people or nation will be destroyed by the sword or death until after the restoration (sealing) of the house of Israel, the 12,000 of each tribe as shown in Rev. 7:3, 4, 14, 16. G. G. Hockenson with the Missionary Carriage will hold an open air meeting at the Island Grove, Olive Hill next Sunday, at 3 p.m., where books will be distributed. Free will contributions, bringing a contribution of \$1.00 and help sing (see Amos 5: and Leviticus 25:35). The meeting will be held at the home of Mrs. Z. H. Hockenson next Sunday afternoon. "Blow the trumpet in Zion, set the crier on high, proclaim to the world that Jehovah is nigh; that the slaves who of old and Satan compulsion were around their freedom to gain. The word of the Lord is the law of the Lord which he has set down in his word; which He unto Moses and kept my commandments, and the word with Jesus on Zion the twelve tribes will have to do with the word (Rev. 12:1) an regained, which I fought father's land; when through Him they have overcome death in the grave. Then the banner of love over the nations shall wave." G. G. HOCKENSON for the New and Latter House of Israel, headquarters 39 Cray's Island, London W. C. England. Am. Branch 117 Hancock Street, Cincinnati, Boston, Mass.

# WILLSON SPEAKING LARGELY ATTENDED

After a strenuous morning in reaching this place from West Liberty, where he spoke Tuesday, Hon. Augustus E. Wilson addressed a large and enthusiastic gathering at the Island Grove, shortly after noon Wednesday.

Mr. Wilson and party were accorded the enthusiastic reception usual in this end of the state, and the attendance was estimated at between 1800 and 2000, from all parts of the county.

At the grave he made one of the best speeches of his campaign, which was a clean, concise explanation of truths, going far, to establish his reputation as a broad-minded, deep-thinking statesman, in whom the affairs of state can be safely entrusted.

While Mr. Wilson roasts political mismanagements and mistakes on the part of the opposing candidates he does not indulge in the low form of personal abuse resorted to by many, which is a highly commendable feature of his campaign.

**The Graded Schools.**

It is my pleasure to conduct the devotional exercises at the Olive Hill Graded School each Monday morning, having been invited by the faculty to perform this duty.

I wish to state that, with the excellent faculty with Prof. J. O. Daniels as principal and Mr. A. J. Counts and Misses Beatrice Bradshaw and Lillie Johnson as assistants, our schools are in excellent condition.

Last week I visited the excellent rooms and found the students well disciplined and showing marked advancement in their studies, each teacher seeming to think they have the best scholars and are manifesting a great interest in them.

Prof. Daniels reports that he held an examination Friday, it being the close of the first month, and was well pleased with the work of his scholars. The other teachers are also pleased with the work in their rooms.

There are at present enrolled 290 students.

E. L. HOWERTON.

## DRIVEN AWAY BY TAXATION

Very Large Capital Withdrawn From Kentucky.

The Case of the Walsh Estate in Lexington Points Out a Dangerous Result of Our Tax System.

The manner in which the tax system of Kentucky may seriously affect its business interests was again vividly given a very striking demonstration in Lexington. The estate of Mrs. Clara Bell Walsh, amounting to about \$750,000, had been for many years managed by the Security Trust company of Lexington, as trustee. A petition was filed recently in the Fayette circuit court, asking the court to terminate the trusteeship, so that Mrs. Walsh might put her property in the hands of a trust company in St. Louis. The Security Trust company, which had been acting as trustee, did not oppose this suit, it being distinctly stated in the petition of Mrs. Walsh that the services of the trust company had been in every way satisfactory, but that the taxes imposed upon her property were too burdensome.

The peculiar feature of the case lies in the fact that Mrs. Walsh, herself, resides in St. Louis and therefore claims that her personal property should not be taxed at Lexington in the hands of her trustee. The court of appeals having held otherwise, and Mrs. Walsh, not feeling justified in paying a tax rate of 2.70 on the stocks, bonds and investments in the hands of the Kentucky trustee, since she could not derive any possible good from the payment of this tax, decided to remove the property to the state of her residence.

A considerable part of the estate was invested in local securities—the bonds of local corporations and real estate mortgages. This will mean that the money will gradually be withdrawn from investment in these local securities and reinvested by the St. Louis trustee in other securities, thus constituting a loss of that much money to investors in and around Lexington and Fayette county. It means just that much greater scarcity of needed capital.

The Lexington Herald has been, with great energy and skill, showing the result of this sort of taxation on the business interests of the state. It points out, among other things, the inconsistency in the decisions of our courts, which hold that a man who lives in one Kentucky county may own intangible personal property, such as stocks, bonds, or money, in the hands of a trustee in another county of Kentucky, must pay the tax in the county of his residence and not in the county where the trustee resides; but if the owner of the property moves entirely out of the state and transfers his estate to a trust in the county where the trustee resides, as well as pay the tax in the state where he lives, he has, in effect, paid twice the tax in the county, thus constituting double taxation.

Consumed With Taxation. In her petition asking for the change in trusteeship Mrs. Walsh says: "Plaintiff desires, if said Clara Bell Walsh be not entitled to a discharge of the trustee, that there be a change in the person of said trustee, and if it can be done that the funds and property in trust be transferred to a trustee duly qualified under and resident in the state of Missouri, where they have their home." She states that the reasons why a change of trustee is desired do not in any manner relate to the conduct or fidelity of said trustee, but are on account of the heavy burdens of taxation imposed on said estate by reason of the residence of the trustee in a state and city different from the home of the beneficiary.

Court of Appeals Decision. The Herald adds the following fact as to the case: "Under this decision of the court, Mrs. Walsh's personal property in the hands of the Security Trust company would be liable for city, state and county taxes here, and realizing that this is a non-resident of the state, could derive no possible benefit from taxes paid to the city on her personal property. Mrs. Walsh takes this means of getting possession of her property. The removal of the estate to another state is a powerful argument against the wisdom of the system of taxation in force in Kentucky; for though the investments made by the trustee in local securities are so small and highly regarded as to be retained, yet when a reinstatement is made it is likely that a large portion of the funds will be invested elsewhere, thus depriving this community and state of so much badly needed capital for its progress and development.

Poverty or Perjury. "A prominent attorney of this city, in discussing before the Taxation committee of the Kentucky senate in 1905 the tax system of our state, denounced our personal property tax as necessarily leading either to poverty or perjury. We do not know whether any statistics on the subject are available, but we think it a safe guess that at least three-fourths of all the intangible personal property, such as bonds, notes, and cash, which is assessed for taxation in Kentucky, is in the hands of individuals. Is it a fair and manly thing to place upon these least able to bear it nearly all the burden of such a tax?"

New Sport for the President. Houston, Tex., Sept. 7.—Reports reach here from San Antonio that a wild boar hunt with javelins for weapons instead of rifles is being planned for President Roosevelt's participation. An experimental hunt with javelins is shortly to be held in the district south of San Antonio. Several of President Roosevelt's acquaintances expect to take part in this hunt, and are authorized for the statement that if the sport with the primitive weapons proves good the president has promised to join in a hunt during his coming Southern and Western tour.

Back at the Old Stand. Louisville, Ky., Sept. 3.—The Courier-Journal and Times are again housed in their old quarters and the customary editions are now being published. The first estimate of the loss sent out was exaggerated, and although it cannot be stated at this time what the loss will be exactly, yet it will be much less than first thought. The building and plant will be put in first class condition just as fast as workmen can do it.

Tailor's Label Furnishes Clue. Louisville, Ky., Aug. 31.—From a tailor's label in his coat, the authorities are under the impression that the man who ended his life by firing two bullets into his brain in Shawnee near Thursday night is C. H. DeWolf of Chicago. A description has been sent the Chicago authorities and the body is being held. DeWolf, it is said, was a salesman for a firm at 184 Monroe street, Chicago.

Dogs Attack Murderer's Body. Paris, Ill., Sept. 2.—The dead body of Vinson Hicks, who last Tuesday murdered his wife, was found Sunday in the woods near the scene of the crime. He had cut his throat with the same knife he used to kill his wife. Hicks's body had been manied by dogs.

Bull Had His Inning. El Paso, Tex., Sept. 2.—Moronto Chisno, a matador, was caught on the horns of a bull in the arena Plaza del Toros Sunday afternoon and heroically fought in the presence of thousands of spectators. It is believed his injuries will prove fatal.
