COMING ELECTIONS

In Certain States of the Union There Will Be a Battle of Ballots Next Week.

TWELVE STATES WILL BE BUSY

Governors Will Be Elected in Six States, Minor Officers and City Officials in the Others—Some Interesting Contests Are Promised.

New York, Oct. 29.—There will be elections in twelve states next week from today in Massachusetts, Rhode Island, Maryland, Mississippi and Kentucky a governor and other state officers are to be chosen. In New York, a major only is in New York, two associate justices of the court of appeals, in Pennsylvania, a state treasurer, and in Nebraska, a railroad commissioner and two regents of the state university. In Ohio, Utah and California, municipal officers are to be selected, while in New Jersey, a number of judges and a sheriff are to be voted for.

The prohibitionists have a stake in all the coming elections. Maryland and Mississippi, and city tickets in Cleveland and Cincinnati, but not in San Francisco or Salt Lake. The Socialists have no tickets in all the states except Mississippi and Maryland, and city tickets in Cincinnati, Cleveland and Salt Lake, but not in San Francisco.

The Socialist-Labor party has tickets in Kentucky, Massachusetts and New Jersey, while the Labor party has nominations for city officers in San Francisco.

There is only one other—the Democratic nomination, and the result, of course, is not doubtful. In Massachusetts there are ten tickets, five being divided among the Democrats, the Socialists and the Progressives. In the national Democratic convention held year in progress, the party was re-organized, and decided that Henry M. Whitney was the nominee for governor. In Nebraska, the Democrats and Populists joined in the efforts to be voted for throughout the state.

In California the Democrats and the Republicans, only the two parties having made nominations for state officers. In addition to these a house of delegates and one-half of the senate are to be elected. The next legislature will choose two United States senators—one to fill the unexpired term of William L. Gann, the man, and the other to take the place of Senator Rayner. The Republicans adhere to the old plan of senatorial election, but the Democrats are to put into effect a new senatorial primary plan, which requires every member of the legislature to vote for opposites, the legislature having the highest vote in his district. The senatorial primaries, so far at least as the Democrats are concerned, will be held on the day of the regular elections in Maryland. Four aspirants for the long term will be voted for Nov. 5, the candidate for the short term on the day of the election.

The local elections, particularly in New York city, Cleveland, Cincinnati, Salt Lake and San Francisco, are particularly interesting this year. In New York city the Republicans and the Independence League (Hester) forces have fought an election, which is made up of a number of court justices and a sheriff. This gives unusual interest to the contest, although the Republican forces are head of the ticket. M. Linn Bruce, for justice of the supreme court, the most important office, that of sheriff went to the Independence League, whose nominee, Maximilian F. Ihmsen, has been William R. Hearst's campaign manager in several campaigns. Of the ten judges nominated, the Republicans named five and the Independence League the others. Opposed to Ihmsen on the ticket are Frank P. Kelly, Democratic leader of the second assembly district, and a well-known figure in East Side politics, while James W. Gerard heads the Democratic ticket for justice of the supreme court. Soon after the nominations were made the Democratic ticket against the Republican ticket, who had been opposed to the present Tammany machine, announced that he would support the Democratic ticket against the Republican ticket.

In Cleveland, Congressman Theodore E. Burton is contesting the majority with Tom Johnson. There are four tickets in Salt Lake city, the American or anti-Tammany party having made nominations for local officers, to have the Republicans and Democrats and Socialists.

In San Francisco the Democrats and the Good Government names have combined and nominated the present acting mayor, Dr. Taylor, who is opposed by a Republican, as well as a Union Labor candidate.

In Cincinnati there is a triangular contest, Dempsy, Democrat, being opposed by Frank Pate, Democrat, who was mayor two years ago on the same ticket with Dempsy, and by Colonel Leo Leopold Markbert, the veteran German editor. Pate heads the City Government ticket, which includes several Democratic nominees, and Markbert is the Union Labor candidate.

YOUNG GIRL CAPTIVE

Russian Princess Kidnapped at a London Theater.

London, Oct. 29.—Barbara Loponkhina, daughter of Alexander Loponkhin, ex-governor of Russia, and whose mother is a Russian princess, has mysteriously disappeared in London, and all the resources of the Russian embassy and Scotland Yard are being employed to trace her. Miss Barbara, who is eighteen years old, was visiting London with her younger sister in charge of an English governess, Miss Ruscovitch. The trio went to the Aldwych theater Oct. 24, and on coming out Barbara became separated from the crowd from her companions and has not since been seen, although the case was immediately reported to the police and the foreign office, acting at the urgent request of the Russian government, ordered that no efforts be spared in the search for the missing girl. Since Miss Loponkhina disappeared, she received a note in handwriting which she recognizes as Barbara's, saying that she had been kidnaped outside the theater, and was now in a room in the cellar of a house in the northwest part of London, the address of which she was unable to give. She stated that she had been treated and suffering so severely that she intended to poison herself.

Barbara's father has been director of the police department in Russia, and Miss Russell suggests that revolutionists planned the kidnaping of Barbara as an object of bringing her father within their reach. He is now in the view of London.

MR. RIDGELY'S VIEW OF IT

Comptroller of Currency Issues Reassuring Statement.

Washington, Oct. 29.—Comptroller of the Currency Ridgely last evening gave out a statement saying that the general feeling indicates an absolutely sound situation, that there was not the slightest need of apprehension about the banks and trust companies of the country; that the banks of the United States are in a very strong position to leave their balances in New York and other central reserve cities, and attributed the trouble in New York to the condition of a very few concerns, discredited by the operations of their owners, and which are being liquidated.

NEW YORK CITY AND THE COUNTRY BANKS

Four of the six coke-making establishments in Kentucky were active in 1906. The two idle establishments consists of fifty-four ovens. Thirty-three ovens were abandoned during the year, reducing the number from 495 to 462. These produced 7,064 tons of coke, valued at \$199,846. As the output for 1906 was estimated to be 7,487 tons, valued at \$195,659, the figures for 1906 show a decrease in quantity of 5,725 tons and a gain in value of \$10,187. The average price per ton advanced from \$2.61 in 1905 to \$2.29 in 1906.

CARRIE WAS THERE

Mrs. Carrington Sought to Interrupt Vice President.

Winchester, Ky., Oct. 28.—The latest news in the history of this city came here to see and hear Vice President Fairbanks. Mrs. Carrie Nation was the temperance advocate, who was present, arose and asked the vice president his position on the liquor question. She accused the Republican administration of attempting to close her lips, and charged them with being in league with the liquor interest. The vice president defended the Republican administration.

Spreading Rail Cause Wreck

Lexington, Ky., Oct. 28.—Spreading rails caused Chesapeake & Ohio passenger train No. 25, going west from Ashland, Ky., to Lexington, to jump the rails at Kiondike station, thirty miles east of here, Friday afternoon. Express messenger Arthur Chapman of Ashland was fatally hurt by a trunk falling on him. Many passengers received bruises, but none was seriously injured.

Historic Home Burned

Rockport, Ky., Oct. 28.—The historic home of the late General Don Carlos Buell at Aldridge, on the Green river, was destroyed by fire Saturday night. The home was occupied by General Buell during the civil war and he for many years operated from furnaces near by that were worked by convict labor. The loss will be heavy.

Fall to His Death

Louisville, Ky., Oct. 25.—A. G. Frey, a salesman of Springfield, Ohio, fell from the window of his room on the seventh floor of the Bowling hotel last evening and was instantly killed. All the circumstances in connection with Frey's death indicate that it was an accident. Frey leaves a wife and two children.

Girl Jumped From Window

Harshorn, Ky., Oct. 28.—Therese Patton, of Chicago, a student at Nashville academy, in an attempt at self-destruction, jumped from a third-story window and broke her neck. She has been in a state of high nervous excitement for several days and was under the care of a physician.

NEWS OF KENTUCKY

Verily Told Information Concerning Matters of Current Interest in Kentucky.

THE STATE NEWS IN A NUTSHELL

Here Are Found Accurately Detailed the Happenings of the Largest Importance Which Are Attracting Attention Throughout Kentucky.

Corbis, Ky., Oct. 21.—An Italian section man, employed here by the Louisville & Nashville railroad, killed a buzzard and cooked the bird, serving it with dumplings. He invited three other Italians to partake of the meal. Immediately afterward all four became violently ill. An hour later the host died in great agony and his three countrymen are not expected to recover. Physicians attending the men say their condition is due entirely to having eaten of the buzzard flesh.

KENTUCKY'S COAL INDUSTRY

State Taps Two of the Great Field.

Frankfort, Ky., Oct. 28.—Kentucky is the only one of the United States whose coal supplies are drawn from any two of the great fields, says a recent report of the United States geological survey. The coal measures of the Appalachian system underlie the eastern counties of the state, from the western end of the Eastern tier or Illinois-Indiana field is worked extensively in the western part of the state. Coal is also mined in both fields, and although the coals of the eastern counties are in large part included among the coals of the western part of the state, and although little or no coke is made from the coals of the Eastern tier field in Illinois and Indiana, more than half of Kentucky's output is made in the western part of the state. Developments which have been in progress for some time in eastern Kentucky, however, and which are following the construction of a branch line of the Chesapeake & Ohio railroad through the region, indicate extensive coaling industry to be established in that section.

Four of the six coke-making establishments in Kentucky were active in 1906. The two idle establishments consists of fifty-four ovens. DOWN TO NORMAL

Financial Conditions in New York Have Been Restored to a Firmer Basis.

THE CRISIS HAS BEEN PASSED

International Flurry Which Gave Wall Street Operators So Much Concern Has Passed and Normal Conditions Are Being Gradually Restored.

New York, Oct. 29.—Events in the financial district indicate that the worst of the crisis is over and that conditions are settling down to normal. There have been no further suspensions and reports are favorable for the resumption of most of the banks which closed temporarily last week. The engagement of \$18,000,000 in gold from Europe for shipment to New York was followed by the shipment of \$10,000,000 of American copper abroad which will further increase the tide of foreign money to this country to an aggregate of over \$25,000,000. This will be the rapid rise of good securities in the stock exchange, and the policy of the trust companies not to pay out currency for hoarding purposes, all combined to strengthen the feeling in banking quarters and among the public at large.

Some banks have practically closed, partly because of recognition that they were over-extended and unprofitable, because of the policy they adopted to pay large checks only in certified checks on depository banks. This system of payment works to the disadvantage of the banks and is the cause of their "life" protest.

The story of New York's bank runs may now be written in a condensed chapter of financial history in the conviction stoutly expressed in Wall Street. The Street, long accustomed to sensations, has resumed its normal condition. Reports from trust companies all over the city state that normal conditions again obtain and sentiment is more optimistic. The authorities have failed to develop the reports that \$100,000,000 in gold comes largely from London, in exchange for the gold which is so important as its direct financial effect. It means that credit can be sustained under the 25 per cent reserve law to the amount of \$25,000,000, and that the banks will be in position to keep their cash reserves intact even against considerable demands. The gold stock of the country is already more than twice what was available in 1893 even according to liberal estimates of the amount in circulation. That time the gold stock then had fallen below \$600,000,000. It is now in excess of \$1,000,000,000. The treasury has found gold, not covered by gold certificates in circulation, to the amount of almost exactly \$250,000,000, or five times its resources for protecting the public credit in 1893.

A CARD TO THE PUBLIC

NOTICE TO MY FRIENDS:

It has been circulated by some people of an opposite political faith that after my defeat for the nomination as circuit judge I have been knifing my opponent, Mr. Theobald. This is absolutely false, and I believe is being done to hurt me politically, and I now, as I have always done since the convention, ask all my friends to rally to the support of Mr. Theobald, and let us elect him.

Very respectfully,

H. L. Woods.

Kansas Has the Money

Topeka, Kan., Oct. 29.—John G. Rorer, state bank commissioner, says that practically every one of the 741 banks in Kansas are carrying 50 per cent more reserve than the law requires. Many of the banks are carrying over 50 per cent of their deposits in cash, while it is only required that they carry 20 per cent. There have been such heavy deposits made within the past few months that it has been impossible to lend the money as fast as it comes in.

"Do as You Please," Says Uncle Joe

Chicago, Oct. 29.—Speaker Joseph G. Cannon's official campaign for the presidential nomination was started yesterday at a meeting of fourteen Illinois Republican congressmen at the Auditorium hotel. It was decided to place Speaker Cannon in the race, whether he acquiesced or not; but when the speaker was called in at the end of the three-hour conference, he said: "Well, boys will be boys. Do as you please."

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the worn-out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart, nerves and muscles, and increases the heart action.

It is an old story that I am so much improved in health. Dr. Miles' Heart Cure failed to do me any good. I had done my case was bad, had so much trouble in getting my breath, my heart beat so fast, so often, that I thought it impossible to live without relief. I had almost given up all hope of being cured, and I am sure I would not if I had not taken the Heart Cure. I take great pleasure in recommending Dr. Miles' remedy to all who suffer with heart disease." MISS MARY C. HAZLER, Sullivan, Mo.

VOTE FOR THE BONDS

A FEW REASONS FOR DOING SO.

1. Our streets are in a deplorable condition. Filthy, stagnant water stands at all seasons of the year in all parts of town to the detriment of the health of the community. Good, curbed streets will carry this waste through regular channels to the streets.
2. During the freeze and thaw periods and during rains our streets are almost impassable, and the delivery wagons of our merchants and dealers in fuel are compelled to dispense with delivery altogether. Good streets will permit of full loads to any part of town at all season of the year. Our city has this year poured about \$300 in a rat-hole in patching streets with cinders and other material which was of no benefit, and as long as they remain in their present condition this will be necessary every year.
3. Our city now pays \$150 per year for the use of a court-house. This will be saved when the court-house is built, besides having a suitable place for all public gatherings.
4. It would put \$10,000 in circulation, giving the man who works more money to spend. The true citizen will spend this money with our merchants, who are thus benefited.
5. It will bring an influx of population, thus forcing the value of real estate up. The property-owners see this and are all in favor of the bonds, and if the property-owners, who have to foot the bill, are in favor of it, why should not all other classes vote for it, as it will not cost them a cent, and they are as much benefited as the man who pays?
6. There is sufficient money coming in to the city now to pay the proposed \$500 per year over and above her other expenses, and after collecting the small additional tax for one or two years the levy for the payment of the bonds can be dispensed with and the \$500 paid out of the regular receipts of the city, having the amount collected by the special levy to fall back on.

We have natural advantages possessed by few towns, and the issuing of the bonds will be the spark igniting the enthusiasm and enterprising spirit hitherto lying dormant in a goodly portion of our population, and prosperity will be in the air.

Should the bond question pass, The Times will issue, with the co-operation of our population, a 100-page profusely illustrated book, setting forth our advantages in glowing terms, and circulate throughout the country, apprising the outside world of the future greatness of our enterprising little city nestled in the hills of plenty.

Now, please don't let this opportunity to do yourself and your neighbor a good turn pass without voting "yes" on this question of such vital importance to every man, woman and child in the city.

The democratic lie that Tom Theobald opposed an appropriation for our court-house falls flat. He was not in the county when it was voted on. He had no knowledge of the court proceedings, and every magistrate will testify that they had no conversation with him at any time in regard to opposing it. But, on the other hand, he was and is favorable to proper buildings for the court. The main opposition to the appropriation came from democrats. The chairman of the meeting that was held in Grayson by citizens for the purpose of organizing against the appropriation a night or so before the last fiscal court was **FRANK POWERS, CHAIRMAN OF THE DEMOCRATIC COMMITTEE OF CARTER COUNTY.** An effort was made to get Mr. Theobald's son to accept a place on the committee; was declined by him, and he was not present at said meeting nor had he anything to do with it, nor had his father. The secretary of the meeting was Mr. Sam M. Wylie, who, it is said, opposes Mr. Theobald, his neighbor. Does anybody deny these facts? The whole democratic organization was in the deal to throw down Olive Hill. Now they want us to desert our party and vote for them. Will any true man do it?

Tom Theobald represented our people in the effort to secure a new county and fought manfully every step of the way. What did Mr. Hannah do? He was opposed to it, and in a roundabout way allied himself with the democrats in the three Grayson precincts and adjoining precincts against our court. He told them that "he was a native of Grayson and would do nothing against Grayson's interest," and they all voted for him and turned down Mat Redwine our friend. The vote in the primary shows where he stood. The leaders of the democratic party in Grayson told republicans who were helping Hannah that Jeff would take the court away from Olive Hill, and that was why about all the democrats over there supported him. These are the facts, and they cannot truthfully deny them. Theobald has been our friend all along the way and will continue to be, and the man that claims to be a friend of Olive Hill should be led away by a rich lumberman's money into supporting a man who is not our friend, and be led away by the siren song of the smooth politician who is out for what's in it.

A certain prominent democrat in Grayson wrote the letter (the original of which can be produced) that brought Mr. Jeff Hannah to Grayson to take advantage of the court-house sentiment created against Mr. Redwine, our friend. Mr. Hannah went to Grayson and put his head into the caucus with the enemies of our court and got their sup-

port. What for? Anybody with a spoonful of sense knows what for. Yet we are asked to sell ourselves to Ashland's millionaire lumberman and turn down a man who is our true friend. Will we do it?

Judge Redwine, when approached by our enemies, and indirectly promised support if he would annul our court here and take it away from us, indignantly declined to do it in order to get votes. What did Hannah do? He knows. He got the votes and influence of the leaders of the democratic party and the rank and file as well of that party in the Grayson precincts. Isn't this a fact? They turned down Judge Redwine, our friend, for Hannah, our enemy, in that notorious primary of booze and boogie. How any citizen of Olive Hill can support Hannah is mysterious to us. Vote for Theobald, who has stood by us and will stand by us.

"The Carter County Democrat"—you remember it, don't you? A little sheet, said to be edited by one of our most prominent business men, a man who has done more for our town than any other man. You remember how it told you of the methods of the Vansant-Hannah combine, who leagued with our enemies to defeat Judge Redwine, our friend. You certainly cannot forget this in so short a time. What "The Democrat" said then is true now. Vote for Theobald, who is our friend.

We know The Times is appreciated. Last week, through an error, we sent a misprint copy to Ed Henderson at Seelyville, Ind. Ed promptly returned it, saying he wanted a paper; he could read and requested us to send him another, which we accordingly did. He wants the news, knew it was in The Times, but couldn't read it; hence he was sore.

Has anybody heard of Judge Redwine making any speeches for boodle candidate for circuit judge? No, you will not hear any, either. He nor any other honest man can endorse the debauchery of our people by the methods pursued in the primary and now being enacted in order to buy up the most honored position in our county.

Give Willson a chance to prove his claims, and, if he doesn't make good, throw him out and try another. Willson or no other man could afford as rotten a condition of affairs as now exist before we would have a chance to oust him.

Olive Hill precincts should, and we believe will, give Augustus E. Willson the biggest majority in their history. Down with the machine gang who stole the offices from W. S. Taylor and Caleb Powers!

The man who does not own property, especially, should vote the bonds, because it will benefit him and will not cost him a cent. The property-owner who pays the bill in taxes knows it to be to his advantage to vote for them. Let's make it as nearly unanimous as possible.

Republicans of Carter county, are we so permit our county to be bought up by Mr. Vansant's money that he is throwing right and left in order to save the bacon for his brother-in-law?

Vote for the city bonds and let's build a town here in the hills that we will be proud of.

Don't forget to vote "no" on the constitutional amendment.

HOME-MADE MIXTURE CURES RHEUMATISM.

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large eastern paper, will be highly appreciated by those who suffer: Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup of Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys, so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elmore, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cents bottle worked wonders, and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Waring Drug Co.

The boys dropped us a curt note Halloween eve inviting us to get a haircut and shave. For the benefit of those interested, we will say that The Times office has been a very busy place for the last few weeks, and we actually haven't had the time, but as soon as we get a breathing spell will accommodate the boys. Joke's on us.

TEACHERS' ASSOCIATION. The teachers of Olive Hill, Soldier and Pleasant Valley magisterial districts held a joint association at the school building in this town last Saturday. The meeting was attended by some twenty-five or thirty teachers and several visitors, and various subjects of vital importance to the profession of teaching were ably discussed by those present.

While Superintendent Gilbert failed to be present, Grayson was ably represented by Prof. J. W. Lusby, who took an active part in the discussions, and his talks, as well as those of many other teachers, were exceedingly interesting and instructive.

Recitations by Misses Ethyl Patton and Beatrice Bradshaw were well received. The meeting was presided over by Jay O'Daniel, president, and Beatrice Bradshaw, secretary.

SOLE OWNERS OLD CABELL RYE

TO OUR FRIENDS AND PATRONS:

We wish to inform you that notwithstanding the prices of grains and other materials connected with the production of whiskeys have gone up in price, our prices will positively remain the same as formerly. We are in a position to do this for you from the fact that we protected ourselves before the rise came and bought great quantities of goods. You will therefore enjoy the same advantage that we ourselves have. Write for circular and price list. Yours truly,

FOR Ladies WHO Suffer from Wine of Cardui

Great suffering is the lot of all women, who neglect the health of their womanly organs. No reason to do so, any more than to neglect a sore throat, cold, or any other disease, that the right kind of medicine will cure. Take

Wine of Cardui

for all your womanly ills. It can never do harm, and is certain to do good.

Mrs. Sallie H. Blair, of Johnson City, Tenn., writes: "I had suffered from womanly troubles for sixteen months, and had four doctors, but they could not help me, until I began to take Wine of Cardui. Now I think I am about well." As all reliable druggists, in \$1.00 bottles. Try it.

REV. W. E. PETTY
DIES SUDDENLY.

Rev. W. E. Petty died suddenly Wednesday on the banks of a creek near Iron Hill, where he had just completed the administration of the ordinance of baptism to eight subjects. It is supposed that in the sermon just before the baptismal service he became overheated and the immersion in the cold water caused his death. He leaves a wife and three children.

TO THE MEMBERS OF THE CARTER COUNTY BAR:

The undersigned committee, having been appointed to draft suitable resolutions expressing the respect we have for our circuit judge, the Honorable M. M. Redwine, as well as our regrets that this will be his last court at this place, respectfully submit the following:

First—That we profoundly regret that he is to leave us, and trust that he will remain in the district as a member of the bar, and will continue in the profession that he has followed—the greater part of his life and lend us a helping hand in keeping that profession in the rank it justly deserves, as he has always done.

Second—That as a judge he has never failed in doing his whole duty as he saw it, being impartial, unbiased and fair in his rulings, knowing no person in person in the administration of justice, and now holding the good will of the lawyers and litigants, and being held in the highest esteem both as a judge and a citizen by all.

Third—That from our acquaintance with him in the years that he so ably and acceptably served us as commonwealth's attorney, and as our circuit judge, he has fairly and fearlessly done his whole duty, and as a citizen he has lived a life above reproach.

Fourth—That we condemn in unvarnished language, and with the utmost contempt, the untruthful, scandalous, libelous falsehoods published against him during the recent primary in which he was defeated, as well as the means and policy used by those of his opposition.

Fifth—That we know him to be a christian gentleman in the common walks of life. We know him to be the same in his official duties, and in the short time he has served as our circuit judge, judgments were tempered with mercy only where deserved, and not elsewhere.

Sixth—Resolved, That these

resolutions be spread at large on the records of this court and printed in the weekly newspapers in the district, and a copy be sent to his wife at Martinsburg, Ky.

Respectfully submitted,
E. B. Witholt, Chairman.

DEATH OF GEO. W. WAUGH.

The many friends of Commonwealth Attorney John M. Waugh will sympathize with him in the death of his father, George W. Waugh, which sad event occurred on the 22d ult., at the home of his son, William R. Waugh, at Denton. The cause of his death was dropsy, brought on by old age. The deceased was born in this county on April 18, 1828, and would have been 80 years old next April. He was reared in Carter county and spent practically his whole life here. He was a first-class citizen and had the respect and esteem of the community in which he lived. His remains were followed to their last resting place by a large number of friends.

THE NEW PURE FOOD AND DRUG LAW.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Waring Drug Co.
