CURED OF BRIGHT'S DISEASE.
Mrs. Robert O. Burke, Elona, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders, and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Waring Drug Co.

NEWS OF KENTUCKY

Verley Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL
More Are Found Accurately Detailed the Happenings of the Largest Import Which Are Attracting Attention Throughout Kentucky.

Georgetown, Ky., Nov. 12.—State's Attorney Franklin yesterday asked for an adjournment of the Cash Powers trial until this morning, saying that a number of the most important witnesses had not answered, but that the commonwealth was anxious for trial and expected to get witnesses by that time. The request was granted.

This is the fourth trial of Cash Powers, charged with complicity in the murder of William Goebel. The case has already been delayed two months on account of Powers' sweating Judge Robbins off the bench in Ashland.

Judge J. S. Moore of Oldham, the adjoining county, from which Governor Beckham obtained the judge who tried the case of James Hargis, charged with the murder of several brethren in the county, is the next judge. The attorneys defending Powers are: W. B. Smith of Louisville; W. C. Orman, Louisville; Samuel M. Wainwright, Lexington; and Judge Sims of Bowling Green, who were all here, excepting Judge Sims.

Commonwealth's Attorney Franklin is assisted by Benjamin S. Williams and Victor S. Bradley. Powers entered the courtroom shortly before 10 o'clock, accompanied by several of his attorneys.

The present appears to be the proper time for a trial from a Republican standpoint, while the Democrats are uncertain whether it would be best to try now or await the inauguration of William as governor. Should Powers be convicted now he might have grounds for claiming that he was made the victim of party prejudice because of the defeat of the Democrats, but should he be tried before a Republican judge and convicted the chances of freedom would be lessened.

Powers wants to be vindicated by a Democratic judge.

Florence, Ky., Nov. 11.—Five badly-dressed crackers dashed into Florence after midnight in a Ford auto, dynamited the safe in the Phoenix Savings Bank, partly wrecked the building, and after firing six shots at citizens who rushed to the bank, gave them the laugh and escaped. LOCAL AND PERSONAL NEWS

Mr. Willson's promise to the lively-loving people was a fair and impartial trial for Powers and he has yet to fall down on a promise.

A fine rooster, "W. J. Bryan" belonging to Col. John C. Everett, chairman of the Masonic Democratic Committee, was found dead hanging with its head hanging through the crack of the fence in the rear of Mr. Everett's place of business. Its owner is positive it committed suicide.

Caleb Powers is now in court at Georgetown defending himself against the charges already too well known for their foundation not to be understood. The case was called last Monday, the 11th, and will consume about five weeks. The thing is drawing to a focus in Old Kentucky and it might as well give it up and give Hon. Caleb his freedom, however the trial was set for hearing AFTER the election.

Powers is not at all down-cast as to the defeating outcome, but is rather easy, for a number of new witnesses have been summoned and so far, evidence heavily favoring him has been testimony.

HUNDREDS OF READERS WILL APPRECIATE IT.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet warm. This is the advice of an old eminent authority, who says that Rheumatism and kidney trouble weather is here, and tells what to do in case of an attack.

Get from any good prescription pharmacist one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple Home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood which the kidneys fail to filter out. Any one can easily prepare this at home and at a small cost.

Druggists in this town and vicinity, when thown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

Young men and ladies with ambition should learn telegraphy. Dr. Miles' Anti-Pain Pills relieve pain—not only once, but as many times as it is necessary to take them. Many persons who suffer from chronic ailments find in them a source of great relief from the suffering which they would otherwise be compelled to endure. Their soothing influence upon the nerves strengthens rather than weakens them. For this reason they seldom lose their effectiveness.

"I am 62 years old and have suffered for 42 years from nervous troubles, rheumatism and migraines, palpitation of the heart, shortness of breath, sleeplessness, and pain around the heart. The Dr. Miles' Anti-Pain Pills have been a blessing to me. I don't know what I should do without them, and they are the only remedy I have ever used that either did not scour out in less than three days, or else the injurious results were such that I would be obliged to cease their use."

A Bad Sign
 Irregularity is bad in every department of life, in meals, in sleeping hours, but especially when it is a question of womanly habit. Not only is it a sign of female disease, but, unless cured, it will cause dangerous troubles, because of the poisons thus allowed to remain in the system.
 If you suffer in this way, get a bottle of
Wine of Cardui
 Mrs. Lucinda Johnson, of Fish Creek, Wis., writes: "I suffered for fourteen (14) years with irregularity, causing great pain. At last I tried Cardui, and now I am cured!" At all druggists, in \$1 bottles.

DETAILS IN HAND

Preparations For Sailing of the Big Battleship Fleet Are Now Well Under Way.

THE WORK IS BEING PUSHED

By December All Necessary Repairs on the Great Sea Fighters Will Have Been Completed—Vessels Being Provisioned for a Force of 15,000.

Washington, Nov. 11.—Every detail in the preparations for the sailing of the battleship fleet to the Pacific ocean is now well in hand, and by Dec. 16, the date on which the vessels will pass out of Hampton Roads in review before President Roosevelt, members of his cabinet and high officials of the navy, all arrangements for the comfort of the men en route will have been attended to.

At all of the navy yards the work of making necessary repairs is being pushed, and the same will be completed by Dec. 1. Provisions now stowed aboard the vessels and their coal bunkers are being filled to their capacity. Upon the recommendation of Admiral Evans, four anchors will be carried by each vessel, so as to be ready for any emergency.

The fleet of provisioning the fleet is estimated at about \$75,000, contemplating the feeding of a force of 15,000 men for 100 days.

Advantage will be taken of the top-ocean crew of the battleships to make several tests with the provisions aboard—their preservation, packing and handling. It is desired to find some suitable form of bagging in which to carry dried provisions, as it is believed bags will afford the advantage of compactness and greater facility in handling in difficult places than if their contents were carried in boxes or barrels.

Incidental to the visit of the fleet to the Pacific the navy department is making arrangements to obtain a place for small-arms firing, so as to give the men an opportunity for experience in that direction. It may be that improved targets will be established at Magdalena Bay. The range will be considerable practice, but the preference is to secure land for the establishment of ranges to accommodate 2,000 men a day, as at Guantanamo.

INSTRUCTIVE FIGURES

How the Present Crisis Compares With That of '93.

New York, Nov. 11.—One of the favorable features of the financial situation thus far is the relatively small number of failures of national banks as compared with the record of 1893. At that time seventy-eight national banks suspended in the single month of July and sixty-three additional in June and August, while during the first eight months of 1893 the number of suspensions of state and private banks was 415. In the present crisis the number of national bank suspensions reported does not exceed a dozen, and some of these are open. The new week opens with the banking situation in New York cleared up so far as any danger of further failures of suspensions is concerned, with the banking reserves comparatively intact and with more than \$25,700,000 on the ocean to strengthen them during the coming week.

Situation Steadily Clearing.
Chicago, Nov. 11.—The Chicago Clearing House association, announced after a meeting of its members, that no clearing house checks will be issued in this city immediately. The opinion of those present at the meeting was that the financial situation is steadily clearing, and that the banks are gaining daily.

LOOKING FOR TROUBLE

Redskins Grow Restless With the Approach of Winter.

Durango, Col., Nov. 12.—A report has reached here that a battle occurred at Medicine canon between the Indians and United States troops in which six Indians were killed. No soldiers were killed or wounded.

Huron, S. D., Nov. 7.—Two trainloads of United States cavalry, with equipments, passed through here from Omaha to the Cheyenne Indian reservation. James Macomber has reached here from the scene of the Indian trouble. He says the Utes are very restless and some open threats are made.

A few dissatisfied Sioux have joined the Utes, and while there is no occasion for immediate alarm, it is a fact that matters may become serious at any moment. The trouble originated from fear that the government will withhold rations, and with the approach of winter the Indians apprehend destitution.

LOOTED THE BANK

South Dakota Town the Scene of a Raid by Bandits.

Canova, S. D., Nov. 8.—Badly crippled financially and with its quarters almost ruined as a result of an early morning raid by seven bandits, the International bank is doing business as usual, wealthy residents going to the bank to get their money. The cash to tide over the embarrassment. How the bandits came and where they went is a mystery. Everything of value including \$7,000 in cash, was taken from the safe with the exception of \$1,000, which the cashier of the bank had hidden the night before. The robbery broke through the windows of the Canova Hardware company's store and helped themselves to the store's cash and jewelry. Then one part of the gang fired at every head that showed itself in the street, while the others blew open the safe. The bank was fully insured against burglary.

RUIN WAS COMPLETE

Direct Report From Karatagh Does Not Minimize Horror.

St. Petersburg, Nov. 11.—The first direct reports from the scene of the great earthquake at Karatagh, Russian Turkistan, about three weeks ago, reached this city Sunday from a correspondent who accompanied the relief expedition sent in from Jannarkan. Telegraphing under date of Nov. 8, the correspondent says: "The town of Karatagh was completely destroyed. The victims number about 4,000 in Karatagh and about 10,000 in the adjoining district of Denauk. All the villages in the vicinity were wrecked. It is probable that there are hundreds more dead in these villages, but investigation is only now determining the approximate number."

INSUFFICIENT EVIDENCE

Mrs. Phillips Was Not Held on Charge of Killing Husband.

Cleveland, O., Nov. 12.—Mrs. Charlotte Phillips was freed from the charge of killing her husband, John G. Phillips, broker, at the conclusion of the preliminary hearing before Justice Brown, in East Cleveland. The justice held that there was not sufficient evidence upon which the court would be warranted in binding Mrs. Phillips over to the grand jury. Mrs. Phillips was supposed to have been shot by a burglar in his East Cleveland home on Sept. 2. Conflicting stories on the part of Mrs. Phillips led to her arrest on the charge of murder in the second degree.

Emotion Proved Fatal

Liquor, Chile, Nov. 12.—Two lives were lost in the fire that visited this port and destroyed a large section of the poorer residential quarter. Two

were two little girls, and when the bodies were discovered by the distracted mother, the unfortunate woman expired from the stress of her emotion. A total of 3,000 people are homeless as a result of the conflagration.

Washington, Nov. 7.—When the Jamestown exposition closes, Nov. 30, it will have a deficit of about \$3,000,000, according to the most reliable figures obtainable. It is generally regarded as inevitable that a receiver will be appointed after the close. Not a day during the exposition was there a surplus.

Badly Favored in America.
