

# THE COWAN COUNTY NEWS

VOLUME NO. OLD SERIES NO. 39; NEW SERIES NO. 17 MOREHEAD, KENTUCKY, THURSDAY, NOV. 8, 1934. NUMBER FORTY THREE

## EIGHTH GRADE GIVES WINSON HEAVY MAJORITY

### ZORA MESSER IS CAPTURED BY LOCAL OFFICERS

Farmers Man Implicated in Check Forgery Case at Olive Hill

#### IS AN EX-CONVICT

Zora Messer, of Bluestone, is held in the Winchester, Ky., jail for safe keeping, after failure to fill a \$5,000 bond here on a charge of "cracking" the safe in the C & O depot at Farmers on October 22.

Messer was arrested Thursday by Sheriff Mort May and Deputy Jess Caudill. They were accompanied by W. B. Coburn, Special C & O agent. After searching the Messer home, Sheriff May and Deputy Caudill found him asleep in the loft of a barn near the home. He surrendered peacefully and denied implication in the robbery.

### About Town With The "NEWS"

Name Omitted  
In a recent account of the business man of Morehead who have cooperated in the apprehension of thieves entering their places of business, the name of the Morehead 5-10 and one dollar store was omitted. It should be added here that Mr. Curt Bruce, owner of the above mentioned store, was the originator of the association.

These business houses, numbering almost twenty, have agreed to put up money, not to exceed \$5 per store, for the apprehension of any persons entering or stealing from any member.

New Telephone Directories  
The local telephone company have added new telephone directories, and especially urge that you call by number.

Election Spirits  
People who failed to lay in their supply of election day spiritus fermenti were mighty disappointed. For the state legislature included in its whiskey law that no liquor may be sold on Sunday or election day.

### FLOOD'S NARROWLY ESCAPE SERIOUS INJURY

Mrs. W. H. Flood, mother of V. D. Flood of this city suffered two fractured ribs and Glads Flood, daughter of Mr. and Mrs. V. D. Flood suffered minor cuts and bruises when the car in which they were riding turned over three times near Cannonsburg on Saturday afternoon. The accident was apparently caused by a puncture.

### COUNTY BOARD ASK RAISE FOR SCHOOL GRADE

The Rowan County Board of Education contemplates making the Morehead and Haldeman Consolidated Schools into independent of Grant "A" ranking, they intimated at their regular monthly session at the County Superintendent's office here Monday morning.

The Board also approved an appropriation of \$275 for the purchase of books at the Morehead, Haldeman, Elliottville and Farmers Consolidated Schools. One hundred dollars goes to Morehead, \$75 to Haldeman, and \$50 each to the other two schools.

### Cozy Show Actor Real Dirt Farmer

Perhaps it's a coincidence, but Robert Montgomery—who is a gentleman farmer in his own right—spent two weeks on a farm during the filming of the new Metro-Goldwyn-Mayer picture, "Hide Out," which opens at the Cozy on Wed. and Thurs. Nov. 7 and 8.

### WOMAN'S CLUB PLANS OLD MAIDS MEETING

The Morehead Woman's Club has planned to hold an "Old Maids Convention" some time the latter part of this month for the purpose of raising funds to complete the purchase of equipment for the Morehead Public School playground which was started last year under the auspices of the club. Complete plans will be announced as soon as the details are arranged.

### The Law Never Forgets! Pike County Man Convicted Of 23 Year Old Crime

A murder charge, by Kentucky law, never dies. And because of this, and because of officers here long memories, 70 year old Gilbert Hall went to trial for the killing of Long Jim Swinney in a quarrel over a girl 23 years ago in Pike County. A jury Monday convicted him of the killing and sentenced him to 11 years imprisonment. The jury deliberated only 45 minutes after receiving the case.

Hall left the Pike mountain community after Swinney was found slain in the woods in 1906. A jury of hill men heard the evidence and indicted him. Word came that he had taken refuge with relatives in Ironton Ohio.

### Amos Hamm Dies After Long Illness

Funeral services for Amos Hamm, 49, were held from the home yesterday, followed by burial in the Lee Cemetery. Reverends T. F. Lyona and Worley Hall officiated at the funeral and burial services.

### Democrats Sweep Nation Carrying Heretofore Republican Strongholds

Bulletin — As we go to press the reports are that the Democrats have gained 40 governors, 70 Senators and an increase of about 20 Congressmen. Pennsylvania has for the first time in 60 years a Democratic Governor. Senator-elect is also a Congressman. It looks like a devastating Democratic victory in the nation.

The "voice of the people" through their vote on Tuesday overwhelming endorsed the "New Deal" of president Franklin D. Roosevelt through out the nation, sweeping down the line, apparently even into Rock-Bibb Pennsylvania, where at the last returns, Guffey, Democratic candidate for Senator led David A. Reed, Republican by a huge majority.

Never before in the history of the United States since the Civil War has an administration successfully carried an off year election. Previously the party in power has either lost control of the legislature or has sustained great loss in prestige. President Roosevelt and his New Deal have apparently swept all opposition before it, and are riding the waves secure in the knowledge that they have not only held their own, but have actually increased the grip on both the Senate and the House.

### SHOPLIFTER CAUGHT BY ALERT STORE OWNERS

Local stores have reported several cases of shoplifting to officers recently, and although in most cases the culprit has been dismissed after being warned that hereafter they will deal with them more severely. During the past few days the Morehead 5-10 and \$1.00 store reports they have habbed several persons at shoplifting. Some of these have been children, but in many cases they are grown up. Mr. Bruce manager of the store, says that he will hereafter prosecute all shoplifters.

### DR. PAYNE MAY ATTEND E. K. A. SESSION TODAY

Dr. J. H. Payne, President of the Morehead State Teachers College, will return from the Patty Clay Hospital at Richmond today, according to an announcement made at the college.

### Lineups For Eaglet Eastern Grid Battle

The probable starting lineup for the Morehead-Eastern Freshmen football game which starts at 2:45 this afternoon at Jayne Stadium are as follows:

### Minister's Home Damaged By Fire

Considerable damage was done to the residence of Rev. B. H. Kizer on Main Street last week by fire. Water applied on the flames also a portion of the residence.

### REVENUE OFFICERS TAKE THREE COPPER STILLS

Federal revenue officers raiding in this section during the past week, confiscated three copper stills, but made no arrests.

### ALUMNI MAKE PLANS

The Morehead High School alumni association is planning a home coming for sometime in February, according to plans drawn by officers this week.

### DEMOCRATS CARRY ROWAN BY 280 VOTES

Rees Carries County By 226 Votes Over Republican Nominee

#### VOTE ONE-HALF NORMAL

Rowan County swung in line with the general trend of the electorate in Tuesday's election, by giving Han. Fred M. Vinson a large majority, in fact a majority that in proportion to the number of votes cast, was unusually small. The vote in the county was probably the smallest ever cast in a similar election, particularly when the importance of the election from both party standpoint was considered.

### DR. PAYNE MAY ATTEND E. K. A. SESSION TODAY

Dr. J. H. Payne, President of the Morehead State Teachers College, will return from the Patty Clay Hospital at Richmond today, according to an announcement made at the college.

### DR. PAYNE MAY ATTEND E. K. A. SESSION TODAY

Dr. Payne will be accompanied by his nurse. It is not definitely known whether he will be able to attend the E. K. A. convention of which he is president. Ashland which opens Thursday evening. This will depend mostly on the advice from his physicians.

### Minister's Home Damaged By Fire

16 YEARS ON NOVEMBER 11, 1934

Sixteen years coming Sunday the Armistice, that marked the close of the World's War, the cessation of hostilities, and the gradual return to peace, was signed.

Sixteen years have passed since that momentous day, when on November 11, 1918, at 11 o'clock the Armistice was signed and the last shot in the greatest war the world has ever known was fired.

Much water has gone under the bridge since that time. Many changes have taken place in the economical and political situation in the past sixteen years. Many changes in the thought of the world are marked, but still they shout, peace, peace, and there is no peace.

It is time to pause in our mad course and consider. Are the sacrifices made by these men, these American fighters to be mere offering on the altar of Mars, or are they to become real sacrifices to the God of peace?

But whether or not either of the above is true, Sunday is the Day of Days dedicated to peace, a day of rejoicing, it is true, but above all, a day which to honor the service men who gave or who offered their all, willingly and unflinching for America.

### DO YOU NEED A CHURCH?

Church attendance has been on the decline. Statistics reveal that only 30 percent of the membership attends church services. That is not a heartening disclosure in a period when morals and spiritual values are needed by a people grasping for social, economic and moral relief.

Church attendance fluctuates with economic conditions. When prosperity is on the wing, individuals feel less the need of relying on things spiritual. They gloat in their self reliance. When depression hits the nation and men are burdened with responsibilities and hardships, they turn to spiritual values for encouragement and sustenance. Such is the record of church attendance. The world has undergone great changes. History is in the making. Political, economic and social forces are in the throes of revision. We toppled from the heights to the depths and our civilization is floundering. Its permanency depends upon man's support of moral and spiritual values. Character, integrity and the Golden Rule are still more valuable than gold or armies or private gain. This is not a sermon. It is a fact. The permanency of civilization depends upon man's acceptance of moral and character values. President Roosevelt recognized this truth when he invited the nation to go to church Loyalty Sunday, October 7.

Our economic recovery is tied in with moral recovery. They go hand in hand. When men recognize the rights of others, when they respect integrity, when they live moral lives, when they live the Golden Rule, the world will lose its trouble. The church is in the business of building character; man is at the task of building prosperity. Man needs the church, the church needs man.

A good performance is worthy of an audience. It was gratifying to see the number of Moreheadians who attended the play "Ghosts" at the college yesterday evening.

The constitution gives every man a right to earn a living. Sometimes we doubt the wisdom of this when some infernal machine cuts in with all manner of whistling and static when we are in the middle of an exciting football game.

One feature in favor of the old style phonograph over the radio is that it does not take time out to tell us about tooth paste, auto tires and stomach medicine.

Many frequently mistake their needs in this matter of proper protection by the law. Instead of improvement in the laws, what is often required an improvement in those whom is delegated the task of enforcement of laws.

## NEWS FLASHES OF INTEREST

### TOBACCO PRICE 20 CENTS

With the date of opening sales apparently finally set, warehouses on the Lexington market are expected to conduct their annual book of the next week or ten days to complete plans for the 1934-35 sales season.

According to an announcement made following a meeting of directors of the Kentucky Tobacco Warehouse Association here Friday, the Lexington leaf market will open on December 3, with sales on other markets in the belt starting on the following day, as has been the custom for years.

All Lexington warehouses are expected to be open on November 19 for the receipt of tobacco for opening sales, and although heavy deliveries probably will not materialize until after Thanksgiving, the market is expected to contain a sizeable break when the auctioneers start their three month breakdown of the rows of Kentucky's tobacco on the first Monday in the Christmas month.

Selection of officers of the board of trade and election of a sales supervisor will be included on the program of the meeting of the tobacco housemen and buyers on this market. The board is composed of representative of every warehouse and buyers operating on the market.

Rules governing the operation of the market during the opening are adopted at these meetings. These rules are in regard to opening, maximum weights of baskets, and of sales, etc.

The latest government estimate on the size of the 1934 barley crop named a figure something like 297,000,000 pounds, nearly one hundred million pounds under last year's crop, and at or possibly slightly above, consumption.

### MAKES RECORD FLIGHT

Sir Charles Kingsford Smith laid his big monoplane at Oakland municipal airport Calif., completing a 2,408 mile flight from Honolulu in 14 hours and 59 minutes. The flying knight of the air dropped like a plummet from the skies at 7:44 a. m. after flying through the banks, landing a three hop jump from Brisbane, Australia, a distance of 7,365 miles, nearly two hours ahead of his schedule.

Among the crowd of 500 persons to greet the daring aviator were Harry Lyon and James Warner who with Charles Ulm flew with Kingsford Smith from Oakland to Australia in 1928.

Sir Charles knighted for the daring flight, brushed aside the dangers of the Honolulu Oakland journey, one of the longest in the world, over which he was the first to fly.

### HONOR DISHA BRECKINRIDGE

Turfmen and newspapermen from many sections of the country gathered in Lexington Wednesday night to attend the testimonial dinner given by the Thoroughbred Club of America in honor of Desha Breckinridge, publisher of the Lexington Herald and nationally known for his efforts in rehabilitating the sport of racing and the industry of thoroughbred breeding in Kentucky. Mr. Breckinridge is the third turfman honored in as many years by the Thoroughbred Club of America for conspicuous service rendered to the turf. In 1932, Col. E. R. Bradley, owner of Idle Hour Farm and nationally known sportsman and philanthropist, was the guest of honor at the first testimonial dinner. Last year, the honor guest was Joseph E. Widener, owner of Elemendorf Park, president of the Westchester Racing Association and managing director of Hialeah Park.

**A & P STORES OPEN**  
The Great Atlantic and Pacific Tea Company moved promptly to open its 300 stores, closed for one week due to a controversy with seven local labor unions.

Monday all of the 2,200 employees, who had a one week vacation with pay but feared the loss of their jobs and were back at work. Managers and clerks went to the stores to check up supplies and place orders for new goods. The company anticipates the stores will open to the public Wednesday.

Both the company and the union approved a peace plan by the national labor relations board in Washington.

### HALF MILLION XMAS JOBS

More than half million additional workers will get employment in this year's rush to fill the national Christmas stockings, the National Day Goods Association estimates.

At least \$30,000,000 will be paid in extra-gauges during the Yale-shopping season, the association store management has predicted.

Channing E. Sweitzer, managing director of the association, said today that indications point to a strong wave of buying. Fall reports on retail sales, he said, show a renewed upward trend.

### QUAKE HITS CALIFORNIA

An earthquake, described as one of the strongest since the disastrous shocks of March 10, 1933, shook Long Beach, Huntington Park, Anaheim and nearby areas in California Sunday.

The damage was limited, however to a few broken dishes and window panes.

### MOST OUTSTANDING WOMAN

Mrs. Franklin D. Roosevelt was announced as the Gimbel Award's selection for the outstanding woman of the nation of 1934.

"Not because she is the President's wife" the donors announced "but as an individual, Eleanor Roosevelt who has done such individual and creative work for America."

The presentation of the award, a medal and \$1,000 will be made at a testimonial dinner to Mrs. Roosevelt in Philadelphia December 12.

Mrs. Roosevelt has informed the donors she will accept the honor, but directed the money be turned over to some child sufferer of infantile paralysis for six months treatment at warm Springs, Ga.

The first Gimbel award went to Amelia Earhart in recognition of her pioneering in the field of women's aviation.

### STRIKE PREDICTED IN FRANCE

Renewal of civil strife such as that which took 28 lives last February was feared today by authorities as the result of Premier Doumergue's forthcoming challenge to parliament on Wednesday in Paris, France.

The aged premier has challenged the chamber to a quick finish flight over constitutional reform, the issue which has already split in his cabinet. Rumors of troop movements into Paris to prevent an outbreak of rioting like that which brought Doumergue into power were circulated despite a denial from the war ministry.

Officials indicated the police would be reinforced with mobile guards from the outskirts of the city, since one of the worst political crises in recent French history is forecast if Doumergue is defeated in parliament.

### SEVEN WOUNDED IN FIGHT

Two men were wounded, perhaps fatally and five others, including two city detectives received lesser injuries tonight in a gun fight which ejected of two patrons from a west-end night club in Cincinnati.

The two most serious hurt were Jeff Musgrove, 27, barber, shot in the left chest and back, and Nathaniel Bartel, 18, employe of club, shot twice in the abdomen. Recovery of both are in doubt.

**CAREY CORK INSULATED SHINGLES**

**EXTRA VALUE without Extra Cost**

Houses are cooler in summer and warmer in winter when protected by Carey Cork Insulated Shingles, and the attractive colors and unusually heavy body add greatly to the appearance of the building.

Are these superior shingles costly? On the contrary, they are money savers, costing much less than ordinary shingles plus the price of separate roof insulation. Let us show samples and quote prices.

## Kentucky Farm News

FROM UNIVERSITY of KY. EXPERIMENT STATION

Using two old organs, a table for which she traded for a sink, a stove and a great deal of ingenuity, Mrs. Joe Hagan of Pond Homebakers Club in Madison county made a convenient and attractive kitchen at a cost of about \$5.

The medium sized kitchen provided little storage space and was so arranged that many extra steps were necessary. By tearing out part of a partition to make room for a built in cabinet, the kitchen was connected with a milk room by means of a trap door.

Two organs were bought at a sale for \$3.25, and the lumber and hardware used in making a trim cabinet. Additional lumber for the facing was bought for \$1.35. The porcelain was bought from the old cabinet, with wood azitions, provided a larger working space; shelves made at the sound box are placed at various convenient heights in the upper section of the cabinet. Four drawers in the lower part give space for the knives, forks and spoons. There is

linen, sugar, flour and meal, and also space for the storage of kitchen and other supplies. The cabinet was painted cream on the outside and light yellow inside. Workmanship of professional cabinet-maker arrangement make this cabinet convenient and usable.

A narrow, vertically placed window was removed and placed horizontally in the wall. More light and air is thereby provided and a kitchen sink and woodbox could now be placed underneath. A medicine chest was made out of an old peach box. Pieces reinforced it at top and and a mirror was placed in a frame bottom; three shelves were made, and used as a door, suspended on hinges were taken from the organs. The chest was then placed over a marble top.

A neighbor traded an old table for two bushels of apples and peaches. Its main advantage was well made, less, as top and drawers made from walnut lumber. A work stool was made from walking sticks expertly carved by Mr. Hagan, who assisted in all the work of remodeling.

E. K. E. A.

(Continued From Page One)

Patty City Memorial Hospital, Richmond, Kentucky, indicated that he would preside at the meeting in the W. E. Bowling in his report to the College of Agriculture.

I can't find a regular job, he is going to make one, the Powell man declared, and he outlined his plan to the county agent. After getting information on growing watermelons, he rented five and one half acres of waste land from a neighbor and bought \$3.20 worth of seed, on credit. Four and a half acres were planted in melons, and the remaining acre in corn. By the end of September, the watermelons alone had netted \$550.

It all shows what a man can do when he applies vision of farming, declares Mr. Bowling, who says that the business will be much enlarged next year, and methods used to produce earlier melons.

The Morehead College band will provide music for the 11th session. At the second general session Friday morning, November 9, a panel discussion will be conducted by E. V. Hois, Morehead State Teachers College. The panel theme will be "Why Kentucky has a Right to Expect from the Teachers Schools." At this session the following Kentucky education leaders will speak on appropriate subjects: John Shaw Superintendent Maysville City Schools; Arvid W. Wooley, Superintendent Paintsville City Schools; H. L. Donovan, President of Eastern State Teachers College; Patty Richmond; first grade teacher of the Pikeville City Schools; W. S. Taylor, Dean of the College of Education, University of Kentucky; and Porter Hopkins, Superintendent of the Somerset City Schools. The Ashland High School band will play for this session. The invocation will be delivered by Dr. Samuel R. Curry, First Presbyterian Church, Ashland.

The Fisk Jubilee Singers, Fisk University, Nashville, Tennessee, will be the feature of the program at the third general session Friday evening at 8.00. Reverend G. V. Coffman, First Methodist Church, South will conduct the religious ceremonies.

Friday morning, November 9, at the second session, nominations for president, two vice presidents, two directors of the association and a representative of the Eastern Kentucky Education Association will be entertained by the chair. The results of the election will be announced at the conclusion of the fourth session Saturday morning, November 10. The terms of W. H. Vaughan and T. W. Oliver, directors of the association, expire this year, and they will have to be replaced by a vote of the members.

The Morehead College dinner will be held at the Henry Clay Hotel Friday evening, November 9, at 9:30. Reservations may be made at the Morehead College headquarters in the lobby of the hotel or at the hotel desk.

At the final session, Saturday morning, November 10, at 9:30 Frank D. McClelland, president of Pikeville College and W. P. King, executive secretary of the Kentucky Education Association will be heard in short addresses. The Ashland High School Glee Club will provide the music for the session. Reverend C. W. H. Troop, Calvary Episcopal Church will deliver the invocation. The announcement of the new officers will conclude the meeting.

### What Your Kidneys Do

You may never have thought much about your kidneys, and yet—these kidneys keep you alive. People have lived without stomachs; but if your kidneys quit work you would die the quality of the poisons and impurities they must constantly make out of your system. This is the great work your kidneys do. The kidneys and the bowels, with some help from the pores of the skin, share this great work. It is to be done regularly and thoroughly, or to keep you well.

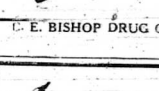

When your kidneys don't purify blood of these poisons, or toxins, a disease may help.

Thousands in America have found in Cray Water Crystals a simple, natural way to get this help—relief of stiff neck, aching joints and muscles, of constantly upset stomachs, of headaches and heartaches and the many other common disorders that are the result when the body fails to eliminate these impurities as it should. They have found in Cray Water Crystals this help in the form of a cleansing, purifying mineral water—crystals they can make at home for just a few cents a gallon.

This help must be something more than just moving the bowels. It must cleanse the system—not just the digestive tract. Drinking this mineral water increases "elimination"—helps this purifying process—through the kidneys, as well as the bowels. With the cause of the trouble corrected, then Nature has a chance to get rid of the pain.

Cray Water Crystals are not some human being's idea of how this purifying ought to be done. Old Mother Nature, who provides the life-giving sunshine and the fresh, pure air, laboratories deep in the earth. Cray Water Crystals are simple minerals taken from this natural mineral water. Absolutely nothing is added. Anyone who tells you a different story does not tell the truth.

Cray Water Crystals will not work magic. They will not help every ailment of the human body, but it will, aching muscles or joints (you may call it "Rheumatism" or "Arthritis" or "Neuritis")—or if severe headaches, or extreme nervousness and loss of sleep, or a badly upset stomach are making your life miserable—then give Cray Water Crystals a fair, thorough trial. A month at least. Then you'll be the judge.

### Mothers Have Found Way To Keep Family's Colds Under Better Control

Millions of mothers are helping their families to avoid freedom from colds—fewer, shorter, milder colds—by following the Vicks Plan for Better Control of Colds.

The helpfulness of Vicks Plan in reducing the number, duration and dangers of colds has been proved in thousands of clinical tests supervised by practicing physicians—as well as in every day use in millions of homes. The Plan provides proper care—and proper medication—for different types and stages of colds.

**To Help Avoid More Colds:** At the first sneeze or nasal irritation, apply the unique and invigorating colds-Vicks Va-tro-nol. Just a few drops up

each nostril. Timely use of Va-tro-nol helps to prevent many colds—and to throw off colds in their early stages. Va-tro-nol now comes in two generous sizes, 30c and 50c.

**To End a Cold Sooner:** If a cold has already developed, apply Vicks VapoRub on throat and chest. It fights a cold direct—two ways at once. The combined effect of VapoRub's double direct action—by stimulation and inhalation—loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Sure relief and with safety. No "waxing."

Full details and proof of the effectiveness of Vicks Plan come in each Vicks package.

### Kennel Murder Case

BY S. S. VAN DINE  
WNU Service

Doremus looked up, took one hand from his pocket, and pointed toward the dead man's head.

Mr. Markham, he said with precise solemnity, that baby has been dead for hours when that bullet entered his head.

The only person in the room who was not staggered by this unexpected announcement was Vance. Heath stood staring at the corpse as if he must expected it to rise. Markham slowly took his cigar from his

And Doctor, pursued Vance, was Coe's finger pressed directly against the trigger?

Yep, was Doremus' curt answer. Then we may assume that the revolver was placed in Coe's hand before rigor mortis set in, what?

Well I'll tell you. He, pointing at Coe's body, may have had it in his hand when he died. I wasn't present, you understand. And if he was already in his hand, then nobody put it there later.

In that case how could have it been fired?

It Couldn't. But how do you know it was fired? There's no way of telling until the post mortem checks the bullet in his hand came from the gun he was holding.

Do the calibre of the gun and the wound correspond?

Yes I'd say so. The gun's a .38, and the wound looks the same size. An', you in Heath, one chamber of the gun's been fired.

Markham nodded and looked at his medical examiner.

If it should prove to be true, Doctor, that the revolver in Coe's hand fired the shot in his head, then we could assume, could we not, as Mr. Vance suggested, that the revolver had been placed in the dead man's hand before rigor mortis set in?

Sure you could. Doremus' tone was greatly modified. Nobody could have forced the gun into his hand and made it appear natural after rigor mortis set in?

Though Vance's eyes were watering idly about the room, he was listening closely to this conversation.

There's, he remarked, in a low voice, another possibility. Far fetched, I'll admit, but feasible. Men have been known to do queer things after death. There are recorded instances of suicide and have shot themselves and then thrown the weapon thirty feet away.

Dr. Hans Gross in his Handbook Under such circumstances—

But that hardly applies here.

Now, Vance drew deeply on his cigarette. Quite so. Just a fleeting thought.

Markham studied Vance a moment then turned back to Doremus.

Did Coe die of that blow on the head.

The medical examiner testered on his toes, and pursed his lips.

There's something funny here. There's been an internal hemorrhage what might be expected from a severe blow on the head. Blood in the mouth and all that. But Mr. Markham, Doremus spoke impressively, that blow on the left frontal wasn't powerful enough to kill a man of slight fracture, but nothing serious just enough to stun him. Nope he didn't die of concussion or a fractured skull.

And he didn't die of a revolver shot, added Vance. Most fascinating still the johnny's dead, don't you know.

Doremus swung jerkily about to

He and Heath lifted Coe's body and carried it to the bed. Together they removed the clothes from the dead man, hung them over a chair by the bed, and Doremus began his examination. The body was laying on its back, and as Doremus pressed his hand over his right side we could see his pain and bend forward.

Fifth rib broken, he announced. And a decided bruise.

Did it happen before or after death, asked Markham.

Before, otherwise, there'd be no bruising or coloration.

And that blow on 'head was also before death, I take it.

Sure thing. He got a little banged up before he died, but that wasn't what killed him.

Markham suggested Vance, the blow on the head and the broken rib are related. He may have been stunned and, in falling, struck his rib against some object.

Possibly.

Was the blow on the head powerful enough to have rendered his unconscious? Vance was looking round the room at the various pieces of furniture, and there was a subtle interest in his eyes.

Oh, yes, Doremus told his note that likely.

Vance's gaze came to rest on a heavy oakwood chest near the east window. Going to it he opened the lid and looked in. He immediately closed it.

And, pursued Vance, turning back to the medical examiner. Would Coe have regained consciousness very soon after the blow on his head

FRESHMEN PLAY EASTERN

YEARLINGS HERE THIS AFTERNOON

SPORTS

BASKETBALL PRACTICE

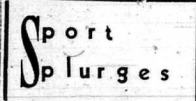

STARTS AT MORE

HEAD COLLEGE

East Tennessee Play Eagles Saturday

VISITORS HAVE STRONGER TEAM THAN LAST YEAR WHEN THEY WON A ONE POINT DECISION OVER BIRDS

The Morehead State Teachers College Eagles will close their 1924 grid campaign here Saturday afternoon, as they meet East Tennessee Teachers of Johnson City, Tenn., at Jayne Stadium.

So far this season this column has made no attempt at predicting the results of football games. However it comes to everyone, like a craze at some time or other, so this week we shall stray from the straight and narrow and make a few predictions scattering some of the losers in the winners column and vice versa to make it interesting.

As a starter, it will have to be Teachers rate a heavy edge over the Morehead Eagles. East Tennessee has been enjoying a banner grid year, and with a team that averages around 185 pounds is a heavy favorite. Morehead, on the other hand, has suffered a distinct and somewhat disheartening let down in both morale and playing.

So well start off by predicting the scores—East Tennessee 19; Morehead 6. We hope we're wrong. Kentucky should be plenty tough enough to lay it on South Western at Memphis. The Wildcats met more than they could handle in the Crimston Tide of Alabama, but should overcome for a decisive victory over Little Southwestern.

In a close game in the state Transy is picked over Louisville, while Centre is favorite over Boston College, despite the latter's stunning upset Saturday over Valhalla.

- There's plenty of hard games on Saturdays card. Here's the info: Winner Losez, Alabama Clemson, Tulane Colgate, Utah Colorado, Columbia Brown, Datmouth New Hampshire, North Carolina Davidson, Duke Wake Forest, Florida Mississippi, Fordham West Virginia, Louisiana State George Washington, Auburn Georgia Tech, Purdue Harvard, Iowa Missouri, Kansas State Maphathian, Holy Cross Wisconsin, Michigan Nebraska, Pittsburgh U. P. I., Illinois Northwester, Navy Notre Dame, Minnesota Indiana, Oregon Oregon State, Princeton Lehigh, S. California California, S. Methodist Texas A. & M., Kentucky Southwester, Washington Stanford, Temple Carnegie Tech, Tennessee Mississippi State, Centenary Tulsa, Vanderbilt Sewanee, Wash. & Lee Virginia, Wash. State Idaho, Oregon Georgia.

Basketball practice at Morehead College is practically under full steam. "Mouse Combs," sensational scoring star of last year's five will put the Teachers through their preliminary workouts, until Coach Downing can get through with football and turn his attention to the indoor sport.

The football teams of Morehead are going through their most disastrous year. With only one victory among them, they have made the poorest record that has ever been compiled locally.

Quail Season To Open On Nov. 24

The quail season will not open until November 24, and will extend to and including January 9, when from Van Y. Green, game warden for this district. Rabbit season will open on November 15 and close on December 31 inclusive.

Both Local High Schools Beaten

Both local high school teams came out on the short end of their games last week. The Morehead high team dropped a Little Six Conference engagement to McKell at Fullerton by 38-0. The Breckinridge Training School had a much closer score, as they lost 7-0 to Coles Jr. High, of Ashland.

Wildcats Play Southwestern

The University of Kentucky Wildcats have a comparatively easy game Saturday when they play Southwestern at Memphis, Tenn.

Mud And Wind Hurt But Morehead Freshmen Tie Transy Yearlings 0-0

Aided by two of "old man" Pinson recovered a fumbled punt on Morehead's 42 yard line. A series of line plunges advanced the oval to Transylvania's 42 yard marker. The Eagles lost possession of the ball on a fumble. Burton got loose for a 25 yard run in the last of the fourth quarter. At this time Vinson started his air raid. Morehead completed one pass—Burton to Yinson, for 17 yards. The next pass attempted was intercepted by Elam, Transy end. The game ended with Transy in possession of the ball on Morehead's 40 yard line.

Maroons Score In Last Twenty Seconds Of Play; Tartar And Hedges Star

Despite the appearance of Dr. J. Howard Payne, who left the hospital momentarily to inspire the team, Morehead was unable to stem the last quarter drive of Eastern last Friday, as the Maroons scored a touchdown and extra point in the last twenty seconds of play to give their first victory of the season, 7 to 0, at Richmond.

LICKING VALLEY CONFERENCE TO ORGANIZE HERE THIS EVENING; 12 HIGH SCHOOLS EXPECT TO JOIN

EAGLES LOSE IN HARD SKIRMISH WITH MAROONS

Morehead's Band, under the direction of Professor Marvin E. George, drew thunderous applause as it paraded in brilliant array before the homecoming throng.

With the timekeeper preparing to end the game, Hedges, speed merchant of the Eastern team, broke from the Morehead forty yard line and traveled to the one yard line before being pulled down.

Eastern exhibited the best brand of football throughout the game. In Hedges and Tartar, the Maroons uncovered two of the best running backs that have been seen in action this fall. They threatened to score in the first quarter, when Tartar and Hedges advanced the oval to the ten yard line, but the Eagle line stiffened and regained possession of the ball on downs. Again in the second quarter, Morehead averted a Maroon score by a splendid margin. While no Eagle player was outstanding, the entire team functioned better as a unit than at any time during the season.

Invitations have been mailed to twelve high schools in Carter Rowan Elliot, Bath, Morgan, Montgomery, Fleming and Menifee counties to the meeting of the Licking Valley Conference to be held at the Breckinridge Training School Thursday evening, according to W. E. Crutcher, secretary of the loop last year. Schools that are expected to send representatives are: Breckinridge Training School, Haldeman, Granh, Hitchens, S. Hook, Ewing Owensville, Camargo, West Liberty, Frenchburg, Soldier and Flemingsburg.

The conference was composed last year of Breckinridge, Haldeman Granh, Sandy Hook, Ewing and Soldier.

Ewing, lone star representative from Fleming won the championship beating out Soldier in a hard battle. Having placed one of the best high school teams for the smaller schools on the floor last year that has been seen in eastern Kentucky, Haldeman and Soldier also had cracker-jack teams.

With the addition of at least two new teams this year, the schedule is expected to be more difficult. At Thursday's meeting, the schedules of the teams will be compiled.

Watson In Finals Of Tennis Meet

Dark proved himself to be the dark horse of the tourney when he eliminated with ease the tourney favorite Lowrey 6-2, 6-2. At no time in the match was the issue in doubt, Watson had complete control of the situation. Using a steady driving game and a baffling change of pace, he was never in any danger.

Watson next won from Nickell 7-5, 12-10 to take the finals. This was a bitterly contested match. Both sets were deuced, and most of the games were deuced time and again. Watson's steadiness finally overcame Nickell's flashy net play. To gain the semi's Nickell defeated Van Arsdell 6-1, 6-5, and Kesler 2-6, 6-0, 6-3. This last match was a nip and tuck affair and the only match of the tournament to go three sets.

In the lower bracket Holman and Caudill have reached the semifinals and will play to determine who will face Watson in the finals. Holman reached the semi's by turning back Hogge 6-2, 7-5, and Fern 6-1, 4-5. The match between these two men, Caudill and Holman, should be a close one.

Other results in the 1st, and 2nd, rounds are as follows. Kissor defaulted to Fern, Kesler beat Waidell 6-1, 6-4, Lowry beat Lewis 6-1, 6-1. Watson is undoubtedly the present favorite. His game seems to be improving all the time and this writer predicts that he will cop the title in the final rung.

Dr. N. C. Marsh CHIROPRACTOR Sun Heat and Electrical Treatment Phone 160 Morehead, Ky.

ALUMNI TO ORGANIZE BASKETBALL LEAGUE

The Morehead High School Alumni are making preparation for a basketball team that will be composed of club members, who are not taking part in college competition. Any alumni member who is out for college team will not be allowed to participate.

Lloyd Debate Club Sponsors Contest

The Lloyd debating club is sponsoring an oratorical contest, the winner of which will compete in the state contest provided for at the 1924 General Assembly. In addition Dr. A. Y. Lloyd announces that he will offer a prize of \$2.50 to the winner of the local contest.

At the recent session of the state Legislature, Governor Ruby Lafayette appointed a Daniel Boone Bicentennial Commission of fifteen members to plan an appropriate observance of the birth of the famous Kentuckian. As a result, monuments have been erected at Booneboro, Kentucky, at the anniversary of the birth of Daniel Boone, Morehead has been cast at the United States mint, and many other gestures of public recognition are being made.

College oratorical contestants are being limited to twelve minute addresses. Basketball practice at Morehead College is practically under full steam. "Mouse Combs," sensational scoring star of last year's five will put the Teachers through their preliminary workouts, until Coach Downing can get through with football and turn his attention to the indoor sport.
