George H. Harzard, twenty-two years old, is in jail in Withersburg, Pa., charged with the murder of his wife and child, who at the time was reported to have killed her husband.

Drowned Self and Babe.

Gloverville, N. Y., Jan. 15.—The mystery surrounding the disappearance of Mrs. William Hackenberg, who had been missing from her home in this city since Sunday night, was solved yesterday when her body was found in a creek near her home. The dead woman clasped in her arms the body of her eight-month-old child. She was thirty-five years old and her husband lives in Wheeling, W. Va. Leaving him in Virginia, the woman returned to Starata, her birthplace, only again to cross the Atlantic with an American slave-trader, with whom she lived for a few days.

Cow on Track Caused Fatal Wreck.

Holt Springs, Miss., Jan. 15.—Henry Holt of Water Valley, Miss., a negro freeman, was killed; W. F. Swain, a traveling salesman, was badly injured and half a dozen other passengers sustained minor injuries when the engine attached to a northbound Illinois Central train was derailed and overturned here. The derailment was caused by the engine striking a cow on the track.

Miners Back to Work.

Welch, W. Va., Jan. 15.—More than 2,000 miners in the Elkton and Thacker coal fields have resumed work after an idleness of two months. Coal operators here state that inside of ten days equally this many more will be given employment, which will put three two co's back to their normal condition. A number of new train crews will be put to work on the Norfolk & Western and at once to handle the increased output.

Deadly Pistol Duel.

Rosemont, Tenn., Jan. 14.—G. Washington Smith, a prominent planter, was shot and killed here in a pistol duel with M. V. Yarborough. The latter was a member of Smith's and the men were enroute to Memphis to submit a money difference to arbitration. Yarborough escaped.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney, or bladder derangement, in the following "simple prescription, if taken before the stage of Bright's disease:

Fluid Extract Danielson's, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal.

A well known druggist here, at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

ARMSTRONG.

Here comes Old Armstrong knocking for admittance into the councils of your valuables.

We are having plenty of rain and mud in this part of the hills.

Mrs Sarah Henderson is quite ill at this writing.

Corra Henderson was the guest of Delena Lowe over Sunday.

There was quite a number of the Smoky boys visited the middle Trough-camp school Friday.

Noah Compton, of Seotioeville, Ohio, is visiting friends and relatives here at Smokyvalley this week.

The upper Trough-camp school closed Friday.

Dennie Burchett was calling on Ollie Deane Sunday evening. Boys get your bellies ready.

The new school house on Perry's Branch is almost completed.

We are expecting another wedding soon, ask Chas. and Cora.

Chesler Compton has been attending church here lately.

Rev. James Savage and Johnson has been holding a protracted meeting at this place and Smokyvalley for the last two weeks.

Willard Stamper still makes his regular calls at Mr. Helvys.

John Henderson is very ill at this writing, we wish his speedy recovery.

Armist' Burchett is a frequent visitor at W S Deans. What's the attraction Judge?

Delphia Deane was entertaining company Sunday Eve.

Noah Compton was seen walking around with Cordie Tabor Friday afternoon. Look out Lala.

I will close wishing the TIMES and its many readers success.

—GUESS WHO.

The First Golt Links.

The greatest number of links it seems, we find by pure chance. There were originally 22 holes on St. Andrew links, and 10 additional holes were added when the first four holes were converted into 22. The 22-hole course full course has been laid out to correspond with Alna links.

## Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nerve restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so dependent on food that I could not eat. I used all kinds of little or pill, and could get no relief. I then read of Dr. Miles' Nerve and ordered a bottle. I received the medicine and used it for a few days. I began to feel better, which encouraged me to use more. I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; my body and spirit are better. I am able to do all my work and to recommend the medicine, and also to advise others to use it. I have benefited from it. S. P. QUISENBERRY, D. D. Dr. Miles' Nerve is sold by your druggist, who will guarantee that it is the best. It will refund your money. Miles Medical Co., Elkhart, Ind.

For Her Own Derision.

A recent Mrs. Partington who was asked to sing on a concert occasion said she only sang when she was alone—just for her own derision.—Judge.

T. M. Hawkins, Kansas.

It is surely considered a good recommendation of an article when the proprietor of the store uses it. With regard to medicines, the range of choice is especially large. Yet when Druggist J. M. Hawkins, of Mount Clay, Kan., got ill and needed a reliable laxative and tonic for his stomach trouble he selected Dr. Caldwell's Syrup Pepsin, which he naturally considers the best. This remedy is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Peppine Co., 115 Oakwell Bldg., Monticello, Ill. It is sold by M. M. Hudgens at 50c. and \$1 a bottle.

Strongest of Evidence.

The strongest circumstantial evidence supports the assertion of Brooklyn policeman that he did not stop to hit. His bullet found the man who was sleeping from him. —New York Sun.

**Coughs of Children**

Especially slight coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

We publish one free bottle. We handle absolute pure ingredients. We charge you nothing. We give you a free bottle.

If you think coughs are of trifling consequence, just ask your doctor. He will diagnose you at that point in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pile, and liver pill, all registered.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

**Berna Booming.**

The winter term of Berna College opened New Year's Day with the largest attendance ever known in all departments. The Normal is particularly fine with Teaching and Theory far ahead of anything before known in Kentucky. The steam cookers have made the board as popular as it is cheap. Students are pouring in every day, and there are so many classes that every one can be placed with others like himself and make most rapid progress. There are many bright entertainments on the program for this winter, and students are all looking forward to the Mountain Congress in February as really more important than the meeting of the Legislature at Frankfort.

## The New Post Office Rule

The post office department, on the first day of January, 1908, put into effect a new ruling, which actually prohibits sending the TIMES to any person at the regular newspaper postage rates if such person is in subscription arrears to the amount of \$1.

This is now a postal law and if we continue to mail the TIMES we must comply with it. If you are in arrears one year or more that explains why your paper has been stopped so as to get advantage of our clubbing propositions. On another page we list a number of the best daily, weekly, and monthlies which you can get at a special club rate when taken in connection with the TIMES.

## In Memoir.

By W. F. FULTZ.

Away down there in northeastern Kentucky,  
Where the blue grasses grow,  
There is springing up a city  
That is bound to make a show.  
You may wonder at my doctrine,  
And ask me how its going to sail,  
In the middle of prosperity,  
Located on one line of rail.

But it isn't cars that make a city—  
Its the people, don't you know?  
And the way they all move down there,  
I'll tell you what, sir, isn't slow.  
When e'er you go along the street  
And glance away up high,  
You'll read — Dry goods and Groceries,  
Everybody come and buy.

Then you'll step into that building,  
And they'll grasp you by the hand  
And say "Any-thing for to-day sir?  
I am here at your command"  
Then you get some little item,  
In a jiffy it is done,  
While you wonder how he did it  
And if he did it on the run.

Yes they are all a thriving people,  
They are climbing up the hill,  
For they never stop and whimper  
About the milk they didn't spill.  
And when any-thing goes contrary  
To the wishes of the town,  
The folks all just sing and whistle  
And you NEVER see a frown.

For Example: Once they said they'd have a court house,  
Right in town, they all declared,  
So they went and had their meeting  
But a few just pitched and rared —  
Said they didn't like that location,  
It was quite too far to go —  
So they dismissed that meeting;  
Then each man had his foe.

But after all, their arguments  
And talking were in vain,  
For word came up from all good people  
They would have to do it all again,  
They think the acts have been illegal,  
A mistake was made somewhere,  
So as they are starting again, all over,  
Just as if they didn't care.

That is what I call good common horse sense,  
When people act that way,  
It shows they have ambition,  
And will have one there some day.  
Every day brings in its builders  
And the hammers welcome sound  
With the workmens merry whistle  
Makes the music for the town.

Some folks they're not satisfied there,  
So they "pull out" in the fall  
But in the spring will find them back there,  
T'is the best place after all,  
Now you would have me name that city  
That I surely, surely will  
It is down in southeast Carter,  
Can't you guess? — Why 'tis Olive Hill.

F E Danner and Rev. Howerton were on Trough Camp Sunday afternoon.

Jes Fultz and Ben Springer are employed in the Lively barn.

Ethel Rose, of Grassy, was visiting here over Sunday.

Chester Burchett was over at Grayson last week.

Oscar Swift, the Morehead Doctor of Advertising, was over from that point Monday.

Elva Carr, of Curwensville, Pa. is visiting Miss Morse.

Wilford Fultz was visiting friends at Wesleyville last week.

Harris Williams, of Smokyvalley, has sold his farm: consideration \$675.00.

Green Hicks and wife visited Ed Scotts Sunday.

White Lightning! where art Thou?

There is a good attendance at all the Sunday Schools of this town, but we believe we can look on the Street corners and in many of the homes and see people who should be attending some Sunday School.

A petition for the pardon of Caleb Powers is in our town, and men regardless of politics have been signing it. We are angry to say but we were in formed that out of about 200 names 3 have refused to sign it, it is said to be some of the business men of our town.

Dr. F L Stallard, of Hazleton, Kansas, has been visiting friends and relatives in this county He returned Tuesday 14.

M S Qualls was in from Smokyvalley Tuesday.

Qualls Bros. have just completed the invoice of their store. It invoiced over \$7,000.

Herbert Stallard was in from Wesleyville Tuesday.

Some one of the members at the meeting of the city council Monday night, last week, mentioned that some places in town were in great need of crossings.

That ought not die just with a mere mention, they are needed at almost every street crossing and we should have them. The present condition of our street crossings prevents one from being pure when he wants to be, for one can't ford a crossing, and some are really decent, and his apparel clean and cleanliness is next to Godliness, you know.

# Doings In The Hall of Our Legislature.

By a special service we will give under this heading, each week, summary of the past week's work of the Legislature now in session at the Capitol. This will probably be the most interesting session of the Legislature ever known and will deal with some very important subjects as now confronting the state. A month subscription to the OLIVE HILL TIMES will bring you the work of the whole session. Begin today and don't miss a single week. See what the man you elected is doing.

Frankfort, Ky., Jan. 15.—It is an absolute fact that two Kentuckians in the same week have been elected the holders of things of declining value. One has a salary of \$2,500 per year and traveling expenses attached to it. Whether this is a sign of a coming winter, a earthquake, or some other disastrous happening, is not known, of course, but something else unusual is bound to happen, for such strange events were never seen singly. C. M. Barrett of Ohio county and Stanley Milward of Lexington both claimed the state for Barrett's law has been passed. It is pointed. Before he went to work, however, he found he might be usually ridiculed in his work because he is the president of the National Society of Editors, and that society has a tobacco branch and the president would have to investigate the burning of tobacco farms. He was advised by the "night riders," some of whom are supposed to be members of the Society of Editors. Then the place was referred to Mr. Milward, who had been largely seen at Frankfort, and member of readers. Mr. Milward declined. Just light of a Kentucky law passed in the year 1890, it is in dollars to denigrate, though, that the labor man to whom it is offered will take it and freeze to death twenty-five hundred per cent. a duck to a double-duck.

Frankfort, Ky., Jan. 15.—It is an absolute fact that two Kentuckians in the same week have been elected the holders of things of declining value. One has a salary of \$2,500 per year and traveling expenses attached to it. Whether this is a sign of a coming winter, a earthquake, or some other disastrous happening, is not known, of course, but something else unusual is bound to happen, for such strange events were never seen singly. C. M. Barrett of Ohio county and Stanley Milward of Lexington both claimed the state for Barrett's law has been passed. It is pointed. Before he went to work, however, he found he might be usually ridiculed in his work because he is the president of the National Society of Editors, and that society has a tobacco branch and the president would have to investigate the burning of tobacco farms. He was advised by the "night riders," some of whom are supposed to be members of the Society of Editors. Then the place was referred to Mr. Milward, who had been largely seen at Frankfort, and member of readers. Mr. Milward declined. Just light of a Kentucky law passed in the year 1890, it is in dollars to denigrate, though, that the labor man to whom it is offered will take it and freeze to death twenty-five hundred per cent. a duck to a double-duck.

The expected doublet after the organization of the house of representatives did not materialize, and everything went through with smooth sailing. All the Democratic caucus nominees being elected by a strict party vote. Now the question naturally arises, what effect will this have on the senatorial vote. The Governor Brackham and ex-Governor Bradley are respectively the nominees of the Democratic and Republican parties for United States senator, and the legislature stands 73 Democrats to 45 Republicans. Four of the Democrats must desert Brackham, else he will be elected on the first ballot. Brackham supporters say they are absolutely confident and have no fear of the result. Bradley's friends say four or more Democrats will not vote for Brackham and the consequent deadlock will result in the election of Bradley. No one knows exactly what to expect, but it is certain that if Brackham does not win on the first ballot, a most exciting session of the legislature will follow and much needed legislation will be neglected.

# FRED FULTZ & COMPANY, Eldorado, Kansas.

The first bill introduced in the present legislature was one to repeal the copes law passed two years ago. It was introduced by Senator Keith of West county, and the present session, it is the intention of the legislature to pass it. The deputy proved with superior and defective. Nearly every time that a new law is passed, it is defective by failing to list the duties for taxation. For instance, in one county with a population of 100,000 and nearly 2000 dogs was listed, and in an adjoining county with the same population and apparently as many dogs, only 7000 were listed.

A legislative committee will probably investigate every phase of the tobacco trouble in this state. Senator Newman of Woodford has introduced a resolution providing for a committee of three senators and four representatives to do the investigation. The resolution, which will undoubtedly be adopted, says: "A legislative committee shall report the conditions prevailing in this commonwealth before the organization of the Tobacco Trust; the conditions prevailing after its organization and before the organization of the various tobacco societies, the conditions since, and in every way try to reach a knowledge of the situation, such as will enable the general assembly to amend and change laws as will protect the rights of our people if any general laws are introduced. The committee shall also ascertain whether the so-called 'tobacco trust' has the right to do business in this state when receiving the protection followed for several years. It shall also ascertain whether any of our citizens are not interfered by the various officers of the revenue, and see how quickly they will find themselves cured.

It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Dr. Calkins, 119 Oldfield Bldg., Monticello, Ill. It is sold by Wilburt Drug Store, at 50c, and \$1 a bottle.
