

Student Government Association  
Student Life Committee  
Tuesday, September 23, 2008  
Riggle Room, 5:00PM

Meeting started at 5:00PM.

Members absent: Brad Brown, Rob Clark, Jacob Denham, Steve Spalding

Chair Arnold addressed the committee members to let them know he would be corresponding through the email address provided to SGA as well as facebook, and that the committee would meet every Tuesday at 5:00PM in the Riggle Room. Goals for the year were then discussed:

Jeremy Strickland suggested extended hours for the library, perhaps even a 24-hour facility.

Financial Aid complaints as well as problems arising from the Office of Accounting and Budgetary Control were discussed, with the possibility of having a student liaison who could assist in resolving those issues.

The issue of many campus services and buildings being inaccessible during the weekends was raised by Lauren VanHook. The possibility of collaborating with SAC, as well as the notation that Morehead Cinemas will be opening as of this Friday, September 26th, were suggested.

Tony Johnson was mentioned by VP Heather Kettenring as a potential aid in resolving food services issues such as long lines and the lack of trays this year.

The issue of campus recycling was raised by Chair Andrew Arnold, who hopes to get not only the campus more actively involved, but also the entire city of Morehead. VP Heather Kettenring is meeting with VP Mike Walters shortly and will discuss that, amongst other student concerns already addressed.

Vice Chair Kiersten Sandfoss raised the issue of the money from the increased student parking pass fees not going into a separate fund and the possibility of trying to ensure that the money is spent on parking structure planning as it is allocated for that purpose.

Sarah Caudill informed the committee that there will be no Blue & Gold Event this year due to a scheduling conflict with a soccer scrimmage, but was asked by Chair Andrew Arnold to report back to the committee on the details after talking with the coordinator of the event, Dr. Kressop.

The issue of vandalism in Baird Music Hall was also raised by Sarah Caudill, who suggested possibly having only music students permitted by card access in the building or possibly have campus police better patrol the vicinity. The other concern was that the

hours during which it is designated to be kept open for practice by musicians are not being kept, resulting in less opportunity for access to the building by those students.

A suggestion of notifying students via the webpage of where the Add Value Stations have been moved on campus was offered by Chair Andrew Arnold in response to a concern that they have been taken out in some buildings on campus (1st floor of Ginger Hall) raised by Vice Chair Kiersten Sandfoss.

Chair Andrew Arnold announced there were two forums: One in ADUC 312 at 4:30PM about Georgia and the other in Rader 112 at 6:30PM about Presidential Candidate Barak Obama.

Meeting Adjourned at 5:29PM.

## Committee Attendance

DATE: 9/30/08 Committee: Funding and Awards

Members in attendance:
