

Rings Round Eyes

The ill peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs.

Wine of Cardui

Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well."

Washington News.

We have arranged for a special correspondence service from Washington each week that will acquaint you with all the important doings about the Nation's Capital. You want to watch what your Congress is doing. Subscribe now and don't miss a week. See page 2 for rates.

It is the old story. Just as the Republicans seem on the verge of getting into a row and the Democrats getting together, the Republicans get together and the Democrats get into the row. It has been the case with the prospective fight for the control of the Republican delegation in New York. There has been more internal strife over this than has appeared on the surface. There never has been much question that the real fight for the control of the delegation would be between Secretary Taft and Gov. Hughes. Gov. Hughes was not admittedly a Presidential possibility till a few days ago. Then he came out in response to an appeal from the Hughes League of the state and said frankly that if he were wanted by the party for a Presidential nomination, he was not going to dodge it. He was perfectly willing to be a candidate, in fact appreciated the honor that would be shown him in such a selection, but he was not chasing around looking for delegates and support. He intended to stay at home and continue to be governor of the State of New York to the best of his ability and if his friends wanted him as a candidate for President they would have to do the hustling and hunt up the delegates. This was rather a blunt way of putting it, but when Gov. Hughes has a way of his own of playing politics, if it can be called playing politics, and the announcement was just about what might have been expected from him. At least it had the effect of clearing the air and leaving no room for doubt that there would be a Hughes boom to reckon with in lining up the New York state delegation. The candidates on the Republican side so far number six, counting Hughes. Each of them is a "favorite son" of some state. There is Hughes, Taft, Fairbanks, Cannon and Knox each of whom can pretty safely count on his own state delegation on entering the nominating convention. Foraker may split Ohio with Taft but that is by no means certain.

Now the Administration has been looking to the New York delegation as a part of the Taft support, but Secretary Taft has come out in a very frank letter saying that he is willing for convention purposes to concede the New York delegation to Hughes and that he will not make any state fight of it that will endanger the harmony of the party. This is not only personally generous, but it is probably good politics and horse sense as well. Nobody expects the Republican nomination to be made on the first ballot and it is just as well for the purposes of harmony not to pull on any internecine strife but to concede the New York delegation to a New York man, that is if the delegation is willing to go that way which it probably is. There is a strong movement for Hughes not only in New York but in many other parts of the country. Weather this sentiment will be

the work of the Internal Waterways Commission. The board is hoping to get the financial aid of Congress for a series of exhibits in the principal South and Central American cities which it is believed will do more than anything that has yet been tried in the way of fostering trade between this country and South America.

Catarh Cannot Be Cured.
with local applications as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials free.

TIMES, Olive Hill, Ky.

ABOUT THE TIMES.

THE TIMES, at the first of the present year, adopted some new resolutions, the foremost being that it give its readers in the future a much better, clearer and more interesting paper than it has in the past, and to live up to this resolution, it has adopted several new and valuable features, which are now running. Note:

WASHINGTON NEWS.—Congress is now in session at Washington and some bills will be brought before Congress this session the most important that was ever before the body. The Panama Canal Appropriation Bill, Federal Central Bank, Philippine Tariff, etc. We have secured a special correspondent at Washington to furnish us a column or two each week during Congress. When Congress is over he will continue to write on subjects of National interest.

KENTUCKY LEGISLATURE.—The Kentucky Legislature is also in session, at Frankfort, and we have arranged for a special news service of the Legislature that will, each week, tell you what the week has brought about in the Legislature. As a citizen you should watch the doings of your State Legislature.

KENTUCKY NEWS.—Through this service we give you practically as good service as the dailies. 3 columns each week of Kentucky news, most interesting to you, briefly but intelligently summarized.

"BRIEF AND BREEZY."—"Uncle Jeremiah." This is a feature that belongs to a class of papers of a high grade. A column each week of witty and breezy paragraphs. Something profoundly sensible and at the same time a piece of original humor and wit, rare in richness.

And as a local paper we try to gather every item of interest in town and in our community, and through the TIMES, with such a new service as we have, each week, the news you want is laid before you in a neat and readable manner.

We invite you to subscribe, if you are not already a subscriber, and if you are, hand this to some one else, as a favor to us and we will appreciate it as the same. Rates: \$1 a year, advance.

The New Post Office Rule

The post office department, on the first day of January, 1908, put into effect a new ruling, which actually prohibits us sending the TIMES to any person at the regular newspaper postage rates if such person is in subscription arrearage.

This is now a postal law and if we continue to mail the TIMES we must comply with it. If you are in arrears one year or more that explains why your paper has been stopped.

so as to get advantage of another page we list a number of the best dailies, weeklies and monthlies which you can get at a special club rate when taken in connection with the TIMES.

Spasms of St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nerve Tonic restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I dined with my physician, but the more I took of his medicine the worse I grew. My medical attention ceased, and after a while I became almost exhausted from constant care, by the advice of a neighbor he procured a bottle of Dr. Miles' Nerve Tonic. From the first dose the pain subsided and when I had taken eleven bottles I was well and in robust health."

NEW YORK, N. Y., Jan. 1, 1908.

"Our little boy Harry had spasms for three years, and although we do not know the exact cause, he continued to grow worse until he had ten months in hospital. About this time our attention was called to Dr. Miles' Nerve Tonic. His improvement was almost instantaneous. He has now been four years better. He is now a healthy and happy child. The spasms had disappeared, and he was no longer in hospital. We will always recommend Dr. Miles' Nerve Tonic."

MRS. BELLE M. TINDALL, Easton, Va.

Dr. Miles' Nerve Tonic is sold by your druggist, who will guarantee that the bottle will suit you. If it fails, he will refund your money. It sells by Dr. Miles Medical Co., Elkhart, Ind.

Doings In The Hall of Our Legislature.

By a special service we will give under this heading, each week, summary of the past week's work of the Legislature now in session at the State Capitol. This will probably be the most interesting session of the Legislature ever convened, and will deal with some very important subjects as now confronts the state. A 3 month subscription to the OLIVE HILL TIMES will bring you the work of the whole Session. Begin today and don't miss a single week. See what the man you elected is doing.

Frankfort, Ky., Jan. 23.—The deadlock in the senatorial race seems to have come to a close. Beckham is still three votes short of the election, and Bradley is five votes short, with six anti-Beckham Democrats voting for McCray, Blackburn and other Democrats and holding the balance of power. The race has settled down to a sort of humdrum affair, and the two steering committees are getting the only excitement out of it, as they have to hustle around every morning to see if all the absentees are properly paired with some member of the opposite political party. The anti-Beckham Democrats have it in their power, of course, to elect either Beckham or Bradley; but it has not been demonstrated yet that they can pull over enough Democrats or enough Republicans to elect a third man. A Republican member of the Legislature said last week that if he were released from voting for the Republican nominee, W. O. Bradley, he would be willing to vote for Whittle (Danville). He has been asked by the anti-Beckham Democrats, and this ends the deadlock. "But I will never ask Bradley to release me," said he. "For I know I'll want to him and asked him to release me he would give me a good cussing, and I am not going to say a word about it, but just stand pat." This indicates that the deadlock may continue to the end of the session, but it will end any day that Beckham or Bradley withdraws from the race.

The penalty for the violation of provisions of the bill is fixed at a fine of from \$500 to \$1,000, so it is safe to predict that if the bill becomes the law there will be no tobacco grown in Kentucky this year. The building of good roads in this state will be given a most wholesome impetus if the bill fathered by Senators Bowman and Wyatt can be passed. Under the present constitution no county can assume an indebtedness for road-building purposes greater than 2 per cent of the assessed value of the property in the county. This amount has been found to be totally inadequate to secure anything like a decent system of public roads, and the demand from the people for better roads has become so insistent that an amendment to the constitution is deemed necessary as the only way to meet the demand of the people. The Bowman-Wyatt bill provides that a vote be taken on an amendment to the constitution which will permit the counties to become indebted for building public roads to the amount of 10 per cent of the taxable value of the property in the county. This will give the people a chance to show whether they are in earnest or not when they claim for better roads.

A determination will be made in this session of the Legislature as to whether women the right to vote in school elections and to hold the office of school trustee or any other school office. Representative J. A. Sullivan of Madison county has introduced a bill in the house, the first section of which says: "That any woman possessing the qualifications requisite to a male voter in common school elections, and who, in addition, may be able to read and write, is hereby declared qualified to vote at any election held for the purpose of choosing any officer of schools, or upon any measure relating to schools, and any woman possessing the usual qualifications for such office hereby declared to be eligible to hold any office now existing or that may hereafter be created by any act of the general assembly. Several delegations of women have already been to Frankfort in the interest of this bill, but some of the leading women's club members are working against it. It is predicted that the main stumbling block in the way of the amendment being passed, is the fact that it gives negro women the same right to vote and hold office that it gives to the white women.

For the past twenty years or more attempts have been made to reduce the fees charged by stockyard companies, but for some reason all bills introduced in the legislature on that subject have failed to pass. Senator R. W. Owen of Hancock county has introduced a bill this session to regulate and reduce these fees and the prices charged for provender. The senator is a farmer and a stock trader himself, and he took from personal experience that the prices charged by these companies is too large. His bill provides that the price charged shall not be more than 10 per cent higher than the market price of the provender and that the actual weight of the food shall be taken and not charged by weight as is the custom of some of the stockyard companies. This bill will meet with the hearty approval of the farmer and stock-breeders all over the state.

A bill aimed at the drug stores and corner grocery stores that sell whiskies has been introduced. The bill does not raise the drug stores or groceries, but it provides that one having a license to sell liquor shall not engage in any other business at the same place he sells the liquor. Among the other scores of bills offered the following are the most important. Act to require an annual appointment and accounting of the surplus or life insurance companies. Act prohibiting the manufacture and sale of cigarettes in this state and providing a severe punishment therefor. Act to prohibit the marriage of first and second cousins in this state. Act to prevent the crowding or overcrowding beyond their seating capacity of cars provided by railroad companies for the transportation of passengers, and to prevent any increase in rates now in effect or the withdrawal of certain tickets in retaliation. Act providing for the teaching of the elements of agriculture in the public schools of the state. Act amending the election law by providing that hereafter the ballots shall have no party emblems on them. Act giving the landlord a superior lien on the tenant's crop for the money advanced to raise the crop, the lien to be superior to all other liens for one year.

Governor Willson has sent a special message to the legislature on the subject of better schools and a more advanced system of education. He says there is a general movement all over the state for better teachers, better teaching, better schools, better school-houses, longer school terms, and half-paid teachers. First-class normal schools to train teachers, and a complete change in the whole school system to bring it up to the best modern methods. To carry out these ideas he suggests that a commission be provided for, composed of the governor, superintendent of public instruction, one senator, one representative, one lady to be chosen by the Federation of Women's clubs, the president of the state university, the presidents of the two normal schools, one superintendent of county schools, and one superintendent of city schools, all to be selected by the governor. Several of those specifically named. The duty of this commission will be to investigate our school system and to report to the next general assembly a report embodying recommendations and suggestions as to needed changes in our school system. A bill proposing to create said commission has already been introduced in the senate by Senator Rives and it will likely be passed and become a law if the senatorial race does not block all legislation.

Senator R. B. Brown of Gallatin county has introduced one of the most remarkable bills of the session, and while it is not likely to become a law, it is an index of the determined fight the tobacco growers are making to increase the price of tobacco by growing no crop at all this year. Senator Brown's bill provides that before it shall be lawful for any farmer to raise a crop of tobacco this year, he shall first procure a license to do so from the county clerk, and the price to be charged for said license shall be \$50 for each acre of tobacco proposed to be raised.

The new statehouse is nearing completion, and from the outside perspective it is a most magnificent building. The contractors have notified the commissioners that they will complete their work by May 15, and then the furnishing with desks, carpets and other necessary articles can begin if the present legislature makes an appropriation for that purpose. The building presents a splendid view from all parts of Frankfort and will, it is expected, be a source of pride to every Kentuckian as he sees it rising through the city on the train. It is the only real first-class statehouse that Kentucky has ever had, and the only mistake was made in not building twenty-five years ago.
