

Mr. Z. T. Young, County Attorney of Rowan, on the 7th inst., while returning to Morehead from a business trip in the county, was fired upon twice from ambush by unknown parties, the first shot taking effect in his right shoulder and passing through his right breast. The wound it is thought will not be fatal. It is supposed the shots were fired by friends of the late John Martin as Young was accused by them of favoring Tolliver's side in the late difficulties between the two factions.
