

THE ROWAN COUNTY NEWS

VOLUME NO. OLD SERIES NO. 40; NEW SERIES NO. 18 MOREHEAD, KENTUCKY, THURSDAY, APRIL 18, 1935 NUMBER XVI

PROMINENT MEN

During the past six months Morehead has lost more than her share of good citizens and men prominent in the community life and affairs.

Last October, A. L. Miller, prominent in the business life of the community for many years died suddenly of a heart attack. During the past several years he was interested in the insurance business. His family has been prominent for many years both socially and in a community way in the advancement of the city.

Only a short time later Guy Snyder died at his home here. Mr. Snyder has always been regarded as one of Morehead's first citizens, prominent resources of the section, builder of in the development of the natural the Morehead and North Fork Railroad, a constructive citizen whose chief and only aim was the future prosperity and growth of his adopted city.

A few weeks ago, Judge Allie W. Young, then when young, Kentucky or the entire state has never produced a more brilliant statesman, died following an illness of several weeks. His loss, as need not be said, was a community tragedy of the first rank.

And this week, another prominent man, a good citizen, an upright character died and was buried, Mr. C. U. Waltz. Mr. Waltz, as Mr. Hatcher said, the average citizen, the type of man on whom the foundation of the government and the future welfare of the nation rests. An honest man, with honest ideals, a faithful man, faithful to his neighbors and to his family. A loyal man, true to the truth and his family and neighbors and friends.

After all, what greater tribute could be paid to any man, than to be able honestly to say that he was that type of man, a part of the staff of the earth.

WEATHER OR WHAT?

It certainly has appeared in the past few weeks and months and years that the entire world has gone haywire. Seasons have been reversed, droughts have come, floods have visited us, depressions have hit us between the eyes, and apparently the world is again on the verge of chaos equal if not greater than the period from 1914 to 1918.

Kansas, Nebraska, Oklahoma and the Dakotas, the bread basket of America, the most fertile wheat section of the country has been practically denuded of soil as well as vegetation this spring in dust storms whose equals have never been heard of much less seen. And while the poor farmers of that section have seen their entire existence blown away in whirling spirals of dust, farmers in this section have seen equally disastrous floods wipe out their farms and their earnings and work.

There is little question but that the upheavals of nature have actually done more to retard progress toward recovery, than the government using its best efforts has been able to overcome.

It looks like a problem beyond governments, and one which the heavens themselves will have to solve.

41 APPLY FOR TOBACCO BASE

The Special Base Tobacco contracts the final date for the signing of which expired on Monday of this week, resulted in 41 signers making application for the special base contracts. The contracts involved 66.3 acres of tobacco land and a total of 31,732 pounds of tobacco. According to the contracts they will be permitted to plant approximately 60 per cent of the former crop.

CHURCHES WILL HOLD SUNRISE SERVICE EASTER

Christian And Methodist To Greet Morn With Solenn Services

Easter Sunday, the greatest day of the Christian world, together with Christmas, will be fittingly observed in the local churches according to announcements appearing in this issue of the News. While some of the church organizations are not planning special services, they will all direct their attention to the theme of the day, the Resurrection of Christ from the dead.

Beginning at Sunrise, the members of the Methodist Church and the Christian Church will each hold a sunrise and prayer service. The Methodist service will be held at 6:00 while the Christian service will be held at the Christian church at 6:30 a. m. The sunrise service has come to be an institution in this city and is always well attended.

No particular program has been announced relative to the service at the Christian Church, other than that it will be a sunrise prayer service. At the Methodist Church the service will be featured by numbers by the College Quartette and by a Brass Quartette.

As the revival is going on at the Baptist Church no special Easter services have been arranged. However, Rev. B. H. Kasez states that all the services will be based on the fundamental fact of the meaning of the day to Christians.

No special services have been announced for the Church of God. Rev. Lyons is holding a revival at Rockville.

Knights Templar To Be At Service

An unusual feature of the Easter Service at the Methodist Church here Sunday will be the attendance of the Montgomery Commandery, Knights Templar.

The service which will include the special Templar service approved and adopted by the Kentucky Council, will begin at 11:00 a. m.

Knights from both Ashland and Mayville will also be in attendance, although the lodges will not be present as a whole, since many of them wish to attend services at their local churches. It is expected that a large crowd of Masons as well will be present at the services, and all local Masons are invited to attend.

Music for the services will be under the direction of Prof. M. E. George.

The service is said to be one of beauty, dignity and great reverence and is well worthy of attendance by those who do not belong to the Masonic fraternity. It is certainly of interest to those who do belong.

SAMMY TO BE AT MAYSVILLE

Sammy, the Educated Ape, will be at the Maysville Roller Rink for two days, Friday and Saturday, April 19 and 20 with 3 performances daily.

This celebrated attraction was the sensation at the World's Fair, Chicago, and starred in several moving pictures in Hollywood, Cal. This is his first showing in Maysville and will be a long remembered event.

Sammy is 6 years old, rides a bicycle, smokes, a marvel on roller skates, and acts with the manner and elegance of an English duke. Sammy will perform on Saturday afternoon at which time various groups will be photographed with Sammy as these guests. Evers studio has arranged to take these pictures. Children's admission 10 cents; Adults 25 cents.

All boys name beginning with Samuel bring school report cards and be admitted free.

CHURCH OF GOD TAKES LEAD IN GO-TO-SUNDAY-SCHOOL DAYS

The second in the series of Go-to-Sunday-School Days made a hard fight last Sunday to overcome the unusually low records of the Sunday before which was mainly due to bad weather. Vacation days at the college tended to weaken the effort of last Sunday, although the records in the various Sunday Schools were somewhat higher than the previous Sunday. The day was especially emphasized as Family Day, on which whole families were urged to attend in a body.

The Church of God took the lead both in attendance and Bible reading, having 116 present and 46 reported, having read the Book of Romans, a total of 720 chapters. There were six families reported present, the largest having seven members.

The Christian Church came second in attendance with 108 present and reported Bible readings totaling 350 chapters. The Methodists followed with 78 present and 597 chapters read. The Baptists found a new low for these special days with an attendance of 71. No whole families were present and Bible readings were not accurately reported.

Special notes on the Methodist Church are as follows: The largest family present that of J. L. Boggress, included 7 members. There were 28 Bibles present. Mrs. Martin, age 83, was the oldest attendant. There seemed to be some misunderstanding as to the correct Bible readings for last week, some thinking it to be the Acts and others the Book of Romans. Let those who read the one read the other for this week.

Next Sunday will be Friend's Day at which time every Sunday school attendant should invite his or her friends.

More Licenses To Wed Last Year

The marriage mill of Rowan county, conducted under the auspices of Vernon Alfrey, County Clerk, who issues the licenses to all and sundry who apply, has apparently suffered more from the depression so far this year than in the worst years of the past, if judgment may be rendered from the number of licenses to wed issued up to the present moment.

Thus far this year, Mr. Alfrey has issued only fifty three marriage licenses in the period dating from January 1 to April 18, today. Last year at this time he had already issued 184 licenses to men and women by issuing twenty six licenses in the same period.

This is almost a third more than has been issued to date this year. Just by way of comparison, it seems from the records that the boys have gone into the purchase of automobile licenses rather than marriage licenses. At the present time this year, 574 automobile licenses have been issued by the County Court Clerk's office. Last year at this time he had issued 532 auto licenses. This year's truck licenses number 117 while last year they numbered 95.

J. W. RILEY MAY RUN FOR STATE SENATOR

Judge J. W. Riley, is according to his friends seriously considering their invitation to become a candidate for the office of State Senator to succeed Judge Allie W. Young. Judge Riley has not yet consented to say if his name to appear on the ballots.

Rev. L. S. Gaines Opens Revival

"The Face of Jesus" was the subject from which the evangelist Louis S. Gaines spoke last night at the opening service of the Revival meeting which began at the Baptist Church. A goodly number greeted him on this opening night and the interest was intense. The church was well represented in its membership, a matter which brought encouragement to those in charge of the meeting.

Rev. Gaines made a study of the face of Jesus as noted on different occasions of His life, beginning with the Radiant Face, as spoken of in the scriptures. He followed Him through the changing scenes of His life, such as scenes in the temple at the age of twelve, the various scenes where compassion was especially manifest in His countenance, the set face which turned Him toward Jerusalem and crucifixion, the expression He wore before Pilate, on the Cross, at the resurrection, and in His ascended glory. The study brought to the listeners an intimate portrayal of the Christ and impressed them with a deepened vision of Him.

C. U. WALTZ, PROMINENT LUMBER MAN DIES HUNTINGTON HOSPITAL FOLLOWING FIVE WEEKS' ILLNESS

Was Born In Rowan County And Spent Entire Life As Resident

FUNERAL HELD TUESDAY

Following an illness of five weeks, Mr. Charles U. Waltz died early Sunday morning at the C. and O. hospital in Huntington. Funeral services were held Tuesday afternoon at 3:00 o'clock from the Christian Church, with Rev. J. W. Hatcher, former pastor and intimate friend of the Waltz family, preaching the sermon. Burial was made in the cemetery.

Mr. Waltz, who was one of Morehead's best citizens, was taken suddenly ill while visiting at his home here over the week end. He was preparing to return to his work at Richmond, Va., when he was attacked with apparent paralysis and was confined to his bed here for some time. Later he was taken to Huntington where he entered the C. and O. hospital. After a period of rest and examination it was decided to operate on him for gall stones. It was found then that he was suffering from hardening of the liver and physicians held out no hope for his recovery. On Wednesday of last week his family was summoned to Huntington and he grew gradually worse until his death early Sunday morning.

Mr. Chas. U. Waltz was born in Cranston on March 26, 1879. He was the son of J. L. Waltz and Lucy Logan Waltz. In 1908 he came to Morehead where he dealt in timber, specializing in the tie business. In 1901 he was united in marriage to Miss Ora Wheatley on January 24. He moved to Farmers where for eleven years he was connected with the Wheeler-Holden Tie Company. In 1907 he moved with his family to Morehead where they have since resided.

For the past sixteen years he has been connected with the C. and O. Railway Company in the capacity of the inspector. A great deal of his time has been spent away from home in the course of his work.

Mr. Waltz is survived by his wife, Mrs. Ora Waltz and by five children, four of whom are Mrs. Batts, Mr. Wilford Waltz, Mrs. Ernest Jayne, Miss Mildred Waltz and Miss Aline Waltz. He is also survived by two grandsons, Don and Bill Batts.

In addition to his immediate family he is survived by five brothers.

Will Rogers Picks A Story For This Spot

By WILL ROGERS

THERE was a guy that was a straggler to be a preacher or a lawyer or something, and he wasn't so bright as he might have been.

He came to examination time, and all the long words of the unusual ones got him tangled up. But he generally could explain it all right, when he was called up by the profs that wanted to find out what made him so dumb.

There was a question about Job, and this guy wrote down that Job was a rich guy before he was a beggar, and the profs couldn't give him anything on that till he proved it to 'em. "What do you mean that in this here Job guy had scads of dough?"

Now, I reckon that guy will get out to be a lawyer, so he can cite the book for authority.

Eads To Pitch For Local Team

The Morehead baseball team will trot an entirely new pitcher to grace his paces in Sunday's game, according to an announcement made today by Claude Clayton, manager. He will be none other than Arthur Eads, who last year hurled himself to fame in the Lonesome Pine League, while pitching for Jenkins. Eads comes to Morehead with several years of baseball in his system, from Jenkins. Fans who saw the leading pitcher in the league last year. In 1932 he won seventeen games and lost only three for the Lexington Eppings. Before that he was with the Huntington club of the Middle Atlantic League and before that with the Chattanooga team of the Southern Association.

METHODIST CONFERENCE TO BE HELD AT PARIS, KY.

The District Conference of the Mayville, District will convene at Paris, Ky., April 23-24 for its yearly meeting. Mr. Dudley Caudill and Mrs. Leira B. Hurt are delegates; Mr. and Mrs. C. P. Caudill are alternates.

REGULAR BASE TOBACCO CONTRACTS INCREASED

Up to the present time 55 new signers have made application for the regular base tobacco contracts bringing the total of regular base tobacco contracts to 288. The base amount of tobacco involved in the contracts is approximately 300,000 pounds.

Morehead Women In President's Race

A race of peculiar interest to Morehead developed at the seventeenth annual convention of the State P. T. A. being held in Owensboro this week when Mrs. B. W. Whitaker, of Frankfort and Mrs. P. D. Falls of this city were nominated as opponents for the office of president of the association. Both ladies are Moreheadians, as Mrs. Falls is the wife of Dr. J. D. Falls, of the Morehead State Teachers College and Mrs. Whitaker was formerly Miss Vivian Miller, a daughter of Mrs. A. L. Miller of this city, where she was born and where she lived for many years until her marriage.

Mrs. Whitaker was nominated by the committee on nomination as were all other nominees, Mrs. Falls was nominated from the floor of the convention after the committee on nominations had made its report. Mrs. Whitaker was the only one to which recommendation of the nominating committee to which exception was taken. The election took place Wednesday afternoon, too late however for the results to be published in the News.

S. M. R. Hurt Is Buried On Tues.

Mr. S. M. R. Hurt, former citizen of Morehead, passed away Saturday night at 10:20 in the Good Samaritan Hospital in Lexington where he had been for seven weeks. He had seemingly recovered from an operation for gall stones and went to Ashland to be with his sister, Mrs. C. M. Preston, while his mother, the last with the exception of his son, Hilsire, who is in college in Denver, Colorado.

The funeral which was attended by relatives and intimate friends was held in the Mt. Morehead Church at Paintsville, Ky., on Monday.

COLLEGE WINS THEATRE CASE

The final authority of the motion picture industry has handed down a decision in favor of the College Theatre in the complaint made against it by the Trimble Theatre of Mt. Sterling.

Early in January of this year Mr. Paul M. Hoover of the Trimble Theatre in Mt. Sterling filed a complaint with the Board of Trustees of the Board of the industry in Cincinnati against the College. This board handed down a decision unambiguously in favor of the Trimble's contending that the college was unfair competition to its establishment.

The College appealed from this (Continued On Page Six)

GIVEN FAVORABLE COMMENTS

The News has received many compliments from its subscribers relative to the editorial published last week commencing the cartoon published in a recent issue of the Courier-Journal.

It seems from the comment aroused that the average citizen is not in sympathy in any way with the attitude of the Courier-Journal. Neither are they in sympathy with the idea that because the service man asks for payment of what is justly his, that he is a monster who is attempting to take the bread out of the mouths of infants and widows.

"It was the best editorial we have read on the subject. I personally believe that the service man is entitled to everything he asks for and more."

"You hit the nail on the head. I noticed the cartoon when it was published and I want to endorse everything you said."

"I agree with you heartily on your editorial about the service men. If they would take some of the undeserving off of relief and pay that money to take care of their debt to the service men, I believe the country would be better off."

"Well you poured it on them, and they needed it. You said something that needed to be said."

"The above are just a few of the comments made since the editorial was published."

"Those comments mean a great deal to the News, because it restores our faith in the average citizen. It has gotten to be almost an established fact that the average citizen thinks the service man is a blood sucker, trying to get something from the government to which he is not entitled, and a man without conscience, a man completely selfish."

"As a matter of fact he is nothing of the sort. He has responsibilities that he must meet just as everyone else has such responsibilities. He feels that he would not only be giving the government money if he were to receive his compensation now, but he would be helping his neighbor by taking his family off relief and giving someone else a chance."

"He feels that the government is as much entitled to pay its debt to him as he is to pay his debts to his neighbors. He does not want the money for selfish reasons. He wants it to take care of his family and his obligations."

"Whether the so-called Bonus is paid or not at this time, we still maintain that no organ representing what-not, has the right to slur and insult the body of men who during the period of stress offered their all in the service of some of those who do not insult them."

CARS OR HOMES

Last week we ran into an editorial in the Sioux City Tribune that was so full of interesting figures that we are reproducing it for the benefit of our readers. The editorial concerning the buying of automobiles and the building of homes, says:

"Washington has generated a vast amount of steam on the housing question—with relatively small results. Washington's enthusiasm for home building does not seem to carry beyond the confines of some steamheated office."

"There must be a reason. What is it?"

"This year the American people have purchased 80 per cent more automobiles than they bought last year. No special effort was made to sell them. They wanted and needed new cars, felt they could spare the money or assume the obligation to pay for them and so they bought them."

"More people have had jobs, more money has been circulating this year, there has been a general feeling of greater security, yet there has been no appreciable increase in investment for permanent living. Why did they buy cars instead of homes?"

"Perhaps there is something in the record of the automobile industry for the building industry to ponder."

"Twenty-five years ago the average cost of an automobile was \$1,662. In 1934 the average cost per car is \$678. And the 1934 car is not to be compared with a 1909 model for beauty, durability, usefulness and cost of operation."

"In 1909 the average cost of a one-family house was \$2,173. In 1934 the average to date for a one-family house has been \$4,020."

"Granted that the 1934 house is a better structure from the standpoint of heating, insulation, plumbing, etc., than the 1909 building, the difference in cost cannot be attributed to that."

"It seems to this newspaper that the reason people buy cars and neglect homes lies in the fact that the automobile industry has put its product within the reach of the masses while home ownership has been put beyond the reach of the average family."

"The average family demands both a home and a motor car and first satisfies the want which can be filled without too great a strain on the family purse.
"and our own guess is that home building will continue to lag until family incomes are brought up to the point where they will support both homes and automobiles and that they will support both homes and automobiles and that until such time purchases of new cars will continue to exceed construction of homes."

NEWS FLASHES OF INTEREST

GREAT BRITAIN APPROVES FRANCE-RUSSIAN POLICY

Great Britain's approval of the Franco-Russian defensive military alliance if worked out within the framework of the League of Nations was disclosed Friday in the first authoritative statement of British policy since France's project was announced.

REGIONAL EUROPEAN PACTS TO BE AGREED UPON

France Friday agreed to refrain from asking the League of Nations council to condemn Germany in return for a British blessing on the French idea of regional European pacts within the framework of the league.

DROUGHT AND COLD AID TO THE SUFFERING

Crop damage estimates exceeding \$30,000,000, a seriously affected area of more than 15,000,000 acres and relief rolls carrying well above 20,000 families were figures which swirled with the dust out of the West and southwest.

UNITED STATES NAVY PLANS GREAT MANEUVERS

The sky, the waves, the ocean depths—where lurks the element of surprise often vital to naval victory? That is one of the fascinating questions involved in the greatest maneuvers the United States navy ever planned, which will be staged in the northern Pacific ocean May 3 to June 10.

The men who ride the clouds confidently expect to show that the most powerful defensive weapon of the United States is found in the wings of the navy. There will be approximately 400 airplanes and more than a thousand aviators out with the fleet to demonstrate this.

GOAL IS SET AT 750 TOTAL

A little stock-taking on the glamorous 20-year American League veteran Babe Ruth as he prepares to shift his big bat to the National League and perhaps starts another chapter in the saga of making life miserable for pitchers:

Baseball's all-time home run king has belted out 723 home runs—708 in pennant campaigning and 15 in world series warfare. The total is

just 27 shy of his life time goal of 750. Sixteen of the licks came with the bases loaded.

TAMMANY PLAN NEW REVOLT

Having defied President Roosevelt and Governor Lehman, Tammany planned a new revolt Friday against national and state administrations as the New York legislature turned to the Democratic proposal for congressional reappointment.

TO RELEASE FUNDS FOR AID TO THE WEST

Release of Federal relief funds for dust control work cheered residents of the midwest's drought area today as short crop reports influenced a sharp rise in the dollar-a-bushel mark at Chicago and silt clouds whipped up by spring winds spread afar.

Payment for tractor fuel—at the rate of 10 cents an acre—and the use of relief workers was authorized by Administrator Harry L. Hopkins in the relatively small affected region.

The federal funds and labor will be used on projects in Kansas, New Mexico, Texas, Colorado and Nebraska. Strip listing already is under way in Kansas, the project being financed by a previous \$250,000 allotment.

Seeking to withdraw arid areas from agricultural production, the Department of Agriculture projected a survey of the damage. Plans under consideration call for withdrawal of between 50,000,000 and 100,000,000 acres now in production for use for grazing, forest planting, recreation and wild life purposes.

MEANEST MAN PAVNS BOYS SHOES TO BUY LIQUOR

Accused of pawning his son's shoes to obtain money to buy liquor, Thomas Shouley of Evansville, Ind., was under sentence to serve six months on the state penitentiary and pay a fine of \$500.

Judge J. W. Spencer, Jr., imposed the sentence on a petit larceny charge. Shouley's wife testified Shouley pawned the shoes given their ten and twelve year old boys for township trustee and bought liquor.

She said she regained the shoes by ironing three hours for the wife of the pawnshop operator.

a few days with the Morehead Fire Department, giving them lectures and teaching them modern fire prevention and fire fighting methods.

APRIL 21, 1927 8 Years Ago

Many teachers from Rowan county are attending the K. E. A. in Louisville this week. The Kiwanis Club discussed the need for playgrounds for Morehead's young boys and girls, in their regular weekly meeting held Tuesday night.

Next week the winner of the Rowan County high school spelling contest, was awarded \$25 in cash and a trip to Louisville.

Next week beginning on Monday, April 25, the Western Amusement Company will play here throughout the week.

The marriage of Miss Hallie B. Davis to Mr. James V. Baumstark was solemnized at the parsonage of the Methodist church in Georgetown, Ky., Sunday afternoon at 4:30 o'clock. The ceremony was witnessed by Miss Vella Waltz and Ernest Jayne of this city.

Mye Ava Alfrey was quietly married to Mr. Lester Caskey Wednesday afternoon at the Methodist parsonage in this city.

Morehead State Normal takes two trips from Union College; State Normal boys hit hard. Moore pitched good ball Friday—holding Union College to six scattered hits. Next games on schedule will be played in Louisville with Murray State Normal.

"Mike," 6-year-old son of Mr. and Mrs. Virgil Flood, suffered the misfortune of losing his right eye last Saturday while playing with a sling shot.

How's Business

EASTER BUSINESS

Two months of rain and bad weather proved to be the most discouraging thing that has happened to the Easter business in several seasons. Merchants have been finding themselves stocked up with spring merchandise with no buyers. The result has been that Morehead merchants, in common with merchants over the country, are decidedly worried over the prospects. Fortunately most of the local merchants were late in buying their Easter stocks, so that while their business has been far below nor-

mal, they are not "stuck" to any great extent with unseasonable goods.

With a few days of sunshine, however, there are still possibilities for a fair Easter trade.

WORK PROGRAM

Prospects are fairly good here for a good business this summer, if the plans being made for building and extensive improvements bear the fruit expected.

In a short period work is expected to begin on the construction of the power, heat and light plant for the Morehead State Teachers College. This will undoubtedly furnish work to a good many who are in need of employment. Work on this building should last well into the fall.

Considerable building expansion seems to be taking place, which is also certain to relieve the unemployment situation by natural means.

If the city is able to carry out its plan to install a gas system, a fact which will be determined in a few weeks at the outside, further work should be offered that will take care of the local situation in excellent fashion.

The county work situation appears to have been taken care of through the activities of County Judge Charles E. Jennings and Dixon Shouse who have been busy working out and submitting new work relief projects in various parts of the county. According to the figures given out, work has already been supplied to over six hundred men.

News of Yester - Year FROM THE FILES OF THE "NEWS"

Five Years April, 1930

John Howard Payne will be officially inaugurated as the president of the Morehead State Teachers College next Friday, May 2.

Morehead's annual Clean-Up and Paint-Up season officially on Monday of this week, following the proclamation of Hizzoner, Mayor H. L. Wilson, and according to the ent and continuous cleanup, proclamation it will be a permanent feature.

An announcement has been made that the graduation exercises of the Morehead High School will be held on May 21.

Mrs. C. U. Waltz was elected president of the Morehead Women's Club last Monday evening at a meeting that took place at the home of Mrs. H. L. Wilson. Mrs. Waltz succeeds Mrs. Arthur Hogge. Mr. Hardin passed away April 11, at his home in Bangor, after an illness of four weeks duration.

New Dean arrives at the home of Dean and Mrs. W. H. Vaughan. Dean William H. Vaughan, Jr., is the title.

Mr. and Mrs. "Dub" Bellamy were made happy on Tuesday night of this week by the arrival of a baby girl weighing 8 1/2 pounds.

APRIL 19, 1934 - 1 Year Ago

The Board of Regents elects for the ensuing year: Miss Ann Danner was selected yesterday by a faculty committee of the M. S. T. C. to represent the institution at the annual mountain laurel and rhododendron festival at

Pineville. Local fisherman report fine catches in Northfork Creek.

APRIL, 1932 Three Years Ago

"After You I'm Next," is the title of the play which will be presented by the Morehead Public School Seniors, in the near future. Blue Ribbon children to get awards for being physically perfect at a program on May 1.

The Revival at the Methodist church, which opened Sunday and is attracting large crowds, is attracting large crowds. The telephone trust belonging to the Kentucky Telephone Company was stolen from its parking place at Blair's corner on Fairbanks Avenue on Tuesday evening, April 25.

Next Monday evening, April 25, at 7:30 Eastern Standard Time, the Honorable Fred M. Vinson, member of the Ways and Means Committee of the house of representatives for the Ninth Kentucky District will go on the air over the Alexandria Station WJVS, located at Mt. Vernon Hills, Virginia.

Donald Battson, son of Mr. and Mrs. Hartley Battson, "enjoyed" a week of misadventure last week that began Wednesday afternoon when he fell in the hay pond at the State Teachers College, and ended Friday when he had a pea extracted from his nose.

At the invitation of the city officials, Captain S. G. Binder, Fire Department Instructor for the Kentucky Actuarial Bureau, is spending

KENTUCKY POWER & LIGHT COMPANY
Incorporated
E. E. CURTIS, MANAGER

COUNTY PAYS TAX

(Continued From Page One)

dollars revenue to the state. Rowan county, he stated, was probably one of the smallest counties in the state so far as revenue from occupational taxes is concerned. Yet the business men of this county who pay the tax, donate a sum in excess of \$2500 to the state each year in this way. There are 120 counties in the state, every one of which pays at least as much as Rowan and most of which pay far more. Jefferson, Fayette, Kenton and many others, are examples. The gross result is that the state reaps a nice revenue from the

counties on this tax alone.

Mr. Alfrey suggested that many of the firms of the county would save both themselves expense and him considerable trouble if they would keep in mind the dates on which their licenses expire and pay them up on those days. If they are permitted to lapse even one day he is obliged to tack on the penalty of 20 per cent.

C. U. WALTZ DIES

and one sister. They are D. M. Waltz, Salt Lick, Ky.; B. H. Waltz, Pratt, Kansas; Russell L. Waltz, Cranston, Ky.; G. W. Waltz, Hildeman, Ky.; M. A. Waltz, Omar,

West Virginia, and Mrs. Dora Davis, Cranston, Ky.

Funeral services were conducted by Dr. G. H. Fern, pastor of the Christian Church here, who opened the service and by Rev. J. W. Hatcher, former president of the old Normal School and pastor of the Christian church sixteen years ago. Mr. Hatcher in his sermon paid honest tribute to the character of Mr. Waltz, a tribute that was well deserved and greatly appreciated.

S. M. R. HURT BURIAL

(Continued From Page One)

day afternoon, April 15th. He was laid to rest beside his mother in the Mayo Cemetery which is situated on a beautiful high knoll overlooking the town of Paintsville.

Mr. Hurt was a gentleman of fine Christian character and high scholarly attainments, holding degrees from Vanderbilt University, and Kentucky University.

While he made no great financial success as is often the case with a scholar and thinker, his friends agree that the world is a brighter and better place, because he lived here for a while. He will be sadly missed not only by his family, but by many friends all over the Eastern and Central part of Kentucky.

(Contributed)

BAPTIST REVIVAL

(Continued From Page One.)

The evangelist is pastor of the First Baptist Church, Lexington, N. C., and has held several pastorates in Kentucky in former years. He is firm in the old faith, a gospel preacher of recognized ability, and is much in demand for evangelistic meetings. He will speak every day at 2:30 and in the evening at 7:15. The public is urged to attend every service.

The music is in charge of the local pastor, B. H. Kasee, and he together with Mr. Gaines, who is a good singer, will bring frequent gospel messages in song.

GREAT EASTER SERVICES

Easter services will begin Sunday at the First Christian church with a Sunrise Prayer Service at 6:30 A. M. Last year this was one of the outstanding services of the day. A big attendance is expected this year. The service lasts thirty minutes.

A big unified Bible school and church service will begin at 9:45 A. M. and close at 11:45 A. M. This will be the big service of the day. The automobile race in the Bible class is in an exciting stage and Sunday will be one of the biggest races of the entire contest. A special Gospel invitation will be given at this service for boys and girls and men and women to make "the good confession" and also take

membership with the church. A number of additions are expected. The membership and friends of the church have been urged to make this the greatest day in years. Another special feature of the service will be a consecrated offering in recognition of what Christ did in His death and resurrection. There will be no night service.

Resolutions

The Rowan County Medical Society at its regular meeting last week passed a resolution to place their support of the program as set out in the Whitley County Society letter. Dr. A. W. Adkins of Morehead was appointed delegate to attend the meeting at Louisville, The Whitley County Society letter follows. "The Whitley County Medical Society met this date in the office of Dr. C. A. Moss. It was the opinion of the Society that the present deplorable conditions connected with medical relief work needed immediate attention at that the best way to secure that would be for each county medical society to select a delegate and all meet in Louisville in the future and go over the matter with Mr. Goodman, State Director of Relief. Date suggested April 15 as that all societies in the state may have time to be notified. Dr. L. L. Terrell and Dr. Wm. Cox of Corbin were selected as delegates to represent Whitley county. It was further recommended that doctors receive in relief cases 80 percent present fees they have received, and that where necessary in the opinion of the attending physician fees be allowed for one call by a doctor in consultation. The present fees allowed here \$25.00 for confinement cases; \$3.00 day calls city limits; \$5.00 night calls, city limits; \$2.00 office calls; \$3.00 plus mileage to country; \$10.00 This society is in favor of 80 percent of hospital fees being paid in those emergency and operation cases which have to go to the hospitals, in the past this class of case which needed help have had none. The medical profession can see no reason why they should be discriminated against; the relief pays the druggist and the groceryman full price for their services. The medical profession does more charity than all other classes combined; and does an immense amount of charity work for those not on relief roles. This medical profession objects to being dictated to and told how to practice medicine; how many calls to make and what kind of medicine to prescribe; they feel that these charity cases should have the same good attention they give their best paying patients. One woman in childbirth may need 20 calls and another may not even have a doctor and return to normal health in a few days. We also favor the medical profession handling medical relief in Kentucky; we are further in favor of appointing a doctor to handle medical relief in Kentucky and of having a doctor to assist Mr. Goodman as Medical Director of Relief in Kentucky, in the administration of medical relief. Also our society is in favor of each county medical society appointing three doctors as a committee on medical relief in each county. We further favor of having a nurse secretary who is a resident of the county for which she is appointed, to be selected and approved by the medical society. Said nurse may be removed with or without cause by a majority vote of the county medical society. We feel that the people of Kentucky have suffered from the present system of medical relief and that the doctors of Kentucky as entitled to as much remuneration as the doctors of Ohio, New Jersey or other states. Roads are bad here and our expenses are higher than they would be in the large cities. Be it resolved that copies of this letter be sent to Mr. Goodman, Relief Administration. Senator A. W. Barkley, Senator M. M. Logan, and the following representatives: Voris Gregory, Glover Cary, Emmett O'Neill, Capt. R. Carden, Brent R. Spence, Virgil Chapman, Fred Vinson, A. J. May, and J. M. Robison. Also a copy to each county medical society in the state. Signed, Dr. L. L. Terrell, Pres. P. S. It is suggested that every doctor in the state write all senators and representatives on this matter at once.

4-H CLUB NEWS
The Hustlers 4-H Club had their regular monthly meeting Tuesday April 9th, at 1:30 p. m. Due to high water and bad roads the group did not meet at the Johnson school house, which is the appointed place, but met at the home of Mrs. J. T. Redwine, on the highway. Several members were handicapped by weather conditions but the ones that were lucky enough to get there enjoyed them selves. The meeting was called to order by Opal Litton, acting president, Opal is secretary of the club, but acts as president while Hazel Stidom the president of the club is in school. The program was as follows: Roll was called by Thelma Stidom acting secretary. Two songs were sung: "The More We Get Together", and "Boast For Our Club Work". The club pledge was repeated by all. A reading by Lucille Litton, reports on last sewing, and foods meeting by project captains. A report by Irene Kidd on "What I Like Best in First Unit". The club yell was led by Lucille Litton. The next meeting will be the 2nd Tuesday in May at 1:00 o'clock, p. m. May 14th at the Johnson school house. The regular foods project meeting will be at the home of Mrs. C. R. Redwine, project Leader Saturday at 1:30 p. m. April 13.

THEATRE CASE
(Continued From Page One)
decision of the Cincinnati Board to the final Code Authority in New York City. Early in March Professor E. V. Hollis appeared before the Code Authority in New York in behalf of the College. The Trimble was also represented in person by Mr. Hooven. On April 4th the decision has handed down which in its essential parts said: "The Code Authority is of the opinion that the respondent is not in competition with the complainant. The Local Board is hereby reversed with the direction that the file service of the respondent shall not be interfered with by any restriction of limitation by the Local Board." So far as this case is concerned the fight is all over. The future policies of the College Theatre are again back in the hands of the Board of Regents of the College. Active management will continue in the hands of President John Howard Payne, Professor J. G. Black and Professor E. V. Hollis.

Lady's Painful Trouble Helped By Cardui
Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drug around, so sluggish and de-lus. My mother, de-lus me on Cardui. I began to feel better. That tired, sluggish feeling was gone and the pain to my Cardui. I began to feel better. I did too highly because I know it helped me." If Cardui does not help YOU, consult a physician.

KENTUCKY STATE LEAGUE SEASON OPENS

Two Games Postponed Sunday Because Of Wet Grounds; Full Schedule To Be Played Easter

Owingsville Trims Flemingsburg 2-1, In Twelve Inning Thriller

Owingsville, playing their first league game of the season performed almost in midseason form to defeat the mighty team from Flemingsburg, 2 to 1 in a twelve inning game that had the spectators on their toes throughout the battle. The game proved to be a pitchers battle between Feaback and Rhodes for Owingsville and the Stumbo boys of Flemington. Feaback and Rhodes each struck out seven Flemings while the Stumbo boys ended up with six and two to their credit.

Owingsville scored in the sixth and twelfth while the Flemings tallied in the seventh. Owingsville made six hits two runs and one error while Flemingsburg made eight hits and one error.

The other two games of the league scheduled for Sunday were postponed, Mayville-Paris and Vanceburg-Brooksville.

Next Sunday's bill includes games as follows: Mayville vs. Vanceburg at Mayville; Mt. Sterling vs. Brooksville at Brooksville; Owingsville vs. Morehead at Morehead; and Paris at Flemingsburg.

Schedule For Boys' Team Announced

Second Year Of Activity In Baseball; Sees League Organized

The Junior Baseball Team, which is largely composed of boys from the Training School, announces the following schedule for this spring. This is the second season for the team. Last year they had no regular schedule and there were only four teams in the league. Mt. Sterling and Morehead had the best record. The two new teams added for this year are Bethel and Sharpburg. The Morehead team is looking forward to a successful season.

Five Game Schedule Ready For College

At last it has been definitely decided to offer a college baseball schedule during the month of May. Coach G. D. Downing, who has been working on the program for several weeks has succeeded in arranging for a schedule of five games, all of which will be played during the next month. He is planning on adding two more games to the five game schedule providing he can line up suitable teams and dates.

Morehead college, in common with the majority of the other colleges of the state discontinued college baseball several years ago. There has however been a rather insistent demand for a few games and a short schedule, both among the students and among the fans. Morehead for years was a top-knicker in the sport and the material is still here to be used.

The Eagles, who during the baseball season will be known as the College Independents, not playing under the S. I. A. A. rules, will meet similar teams from Eastern, Transylvania and Kentucky Wesleyan. Two games have been scheduled with Eastern, two with Kentucky Wesleyan and one with Transylvania. Eastern and Wesleyan will meet the Eagles here and in return games at Richmond and Winchester. Transy will play here.

Scrimmages To Be Held Next Week

The spring football practices, following a brief rest induced by spring vacation, resumed Tuesday of this week and will continue until April 29.

Due to the rainy weather, no scrimmages have yet been held, the boys taking their practice in fundamentals, blocking, tackling and running. Coach Downing has arranged, however to hold two scrimmages each week for the next two weeks. The squad will be divided into teams. The first scrimmage was held yesterday and the next will be held Friday. The same schedule will prevail next week, with scrimmages on Wednesday and Friday. The public and fans are invited to attend the work outs.

"The Home, Boys"

It was a great day for the opening game of the Kentucky State League Sunday, a sort of celebration for the first sunshine day in almost two months. In spite of the sunshine however it was not so hot, especially from the viewpoint of the Morehead team. The boys were clearly off, showed bad form and could not get under way. They showed the effects of a bad winter.

Apparently the weakness of the locals is chiefly in the box. Of course it may be and probably is a bit early to form an opinion as the boys have not worked out and certainly did not have their arms in condition. Barlow should work into a better condition than he showed Sunday. Dale considering the handicap he was in under made a fairly good showing.

Glaude Clayton and Bob Day are "requested". They say their education is just beginning. The big thing they have already learned is that it takes money to run a baseball team. Naturally the boys have no money to spend financing a baseball team for the pleasure of the fans. They are trying to work out a simple plan of financing that will not place a burden on anyone and will at the same time provide ample revenue to take care of the necessary expenses involved.

It is a matter for the men of Morehead who are interested in baseball to solve. The question is simply this, "Does Morehead want a baseball team this year?" It is a simple question and one that can easily be answered. If Morehead does want a baseball team this year, the business men will have to get behind the boys with some finances. It is true that the experience of

the past two seasons rather soured many of the best backers of the club. Last year, with a poor organization to start, the team practically disbanded after one or two games, to be revived when the business men got behind it with real money. We happen to know that in several instances it cost individuals as high as \$75.00 for the season. That is entirely too much to invest in anything as unstable as baseball, even for a dyed in the wool fan. They just can't see how they are going to reap that much benefit from the show.

The boys are now working on a simpler plan which, if they can complete it will not place a burden on anyone supporter but will scatter it so that no one will be punished. They are attempting to get fifty men to agree to put up \$2.00 each during the playing season. This together with the gate receipts will, they believe, finance the club. They already have several men who have agreed to kick in with two bucks. Anyone else, please?

And Tuesday proved to be a great day for the opener of the Major League season. Several of the local fans were planning on making the trip to Cincinnati to see the Reds in their opener. However the snow storm put a decided crimp in their plans.

Morehead plays Owingsville here Sunday. Owingsville trimmed Flemingsburg 2 to 1 in a twelve inning game last Sunday and are apparently ready to take on all comers. It is possible that Morehead is due for another sad homecoming. However the boys should be able to get going before long and with the set-up they have should be able to show somebody something.

Arrange To Hold Coaching School

Plans are in process of making at the Morehead State Teachers College at present to hold a coaching school under the auspices of the athletic department, during the first summer term. Nothing definite has as yet been decided, as the time the school is to be held depends largely on whether or not the prospective instructors can arrange their present work to avoid conflict.

If the school is held and arrangements are made, Coach Adolph Rupp, basketball mentor at the University of Kentucky will have charge of instruction in basketball. Coach Downing is corresponding with "B" McMillan, football coach at Indiana University, and famous All-American from the Nationally known Centre College team, with a view to putting him in charge of the football department.

If the arrangements can be completed, there is no doubt, but that Morehead will see one of the best and highest class coaching schools of offered by any college in the state.

K.I.C.A. Tourney At Bowling Green

Coach G. D. Downing, while in Louisville last week attended the annual meeting of the K. I. A. C. a conference composed of the colleges in the state belonging to the S. I. A. A. Basketball tournament in Bowling Green next year. Bowling Green had the tournament last year and were such perfect hosts that the conference decided to accept their invitation again.

The conference decided also to hold the annual spring track and field meet at Berea this spring. White Morehead has never entered into this department of sports, due to the lack of equipment and grounds Coach Downing is planning on working out a few prospects in the field events, such as the shot put, broad jump, and so forth. If the material gives any promise he expects to enter a few men in the field events as an opener to the development of the sport in this college.

Morehead Bows To Mt. Sterling In League Opener Sunday; Poor Pitching Takes Toll 9 To 4

Toughest Basketball Sched In State Ready

The basketball schedule at the Morehead State Teachers College has been definitely completed, and without question is the heaviest schedule that has ever been offered the local fans. With the final signing of the contract with Western, Coach Downing has arranged games with every S. I. A. A. team in Kentucky. It is the first time in the history of basketball in Morehead that the local team has had an opportunity to play every S. I. A. A. team in the state before meeting them in the tournament.

Incidentally, local fans are in for a decided treat, as every college team in the state will meet the Eagles on the home floor. It is not often that the followers of the Eagles have an opportunity to see these teams in action. This year, however, the local fans will be offered ten home games as against seven away.

Western is the team that has eliminated the Eagles in both tournaments, two years ago at Louisville and last year at Bowling Green. In both instances the games were tight and in at least one the Eagles deserved to win.

Coach Downing declared that in his opinion he was offering the local fans a real basketball menu, the most difficult that any team in the state is attempting.

E. K. Loop To Meet Thursday

The Eastern Kentucky High School Conference, of which E. B. Whalin, superintendent of the Race land schools is president, will hold its second spring meeting in the Ashland Independent office Thursday night at 7:30.

The Conference was organized a few weeks ago, and Thursday's meeting set at that time to complete organization and draw up schedules for the 1935 football season.

Charter members are Catlettsburg, Russell, Racedale, Greenup, Boyd Co., Olive Hill and Morehead High.

Louisia High, which already has booked four games with charter members, will apply for admission Thursday night.

Special invitations have been extended to Breckinridge High of Morehead, Vanceburg and Grayson. It is not believed that Breck will be able to qualify since the school probably will not have a football team. No reply has come from either of the other schools.

Loose Playing On Locals' Part Gives Blue Grass Team 9-4 Decision

The Morehead Champions looked rather like tall-enders in the season's opener at Mt. Sterling Sunday where they dropped their first attempt to repeat in the 1935 pennant chase by a 9-4 decision. The decision depended largely on the quality of pitching. Morehead taking the weaker end.

Barlow opened for Morehead and lasted four innings. By that time Mt. Sterling had the game in the bag with ten hits and seven runs. Barlow got relief and Dale went in with two downs and two on. He finished the game allowing two hits and two runs.

The locals played sloppy ball making three errors which combined with the batting error indulged in by Mt. Sterling piled up the total.

Morehead gathered eleven hits off the delivery of Rhodes but they were well scattered and the glibbed fielding of the Mt. Sterling team, held the locals to four runs. It was the first game of the year and the locals had hardly gotten organized. They had held no practices and their pitching appeared to be weak.

Morehead Club Is Postponed

The meeting of the Morehead Women's Club was postponed this week because of the death of Mr. C. U. Waltz. Mrs. Clarke Edzie will be hostess to the club next Monday evening. The meeting will be assisted by Mrs. A. W. Young, Miss Majorie Eaham, Miss Virginia Conroy, Mrs. M. E. George and Mrs. D. M. Holbrook. Mrs. Mildred Williams will be the coming year's officers for the coming year will be elected at this session, which is the final meeting of the club for this year.

Rowan Club Elects Officers

The regular business session of the Rowan County Woman's Club met Tuesday evening at the home of Mrs. E. D. Patton, for the election of officers for the coming year. Mrs. B. L. Hoke was elected president. She will succeed Mrs. Mildred Silver to this office. The other officers elected were: Mrs. Virgil Wolford, Secretary; Miss Mary Caudill, Treasurer; Miss Eugenia Nave, Secretary, and Correspondent. The annual report of the club was made out at this meeting and will be published next week. The next meeting of the club will be a social meeting at the home of Mrs. Otto Carr, the date has not as yet been decided.

Day-Caudill Announce Marriage

Miss Olive Day was united in marriage to Mr. Dudley Caudill on March 15, according to an announcement made on Monday night of this week. The ceremony took place at the home of Rev. H. L. Moore, pastor of the Methodist Church here, in which Mr. Caudill is a member. The couple were unattended.

Mrs. Caudill is the daughter of Mr. and Mrs. A. M. Day of this city where she was born and where she grew to womanhood. She was educated in the schools of Morehead and at the Morehead State Teachers College. She taught in the Morehead graded schools and later was bookkeeper for D. K. Miller, auditor. She also was chief clerk for the geological survey in Frankfort for three years. For the past two years she has been connected with the (Far-Perry) Motor Company in this city as book-keeper.

Mr. Caudill has been a resident of Morehead for several years, coming here from his home in Stanton. He has been Republican Campaign chairman for several years and is Cashier of the Peoples Bank of Morehead.

Mr. and Mrs. Caudill will make their home in Morehead.

Robinson Featured At College Theatre

It has been a long time since the picture going public of Morehead has had the privilege of seeing Edward G. Robinson in a picture. In "The Whole Town's Talking" you'll see his best performance since his "Little Caesar". Robinson plays a dual role. By day he is a humble, timid clerk, but by night he is a bad bold gangster. Jean Arthur carries the feminine lead in "The Whole Town's Talking". At least once each year it has been the custom of the College Theatre to give a free show for the students, faculty, and general public of Morehead. This year the free show is also being used to celebrate the College winning a favorable decision in the Code Authority in New York.

Two big full length features will make up the program. In the first you will see May Robson, Fay Wray, and Victor Jory in a story of Capital vs. Labor that is called "Mills of the Gods". The second feature stars Nancy Carroll and Donald Cook in a story of prize-fighting, love, and jealousy in a story titled Jealousy.

COLLEGE THEATRE

Fri. & Sat. 7:30 P. M.

The Whole Town's Talking

Starring Edward G. Robinson who is a gangster by night and Victor Jory in a story of Capital vs. Labor that is called "Mills of the Gods". The second feature stars Nancy Carroll and Donald Cook in a story of prize-fighting, love, and jealousy in a story titled Jealousy.

New Film Has Exciting Sports Sequences

New York's most prolific source of Hollywood screen material forms the background for "Times Square Lady," fast moving comedy-drama of metropolitan night life which comes to the Cozy Wed. and Thurs. April 24-25.

Sporting arenas, famous race tracks, celebrated night clubs, smart penthouses, Wall Street — these and many other spots made intimate familiar to newspaper and magazine readers have their moment of glory on the screen.

They form the setting against which is played a swift, action-packed romance, intrigue, tragedy and comedy such as could only happen in the metropolis.

An astonishing galaxy of brilliant new screen stars is featured. They include Virginia Bruce, the girl who is nearing stardom in this, her fifth featuring role in the past four months, and Robert Taylor, handsome young leading man who was "discovered" by a private audition in his first picture, "Society Doctor."

Also featured are Pinky Tomlin, the hog-calling crooner from Oklahoma whose astonishing song, "The Object of My Affection," lifted him right off a dump truck into a night club cinema fame; Isabel Jewell, Helen Twelvetrees and Nat Pendleton.
