

Monday-

Dear Mrs. Sandolt,

I haven't much time tonight to my self, but I just had to use some of it to write you a letter.

I received a traveling store today from the Church, and I did appreciate it very much - especially that tube of tooth paste, because I needed an empty tube before I could buy any of that precious necessity.

Well your old Kentucky boy seems to be getting along very good in pre-flight, and I do hope to graduate with top honors. So far I have taken eight test

I know most of them will for
get all about it.

Do you all still have large
crowds at Church? I hope so, because
that Church is a lot more beautiful
when it is full of people. as
far back as I can remember, I
never saw it full over two or
three times, and most of those
times were at funerals.

I imagine you were surprised
when Betty got married, but
I may surprise you some more
in the near future - I hope.

in my studies, and I was fortunate enough to make a hundred on each test. I may not be able to keep this good work up, but you can bet that I at least will try.

I imagine Morehead is a dead town now, because all of the boys are away, but I hope all of us return in the near future.

I was glad to hear that Morehead voted the county dry, because I know alot of the young people were getting off on the wrong foot. It will not be such a temptation now, and

Well I have to study my
lessons now - so you and Mr
Sondall keep the good work up.

Thanks again for that much
needed package - one of these days
I hope to repay you all for the
kindness you have always showed
me.

In respect,
Paul
