The influency gricle centains some news are the real sight damper on the hopes entitlent have been intelliging for ceveral sets, that consulting woods one drawn spirite frameworks as the early recomption of work the ratiosed from the city to Frian and Leifton. Therefory of zero week, the other december, is the stay for the mesting at the should House in this city to organize the adjustment of the control of the control of the control of the control of the city of the control of the control

that the Certagine read has be left without a gring for the reads of interior Kennaday. But an attitude a comparing tops that the read out were the city with year to stated. We suggest to out sitteen as whose out. We suggest to out sitteen as whose out. Yet writes of the Road are remarkably and not be unfortly sincouraged. The New Yet' writes of the Road are remarkably almost one, and must be stay after to their were largered. It is not at all likely that they fig made a less to the Covingon Company that will operate to their own disnifrantage in the retire. If the likely that they will not Kird and a keek to the Collegies Company at will operate to their own discreta; in the relative. It is not likely that they will necessary in the relative. It is not likely that they will necessary in the relative. It is not likely that they will necessary in the relative the read of the relative that the relative th

mg or combine nonesty, would seem to state or of its spreef, subplicts.

CG Good Work.—At the port shughtering gathliahment of Meters. Cooss, Hors & Co., in this city, there were shughtered on Thursday last the large namber of \$11 hors, and on Staterday 502.—These were all gutted by one man, Jounn Manare, and we, heliers, from the case with which he worked, he could readily have done to me, there handred more. For the number of hands supplyed, they were each a big day's work. a big day's work.

and summer to more suggery on, our year even a high dy's work.

A small party of grantiness from this city estimated their Pranskaying Day by a tri, and the property of the p y yerla. Experienced honters who know circumstances count it a good shot, but S. very modestly gires all the credit to it. Wood's bac rifls, which he positively likers is the best gun that was ever pointed a deer. We design going on a grand deer no oppries, one of these days, and have he gregations of success—for we mean to the country. We design that it is not to the country of the propertiations of success—for we mean to the country of prow Esq. Wood's rifle!

Or If we had'at enough business of our own p us closely employed, we would like to for our old friend, Mr. Joseps S. Gilpin, s next two months—just for the chance ing the beautiful ladies that will be callage the seathful ladies that will be call-examine and price and buy the beautiful selry he advertises in to-day's Eagle. We are assured that among his new styles and parterner—ic. the "latest fashloop," for there are fashloom in jewely as well as in dress—are some of the most elegant and rich and oros-mental pieces ever seen in Kennedy. And the promises the helies e "series of attractions" in the handeomy goods how till be receiving con-nisity, in preparation for the "christmas pres-ogy!" sesson.

A Weshing dungs.
We never could justify Judge Gonoton for the active part is took in a political conven-tion, less winter, for we think the political ought always to be laid aside when the judge is put on. But he certainly is the greatest working judge is all Kentucky, if not in the whole. It is a second to the certainly increased in the size place to all Kentucky, if not in the Union. See what an impression he is at Googravore, according to the Journal American the place of Googravore, according to the Journal of the Jo half "for buncombet"; count and any business as Judge Goodlor shows rather surprise some of the natives
