## Counties Receive Part Of Revenues

65 Cents of Every Dollar Returns For Maintenance of Local Units

Approximately 65 cents out of every dollar expended from the state treasury in the first nine months of the fiscal year was returned to the various counties in support of essential local public activities.

Expenditures under the state budget totaled \$121,251.50. Ninety-six percent of that sum, or \$116,992.52, was spent to finance varied governmental activities in the counties.

The largest single sum distributed from the state treasury was the \$9,153,695.08 which was divided among the counties for support of the public schools. The largest sum distributed on the basis of \$11.66 for each child of school age in the several counties required \$204,740.80. The total amount of \$463,600.31 was divided among the counties for purchase of ree school books.

Salaries of circuit judges and commonwealth attorneys required \$204,740.80. The total amount of \$463,600.31 was divided among the counties for purchase of ree school books. The largest single sum distributed from the state treasury was the \$9,153,695.08 which was divided among the counties for support of the public schools.

## Lewisburg Youth Is Winner Of Contest

E. R. Kelly, member of the Lewisburg chapter of the Future Farmers of America, Saturday won for the second consecutive year the district, regional, occupational agriculture public speaking contest in the auditorium of the Morehead State Teachers College.

Marvin Grannis, of the Ewing chapter, was awarded second prize. Young Kelly will go to Hardinsburg June 5 to compete in the state contest at which he made a good showing last year. His subject Saturday was "Livestock, the Basis of Soil Fertility." Grannis' subject was "Electricity on the Farm."

## TWIN BOYS DIE

The twin boys born to Mr. and Mrs. Ira T. Caudill May 7, failed to survive. They were buried in the Morehead cemetery. The twins, named Clark and Mark, are survived by their parents, two brothers, Paul and Thomas, and a sister, Caroline.

## To Conduct Revival At Farmers Church

The Rev. Orby Beard

A revival meeting will begin at the Christian Church, Farmers, May 24, with the Rev. Orby Beard in charge of the services. The services will begin each evening at 7:30.

## 2 Local Orchestras To Present Concert

Breckinridge and College Musicians Join For Initial Joint Performance

For the first time in two years the college orchestra and the training school orchestra will play in joint concert next Wednesday evening, May 26th, at 7:30 p. m. in the college auditorium.

At their part of the program the training school group will play several tunes popular among the mountain folk of all parts of the country. The training school program will be reached when members who have been with the orchestra for 2 years are presented special music letters and those who have been members for at least two years receive honorary bands in the orchestra.

The college orchestra, under the direction Professor Keith P. Davis, as their part of the program will play from the "Military March" by J. Haydn, Miss Virginia Harsham, concert mistress with the orchestra, will lead this selection. The "March and Procession of Bacchus" from "Ballet Sylvia," by Leo Delibes, the next number on the program, will be directed by Mr. Joseph J. Marshall, first horn in the orchestra.

Professor Davis will appear as soloist with the orchestra when he plays a special arrangement of "Caprice Viennois" by Franz Kreisler, and "Tales from the Vienna Woods," by J. Strauss. He will also play "Estrella" by Ponce, arranged by Heifetz.

The climax of the entire program will be the appearance of both the college orchestra and the training school group on the auditorium stage for the grand finale. The music will be "Cripple Creek," from the "Southern Mountains," by Lamar Shattuck, and "Great Wonders" by Edward Grier. These selections will be directed by Mr. Davis.

## Carter Warns People Of Dumping Rubbish

Bill Carter, engineer in this county for the State Highway Department today issued a warning that persons dumping rubbish and garbage on highways or on the right-of-ways would be indicted and punished according to law. Mr. Carter said that there had been some laxity in bringing about to justice this offense, but that the situation had become so bad that such a stringent measure has become necessary.

## CITIZENSHIP AWARD TO BE GIVEN TONIGHT

The Snyder Citizenship Award will be presented to the student likely to make the best citizen out of the group of Morehead High Seniors at the Commencement Exercises in the Methodist Church this evening. The medal will be presented the winner by Principal D. C. Caudill.

## Doors Open Each Day At 10:00 A. M.; "The Bride Wakes Up," Title Of Featured Cinema That Will Be Shown

Attention! Housewives of this community. The dates for the Independent's cooking school are next Tuesday, Wednesday and Thursday, May 25, 26 and 27. The place, in case it might have slipped your mind, the Cozy Theatre. The doors—doors open at 10:30 of course—it's all free. In fact many valuable awards will be given away. It'll be fun to go to school in a theatre. As we've said before, it's a grand way to combine fun, inspiration, a neighborly reunion and valuable instruction, all in one big free package.

Practical and modern methods of cooking and economizing—that is the theme of this cooking school. It is an innovation for Morehead and vicinity. In this cooking school there will be offered the advice and help of the nation's culinary experts. To make the school more enjoyable there will be a constant play of sparkling humor in the picture, "The Bride Wakes Up" which will be shown.

## Cooking School Scheduled At Cozy Theatre Tuesday, Wednesday and Thursday

## Two New Records Set By Kentucky Swimming Champs

University Captures Meet Held At Morehead College Pool

EASTERN TANK STARS FINISH CLOSE SECOND

Morehead Club Stays Close Until Last Event; Charlie Morris Is Individual Star

Smashing 2 state records in the relays, the University of Kentucky swimming team captured the state championship as expected, Saturday night to retain the title which they had won at Richmond last year.

The Wildcats got out "by the skin of the teeth" however, beating Eastern by only 2 points. The final tally sheet credited Kentucky with 45 points, Eastern 43, Morehead 38 and Berea 25. The University of Louisville failed to send their team.

Going into the last event, the 240 yard freestyle relay, Kentucky and Eastern were tied at 35. Morehead had 31 at this point and a chance to win the title by capturing the relay. However, Kentucky's great relay swimmers again came to the front, winning by 7 yards to Eastern second.

To Charlie Morris, captain of the Morehead team, went the individual honors of the evening. He captured 3 events, 60 yard dash, 90 yard dash and diving in which he was entered, setting an individual high scoring mark. Morris was one man who Hinklebein was the big factor in Kentucky's victory, winning the 50 yard breast-stroke with ease and swimming on the two victorious relay teams.

## Eldon Evans Held Likely Candidate

Name Mentioned As Aspirant For County Judge; Announcements Scarce

The week continued as one of indecision in local politics with the names of the anticipated announcements developing. The name of Eldon Evans was projected into the spotlight as a probable aspirant for the county judgeship. Arthur Hogue has already announced. Mr. Evans was Democratic campaign manager in both the presidential race last year.

Another interesting development is an announcement from the Kentucky committee that anyone would be allowed to change their registration if they desired. Mr. Alfrey pointed out that blanket had been furnished him by the State providing for registration changes until about the middle of the month.

## Supreme Court Justice Resigns

Associate Justice Willis Van Devanter, 70, has resigned from the United States Supreme Court today, breaking the solid alignment of four conservative Justices who have voted repeatedly to declare New Deal laws to be unconstitutional.

Opinions on the effect of the senator's resignation were almost as numerous as those who expressed their regret. Van Devanter, who began his legal career as a lawyer on the Wyoming frontier, made known his retirement intentions to President Roosevelt, stipulating that his withdrawal should become effective on June 2, the day after the present term of court is to be concluded.

## HOUSEWIVES OF ROWAN, ADJOINING COUNTIES INVITED BY INDEPENDENT

Attention! Housewives of this community. The dates for the Independent's cooking school are next Tuesday, Wednesday and Thursday, May 25, 26 and 27. The place, in case it might have slipped your mind, the Cozy Theatre. The doors—doors open at 10:30 of course—it's all free. In fact many valuable awards will be given away. It'll be fun to go to school in a theatre. As we've said before, it's a grand way to combine fun, inspiration, a neighborly reunion and valuable instruction, all in one big free package.

## \$1,638 Distributed In Rowan County

This Amount Mailed Old People From Office Of Dr. A. Y. Lloyd

During the month of April 174 recipients of old age assistance in Rowan county received a total of \$1,638.30, according to the records of the office of Dr. A. Y. Lloyd, Director of Public Assistance in the State Department of Welfare.

These monthly assistance checks not only aid the old people in this county, but also have a beneficial effect upon business in general. All of this money is immediately used to pay the merchant for food and clothing, the doctor for medicine and professional service, the landlord for rent, and for other necessities of these recipients of old age assistance, thereby increasing the amount of money circulating in the community.

For the entire state, 24,887 eligible, needy, aged Kentuckians received \$248,465.30 during the month of April making the average grant approximately \$10 per recipient. At the present time Kentucky ranks 21 among other states in the number of recipients of old age assistance in proportion to the population over 65 years of age. This shows remarkable progress in the number of recipients that in both August and September of 1936, Kentucky ranked at the bottom of the list of States.

In the latest report to the Social Security Board, Kentucky ranks above such states as New Mexico, Connecticut, Vermont, Alabama, New Jersey, and others that have had old age assistance laws much longer than this state.

## Mayo Physician Will Speak At Re-Union

Dr. William Carpenter McCarty, writer, investigator and lecturer on biological subjects, director of the Mayo Clinic for the Mayo Clinic, Rochester, Minn., and also professor of pathology at the University of Minnesota Medical School, will be the featured speaker at a re-union of the University of Kentucky with two degrees, which will be the speaker at the annual banquet of the University of Kentucky to be held Thursday evening, June 3 at seven o'clock at the Cozy Theatre.

## THORNE RITES TO BE CONDUCTED THURSDAY

Funeral services for Richard Thorne, 57, who died Tuesday will be held today with burial in the Bradley cemetery. Thorne died while being taken to Lexington for treatment of an ulcerated stomach.

## REGENTS MEET

Faculty members and administrative officers of the Morehead State Teachers College were employed yesterday by the Board of Regents. Announcements of the measures passed by the Regents were not made in time for this week's paper but will be carried in next Thursday's edition.

INVITATION TO HOUSEWIVES OF THIS VICINITY

Housewives of Rowan and adjoining counties are invited to participate in the morehead school on cooking to be staged at the Cozy theatre next Tuesday, Wednesday and Thursday.

There is no charge attached to the school. Not only so it free but many valuable awards will be given those attending.

This cooking school is something new for Morehead and Rowan County. The return of it will depend to a great extent on the response that housewives in this vicinity show.

MOREHEAD COLLEGE'S INTRA-MURAL PROGRAM

At the Morehead State Teachers College an intra-mural sports program was launched last fall and has been successfully carried through the school year.

The intra-mural players lack the form and ability that the varsity players possess.

Intra-mural sports do not advertise the college to any extent. We hear little about them. Yet, of anything, intra-mural competition accounts for more good than do the more-specialized teams.

The heads of the department of physical education have made a worthwhile step this year at Morehead and are to be commended.

ROAD TO FARM PROGRESS

In several states, notably New York, milk control price laws have been passed for some years. These laws were passed supposedly in the interest of producers.

Now farm organization, led by the Dairymen's League, pioneer milk cooperative, are fighting an aggressive battle against repeal of such laws, and the substitutions of measures which will legitimately encourage producer cooperation.

The producer and marketing cooperatives are the logical bodies to lead farmers in campaigns to do away with unsound, unworkable legislation.

"AS MAINE GOES"

Maine is certainly pointing the way for traffic accident control, in at least one respect. That is, curtailing the activities of the drunken driver.

A survey recently completed by the Maine Highway Safety Campaign reveals that one-fifth of motor vehicle fatalities in Maine in 1936 had liquor associated with them.

actively reduced traffic fatalities as compared with the preceding year. However, not satisfied with partial success, she is now setting out to better her own record with special emphasis placed on drunken driving.

Public officials as well as the citizens of Maine, realize that the drunken driver is a criminal to be handled the same as any other criminal.

Maine is to be congratulated, as are all other states that take a determined stand to "wipe out" the drunken driver.

PROOF OF THE PUDDING

The proof of the pudding is in the eating—and the proof of the beneficial effects of producer-retailer cooperation in disposing of foodstuffs, is found in statements issued by a long list of agricultural groups.

The chain stores of the nation inaugurated campaigns to increase consumption of various foods at periodic intervals, and it was lately announced that a large group of organized independent stores have decided to follow a similar plan.

From the standpoint of the consumer, the campaign of methodical results. No attempt is made to peg prices at unreasonable levels.

Now that this program to foster faster, stabler farm crop distribution is established, it would seem that some of the farmer's problems will be lessened.

STAND UP TO LIFE

Stand straight and sit straight for good looks, for health and for self-confidence.

Those who "stand up to life" are likely to feel much better than those who slouch.

Correct posture helps the organs of the body in their work properly, with less wasted effort.

To stand correctly, stand as tall as possible without raising on the toes, keep up, chin in, shoulders even and comfortable, chest out, spine as straight as possible, arms hanging naturally at the side, abdomen in, knees straight without strain, heels two to four inches apart, and toes pointing straight ahead.

In sitting, bend from the hips and not from the middle of the back or shoulders.

Chairs should allow the feet to rest squarely on the floor, and chair backs should fit and support the curves of the body. Desks and worktables should be just high enough so that the forearms and hands may rest upon them without the shoulders being hunched up.

Since a third or more of each 24 hours is spent in bed, it is important that, in sleeping, the body should not be bent, and that it should be stretched as long and straight as possible.

ART ARNOLD'S COUSIN FROM UTAH Sees a "torture test"

"Believe me," he writes, "I KNOW Hudson and Terraplane are the No. 1 CARS. I saw what they did on the Salt Flats"

"I saw a LOW PRICED car beat the best every record car had ever done before! That 1937 Terraplane... a stock car, mind you, picked at random by the American Automobile Association Contest Board officials... went 1,000 miles out there on those great Salt Flats, averaging 86.54 miles an hour! What a 'torture test' of endurance."

"Then a Hudson... 2104 miles in 24 hours! Out here, we've seen a lot of stock cars come to the Salt Flats and try for the best time record... the prize of them all. But none ever touched what we saw that 1937 Hudson do! 87.47 miles an hour... for a full day and night! 23 official records for Hudson... on top of 8 for Terraplane!"

"Then those California records! Terraplane beat every other leading low priced car... and Hudson beat every other light... in the Los Angeles-Yosemite Economy Run. And then... the Wrightwood Canyon climb! Up 9 wick, twisting miles in 13 minutes, 28 seconds for Terraplane; 3 minutes, 6 seconds for an official Hudson record."

"You can bet it's Hudson for me! Those people know how to build automobiles. Art More power. More size and room. More economy and endurance than any other cars anywhere near them in price, proved in official tests. I've got mine... once you drive one, you'll say it's your No. 1 CAR. Too see if you don't!"

- No. 1 Cars of the Low and Moderate Price Fields No. 1 Wheelbases... 117 inches in Terraplane; 122 and 124 in Hudson. No. 1 Horsepower... 46 and 101 in Terraplane; 101, 107 and 122 in Hudson. No. 1 Running... 55 full inches of front seat comfort for three. No. 1 Driving Ease... with exclusive Selective Automatic Shift (an optional extra).

## Utility Reduction Results In Saving

**Kentucky Consumers Benefit \$2,171,935 Annually From New Low Rates**

Reductions in public utility rates in Kentucky since January 1, 1936, have resulted in a saving to consumers of \$2,171,935 a year, according to the Public Service Commission in Frankfort disclosures.

Downward revision of rates for utility services effected in 1936 through negotiations directed by the Public Service Commission reduced the total utility bill for 238,950 consumers \$1,114,300 a year.

Rate reductions brought about thus far in 1937 have cut \$1,057,823 a year from the utility service bill of 221,300 consumers. Settlement of the controversy in the Louisville Gas and Electric Company case last year reduced the bill of 218,495 consumers of electric current \$1,037,042

annually.

The largest saving effected by rate revisions this year was that which resulted from a reduction in telephone rates, effect of which is to lower the cost of the service \$540,232 a year for 120,000 phone users.

Other savings procured last year includes reduction in fire service which saved \$33,771 yearly for 6,155 consumers; telephone rate cut of \$5,496 which was shared by 2,360 phone users; reduced rates for water service which cut \$35,000 annually from the water bill of 11,930 consumers.

Reductions in electric service rates during 1937 have benefitted 100,000 consumers whose electric light bill has been cut \$512,628 a year. Gas service rate totalling \$4,763 annually were effected in which 1,300 consumers will participate.

Members of the Public Service Commission are Farmer Governor B. C. Caudill, Chairman, J. C. W. Beckham, Chairman, J. W. Cammack and T. B. McGregor. The commission is carefully examining the rate schedule of all public utilities and other negotiations now under way are expected to result in further savings to patrons of utilities.

**tin**

1 tablespoon cold water  
2 eggs  
1 tablespoon orange rind

Combine orange juice and lemon juice. Scald milk; add sugar and salt. Dissolve gelatin in cold water for 5 minutes and dissolve in hot milk. Add beaten egg yolks, blend well; remove from flame and cool. Add fruit mixture to the milk mixture and fold in the beaten egg whites. Add orange rind; crush blue ice cream freezer. Pour the sherbet mixture into the freezing container. Adjust dasher and cover tightly. Then fill the ice chamber with a mixture of chipped ice and salt (use three parts of ice to one part of salt, by volume). Freeze slowly but steadily at first. As freezing progresses, however, the freezing can be done more rapidly. When frozen, remove ice around top of container, then carefully remove cover and lift out the dasher. Pack carefully with wax paper and seal with a spoon. Then cover with wax paper and replace lid. Drain off water and replace with ice and salt mixture. Cover and allow to harden at least one hour before serving.

**Three Are Fined For Stealing Gasoline**

Three Pulaski county men entered a plea of guilty in the Federal Court at London, when charged with stealing gasoline July 9, 1936 from a compressor owned and operated by the United States Forest Service.

On three men, Abe Monday, Roy Monday and Louis Howard were sentenced by Federal Court Judge H. Church Ford to one year and one day in the Federal Penitentiary. The sentences were protracted for three years.

**MORE BIBLES, OTHER RELIGIOUS MATTER SOLD**

An increase, over the previous year, in the distribution of the Scriptures, both at home and abroad, of more than a half million copies (542,205) was reported by the American Bible Society at its 121st annual meeting held on Thursday, May 13, at its headquarters in New York City.

During 1936 there were distributed by the Society 290,003 Bibles, 398,486 Testaments, and 7,078,822 Portions of the Scripture making a grand total of 7,767,311

volumes in 166 languages and dialects and in an additional 26 characters including the different systems for the blind.

The inclusion of this year's distribution brings the grand total of volumes of Scripture distributed by the American Bible Society, since its organization in 1816, to 276,354,391 volumes. Workers, or colporteurs, to the number of 2,898 helped in the distribution, more than a thousand being volunteer workers.

A Rowan county farmer sold 500 broilers for a profit despite having to buy most of the feed.

## HOW TO MAKE REAL ORANGE SHERBET

"Round and round it goes—where it stops nobody knows," may be true of Major Bowes' wheel of fortune, but not of the handle of the modern ice cream freezer. You can stop turning it right at the point where the ice cream or sherbet reaches the right degree of "frozenness"—and it now reaches that stage in just 5 minutes.

Quite an advance over the old method of making homemade agitated ice cream, isn't it? Velvety-smooth, creamy-pure, flavorful homemade ice cream! Is there anything more delicious, more wholesome or easier to make? Yes, easy to make—now that the old-fashioned ice cream freezer will make delicious dessert in double-quick time. For example, just try out this recipe in your modern ice cream freezer. It makes the kind of dessert that families eagerly welcome after the heavier desserts of winter.

**Orange Sherbet**  
(Serves six)

- 1 cup orange juice
- 2 tablespoons lemon juice
- 1 pint milk
- ¼ cup sugar
- 1 tablespoon unflavored gelatin

## Chocolate Chip Ice Cream

Chocolate chip ice cream. Mm-mm-mm! The smooth richness of the smooth richness of the ice cream blends with the crunchy chocolate goodness of old-fashioned chocolate chips to offer a real new thrill to the ice cream connoisseur. Made in the still freezer of the modern ice cream refrigerator this ice cream reaches a ne wdelicious high. It's quickly made, too, for it freezes in one hour. The quick freezing is due to the low temperature made possible by the ice and salt mixture which in turn produces a velvety-smooth ice cream. Here is the recipe:

- 2 teaspoons unflavored gelatin
- 2 tablespoons cold water
- 2 cups top milk
- ¼ teaspoon salt
- 1-3 cup sugar
- ½ teaspoon vanilla extract
- 2 cups whipping cream (whipped)
- ¾ cup crushed chocolate chips

Soak gelatin in cold water. Heat top milk, salt and sugar and stir into soaked gelatin. When cool, add the vanilla extract and fold in the whipped cream. Pour into the inside container of a still freezer. Pack with a mixture of crushed ice and salt mixture. Cover and place in ice refrigerator. When the mixture is partially frozen, remove from freezer, stir thoroughly, and fold in the crushed chocolate chips. Continue freezing until firm.

## BAKE-WHEN-YOU-MAY NORWEGIAN DATE BARS

These sweet snacks may have originated in Norway, but they're delicious wherever they are made! The children will love them as "tween-meal-snacks" and as a dessert they are "tops" served with a spoonful of whipped cream. The recipe is particularly appealing because of the sparement cooking it makes possible. During those few moments when the steak is broiling, mix up a batch of these date bars and store the mix in the refrigerator. Then, when desired, pop them in the oven to bake.

**Norwegian Date Bars**

- 1½ cups dates (cut fine)
- 1 cup granulated sugar
- 1 cup water
- 1¼ cups general purpose flour
- ¼ teaspoon soda
- ½ teaspoon salt
- 1 cup rolled oats
- ½ cup shortening
- 1 cup sour milk

Cook dates, sugar and water in saucepan for about 15 minutes. Cool, and store in ice refrigerator until ready to use as filling for date bars. Sift flour, soda and

COZY 'Clarence' Is Title Of Sunday Feature

Cozy Theatre To Show Comedy Adapted From Well-Known Book

Booth Tarkington's "Clarence," the comedy of a family in which there is too much love, comes to the Cozy Theatre on Sunday with a cast of top comedians headed by Roscoe Karns.

Everybody's in love with "Clarence"—with the wrong person.

Eloise Whitney, the daughter of the batty Wheeler family, is in love with an old codger old enough to be her father. Her brother, Johnny Downs, is in love with the girl's governess. The butler is in love with the maid and the maid is in love with Johnny Eugene Palette is in love with his wife, but she doesn't believe him.

It is up to Karns, man-of-all-work in the Wheeler household, to straighten out this mess. It's a little different from fixing bath room fixtures and cooking hot water furnaces to work, but a good man-of-all-work balks at nothing. He straightens out the mess and wins the beauty over whom everybody was quarreling.

"Clarence" was written originally for the stage by Tarkington. So great was its success in New York and on the road that it was made into silent motion picture in 1922. The present treatment is the first in which the famous comedy appears as a sound picture.

Dan Talbott To Be Honored On May 31

Friends In Nelson County Plan Banquet In His Honor

Homefolk of Nelson County and the Fourth Kentucky Congressional District have set aside Monday, May 31, to celebrate "Dan Talbott Day" and have invited, from all of the counties in the Commonwealth, all of the friends of J. Dan Talbott, Commissioner of Finance, to gather in Bardston on the "spacious Home" and be their guests in an all day festival and picnic.

Each Kentucky county has been notified of the festival and asked to extend all of Mr. Talbott's friends, Bardston's invitation. This is the Homefolk expression of appreciation of his efforts while serving the people of the state in many capacities over a period of thirty years.

Governor A. B. Chandler will head the list of speakers who are on the afternoon program, following the picnic lunch at 12:00 o'clock noon. Former Governor J. C. W. Beckham, a native of Bardston, also is on the program and short talks will be made by many other celebrities who are to be present.

Following the old-fashioned picnic lunch, which is to be furnished by the citizens of Nelson County, will be a musical program.

The day's festivities will be capped by a dance that night. In view of the fact that May 31 is a holiday and this event will be the first of its kind to be held in Bardston in recent years, an exceptionally large gathering is anticipated by the hosts.

The committee in charge stresses

ed the fact that it would be impossible to extend a personal invitation to each one of Mr. Talbott's friends in the state and asked, through the medium of the press, that every friend of his, in the state, be notified of the invitation to them.

4-H CLUB MEMBERS TO STUDY STATE AT JUNIOR WEEK

"Know Kentucky" or "Get Acquainted with Your State" is to be the central theme of the 17th annual Junior Week at the University of Kentucky June 7 to 12. Approximately 600 farm boys and girls from 100 counties, selected in local contests, will be in attendance.

Featuring the history and development of Kentucky, instruction will be given in the literature, music, mineral resources, agriculture, industry, parks and hospitality of the state.

The usual contests are to be held, including the judging of canned and baked foods, clothing and room improvement exhibits. In a style revue, which will attract girls from at least 50 counties, the best dressed girl will be selected to represent the state in a national contest. The healthiest boy and girl also will be selected and will go to the national 4-H Congress in Chicago.

Each County will send a Junior Week a highly trained team in farm practices or homemaking. And their demonstration will be another feature of the program.

LOCUST TO APPEAR IN WEST KENTUCKY

A statement from W. A. According to previous records, this brood

has shown greatest numbers along the wooded parts of the Ohio River in the state known as the Purchase. A few scattered individuals may appear in other parts of the state.

Injury to trees and shrubs comes at this time through the egg-laying activities and not by feeding. The female is equipped with a saw-like ovipositor which is used in depositing eggs in the small stems of shrubbery and twigs of trees. This causes the stems and twigs to die and break in many instances at the point of attack. Large trees will recover from such injury. Very small trees, however, may be ruined by this pruned operation. Such trees and shrubs can be protected through insects by wrapping them loosely in cheap cloth, and fastened in such a way as to give the tree as much freedom as possible.

While spraying large trees is not feasible, applications of 40 percent nicotine sulphate, one part to 400 parts of water, plus soap will give a satisfactory commercial kill.

**MIRIAM HOPKINS AND PAUL MUNI TO BE AT COLLEGE FRIDAY**

An intimate picture of the life of a French flying squadron behind the lines during the World War is dramatically presented in RKO Radio's thrilling screen play "The Woman I Love," with Paul Muni, Miriam Hopkins and Louis Hayward in the leading roles.

Fate plays one of its grotesque tricks on young Hayward, a lieutenant in the French flying service when he is assigned as the flying mate of Muni with whose wife Hayward has fallen desperately in love.

Miriam Hopkins loves her husband, but finds herself in "love" with the younger and more glamorous man. Each man, caring more for his flying mate, than he would his brother, and each madly in love with the wife, the aviators are thrown into turbulent emotional conflict with crisis of high drama.

The story by the noted French novelist, Joseph Kessel, was a best-seller in France, and was produced by a French motion picture studio. So successful was the film in France under the direction of Anatole Litvak, that RKO purchased the story and brought Litvak to this country to direct it as an American film.

The cast of "The Woman I Love," boasts many stellar names including those of Colin Clive, Paul Guilfoyle, Owen Davis, etc., Mandy Christians and Donald Barry. The photoplay is Al Lewis' first production for RKO Radio.

**20,000 Expected At West Liberty**

(Continued from Page 1) gin at 12:40 and adjourn at 2:00 p. m. Walter M. Gardner, an attorney, will preside.

The Morehead College Band will provide music. Pikeville College Band and the Military Band of the University of Kentucky have also planned to come.

Thirty state highway patrolmen and other special police and sheriffs will be on duty to preserve order and guide traffic. Loud speakers will be located in all rooms and on the outside so that the crowd may hear. It is also being planned for Mrs. Roosevelt to greet the crowd on the outside of a platform so that those who are unable to obtain seats may have an opportunity to see her.

The American Legion is sponsoring a ball that evening at 9:30 p. m. Music will be provided by a Louisville orchestra.

West Liberty is located on Licking River only 1 to 3 hours' drive from Frankfort, Lexington, Ashland, Morehead, Pikeville, Mt. Sterling and Jackson. Five state highways lead into West Liberty and are in fairly good condition. The town was founded by those who came across the mountains from Virginia.

Morehead county was 43rd in formation in the commonwealth and 7th in area. There is not a colored person in the town or county and fewer than a dozen foreign born persons. The town has a population of about 800 persons and the county 18,000.

The new school building is considered one of the state's outstanding WPA projects. It is constructed of native stone and all the labor was done by local people. The plans were drawn by Paul Arnett, Salyersville, a neighboring town.

The county superintendent Ova Haney and the board of education, J. Benson, A. C. Braden, T. H. Caskey, Goebel Ratliff, J. B. May made plans to begin work on the building in November, 1935. The cost was approximately \$200,000, if it is modern in every respect, sound equipped and air conditioned. It is a most beautiful building and one of which the people are justly proud.

**HOW TO MEASURE LAND DESCRIBED**

Simple, practical and accurate methods of measuring land are given in a new circular published by the College of Agriculture of the University of Kentucky. It was prepared especially for farmers who, in cooperating in the agricultural conservation program need to know how to ascertain the area of fields and how to lay out fields to contain given acreages.

Experience in checking compliance in the farm program revealed much inaccuracy in measuring fields by pacing or stepping distances. Fifty-nine farmers, whose tobacco acreage averaged 4.4 acres per farm, over-estimated the acreage by an average of nearly an acre to the farm. Thirty farmers, whose acreages averaged 7 1/2 acres per farm, underestimated them by an average of nearly an acre and a quarter per farm.

DASHIELL HAMMETT'S 'AFTER THE THIN MAN'... THE STORY THUS FAR: Nick Charles aids the Frisco police in investigating the murder of young Robert Landis...

In a hotel room Nick goes to Polly's apartment. He finds the room directly above her own had been used by some mysterious spy, equipped with floor ear-phones...

CHAPTER ELEVEN

The iron-pipe ladder, reaching from the third floor apartment to Polly's room, was not the only discovery...

"You're on," said Abrams, after a moment's hesitation. He distrusted Nick's methods but had infinite confidence in the results. "How are you going to do it, Nick?" put in Nora.

"I Said Goodbye to Grey Hair Forever!" My hair was faded and streaked with grey. I looked old. I felt old. Now I look and feel young...

"What about you?" followed up Abrams, turning to Dancer. "You're in and out of here. You must have known him."

"He was our gardener in the country," said Nora. She looked at David. "You must remember him too. You called there."

"Did you ever see this Anderson?" he asked. "No." "Ever hear anyone up her over you?"

"Of course not!" exclaimed Selma. "Well, this is what I think," went on Abrams. "You were the one that was sitting up here with those ear-phones, listening..."

"There's nothing wrong with her!" screamed David. "It's you! You're the one who's trying to drive her crazy!"

LIFE

The piper for a penny Will pipe a tune so gay. The braveros of Kinkenny Would cease to hear him play. And lovers stay their wooing To hear a sweeter thing All coaxing and pursuing And mirth and youth and spring...

Once I had a penny Yellow as the hay: Now I haven't any— But I heard the piper play! The piper for a penny Puts Maytime in the year. I wonder, are there many Would rather save than hear? A penny stops a scandal. A penny buys a saint. A penny buys a tundle To burn before a saint...

NEW AUTO FINANCING SHOWS HEALTHY GAIN

The dollar volume of retail financing of new passenger automobiles shows an increase of 7 per cent for the month of March as compared with March, 1936, and an increase of 43 per cent compared with March, 1935, according to estimates just received by the Louisville District Office of the Department of Commerce.

As compared with February, 1937, there was an increase of almost 67 per cent. The aggregate volume for the first three months of this year was about 8 per cent above the first three months of 1936 and almost 58 per cent higher than for the corresponding period of 1935.

In some parts of the state, the more venturesome gardeners have set their earliest tomatoes, but their peppers, and particularly eggplants, will remain to be set, for these latter are so distinctly "warm" crops that starting them before the soil has become definitely warm is hazardous.

So many letters come to the writer about failure with tomatoes, that a word is timely to prevent this recurring. Some of the failures are doubtless due to wilt disease in which rotation could not readily have been followed, or where this important procedure was not the rule. Another cause may be the "blight," a combination of two diseases, leaf-spot and leaf-mold. In the case of wilt, the plants die entire, at about the time the fruits in the first cluster begin to attain size. The blight kills the plants, too, but leaf by leaf. A blighted plant consists finally of bare stems, with fruits below normal in size and much below normal in sweetness, they ripen at all. An incorrect result of blight is the "scalding" of the fruit, which no longer benefits from the shade of the foliage.

It will have been the custom, only these varieties resistant to the trouble should be used: Break 'O' Day, Pritchard and Marglobe, early to late, respectively. As "an ace in the hole," seed of these varieties may be sown now, to make plants to set in the very places those now growing died of this disease. No spraying or other treatment is effective for wilt.

Five ton-litter projects were started in Larcus county last month.
