Board may be secured at the College Cafeteria at the prevailing rates.

BAND CAMP

Dates: July 17-28

Fee: \$35 (This fee covers all expenses of the camp.)

This camp for high school musicians provides the opportunity for a musical vacation for boys and girls in Eastern Kentucky. Vocalists, as well as instrumentalists, may enroll. The activities of the camp include ensemble work and private instruction. Frequent concerts are given.

The 1957 Band Camp will be under the supervision of Mr. Fred Marzan, Director of the Morehead State College Band.

The enrollment will be limited to approximately fifty out-of-town students. Participation in this Band Camp does not carry credit. For additional information write: Dr. J. E. Duncan, Department of Music, Morehead State College, Morehead, Ky.

WRITERS' WORKSHOP
(English 390 and 490)

(Enrollees who participated in the Writers' Workshop previously and received credit for English 390 may receive credit for English 490.)

Dates: July 22 to August 2
Credit: Two semester hours
Incidental fee: \$20

Based on the conviction that creativity is fundamental to both living and education and that the result of the creative process is a kind of knowledge deserving of the utmost attention whether approached from the standpoint of writer or reader, the Writers' Workshop is designed to perform two important functions: (1) stimulation and direction for the writer, and (2) understanding of creativity and its various forms of expression for the interested person.

The Workshop will provide a program of conferences, discussions, suggested readings, courses in poetry and the short story, and evening lectures under the guidance of experienced personnel that should be valuable to the participant whether the desire is for critical evaluation of manuscripts, methods of teaching writing, or keener insight into the creative process and its techniques.

Visiting faculty will include James Still, poet, novelist, short-story writer; Hollis Summers, poet, novelist, short-story writer; Wilma Dykeman, essayist; Byron Herbert Reece, poet, essayist, novelist. For further information write: Albert Stewart, Director, Morehead State College, Morehead, Kentucky.

Workshop in Resource Use and Conservation
(Science 401)

(Open to juniors, seniors and graduate students)

Date: June 17 to July 5.
Credit: Three semester hours.
Incidental fee: \$15.

Several of the major problems of Eastern Kentucky are directly associated with the use of our resources and conservation. Accordingly, this workshop is being sponsored by the joint faculties of agriculture, biology, education, geography, geology, and Breckinridge Training School together with representatives from interested divisions of both the federal and state governments.

Meetings of the Workshop have been so arranged that students may schedule other courses and thus carry a full summer schedule.

For further information write:

Morehead State College
Morehead, Kentucky

REQUIREMENTS FOR ADMISSION

ADMISSION TO THE FRESHMAN CLASS:

Without Examination. Graduates of high schools accredited by the Kentucky Association of Colleges, Secondary and Elementary Schools and by the State Department of Education are admitted without examination, provided they have earned credit for 15 units of high school work acceptable to Morehead. No specific courses are required for entrance, but not more than four units in one subject field will be accepted. If credit in foreign language is offered for entrance, at least one unit in the language must have been earned.

By Examination. Students who have earned 15 units of high school credit acceptable for college entrance may enter Morehead provided they pass an entrance examination satisfactorily.

Special Note. All students desiring admission as freshmen must have their credits certified by their high school principal or superintendent. These transcripts should be mailed directly to the Registrar of this college by the person certifying to them and must be on file at the time of registration.

ADMISSION TO ADVANCED STANDING:

Students entering Morehead from other colleges must present a statement of honorable dismissal from the college attended previously and must satisfy the entrance requirements here. Official transcripts of college and high school credits should be on file in the Registrar's Office before the time of registration.

ADMISSION AS A SPECIAL STUDENT:

Students 21 years of age or over, who have not met the entrance requirements of the college may be admitted as special students and are permitted to carry courses for which they are prepared. Special students are not considered as candidates for any degree or certificate until they have fulfilled college entrance requirements, or until they have completed 64 hours of residence work with a minimum standing of 2.5, as well as all other requirements for the degree or certificate in question.

ADMISSION AS AN AUDITOR:

By payment of the required fees, admission may be secured to a class or classes as an auditor. An individual desiring such admission must apply to the Dean of Instruction. No credit will be given for this work, nor will the student be permitted to take an examination for credit.

ADMISSION TO THE GRADUATE SCHOOL:

1. Graduates of accredited four-year colleges are admitted to graduate work on application to the Director of Graduate Instruction. This application must be accompanied by a transcript of undergraduate credit.
2. Graduates of non-accredited colleges must meet the conditions for graduation at Morehead State College before their applications for graduate work will be approved.

3. If the student's undergraduate preparation is inadequate, this deficiency must be made up by taking designated courses which will not be counted for graduate credit.
4. The student's graduate program is pursued under the direction of a committee of three members. This committee is composed of two members appointed from the graduate faculty and the Director of Graduate Instruction.
5. The applicant for a degree must arrange a program of graduate work under the direction of his graduate committee, and he is not admitted to complete graduate standing until this program has been approved by his committee.

CURRICULA

The curricular offerings at Morehead are varied. Students may pursue courses leading to the:

1. Temporary Certificate.
2. Provisional Elementary Certificate and degree.
3. Provisional High School Certificate and degree.
4. Standard Elementary Certificate.
5. Standard High School Certificate.
6. Bachelor's degree without a Certificate.
7. Bachelor's degree and the certificate in Vocational Home Economics.
8. Bachelor's degree with an area in business administration.
9. Provisional certificates for superintendents, principals, supervisors and guidance counselors.
10. Standard certificates for principals, supervisors, and guidance counselors.
11. Degree of Master of Arts in Education.

DEGREES

The College awards two undergraduate degrees, the Bachelor of Arts and the Bachelor of Science. Each degree may be taken with or without a teaching certificate.

The degree of Bachelor of Science is granted to those students who complete all of the requirements for graduation and who earn a minimum of 60 semester hours of credit in the following subjects--agriculture, biology, chemistry, commerce, geology, home economics, industrial arts, mathematics, library science, nursing, and physics.

Students completing any of the other four-year curricula are granted the degree of Bachelor of Arts.

GENERAL REQUIREMENTS FOR THE BACHELOR'S DEGREE

The candidate for the degree must meet the following general requirements.

1. A minimum of 128 semester hours of prescribed and elective college credit.
2. An average standing of "C", or higher, on all residence work completed at this college.
3. At least three-fourths of the credit in residence in some standard college; at least one year in residence and one

semester immediately preceding graduation in this institution. (One year in residence is interpreted as being two semesters, during which a minimum of 32 hours of credit will have been earned.)

4. Not less than 43 semester hours of work offered for the degree must be selected from courses numbered 300 or above.
5. The credits earned must include a minimum of 12 hours in natural science and 12 hours in social science. Three hours of the 12 hours required in social science must be earned in History 400.

MAJORS AND MINORS

Not later than the beginning of the sophomore year, the applicants for degrees must file with the Dean their selection of majors and minors. (This does not include those who are applying for the Bachelor of Arts degree with the Provisional Elementary Certificate.) The heads of the departments in the major and minor fields must approve the program to be followed before the blank is filed. Two majors of 24 semester hours each, or one major of 24 semester hours and two minors of 18 semester hours each, may be selected*

A student may choose his major† or minor† from any one of the subjects listed below:

Agriculture*	Home Economics
Art	Industrial Arts
Biology	Mathematics
Chemistry	Music
Commerce	Physical Education
English	Physics
French	Political Science
Geography and Geology	Sociology and Economics
History	

In addition to the available subject fields listed above, the student may complete a minor in—

Dramatics
Speech
Library Science

AREAS OF CONCENTRATION

To meet the needs of high school teachers who will teach entirely in a general subject area, Areas of Concentration may be selected in lieu of majors and minors. A person who concentrates in an area is not required to offer minors in any other field, but any single subject in which he has as much as 12 semester hours outside his area of concentration may be added to the face of his certificate.

Provision for Areas of Concentration was made by the state authorities with three ideas in mind: first, more and more secondary teachers are teaching in one department or field of work; second, greater opportunity is afforded for integrated preparation; and third, with the greater emphasis on graduate preparation for secondary teachers, extensive knowledge in some general field becomes exceedingly important as an adequate background.

Areas of Concentration may be taken in the areas of		
Social Science	Home Economics	Music
Science	Commerce	Art
	English	

REQUIREMENTS FOR THE MASTER'S DEGREE

1. The master's degree may be earned in either of two ways —a. If the student elects to write a thesis, the degree may be secured by completing a minimum of 36 weeks in residence and a minimum of 24 semester hours of work in regular courses. b. If the student so desires he may elect to do additional course work in lieu of writing a thesis. In this event the minimum requirements for the degree are 30 semester hours of credit and 36 weeks of residence. Students who expect to continue their training beyond the level of the master's degree are strongly advised to write a thesis.

	Minimum for the degree	128

TEMPORARY CERTIFICATE

A Temporary Certificate, valid for two years at the elementary school level, may be issued to a person who has earned a minimum of 64 semester hours of standard college credits, 48 semester hours of which have been earned in residence, with a scholastic standing of "C" on the total credits earned, in courses prescribed for the first two years of the teacher training program approved for elementary teachers. This Temporary Certificate may be renewed once, for a period of two years, on the basis of 16 semester hours of additional college credits earned in residence from courses prescribed for the four-year elementary curriculum. Under present regulations, this Temporary Certificate will not be issued after September 1, 1956.
