The Reception of Gen. Taylor at New Orleans

The following description of the reception of the gallant Old Hero in New Orleans, we copy from the Delta of Saturday the 4th inst.:

Never before in the history of a city, or of the liberties and independence of its national displays, was so grand a demonstration of popular feeling exhibited as that of yesterday. It surpassed the expectations of the most sanguine, and the most enthusiastic outpouring of the gratitude and patriotism of a people keenly alive to all that redounds to the national honor, and susceptible of the deepest emotions of admiration and respect for those whose deeds have added new lustre to the name and fame of our Republic.

The movement of yesterday was purely one of the masses. True, there were regiments—regiments of soldiers—guards and marshals—but of what avail were all these to restrain the popular ardor? With no armed command, and without a word of order, method and discipline, the unrestrained feeling of a crowd such as rushed to greet the Hero who yesterday entered the city? The fact of the matter is, that it was vain that the effort to keep back the popular billows, as they rolled along on Levee and overwhelmed all the barriers which the foresight of our municipal authorities had raised to oppose and retard the throng to the display. But let us not anticipate.

At 9 A. M., the Committee of Arrangements, with Lehann's splendid band, were on board of the city Kluge, and the grandly equipped steamship, which had not only weighed for the Barracks. At 10, she arrived at the Barracks, and the Committee proceeded to the quarters of Dr. Wood, Gen. Taylor's son-in-law, where they were cordially received by the General and his Staff.

From the National Intelligencer.

An Annual Treasury Report. This Annual Report was transmitted yesterday, with commendable promptitude, by the Secretary of the Treasury to both Houses of Congress. We had made arrangements to obtain a complete copy of it for publication in this day's paper. But its extreme length (longer than the President's Message) puts it out of our power. Not being able to publish the whole of it, we are constrained to give only a condensed copy of the following transcript of the Financial Statements and Estimates:

The Receipts and Expenditures for the fiscal year ending on the 30th June, 1847. From customs \$23,748,864.00 From public lands 2,198,250.00 From miscellaneous sources 1,000,000.00 From avails of Treasury notes and loans 2,500,000.00 Total receipts \$32,250,000.00 Add balance in Treasury July 1, 1846 59,451,177.65

The estimated Receipts and Expenditures for the fiscal year ending 30th June, 1848. RECEIPTS: From customs, including duties on spirits, 11,100,827.41 From customs, 2d, 3d, and 4th quarters, as estimated, 10,693,742.50 From sales of public lands 5,000,000.00 From miscellaneous sources 1,000,000.00 Total receipts 27,800,000.00

EXPENDITURES: For the actual expenditures for 1847, from September 30, 1847, were \$16,499,134.69. The estimated expenditures for the other three quarters, from October 1, 1847, to June 30, 1848, are \$11,300,865.58.

Excess of expenditures over receipts July 1, 1848 \$11,300,865.58. The estimated Receipts, Means and Expenditures for the fiscal year commencing July 1, 1848, and ending June 30, 1849, are: From customs \$22,000,000.00 From public lands 2,000,000.00 From miscellaneous sources 1,000,000.00 Total revenue 25,000,000.00

Loss of the STEPHEN WHITNEY.—We find the following in the New York Courier and Enquirer of Thursday: LIVERPOOL, Nov. 19th, 1847.—12 M. The noble but unfortunate vessel, the packet ship Stephen Whitney, Captain Pomphry, of your port, was totally lost on 10th October, P. M., of the 10th inst., on her voyage from New York to Liverpool under circumstances the most perfectly appalling that have ever been possible on the sea.

The Liverpool papers generally speak of Mr. Whitney, the recently elected member of the Whistop, of the representatives, as an Abolitionist. They libel him most foully. As a member of the late Massachusetts Convention, he opposed and defeated the proposition of Mr. Fallay to make the Willnot proviso a test question in the next Presidential election. This exposed the Abolitionists' aid' who calling themselves Whigs, voted against him. Mr. Whitney, in the course of the debate, opened a correspondence with Mr. Fallay, on the subject of slavery, and we learn that the letters which passed between them have since been published in the Whig. We are publication in the expectation that they will be considered a sufficient reason for his vote against the Whigs.

Mr. Whitney is no Abolitionist. We believe he is against the extension of territory by conquest to the North. He is in favor of extending territory and applying the Willnot proviso to it.—L. J. Journal of Wednesday.

CABINET WARE, & CO.

W. F. FLAMMEL, Dr. G. Benj. Smith, Improved Indian Vegetable (Sugar Cane) Pills, &c.

Dr. G. Benj. Smith, Improved Indian Vegetable (Sugar Cane) Pills, &c. The medicine of the United States, and other fame which no foreign imitations can equal. Almost unnumbered they have silently won the approbation of the people who have held out a scepter of opposition can arise. For about four years past, the most delicate and sensitive constitutions have suffered from the effects of impure pills in the stomach, with at once a pleasurable, delectable, and delicious taste. They have the rare merit of the most carefully selected ingredients, are always safe, and there can be no danger of taking them. They are the only medicine that will manifest their excellence in relieving the most of many precursors of alarming disease, keeping the system healthy, and Nature's own remedy. New York has given its certificate that these Pills are purely vegetable.

The great principle recognized by the inventor of this invaluable medicine is, that every part of the body, whether in health or disease, is under the influence of the digestive organs. This and national doctrine forms the only ground on which a good family medicine can be based. Operating according to this principle, Dr. S. by pills strengthen the stomach, promote the secretion of bile, and give a healthy tone to the bowels, thereby adapting the only natural and consistent method of retaining the life blood pure, and the system healthy. It is impossible to give every particular in this brief notice, but these Pills are eminently adapted to all cases of indigestion, dyspepsia, and every disease, which grow out of constipation of the bowels, neglected colics, slight attacks, &c., and which it is in the power of all to prevent. These pills do not palliate but they cure most all the diseases of the Western Country, and in all climates. Physicians stand high, and commendable as a friend. Among the complaints for which these pills are highly recommended, are the following: Fever, Dyspepsia, Indigestion, Constipation, Headache, Dizziness, Dropsy, Liver Complaint, Biliousness, Spasms, Cholera, Stomachic, Pain in the Chest, Scurvy, Bad Breath, Jaundice, Female Complaints, Rheumatism, Whooping Cough, Consumption, Pleurisy, Croup, Influenza, Pimples, Skin Sores, Blows, &c. By following the simple directions which accompany every bottle, the power of all to prevent disease will be effected. Most of the hospitals in New York have given these pills the preference over more than 20 kinds of other medicines. Several eminent physicians in New York and elsewhere use them in their practice.

Beware of Imposition! The demand for Dr. Smith's Pills being every where great, several unprincipled persons have endeavored to sell cheaply a preparation of the Pills of the most miserable and dangerous stuff, and palm them off for genuine, but on a "cooling" and "sedative" character. Beware of these impostors for the written signature of G. Benj. Smith, on the bottom of every box, to counteract which is necessary.

More than 1000 certificates have been received by the inventor, and are on file in the office of Dr. Smith's Herald and Gazette, where they can read of the most important cases. We give for want of room, but a few: Testimonials. Dr. Smith's Pills are purely vegetable, operate well, and produce no ill effects. They are the Pills of the True Whig.

My wife has taken Moffatt's, Morrison's, and my others, but she has received more benefit from Dr. Smith's Pills than all others. She believes they are the best medicine she ever used, and she is now changing their enjoyment of diet, and at any season. JOHN KELLETT, 127 Myrtle Avenue, Brooklyn.

Dr. G. Benj. Smith's Pills have entirely cured which other Pills, and medicines, could not cure. I inclose that I have yet seen. J. GREENE.

At the request of Dr. G. Benj. Smith's agent we cheerfully state that we visited the office of Dr. Smith in September, 1847, and saw the original boxes and found him carrying on a very extensive business with the Indian Vegetable Pills. The extent of his establishment would accommodate any one not initiated in the Mysteries of the Pill Trade.—Lancaster, Pa.

Dr. G. Benj. Smith's Sugar Cane Pills are all the rage in Boston now. Children cry for them. Boston Fair.

Very much so in Rochester. The dear "lib" responsibilities" won't believe they are medicine, no how.—Rochester Daily Advertiser.

They sell well at Carbondale, and so they ought to. Purchase them of Sweet & Ensign, or of the Gardner, or of the True Whig, or of the sale of Dr. G. Benj. Smith's Sugar Cane Pills. Give them a trial, and they will stand as high as any other medicine they ever saw in our—Carbondale (Pa.) Review.

Lansdowne, Feb. 13, 1846. Dr. Smith.—Dear Sir, I have two weeks ago bought two gross of your Indian Vegetable Sugar Cane Pills. Though business is dull here at present, but as you grow through Messrs Lawrence & Coe of your city, who will forward them to a Pittsburg. WILSON, STARRIB & SMITH AGENTS.

DR. SMITH'S GREAT NATIONAL PILLS.

Dr. G. Benj. Smith, Improved Indian Vegetable (Sugar Cane) Pills, &c.

Dr. G. Benj. Smith, Improved Indian Vegetable (Sugar Cane) Pills, &c. The medicine of the United States, and other fame which no foreign imitations can equal. Almost unnumbered they have silently won the approbation of the people who have held out a scepter of opposition can arise. It is impossible to give every particular in this brief notice, but these Pills are eminently adapted to all cases of indigestion, dyspepsia, and every disease, which grow out of constipation of the bowels, neglected colics, slight attacks, &c., and which it is in the power of all to prevent. These pills do not palliate but they cure most all the diseases of the Western Country, and in all climates. Physicians stand high, and commendable as a friend. Among the complaints for which these pills are highly recommended, are the following: Fever, Dyspepsia, Indigestion, Constipation, Headache, Dizziness, Dropsy, Liver Complaint, Biliousness, Spasms, Cholera, Stomachic, Pain in the Chest, Scurvy, Bad Breath, Jaundice, Female Complaints, Rheumatism, Whooping Cough, Consumption, Pleurisy, Croup, Influenza, Pimples, Skin Sores, Blows, &c. By following the simple directions which accompany every bottle, the power of all to prevent disease will be effected. Most of the hospitals in New York have given these pills the preference over more than 20 kinds of other medicines. Several eminent physicians in New York and elsewhere use them in their practice.

Beware of Imposition! The demand for Dr. Smith's Pills being every where great, several unprincipled persons have endeavored to sell cheaply a preparation of the Pills of the most miserable and dangerous stuff, and palm them off for genuine, but on a "cooling" and "sedative" character. Beware of these impostors for the written signature of G. Benj. Smith, on the bottom of every box, to counteract which is necessary.

More than 1000 certificates have been received by the inventor, and are on file in the office of Dr. Smith's Herald and Gazette, where they can read of the most important cases. We give for want of room, but a few: Testimonials. Dr. Smith's Pills are purely vegetable, operate well, and produce no ill effects. They are the Pills of the True Whig.

My wife has taken Moffatt's, Morrison's, and my others, but she has received more benefit from Dr. Smith's Pills than all others. She believes they are the best medicine she ever used, and she is now changing their enjoyment of diet, and at any season. JOHN KELLETT, 127 Myrtle Avenue, Brooklyn.

Dr. G. Benj. Smith's Pills have entirely cured which other Pills, and medicines, could not cure. I inclose that I have yet seen. J. GREENE.

At the request of Dr. G. Benj. Smith's agent we cheerfully state that we visited the office of Dr. Smith in September, 1847, and saw the original boxes and found him carrying on a very extensive business with the Indian Vegetable Pills. The extent of his establishment would accommodate any one not initiated in the Mysteries of the Pill Trade.—Lancaster, Pa.

Dr. G. Benj. Smith's Sugar Cane Pills are all the rage in Boston now. Children cry for them. Boston Fair.

Very much so in Rochester. The dear "lib" responsibilities" won't believe they are medicine, no how.—Rochester Daily Advertiser.

They sell well at Carbondale, and so they ought to. Purchase them of Sweet & Ensign, or of the Gardner, or of the True Whig, or of the sale of Dr. G. Benj. Smith's Sugar Cane Pills. Give them a trial, and they will stand as high as any other medicine they ever saw in our—Carbondale (Pa.) Review.

Lansdowne, Feb. 13, 1846. Dr. Smith.—Dear Sir, I have two weeks ago bought two gross of your Indian Vegetable Sugar Cane Pills. Though business is dull here at present, but as you grow through Messrs Lawrence & Coe of your city, who will forward them to a Pittsburg. WILSON, STARRIB & SMITH AGENTS.

Dr. G. Benj. Smith, Improved Indian Vegetable (Sugar Cane) Pills, &c.

Dr. G. Benj. Smith, Improved Indian Vegetable (Sugar Cane) Pills, &c. The medicine of the United States, and other fame which no foreign imitations can equal. Almost unnumbered they have silently won the approbation of the people who have held out a scepter of opposition can arise. For about four years past, the most delicate and sensitive constitutions have suffered from the effects of impure pills in the stomach, with at once a pleasurable, delectable, and delicious taste. They have the rare merit of the most carefully selected ingredients, are always safe, and there can be no danger of taking them. They are the only medicine that will manifest their excellence in relieving the most of many precursors of alarming disease, keeping the system healthy, and Nature's own remedy. New York has given its certificate that these Pills are purely vegetable.

The great principle recognized by the inventor of this invaluable medicine is, that every part of the body, whether in health or disease, is under the influence of the digestive organs. This and national doctrine forms the only ground on which a good family medicine can be based. Operating according to this principle, Dr. S. by pills strengthen the stomach, promote the secretion of bile, and give a healthy tone to the bowels, thereby adapting the only natural and consistent method of retaining the life blood pure, and the system healthy. It is impossible to give every particular in this brief notice, but these Pills are eminently adapted to all cases of indigestion, dyspepsia, and every disease, which grow out of constipation of the bowels, neglected colics, slight attacks, &c., and which it is in the power of all to prevent.
