TO ABATE EVIL

Governors Will Meet to Talk Over Night Riders.
Frankfort, Ky., Oct. 26.—A conference of the governors of the tobacco and cotton growing states in which night riders have been operating will probably be held shortly after the election for the purpose of contriving measures to abate the evil which, spreading in Kentucky and Tennessee, has apparently spread and found lodgment in many states. The suggestion that the conference be held came from Governor Johnson of Tennessee and originated directly from the recent outrage at Redfoot Lake. Governor Patterson in a published interview suggested such a conference and his suggestion was brought to the attention of Governor Wilson by a telegram from a New York newspaper. A call for the conference probably will be issued in a few days. The governors of the following states— and possibly others— will be asked to attend: Tennessee, Kentucky, Missouri, Alabama, Mississippi, Arkansas, Ohio, Indiana and Illinois.

There is a heap of solace in being able to depend upon a well-earned reputation.

For months Olive Hill readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

Mrs. Calvin H. Rose, living at 916 W. Winchester ave., Ashland, Ky., says: "For several years I suffered greatly from kidney trouble and although I took many remedies and was under the care of a physician I was unsuccessful in finding relief. My back was so weak at times that it was impossible for me to rise after sitting down. Added to this trouble was a disordered condition of my kidneys which caused me great annoyance and distress. I was almost discouraged when I procured Doan's Kidney Pills and took them as directed. They went at once to the seat of my trouble and it was not long before I was completely cured." (From statement given in 1900.)

A LASTING CURE

On Dec. 23, 1907, Mrs. Rose said: "Although seven years have elapsed since I recommended Doan's Kidney Pills, I am glad to say that I have been absolutely free from kidney trouble during that time. Other members of my family have also benefited with the same satisfactory results." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Heart Interest.

Men love naturally all that comes from the heart, and that is great, all that dazzles, and even all that is strange. A heroic act or a single act of generosity moves them fitfully and provokes their enthusiasm. They see these acts; they do not see the justice in the heart of the just—Julius Simon.

Pennsylvania Huntsman Found In Woods With Face Shot Off.

Media, Pa., Oct. 27.—The body of John Denny, Jr., aged twenty-three years, was found in a wooded place in Upper Providence, under conditions which strongly point to murder. A large hole had been torn in the lower portion of his face by a charge of buckshot. Denny started from his home in this place on Friday to go hunting. As he was going toward the woods where his body was found, late Friday afternoon. The suggestion that he was the victim of an accident or shot himself is discouraged by the fact that his gun and ammunition and all of his valuables had been taken. An old cap and several shattered twigs were picked up in front of the body. These bits of wood, the authorities say, show that the charge of shot came from some distance and not from Denny's gun. An examination of the wounds on Denny's face seems to indicate that two charges struck him and that the shot was not of the size he used.
