BARDSTOWN~(Nelson Co.): The site of B'town was settled in 1776 by Proctor Ballard, Benj. Grayson, Gabriel Cox, etal. and named Salem. The name was ch. to Bardstown when the town was inc. by the Va. Ass. on 12/2/1788. At that time David Bard, one of the co-owners of the site, donated 100 acres for the town. Acc. to a traveler's journal of the time, the place was called Bardstown at least by May, 1788. Wm. Bard arr. from Va. in 1780 to settle on a 1000 acre grant to his bro., David. Mrs. Smith thinks the Salem name was applied to the commu. until 1784 "when we first find it referred to in the old records as 'Bairds Town' or 'Bards Town' and 'Beardstown.'"(P.301) It was Wm. who
petitioned the Va. Ass. and he asked that the town name be spelled Bardstown... (From letter by me. to Wm. Nicolaisen, SUNY-Bing., 1/13/1978); Benj. Grayson was appointed pm of Bardstown po on 6/11/1794. (Smith, Hist'c. N. Co., 1971, P. 123); Isaac Harrald was appointed surveyor of N. Co. in 4/1802; Wm. Beard (sic) was ne. north Ireland. BARDSTOWN (Nelson Co.): In 1780, Wm. Bard (sic) arrived, representing his bro., David. He laid off the town. The settlement there was 1st called Salem. The Va. G.A. in 1785 issued a land grant of 1000 acres to include land for a county seat. Town was laid off by Wm. Bard who donated 2 acres for public bldgs. in his brother's name. David stayed in Pa. 1st ct. hse., a log structure, was built in 1785. By then the commu. was known as Baird's Town, "a variation of family name." It was given as Bardstown when inc. in 1788. (Highway marker, Bardstown, Ky. acc. to BULL. OF KHS, Vol.6(3) 6/1980, P. 4);
BARDSTOWN (Nelson Co., Ky): est. 10/13/1788; Wm. Bard (1738-1801); Nelson Co. was created by the GA and Beardstown (sic) was named its seat. Included in the 1792 tax lists were: James Baird, James Baird, Jr., Wm. and Alex'r. Baird; Pennsylvanian David Bard, father (sic) of Wm. Bard, rec'd. a Va. land warrant for 1000 acres. No evidence that David ever came to Ky. but Wm. arr. in 1780 to locate the warrant and arrange for its disposal. In that yr. a settlement was made on that site. Its 33 orig. settlers included Wm. & James Bard, John C. Owings, Gabriel Cox, Wm. Rogers, etc. This settlement was 1st called Salem. By 1784 it was known as Bairds Town but when it was chartered by the Va. leg. in 1788 it was, acc. to Wm. Bard's pet.
named Bardstown. David Bard gave 100 acres for the town site. He and John C. Owings were props. of the site ca. 12/1780. Jas. Bard was one of the orig. town trustees (1788) and was still that in 1793 but apparently not in 1797. Wm. Bard was agent in the disposal of town lots. (NELSON CO. Became st. pk. in 1922. (brochure pub. by the B'town C of C., date=dk); Salem was on the no. side of Beech Fork in the vic. of the present Bardstown. (O.M. Mathers, "The Mathers Papers: Hist. of Hodgenville & LaRue Co.", orig. publ. 1925 (LaRue Co. Herald-News, 1968, P. 1);
BARDSTOWN (Nelson Co.): ("B(ah)rdz/town")
1st called Salem, then Bards/Town. Two Bard bros. came here and est. a town. On early records, it was spelled at least 3 different ways: Beardstown, Bairdstown, and Bardstown. Named for both Wm. and his bro. David and their surname was Bard, not Baird. Corruptions due to persons not knowing how to spell or spelling as they thought it sounded.... (Sarah Smith, interview, 11/4/1978);
BARDSTOWN (Nelson Co.): Wm. Bard "lived out his life w of B'town 2 mi. but disowned the town--died c. 1804 I think. James Baird (no relation) moved away from B'town in 1797. I find no record of any of his family in this area after that. But the sons of Wm. Bard played an important part in the town's affair after 1815, incl. Wm. Bard, Jr. Various maps show Bairdstown up until about 1820. I feel certain that the Bard 'sons' finally got the correction made to the proper 'Bardstown' abo that date." (David H. Hall, letter to me, 8/5, 1980);
BARDSTOWN (Nelson Co., Ky): "This 4th cl. city and the seat of Nelson Co. is on US 31e, 62, and 150, 32 mss of downtown Lou. Acc. to trad., the site had been settled by 1776 and was first called Salem or Salem Town. In 1780 Wm. Bard (1738-1802), a Pa-born surveyor, arr. to represent his bro. David who had been granted a 1000 acre tract here by Gov. Patrick Henry o' Va. Wm. soon laid off the town which as Bardstown was made the seat of newly created Nelson Co. in 1784. In early records the name was variously spelled Bards Town, Bardstown, Bairdstown, and even Beardstown partl because of confusion about the proper spelling of the family name. The Bards were the sons of Archibald Bard, an Irish immi, who was also known as Beard. In
Scotland, years before, their family name had been spelled as Baird. To complicate matters unrelated families of Baird and Berd had also settled in the area before 1800. The po was est. as Bairdstown on Oct. 1, 1794 with Benj. Grayson, pm, and is said to have retained this spelling until around 1820 when Wm. Bard's sons legitimized the present form." (Book-P. 14)
BARDSTOWN (Nelson Co.): Wm. Bard ne c1738 and died c.1804. (David H. Hall, "Old Nelson Notebook" col. in the (Bardstown) KY. STANDARD, 7/15/1976); Bardst. lst officially called Salem or Salem Town..."No explanation exists as to the origin of the name which failed to gain pop. acceptance...my personal opinion is that 'Salem' was the choice of David Bard, one of the proprietors....David had just completed his initial training as a Pres. minister in 1777. The name Salem is often found used in this religion....Most likely David Bard chose it because of his conviction
and the Bards (sic) intentions to align the new town and its institutions with the Pres. Religion...." John Filson, in his 1784 map, spells the settlement's name as Bards Town (sic). "Shortly after...there began to appear variations of the spelling in official records, deeds & lawsuits. Soon it was spelled 'Bairdstown' more oft than not; and the various clerks were obviously much confused about the proper spelling for the family name 'Bard' as well. Often a record will show this as 'Baird'
or 'Beard' when referring to the brothers Wm., David, & Richard." The confusion was justified since, in fact, there were actually 3 unrelated families in the community in those days with "closely related surnames"..."Wm., David & Richard Bard were the sons of Archibald Bard who spelled his name 'Beard' most of his life. This was the common Irish spelling of this surname while in Scotland it had been written 'Baird' for many generations. We may presume all renditions were pronounced about the same. (Arch. came to Am. from abroad)...his sons
apparently always spelled their name Bard.

...In the same general area of Pa. where the Bards originated was another family by the name of Baird. (incl. Jas. Baird, son of Thos. Baird, who came to Ky. early. The Bairds & Bards) knew each other and had common relations and perhaps this is the reason James* ended up with land claims just e of the Bardstown pre-emption. (*and Irish Tommy) James Baird was an early arrival in this area and began to play a part in the new town's affairs from an early date. (he was a trustee of the town
in 1788). All the spelling in those official acts of the Va. govt. refer to 'Bairdstown' and David Bard is called 'David Baird'....By this time Wm. Bard was no longer living in Bardstown. He had moved nr. Danville....Could there have been a conscious effort to change the town's name to Bairdstown because Wm. and David Bard had not made good their promises to the orig. settlers? We will never know. But for over 20 yrs. after the official Va. act was passed and pub-
lished the town was most often dubbed 'Bairdstown' in official records. However, here and there we find 'Beardstown' and there was yet another separate family of 'Beards' living in Nelson Co. But they played no part in town govt....Slowly the spelling...shifted to our present day Bardstown form c. 1815-1820...." (David H. Hall in his col. "Old Nelson Notebook" in the (Bardstown) KY. STANDARD, 9/16/1976);
BARDSTOWN (Nelson Co.): In 1780, Gov. Henry granted 1000 acres to David Bard & John Owing. No evidence of David's ever having been in Ky. His bro., Wm., came to "dispose of the land". And gave 2 acres for public buildings. Thus the town was named for him. The Bairds also came from Pa. with the Bards but remained while the Bards sold out and returned to Pa. cf Dixie Hibbs, a Bardstown historian. The L& was completed thru Nelson Co. in 1860. (John Ed Pearce, "Nelson Co." LCJM, 10/14/1979, Pp. 12ff, 19, 47, 49);

NAZARETH Novitiate Named for King

Special to The Courier-Journal

NAZARETH, Ky.—The board of trustees of the Sisters of Charity of Nazareth voted unanimously yesterday to name its novitiate the Martin Luther King Center for the Study of Community.

In addition to housing young women preparing to enter the order, the novitiate also is used for special workshops, institutes, retreats and lectures.

Mother Lucille Russell, chairman of the Nazareth board, expressed the hope that “this change in the name of the building honoring a great man and publicly proclaiming confidence in and appreciation of black America will serve also to help to keep alive the memory of a life that was truly Christ-like.”
