May Day Festival Held Next Week

R.C.M. 18 May 1933

The annual May Day celebration and festivities of the Morehead State Teachers College, which is to be given by the women's physical education department under the direction of Miss Ernestine Troemel on Friday and Saturday, May 26-27, will consist of two parts, the rhythmic festival and the play or field day.

The festival features will be held on the terrace garden of Allie Young Hall, Friday evening, May 26, from 6:30 to 7:30. The May queen and her court will be chosen, but the names of those selected for these positions will not be publicly announced until the crowning of the May Queen Friday evening. Other events to take place at this time are a dance by the junior high school girls, a tap dance by the college clogging class, a novelty dance by the advanced tap group, an original folk dance with English flavor, and possibly some other features by the physical education department of the training school.

The play day session of the festival will be held Saturday May 27,

from 1:30 to 4:00 on the Jayne Memorial Athletic Field. This part of the program will be a combination of demonstration and mass participation games. The first event on this program is to be an athletic parade at the stadium, in which all people who are demonstrating that day will take part. Following the parade will be the demonstration part of the activities, which were chosen by the students as a representation of work done in classes. The last events will be the mass participation competition in low organized games, such as horse shoes, potato races, mumble the peg, and various relays, and individual stunts. Winners will be announced after the competitive games.

Miss Troemel stated that the features of the May Day programs are that all the activities are put on with the least possible expense. The costumes will not be elaborate, but simple enough to put across the desired effects. The real motive of a play festival is to promote wholesome recreation.

COLLEGE MOVIES

1933

During the past two weeks a professional news-reel cameraman has been at Morehead making a complete moving picture of the different phases of college life.

In addition to the views taken of the student body coming from the auditorium and of the president and dean, there have been made pictures of town and campus from the side of the valley opposite the college, typical classroom and laboratory scenes in both the college and training school, the library, the cafeteria, the parlors and bed-rooms of the dormitories, the faculty in caps and gowns, and the several phases of athletics on the campus, as well as many other interesting scenes.

EIGHT HUNDRED TREES

HAVE BEEN PLANTED

1933

Under the supervision of Professor H. C. Haggan, head of the Department of Agriculture, and G. Y. Bell, assistant state forester, 800 Norway pines have been planted on the campus back of the Breckinridge Training School. Mr. Haggan and Mr. Bell were assisted by 150 volunteer workers from the student body. It took approximately one day to do the work which is a part of the reforestation project being fostered by the college.

The Norway pines are adapted to rocky soil and are in good condition at the present time. Next fall 1200 more trees of a different variety will be transplanted.

SHOWS IMPROVEMENT

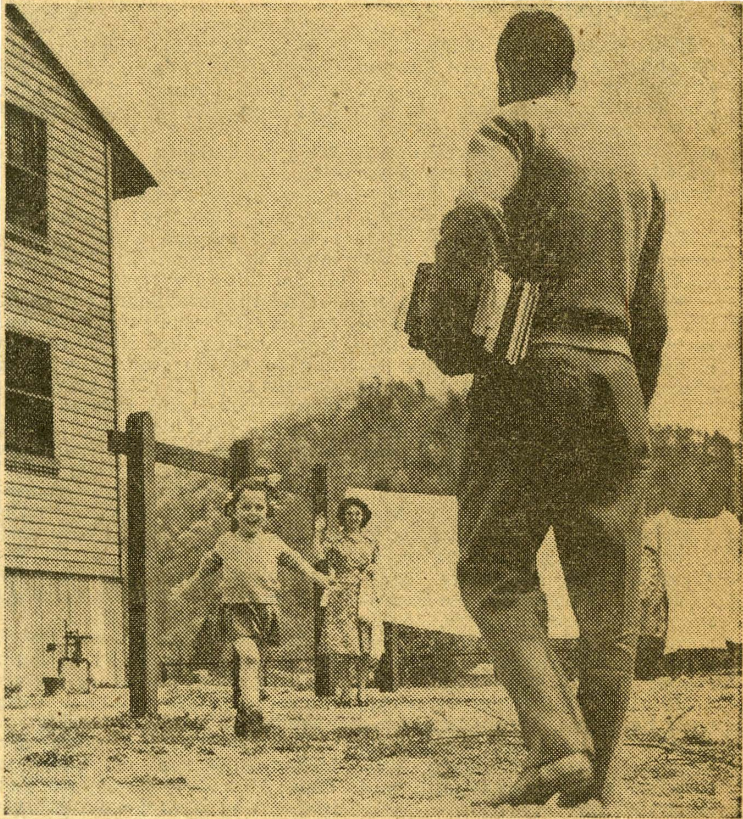

Little Mary Ella Lappin whose eye was seriously injured last week has returned home from Lexington where she was taken for treatment.

According to the doctors Mary Ella will probably retain her sight, news which is certainly satisfactory to the numerous friends of the Lappin family. She has been suffering considerably but that was naturally to be expected.

Student Gov't An Issue For Thompson Hall

Heated Debates Produce More Smoke Than Light

Domestic tranquillity is a thing of the past within the hallowed portals of Thompson Hall according to the latest rumor, which came from a "strictly reliable source."

In a joint meeting held February 20th, Prof. McShea, dean of Thompson Hall, proposed to an assembly, representing the interests of the hall, the establishment of a system of student government. On March 1st, a nominating committee met to select eligible officers, who are to be elected later. Other meetings are to follow for the purpose of ironing out various difficulties and to formulate future plans and regulations.

Several heated discussions have resulted since that fatal night when the news first leaked out. Students from this hall who are "in the know" have aired their views pro and con; the veil has been "rent in twain." "I'm satisfied with the present set-up," has been the time-proven objection frequently heard these days, "who wants a student telling you what to do? Student government is usually twice as strict, twice as many petty rules to burden you." On the other hand it has been observed, "We're not children any longer. We don't need a 'father in arms' to tuck us in bed each night," and so it goes.

This matter will be put to vote by secret ballot in the near future, which will give the residents of Thompson Hall the final voice. Think it over fella's, your future conduct may depend on your vote.

DEBATE TEAM TO ENTER CONTEST

Meets Southern College Monday Evening

MOREHEAD, Ky., April 23.—The Morehead College Debating team will go into action for the first time since the spring holidays when they meet Birmingham College of Birmingham, Alabama in the college auditorium Monday evening.

The local team will clash with Transylvania here Wednesday and will remain idle from then until May 9th, when they debate the University of Louisville at Louisville. Negotiations are being made for a debate with Murray State Teachers College there following the Louisville clash. If a debate is scheduled with Murray, the Morehead team will probably make a stopover at Western State Teachers College for an exhibition before the Congressional Club, of which Mr. A. Y. Lloyd, coach of the local speakers, was formerly a member.

So far in the year the Morehead debaters have lost to Morris-Harvey, defeated Berea and Lee College, and met Asbury College of Wimore, Ky. in a non-decision affair.

The local teams are made up of the following students: George Bailey, Everett Cocanaugher, Kathryn Friend, Beatrice Goodwin, Vaughan Magarian and Floyd Moody.

New Teachers For Spring Term

R. C. N. 6 April 1933

The regular faculty of the Morehead Teachers College, has been augmented by four additional teachers to care for the heavy mid-term enrollment. Of that number two, Miss Anna Bertram and Mr. Ralph Hudson, have been connected with the institution as instructors. The new faculty members are Miss Winnifred Naley and Mr. Harold Walter.

Mr. Ralph Hudson, who has been working on his Ph. D. degree at Ohio State University since September, acted as head of the Department of Art during the absence of Mrs. Naomi Claypool last year. Mr. Hudson will again teach art.

Miss Anna L. Bertram, County Superintendent of Lewis county, who assisted in the Department of English two years ago, will teach education.

Miss Winnifred Naley, Rochelle, Illinois, has been added to the geography staff. Miss Naley comes to Morehead with the record of eight years of successful geography teaching behind her. Miss Naley has an A. M. degree from the University of Chicago.

Mr. Harold Walter, who received his A. M. degree from Ohio State University, will have charge of the mid-term classes in English.

Since the beginning of the second semester two part time instructors have been employed by the college. Miss Eva Kemp, of Dixon, Kentucky, is teaching music in the elementary grades of the Breckinridge Training School and attending college. Miss Kemp has been a student at Ward-Belmont and the University of Chicago.

Miss Ruth Power, of Owingsville, Kentucky, a graduate of the Morehead Teachers College, is working as an assistant in the Department of Education.

LYCEUM SPEAKER TO GIVE TALK IN CHAPEL

R. C. N. 6 April 1933

The student body of the Morehead Teachers College will hear one of the pioneers of the American lecture platform at the usual con-ocation hour, Monday, April 19, in the person of W. H. Stout.

Mr. Stout, who hails from Indianapolis, Indiana, has been connected with lyceum work for years. He enjoys the distinction of being one lecturer whose services have been in almost constant demand for the last 20 years.

Those of the student body and faculty who heard Mr. Stout when he lectured here some time ago are of the opinion that he is one of the most powerful speakers ever to appear here.

Mr. Stout will also give a lecture Monday evening at 7:30 o'clock in the college auditorium as a regular member of the current lyceum season.
