ALLEGBE (1000 ac, Ky): “This hamlet, c. Po is centered on the site of Ky. 106 + 178, 8 (air) Mr. Wm. of Elkton. Two related hist. derivations and a folk etymology have been offered for its name. In 1884, when residents re-
guested a Po, inn. B. Brewer, then pr. of nearby Fairview, was asked by postal authorities to inspect the site and name the new Po. He was accompanied by a Col. Allegro, a
Fairview sch teacher, and named it

ALLEGRE (pron. al-egree) (Todd County, Ky.) probably named for John Allegre, a local school teacher. Folk etymology: citizens, wanting to name the town, got together to choose a name. They spent all day but couldn't all agree. And someone said now that's a good name. (Acc to Mrs. Ida Lacy Jones (Mrs. I.D. Jones), local storekeeper and still alive. Told to me by Geo. CLAYMOUR (Todd Co.): At jct. of Ky. 106 (The Mt Sharon Rd) & the Highland Lick Rd. At this xrc was est. the 1st bldg. in commu., a log tavern that's still standing. Several names: called Crossroads; then called Shakerag by early settlers. Several accts. of this name: "One theor held that fastidious housekeepers of the frontier made frequent trips to the front door to shake the dust from their cleaning rags. The incessant shaking of rags caused those who passed through the area to think of the comm. as one whose ladies literally 'shook rags.' Acc. to another: the name was derived from
poorly-dressed men who shook their rags as they stood outside in the cold weather with nothing to do." (P. 250) Origin of the po name: Named for the "sticky and cloying" yellow clay subsoil. "When wet it adheres to wheels so stubbornly that a moderately loaded wagon could not move without the aid of additional mule power. The clay roads...were made almost impassable by winter rains....Since the inhabitants were so familiar with clay and its properties, it was not unexpected when someone suggested naming the settlement 'Clay.'" Another Ky. town with that name.
"More Clay" not euphonious so someone transposed the syl. and it came out Claymore. For some reason the sp. was changed. Comm. of 8 sq. miles with sparse pop. Had: broom factory, sawmill, blacksmith, several gen. stores and grist mills. Now: gro., beauty shop...(P.251) Once a farming comm., now most of working pop. commute so a "dorm. town." One rm. sch. closed...(P.252) (John C. Wright in THE STORY OF TODD COUNTY, KY. 1820-1970 comp. by Frances Marion Williams, 1972);
CLAYMOUR (Todd Co.): At jct. of Ky. 178 (The Highland Lick Rd.) and Ky. 106. Pop. =c50. "At about the end of the last cent. a self-appointed comm. of two--John Kennedy and Will Adams, loc. merchants--set about giving the place a proper name. Claymour, as the name implies, is a veritable bank of yellow clay. The comm. toyed with the name Clay but gave it up as there was a Clay, Ky. already. Then it got original. Since there was more clay about than in most places, the name More Clay was considered but didn't sound just right. So, in a change-up, the name came up Clay More. Then, to make a firmer hold on the old and original, the comm. ran the two words together and on-a-purpose misspelled the
more, coming forth with the name Claymour. (This) story was reported to me many times by the two committee members as I grew up in Claymour." (John C. Wright of N. Redington Bch., Fla. in a letter to me, 10/31/1978); misspelling was deliberate (ibid. 11/10/78);
CLAYMOUR (Todd Co.): po est. 8/22/1889, Jas. H. Heltsley...10/15/1918, John W. Heltsley; Disc. eff. 2/15/1922 (mail to Elkton) (NA); (Pron. "Klā/m(aw)r"). Questions that it was a corruption of more clay for he doesn't think that clay had this much importance in that vic. No brick construction there and doesn't know if brick ever produced there. Most of the early chimneys were made of a rough stone that was readily available on the surface of that vic. Most of the earlier houses were either log or clapboard. He speculates a derivation (possible) from the Scottish Claymore swords and there may have been some physical
the
characteristic of a shape of a bend in the creek or a tree or something like this and that would have led to the naming of the community. I've never heard any explanation. My surmise is based entirely upon the similarity of words." (Geo. S. Boone, interview, 7/20/1972);
CLAYMOUR (Todd County, Ky.) "Since the inhabitants were so familiar with clay and its properties, someone suggested naming the settlement 'Clay'; the designation was not acceptable because Kentucky had a town which bears that name. 'More Clay' was not euphonious so some individual merely transposed the syllables and the name 'Claymore' was the result." (Quoted from TODD CO. SESQUICENTENNIAL CELEBRATION: "A History and a Heritage" 4/25-5/1/1971, written and compiled by Marion Williams.) Ask Hightower about his account...
CLAYMORE (Todd Co, Ky): "This settlement of Epo at the set of KY 106 and 175, S (air) MS. SSW of Elkhorn, was once a thriving vil. It was early called both Crossroads and Shakerag. John E. Wright offers 2 acres of the latter name. Ace to one, 'Festidious housekeepers of the frontier made frequent trips to the front door to shake the dust from their cleaning rags. In incessant shaving of rags caused those who
passed through the area to think of the comm. as one whose Ladies literally shook their dags. Acc to the other... the name was derived from poorly dressed men who shook their dags as they stood outside in cold weather.

In 1889 2 local merchants, John Kennedy and Will Adam having been asked to name the new PO, suggested Clay for the abundance
of yellow clay subsoil so characteristic of the area. When they learned that this name was already in use, and noting that there was more of this clay here than in most other places they offered clay more instead. The two words were then run together and, for some reason, deliberately misspelled. And what emerged Claymourn was accepted by the postal authorities.
Thus, on 8/22/1889, the Claymore 
op. was est. and Gen. H. T. Holtsley 
became PM. It closed in 1922."

(book, p. 59-60)
CLAYMOUR (Todd Co.): ("Kla/m(aw)r") DK how it got its name. Assumes the name derives from the abundance of clay mud in that section of the county. It might have been called More Clay. There's limestone soil all through there. Never heard of any families of Clays in that area. Probably so named for in the winter it used to be so muddy; you could hardly ride a mule through there on acct. of the clay mud. (Claude Hightower, interview, 7/24/1972);

Named for James Guthrie, the 3rd pres. of the L & N RR, 10/1860-6/1868. He helped organize that rr. (Source: "Our Place Names are Personalized" by "Ole Reliable" (pseud) in THE L & N EMPLOYEE'S MAGAZINE, Feb. 2, 1956, P. 23); Inc. 3/11/1876, (ACTS, 1876, Vol. 2; P. 371); po est. as burg in Montgomery Co., Tenn. On or before 7/14/1868 it was moved to Todd Co. and named Guthrie, Wm. G. Spalding... (NA);
GUTHRIE (Todd Co.): In 1844, the site was but a "stopping place called Pondy Woods, two mi. e. of Graysville" (q.v.) Community est. at site by J.C. Kendall, the owner. Laid out a town there in anticipation of the est. of L&N shops there and named the place for Jas. Guthrie, the rr's pres. But the shops weren't located there. (P.193). In 1869, Memphis Br. of L&N laid down. Guthrie chartered in 1879. By 1886, had pop. of 300. In 1866, 1st store run by Thos. R. The L&N's pres. at that time (it's 2nd pres.) was Jas. Guthrie. Shortly after the rr was built thru, the name was changed. (Chas. Castner, interview, 3/21/1972 Named for the 3rd pres. of L&N, Jas. A. GUTHRIE (Todd Co.): (Pron. "Gh(uh)th/ree or Gh(uh)th/r(ie)") (Lester Lannum, interview, 7/20/1972): Most of what became Guthrie came from Tate Sta. and from Graysville. When the rr came in, the Stage Coach Inn declined and the pop. moved to Guthrie and it became a very thriving commu from c. 1880-90 to 1940, when Guthrie began to decline rapidly. At one time 35 pass. trains stopped there daily. Now mostly residential. Also a large crosstie treating plant operated by the Copperas (?) Co. employing several hundred men. It's supposed to have been derived from the fact that an old color­ed man ran a bootleg joint in the vic. of thi xrds and the method of conveying your wants and to convince him of your safety of selling to you (sic) was to pinch him slyly. When you pinched him slyly you understood that you knew the equivalent of the passroad (sic) and

he would then supply your wants in distill goods. Over the years this was reduced from Pinchem Slyly to simply Pinchem. And the roadmaps have even changed the spelling. I has become Penchem instead of Pinchum, which is the spelling as I originally recall it. It has never been written "Pinchum Slyly" since I can remember but it was Pinchum when I was younger. The road maps have used the Penchem spelling." DK when the community was est. and called this. It's an old xrds settlement. "The Trenton-Galatin Rd., which is one of the early

The major road that goes thru is from Elkton to Guthrie, Ky. 181, but there have been well established centers there—an old Negro church and a sch. at one time. And also a store or so. And they tell me that's where it got its name." (About when was this?) It was before my day. I d.k. .... Even (before) 1918 (when the 18th amendment was passed) some localities were dry and Todd Co. has always been a

Now, the Hermon commu. is famous for its old weeklong religious revivals... c. 1900... at Hermon they had an everlasting spring... and I think there's a spring there now." "TINY TOWN" (Todd Co.): Stage Coach Inn located at Graysville. ("Grəz/-vəl") = 2 mi. nw of Guthrie at jct. of US 41 and 79. Adjacent to a little commu. known as Tiny Town, Ky. ("T(ah)nee Town") "A man owned a restaurant in Guthrie, a Mr. Davis, and that time Guthrie was a prosperous commu. of about 1500, mostly rr people. And the rr stopped hauling passengers and, of course, the town started to move out. And so he wanted to build a place outside so as to get the truck trade from 41 and 79 so he built a rest. at the intersection of those 2 roads. It was known as Davis Rest. first. He ran it until he died. While he was
operating it, he got a sign painter by the name of Mr. Bellar to come down and print him a sign. And he called it *Tiny Town, Ky.* It was the first building there. In trying to be humorous, he said 'Tiny Town, Ky. pop. 3', Mr. Davis, Mrs. Davis, and one kid. That was (the) total pop. of Tiny Town. And later on, of course, they built the truck stop that was operated by a Wm. Howell and then later on, I believe, a man by the name of Mr. Hadden from Elkton, the former former Sen. Hadden from Ky., he built that motel about 15 years ago. I don't know what they called it then but it's Holiday now..." So there now
is: truck stop, motel, Tiny Town Rest. "Now all of this is before you get to the Stage Coach Inn which, I believe, has been there since about 18 hundred and 09. Major John Gray improved this and built it up to its present form about 1833....T.T: is more or less a commercial intersection betw. 79 and 41. Graysville is the location where the old Elkton and the Dixie Bee line came together before 79 came thru. Now Graysville has a little store right before you come in on 41...operated by Andy Campbell. And that was the business community for that location
until T.T. came in due to the building of 79. "The inn would be in Graysville. "Major Gray built the inn and his daughter, Mrs. Kendall, built a home right back on the hill, I guess about $\frac{1}{2}$ mi. . . ." Assumes that Graysville was named for Maj. Gray for his family were the only Grays that ever lived there. Grays Sta. was another name for Stage Coach Inn. "But it didn't become famous as a stage coach inn until it was remodeled and rebuilt in 1933. But it was a sta. long before that...claimed that it was built about 18 and 7 but I
could find no record at all about that...."

his source: Perrin, P. 131. "The area which contained Graysville or Grays Sta. commu.
was entered by Maj. John Gray sometime prior to 1808." He was born in Tidewater, Md. in 1771, a practicing atty. in So. Ky. after coming to Centerville, which the seat of Xian Co., in 1805 with his father. His father probably had the land grant and the title was probably conferred to Maj. John because of his father's activities. (Ibid.) (cf Perrin for bio. of Maj. Gray, Pp. 127-8
Latham assumes that someone was running the sta. there for Gray c.1808 or earlier....
(Lester Lannum, interview, 7/20/1972);
TINY TOWN (Todd Co.): (Pron. "T(ah)n/ee T(eye)n/ee town"). Vic. was known as "Old Graysville" Six of Maj. John Gray's stage lines crossed at Old Graysville ("(Oh)ld Ghráz/v=1"). "The present stage coach inn was the stop for his coaches. When the road was changed and US 79 was cut through differently, this moved a few hundred yards. Tiny Town was named by one of the people who was running a restaurant in that vic. It may have been named by Claude Talley Graves or a competitor, Billy Ware, who had a restaurant now known as the Coffee Cup. Caused some hard feelings when it ceased to be known as
Old Graysville on the road maps and renamed Tiny Town... Doubts that the T.T. name was used before 1940s. It may even have been in the early 1950s. T.T. = the crossroads. The rest. run by the man who coined the name is now called the Davis Rest., on the so. side of US41, while the truck stop is on the no. side but both are on the same side as US79. DK if the Davis Rest. is now in operation as a rest. The rest. is across 79 from the Stage Coach Inn. The latter place does not consider itself a part of T.T. Boone thinks that T.T. = the rest. and the proprietor's
home. This was before the Holiday Motel was built and possibly before the Coffee Cup was built. Thinks it was when that rest. was 1st started that the prop. decided to call it T.T." Named because of the small size of the pop. said to be only 3 at that time. (Geo. S. Boone, interview, 7/23/1971)
TINY TOWN (Todd Co.): The Stage Coach Inn was built c. 150 yrs. ago by John Gray, founder of Elkton. In 1952 the inn was bought by M&M Thad Northington who restored it. Difficult to trace its hist. Acc. to legend, visitors included Jenny Lind, Jesse James, Andrew Jackson, Thos. D. Rice... An early stagecoach stop. Northingtons now serve meals but don't provide lodging. ...("Jenny Lind Slept Here (We Think)" by Tom Duncan, CJ MAG. 2/25/1962, Pp. 22ff); The Inn was once called Old Graysville for John Gray, a Rev. War vet. at the jct. of 6 roads & 6 stage rtes. run by Gray. Run as an inn and for awhile as a Confed. hosp. & a chu. till 1880. Then a home and
more or less abandoned until the Northingtons acquired it. 8 rm. building restored ...(Ibid.);
TINY TOWN (Todd Co.): At jct. of US41/79. Mr. Davis started the rest. there and named it. He's dead....His rest. is closed. The site=across US41 from the Holiday Motel, on the s. side of the road. Truck stop now on the n. side of 41, across from it. They cal. it the Coffee Shop. (Claude Hightower, interview, 7/24/1972);
TINY TOWN (Todd Co.): Aka Breeze In. Applied to that area after US 41 and US 79 were built c. 1927 maybe because people would breeze through there in their auto's; they'd never even stop. This is speculation, however... People still refer to the area as Breeze In, an older name than Tiny Town—the area where the 3 roads (US 41, US 79, Ky. 181) intersect. This is the Graysville of stagecoach days. Similarly, Grays Inn is now known as Stage Coach Inn. (Claude Hightower, Interview, 7/24/1972);
TINY TOWN (Todd Co.): Graysville was 2 mi. w of present site of Guthrie. Maj. John Gray est. his stagecoach lines in 1825. Six of the 10 of them converged at the site of Gray's Sta. The Graysville Inn was est. by Gray as a stopover and relay sta. on land that was granted to him in 1809. The inn was built in 1839... (P:200) He died 11/18/1833 and his estate there was divided and his daughter, Mrs. Margaret L. Kendall acquired the Graysville Inn property. who transferred it to her bro., Ninian E. Gray who, with Sam'l. Grant, as mgr., continued the operation of the inn... (P:201)
The inn had other owners. . . . (P. 201) Bought by M. F. Hale ex-in-1857 and converted to a home. Famous visitors in the ante-bellum period. For years as a pvt. home, it was acquired in 1953 by M&M Thad Northington who restored it as a rest. & antique shop and called it The Stagecoach Inn. The sta. & inn had at least 23 owners from the beginning to c1970. (From "The Stagecoach Inn" thesis by L.P. Lannom, in Frances M. Williams, THE STORY OF TODD COUNTY, KY. 1820-1970, 1972, Pp. 200-3);

TRENTON (Todd Co.): Lewis Leavell owned much land in this vic. And suggested that the county seat be est. there. (P.16). 1st known date of settlement was 1796 by Brewer & Martha Reeves from Va. Laid out 1819 by Lewis Leavell. Add'ns. to the town in 1867 after the rr came thru. 1st called Lewisville by and for Lewis Leavell but another Lewisville in Ky. forced consideration of another name. Austin Leavell, a descendant, still lives in Trenton...(P.216). Maj. Sam Moore settled site of Trenton and owned nearly all the lan in that area, before 1809. (P.217)
John H. Poston, early storekeeper, laid out the town. (P. 220). . . . (Marion Williams, THE STORY OF TODD CO., KY. 1820-1970, 1972);
TRENTON (Todd Co.): (Pron. "Tr(eh)n[t]/ən") with a weak "t". Orig. called Lewisburg for a Col. Lewis Levelle who settled it. It was probably the earliest town plan in the county. It was actually laid out in Xian Co. before Todd Co. was formed and it was called Lewisburg at that time and thinks that it changed to avoid confusion with another such named town. DK why and how chose Trenton. Never heard of any Trenton families in the co. (Geo. S. Boone, interview, 7/20/1972);
TRENTON (Todd Co.): Inc. 1/13/1840 (ACTS, 1839/40, P. 36) and ACT of 3/5/1868 (ACTS, 1867/8, Vol. 2, P. 228); Founded by Louis Leavell (sic) in 1810. Acc. to LCJ in its mention of the death of gt. grandson Saint James Leavell, 84, who died Fri. 1/2/1959. Saint James was a Todd Co. native, retired farmer & Hopkinsville & Trenton grain broker. TRENTON (town Co., Ky): "This 6th cl. city & po is centered at the jct. of US 41 + Ky 104, 7 (air) mi. sw of Elkhorn. This site is believed to have been settled in 1796 by a Virginian, Brayman Reeve and his fam. By 1819 the settlement had come to be called Lewisburg to Lewis Leavell who had by then acquired most of the land in the area. Leavell laid out the town in that year. When he learned that another Lewisburg was in_vp in the pul. Co. he suggested the name Trenton for reasons unknown, and a P.O. of this
home was est. on 2/4/1819 with him
self 8:39 P.M. The town was Inc. by Je-

TRENTON (Todd Co.): ("Tr(eh)n\text{t}\text{v}\text{an}")

DK origin of the name. But believes it was applied after the rr came through and may first have been known as Hammacksville. (see Zion...) (Claude Hightower, interview, 7/24/1972);
TRESSES SHOP (Todd Co.): On US68 w. of Elkt. Named for a Mr. Tress who lived there and had a blacksmith shop on the n. side of the road. "Just at the top of a high hill which led with shelving rock down to some of the flat lands, one of the worst hills that I can remember as a child. It was on the main road... I've always heard it referred to as Tresses Shop." ("Tr(eh)s/əz Sh(ah)p") Never knew of a family of Tresses. It's at a point where the old Trenton-Gallatin Rd. crosses US68, an early xrds in the co...(Geo. S. Boone, interview, 7/23/1971);
TRESSES SHOP (Todd Co.): A little store there now and several homes. Used to have a blacksmith shop for which it was named. (Jimmy Groves, interview, 7/21/1972); This is correct local spelling tho' obviously an error. Has heard that it was derived from a blacksmith shop or forge run by a Mr. Tress. Unconfirmed. Spoken as "Tresses Shop" and thus come to be written that way too. (Ray Glenn, interview, 7/22/1972); ("Tr(eh)s/šs Sh(ah)p") DK origin of the name. 4 mi. w. of Elkton. (Claude Hightower, interview, 7/24/1972);
TYEWHOPPETTY (Todd Co.): Not a nickname or joke but the neighborhood has always been called this but never knew why...(Geo. S. Boone, interview, 7/20/1972); On Rt. 181 before you come to the New Harmony Chu. & Sch. (Pron. "T(ae)̈(ah)/w(ah)p/ə/tee") DK why so-named. Unless they used to cut ties there. (Claude Hightower, interview, 7/24/1972);
TAIWOPETY (Todd Co.): A "wide spot in the road" with 1 church and several homes on Rt. 181 betw. Rosewood and Clifty. (Marjorie Finley's ms. on Muhl. Co. p.n. for WKU Folklore Arch. c1973, Pp. 25-6.); Tyewhoppety=1 mi. s. of New Harmony or 4 mi. n. of Clifty on Ky. 181. (Claude Hightower); (Pron. "T(eye)\(\leftrightarrow\) (ah)/w(ah)p/(ih)/tee" for Tyewhoppety. (Geo. S Boone, interview, 7/20/1972);
TYEWHOPPETY (Todd Co.). A man named Buchan (maybe short for Buchanan) Rager had named it that. If so, it's more than 100 yrs. old. He was a sort of hell raiser. DK why that name, though; maybe after some local event. (Acc. to Jimmy Grove, interview, 7/21/1972; Grove said he learned this from his grandfather);
TYWOPPITY (Todd County, Ky.) (Field spells it Tyewhoppety—F607n, a community) The first spelling, above, appears in M. Ladd, 4/1941. Acc. to her, "a community was settled here at an uncertain date, and the name is a phonetic, provincial word by which any unkempt, ill appearing person was said to be 'tywhoppity'."

Acc. to B(en) E. Boone, III, editor of the Todd Co. Standard, "the use of this word in Todd Co. is of uncertain origin but is locally believed to date from the 1890s." (Field, "The Indian Place Names of Kentucky" NAMES, Vol. 7(3), 9/1959, Pp. 154-66, 161) See Field for more info...
Tyewhoppety is a white var. of Tywhapita (See Mahr, "Shaymee Names..." 1960, Pp. 155, 159-60. Two other communities in Ky. with this name in var. spellings (q.v.).
TYWAPPITY or TYEWHOPPETY (Todd Co.): Probably Shawnee for place of no return, perhaps transferred from a nearby stream or other nat'l. feature. Complete significance of the word is uncertain but it may suggest a "place from which it is as easy to go forward as to return." (Geo. R. Stewart, AM. P.N., P. 501);

ZION (Todd Co.): Crossroads commun. on Ky. 1C c. 4 mi. s. of Trenton. This name was given on the Rural Route Map published by the USPO in 1953. The Hammackville name was applied on the 1957 Co. Hiway map and Hammacksville on the top. and Army Map Serv. maps. Acc. to W.H. Hilton, Todd Co. Ct. Clerk, the place was known by both names. Acc. to Mrs. G.E. Smith, local storekeeper, it's locally called Zion ball and she requested the n.ch. Acc. to a letter from Mary E. The other Zion is s. of Trenton on the road to Clarksville. Here there's a white sch. and Pisgy (sic) Sch., for Negroes. DK the origin of the name, other than a Biblical reference. ("Z(ah)/ən"=1½ syl.) (Claude Hightower interview, 7/24/1972); ("H(ae)m/əx/v(ih)l") Some of the Hammacks (family) still live in the Trenton area. Informant thought this was the pre rr name for Trenton. The (Mt.) Pisgy (sic) colored chu. and sch. in this vic. (Ibid.);
