

Annual Report of Externally Funded Grants and Contracts

July 1, 2020 - June 30, 2021

**Office of Research and Sponsored Programs
Division of Academic Affairs
Morehead State University**

Foreword

The Office of Research and Sponsored Programs is presenting this annual report of sponsored programs at Morehead State University for the 2020–2021 fiscal year. Compiled by Ms. Janet Cline in the Office of Research and Sponsored Programs, this report provides both an overview as well as detailed information of the external funding received by MSU in support of our instructional, research, and public service programs.

Overall, MSU faculty and staff were awarded over \$36 million* in funding during the 2020-2021 fiscal year with an expected F&A return of \$1,167,121. Based upon the approved formula, roughly 50% of the earned F&A will be distributed to departments and colleges to enrich programs and to encourage further research and development. The remainder will be returned to the University's general fund to support priority programs across the campus. The funding provided through faculty- and staff-initiated grants and contracts supports enhanced teaching, research, and service programs both on- and off-campus that would not be possible through our tuition revenues and regular state appropriations.

Consistent with previous years, the majority of our funding (93%) was obtained either directly or indirectly from federal funding sources. State funding for programs was at 7%; foundations and other private sources was <1%. Funding for instruction, institutional support, student financial aid, student services, and academic support accounted for about 84% of total funding. Awards for public service projects and research (applied and basic) accounted for roughly 16%.

As always, it is important to recognize that these awards are solely due to the efforts of the dedicated faculty and staff listed in this report. We applaud their efforts and congratulate them for their success in securing the external resources necessary for MSU to provide the highest quality programs for our constituents.

*Total amount of funding received increased significantly for 2020-2021 due to Coronavirus Aid, Relief, and Economic Security (CARES) Act funds awarded.
