

**Annual Report
Of
Research and Creative Productions
By
Faculty and Staff**

January to December, 2021

**Morehead State University
Division of Academic Affairs
Research and Creative Productions Committee
Morehead, Kentucky**

PREFACE

This Annual Report of Research and Creative Productions of Faculty and Staff represents a compilation of information electronically retrieved from individual **Faculty 180** entries. The Research and Creative Productions (RCP) Committee does not attempt to assess the artistic or scholarly merit of the entries. The formatting of the entries follows discipline standards.

Only publications, professional meeting presentations, published abstracts, art exhibits, performances, compositions, and research and creative production grants awarded between January 1, 2021, and December 31, 2021, were included in this Annual Report. References to entries forthcoming to be published, performed, or exhibited in 2020 were excluded.

As a publication of the Research and Creative Productions Committee, this report highlights faculty/staff scholarship and recognizes individuals receiving RCP committee grants, summer fellowships, and Distinguished Awards. In addition to these internal awards, MSU faculty and staff received over \$11.7 million in grants and contracts from Federal, State, and other agencies in the past year to help support instruction, research, and service missions of the University. These external grant awards are listed throughout this publication under individual entries.

The Research and Creative Productions Committee is supported by the Office of Research and Sponsored Programs.
