

ALL was quiet at Morehead, in Rowan County on the 6th. Business houses are open. The parties who fired upon the sheriff and his deputy were still at large, making their headquarters at Logan's house. The wounded sheriffs will both recover. They were removed to their homes, about five miles from Morehead. More trouble is expected when the Logan party is arrested, and perhaps before then. Nothing had been done relative to sending troops to Rowan County by Governor Knott.
