**MOREHEAD MEMORIES: PEOPLE & PLACES
FASHIONS & STYLES OF THE 1920s
BY
JACK D. ELLIS**

It seems that dressing in the latest styles and fashions is not as prevalent in today's culture as it has been in the past. There was a time in our community that it seemed that "clothes made the man" or women. People (especially young people) seemed more fashion conscious in the past than they are today. Of course, it is debatable that fashion and style in today's "dot com" world are important, but this writer has always believed that image, includes neatness and style, contribute to the success of the individual.

This issue of MOREHEAD MEMORIES: PEOPLE & PLACES takes the reader on a photographic fashion style show through Morehead and Rowan County in the 1920s.
