## Jim Bob Fugate, Killed In Alternation As Bullet Strikes Him In Neck, Cuts Jugular

### Was One Of Most Popular Young Men Of Entire Community

Funeral services were held at the Church of God on Tuesday afternoon for Clinton Fugate, known throughout the entire country as "Jim Bob" Fugate who died of gunshot wounds received early Sunday morning at the Log Cabin Camp in Bath county. Mr. Fugate was one of the best known of the younger men of this community, and was universally popular. Burial was made in the Clearfield cemetery.

Mr. Fugate, who was assistant manager of the Kentucky Fire Brick plant at Haldeman, is survived by his wife and three children, Dorothy, Peggy and Lella May. One son, Richard, died six years ago.

Jim Bob was the son of James and Liela Fugate. He was at the time of his death aged 35 years. He was born at Clearfield, Ky. He is survived by his mother, Mrs. A. J. Sexton, of Ashland, Ky., by two sisters, Mrs. Elbert Christy, of Owensville, Ky., and Mrs. Glen Book, and one brother, Russell Fugate, both of the latter living at Haldeman, Ky.

Funeral services at the church were in charge of Rev. T. F. Lyons while at the grave the impressive Masonic burial services were held. The following article taken from the Courier-Journal was sent from Owensville and explains the accident.

Attempted to intervene in a road house fight near Owensville Saturday, Z. C. "Jim" Bob Fugate, 33, widely known former baseball pitcher in Central Kentucky towns, was wounded fatally when a bullet severed an artery in his neck.

Joe Day, 27, of Morehead, a Rowan County patrolman, at whom the shot was fired, was slightly wounded in the neck. Sam Branham 59, proprietor of the roadhouse, was held without bond on a murder charge, in the Bath County jail.

### Tried To Stop Fight.

The shooting occurred at the Log Cabin Camp, six miles east of Owensville on the Midland Trail.

### Everett Caskey Taken To Louisville Sanatorium

Everett Caskey who for the past two weeks has been in the C. & O. hospital at Huntington, following a serious hemorrhage, while at work at the local depot, was taken to the sanatorium at Louisville this week where he will take treatment. Mr. Caskey, who recently resigned a position at the narcotic farm at Lexington, to resume his work as Western Union operator, has been ill almost since his return to Morehead. He will be in the sanatorium for several weeks, according to reports, until he shows marked improvement.

### Elliott County To Hold Wet-Dry Election

### Special Local Option Election Called For Same Day In Rowan

On the same day that Rowan county votes on the question of local option, Elliott county will vote on the same subject, deciding whether or not it will be legal to sell liquor in Elliott county. The ballots for the local option election were printed this week by the News.

The election was called early in October by the circulation of a petition on which the signatures of more than one fourth of the voters in the last general election were obtained. Those who are familiar with conditions in Elliott county look for that county to go dry by a large majority.

### ORCHESTRA TO GIVE CONCERT FRIDAY

The orchestra presented a concert in the Paintsville High School Auditorium last season and was very well received.

### Red Cross Quota Is Nearing Goal

### Over Three Hundred Have Taken Out Memberships In Year's Drive

The Red Cross membership quotas at the point of going over the top, the drive will continue until tonight, according to those in charge of the membership drive. The quota set for Rowan county is 300 members. Up to date about 300 have been enrolled, but it is expected that enough additional will turn in their memberships to bring the total up to well over the desired number.

Of the funds received from the memberships, \$17 will remain in Rowan county to be used chiefly in hospitalization, since the WPA and relief have taken over most of the serious functions of the organization. In other years the memberships in Rowan county have reached a total of nearly a thousand, in times when the Red Cross was actively in charge of relief work. The hospitalization program is at present just as important as the former relief work since no provisions is made by WPA to take care of such needs, and since the county government has been ordered to ignore such request for aid.

### H. L. ROBERTS IS RECOVERED FROM CUT

H. L. Roberts, Morehead police man, is able to be out, having recovered from the effects of the wounds sustained in an alternation last Tuesday night. It was thought at the time that he had been very seriously wounded, but his quick recovery indicates that the reports were somewhat exaggerated. Mason Scaggs is also out on bonds at this time.

## President Roosevelt Gives Proclamation

The following is the copy of the Thanksgiving Proclamation issued by President Franklin D. Roosevelt.

"I, Franklin D. Roosevelt, President of the United States of America, hereby designate Thursday, the twenty-sixth day of November, 1936, as a day of national thanksgiving. "The observance of a day of general thanksgiving by all the people is a practice peculiarly our own, hallowed by usage in the days before we were a nation and sanctified through succeeding years. "Having safely passed through troubled waters, it is our right to express our gratitude that Divine Providence has vouchsafed us wisdom and courage to overcome adversity. Our free institutions have been maintained with no abatement of our faith in men. In our relations with other peoples we stand not aloof but make resolute effort to promote international friendship and, by the avoidance of discord, to further world peace, prosperity and happiness. "Coupled with our grateful acknowledgment of the blessings it has been our high privilege to enjoy, we have a deepening sense of our solemn responsibility to assure our descendants a future more abundant in faith and in security. "Let us, therefore, on the day appointed, each in his own way, but together as a whole people, make due expression of our thanksgiving and humbly endeavor to follow in the footsteps of Almighty God."

### Leonard Mynhier Killed Monday

### Message Receiver As Mother Makes Plans For Thanksgiving

Plans for a Thanksgiving feast were rudely interrupted at the home of Mr. and Mrs. Marion Mynhier, living on Dry Creek, Monday afternoon, by the arrival of a message, bearing news of the death of their son, Leonard Mynhier, who was killed while at work in Shelby, Ohio where he was employed.

The message announcing his death was received by his aunt, Mrs. Noah Hall, Mr. and Mrs. Hall drove immediately to Dry Creek, where they found Mrs. Mynhier deep in preparation for the Thanksgiving dinner at which the entire family planned to be present.

The body arrived in Morehead on Wednesday morning and was taken to the home on Dry Creek. Funeral services will be held Thursday afternoon at 1:00 P. M. Rev. Wes Cox will have charge of the service. Burial will be in the cemetery near the home of his parents. The young man was 25.

### Everett Thornsberry Killed In Wrist

### Ass Punished With Shot In Hunting Accident Saturday

Everett Thornsberry, aged 16 years, N. Y. A. student at the Elliottville High School, suffered a serious injury to his arm and wrist last Saturday, when the shot gun which he was carrying was accidentally discharged, the shot penetrating his arm just above the wrist. He was taken to the hospital at Lexington, where it was thought they would be able to save his hand.

According to the boy's statement he had gone hunting Saturday afternoon. He had set his gun down by a log while he climbed through a fence. In some way, he could not explain the gun slipped and fell over, being discharged. The shot entered his arm just above the wrist.

He is the son of Henry Thornsberry of Hamm, Ky.

### Bridge Over River Is Being Built

### Rowan Abutment Completed; Menifee Work To Start December 1

A bridge of vast interest to citizens of both Rowan and Menifee counties, that bridge across Licking to go to Winchester and stretch their trip any of additional fifty to sixty miles each way.

The bridge which is expected to be finished in the spring, will open the forest trail from the local CCC camp at Rodburn, across Menifee county and on down the Lee county, giving local travelers a route that has long been needed to Frenchburg, West Liberty, Jackson, Hazard and other cities south of here, at a saving of many miles traveling.

Heretofore to reach Frenchburg it has been necessary to go to Mt. Sterling, adding a distance of about 50 miles to a journey that should not be more than twenty. To reach Jackson or any city farther south people from Morehead were required to go to Winchester and stretch their trip any of additional fifty to sixty miles each way.

The best feature of the new road is that it has been built entirely at federal government expense and has been literally given to the local citizens for their use.

### Noted Harpist To Appear In Concert Here At College

Hazel Ione Moses, famous harpist, will appear in the 1836-37 Lyceum series at Morehead State Teachers College on Wednesday evening, December 2, at seven thirty. Miss Moses, a charming young American artist, has a fine record of achievement. She is a gifted versatile and musically player with wide experience in radio, concert, club and church work in this county, Europe and the Near East.

A native of South Carolina, she was reared in the city of New York and has studied in Europe and America with the best teachers. She began her musical career at the early age of eight with a fundamental study of the piano. Several years later, she became a pupil of the famous Mildred Dilling, American harpist and, upon graduation from Hunter College, she studied with Henriette Henle, celebrated French harpist.

Her extensive travels have given her a sympathetic understanding of the lives of people all over the world, which has been of inestimable aid to her interpreting the music of many lands. Thus she brings to her programs supreme artistry, and an insight what is at once distinctive and rare.

Beautiful and vivacious, Hazel Ione Moses presents an exquisite melody to the eye and transcendent melody to the ear as her wondrous calls forth superb music from her lovely instrument.

### C. C. C. Camp Moved To New Grounds

### Now Located At Rodburn On Land Owned By Government

Carrying out the policy of the Forestry division to establish all CCC camps on the national ground, Clearfield has been moved this week to its new location at Rodburn. The moving of the camp was completed on Monday of this week. The new camp has been under construction for the past two months and is ideally situated about half a mile from the Midland Trail. The new location is believed to be not only more convenient but more sanitary, as the camp at Clearfield was often flooded from high waters in Dry Creek. The new camp is beautifully arranged, with buildings to accommodate every activity. Its convenience to both arms of the government owned land makes it an ideal location as well.

And there began two movements through time: the significant but unvoiced understandings and the commonplace of talk.

I never liked a place better, he said. Do you like it?

"It's my home. A body just naturally likes home."

"Well, not always. People do a lot if moving about. Do you ever wish to go out in the world?"

"I've been over there this fall for the Institution, for the winter. Some day I'm to go down the river to the Ohio."

"My people live right on the Ohio

River. You can see the mouth of Sandy and the big bend in the Ohio from our porch. And see the big steamboats come around it. In the night time, when there is a moon, they look like a great swan with a black neck and a string of red and green beads around it. I guess that sounds kind of funny."

"Oh, no. I like to think that way about things."

"It's a fine day," Reuben said. "Could we walk, or sit somewhere a while?"

"Let's do," she said.

They strolled across the yard to the path along Julia's garden fence. Julia was among her sweetpeas pulling off the faded blooms.

"You certainly have a fine garden Mrs. Patterson," Reuben said.

"It's not quite so good this year," Julia replied.

The soft part of the afternoon lay quiet over the valley.

"We're going to sit a little while up there on the rock by the sycamore," Cynthia said.

"Well, don't go far," Julia said, following them with her eyes to the shaded spot by the creek in full view of the house and garden.

They felt strangely happy to be removed from all places where they had been in company with other people, and to be alone together in a new place whose only associations were those they were

now making.

"We found some nice spots back in the woods," Reuben said. "I like the way the hollows fork off on each side of Wolfpen, like ribs on a sawho leaf."

"Some parts of the place I have never been to," she said. "I like best the Pinnacle and Cranesnest and the hollows here by the house. I don't know whether they're best when the spicewood begins to bud and the white dogwood starts to bloom, or in September when the wild-touche me nuts are waist high with yellow and red spotted bags and two red eyes on each one, and bumble-bees crowding down into them and shouldering the yellow dust."

It's right pretty when the creek freezes over and the bushes are glazed with ice and the snow hangs on the pine trees. I guess it is always a good place to be."

The white limbs of the sycamore tree caught in the light of the sun, and the ground and the creek were in movement with shadow splashes.

"You'll be getting the survey done soon now, I guess?"

"I'll see if it closes on the map, and then I'll take it back home and my father will or maybe I will

make the calculations and fix up the papers."

"Does that take a long time?"

"Not long like the field work."

"You don't have to come back any more after you've finished running it?"

"That depends. I might have to come back about the piece cut off for Shellenberger." There was a long pause. Then he added, "When do you go to Pikeville?"

"In September. Jesse's going too, but he hasn't said Daddy yet. He'll read law with Tandy Morgan."

"I think that will be fine."

"Are you going to follow surveying?"

"Yes. There's lots of work to do in this country. And the towns are growing and the counties thinking about roads. I want to be the county surveyor some day."

"Oh, that would be a fine job for a man. As good as the law."

"I kind of hate to see a place like this go over to a man like Shellenberger to cut into. The Big Sandy slopes where the timber is cut off are awful-looking things."

"It's just the part down the creek and you don't see it from here. But sometimes at night I can hear the trees talking about what's about to happen to them and it goes from one to the other all over the hill—and dies away in a sigh on our creek. Still, I reckon people need timber."

"I reckon."

They sat in silence, listening to the life all about them.

Isn't this cooking and boarding so many too hard for just you and your mother? It came so suddenly and without preparation that she was startled. She lifted her hand from the moss, and dropped it into her lap, clasping it with the other.

"Why no, Reuben. A body just don't think much about it."

"Your mother looks a little worn out. Don't you think so?"

"I guess I hadn't thought of it."

It's after washing or ironing or something I've noticed. And she likes to be in her garden."

"She told Daddy she didn't need extra help."

"Are Shellenberger and Mullens staying on here while they lumber?"

"I don't know," Cynthia said, "I reckon so."

He had surprised her again by

this kind of observation which menfolk did not make. She turned and looked full at him.

"You're different Reuben."

He smiled at her, a singular rare and engaging smile.

"Different how and from what?"

"I don't know how to say it. But you are."

"Well, so then are you?"

He felt the thrill of these advances which come unwilling into being,

and then as curiously retreated.

"Is Doug Mason what you call different?" he asked.

"No. Why him?"

"Oh, I have seen him look at you and watched him when you are around. Do you are you old friends."

"He's a good boy and runs the place since his Daddy died. He's a he's just a good neighbor and his mother's not well."

## SLAB CAMP HAS A NEW SCHOOL BUILDING

The Slab Camp School is perhaps the most difficult school to get in the county. In fact the roads are almost impassable in the winter months. This school is about six miles from the top of Clack Mountain. The school is not large due to the fact that there are only six families represented in the district. The building is new, the old one burned down three years ago. It is built on a modern plan, with a small porch with steps leading down in two directions. The house has been painted white this year and the pride of every parent and child in the district. I don't think it will be possible to talk with one of the parents for five minutes without hearing about the school on Slab Camp. There are six windows on one side and three small windows near the ceiling on the other. There are new shades which give the room a home like appearance as well as a shade from the sun. The parents have all visited the school and Miss Gladys Gearhart who is the teacher has visited all of the parents except two. The school has kept its attendance a month ninety. She uses various methods to hold their interest. The monthly attendance charts are kept where the children can see how they stand in comparison with other schools. There are races in word drills, and many other incentives. A new stove has been bought for the school this year. Lamps are kept in readiness for dark days. Flowers decorated the room. There are also many maps, posters, a globe, handwriting scale, showing the children's writing, and other exhibits of the children's work. The carpenter's built in two rows of shelves, one for books and one for the lunches. Two tables are in the eighth grade, and say they are coming to high school next year. Miss Gearhart is giving them special work. Two of the first grade children read a story for me, and it could easily be seen that they had had the right kind of training. They were given much work with sentence cards and charts in the beginning of the year.

## ATTEND ALL TIME AT OLD HOUSE CREEK

The children who have a perfect attendance for the past month are: Audrey Richardson, Eugene Richardson, Beulah Boyd, Dewitt Boyd, Roy Boyd, Paul McMillon, Junior Mabry, Kathleen Lewis, Junior Lewis, Elwood Parker, Eldean Parker, Dortha Dean.

The visitors at this school this week are John Caudill, Everett Kistinger, Dovie Richardson, Gertrude Workman, Mrs. J. D. Maye, Sarah Boyd, Vesta Mabry, Miss Bradley, Ruth Hornsby.

Those who have never been tardy or absent since school started are Beulah Boyd, Dewitt Boyd, Junior Lewis, Audrey Richardson, Eugene Richardson.

The attendance at this school was 98 percent last month, and we are working hard to hold it as high, or a little higher this month.

## SIX YEARS IN ONE SCHOOL IS RECORD

The Charity school, located over on the river, near Cogswell is taught by Asa Crosthwaite. This year makes ten years he has taught at the Charity School, the last six in succession. This is one of the schools that keeps its attendance about the same, with usually a small increase. There has been no downward jump in the attendance this year. The children are well-clothed strong healthy boys and girls and are determined to make Charity look as well as any of the other schools. Their attendance last month was 98%. The boys and girls have a race in trying to be there every day. There are fourteen racing against the eleven girls. A N. Y. A. boy is kept pretty busy outside school hours. He has cleaned the brush from near the building, made fires, sweeps, patches the roof, any work there is to do. This is a great help to the school.

Just now the children are working on a Bible Study Project. They have won 17 small books of John, 12 pocket treasures, 25 testaments. The testaments are unusually nice, having swede covers. Also they have won 20 Bible story books. After the study, there is a list of questions to be asked in order to tell whether or not the child is absorbing what he has read and memorized. If other teachers would like to try some of this material, it can be had by writing to the Bible Institute, Colportage Assn., Chicago, Ill.

A health program is also in progress. Small samples of Ipana toothpaste has been obtained with a receipt card. The child, if he keeps clean teeth, nails, etc., can earn 22 points during the month. These children are striving for the full number of points.

The school room is very attractive, with the health charts, product maps, pictures, etc. There is also a white water cooler with individual drinking cups. The playground is large and the youngsters are sure to use it to good advantage.

The boys and girls are trying to raise their attendance five percent this month in order to come to the show next month. Mr. Crosthwaite says he will hire a truck to bring the boys and girls into the show, providing they will raise their attendance five percent.

## Women's Day At Christian Church

It is hoped to have Miss Elizabeth Moody of India, who visited and spoke here two years ago, to speak at the night service at 7 o'clock at the Christian Endeavor session which comes at 6:15 P. M. ## Winn Noted Prize

NEW YORK... Eugene O'Neill (shown), 48 year old American dramatist, has been declared the 1936 winner of the Nobel prize for literature. The second American to win the high honor, Sinclair Lewis being the other.

## Special Days For Methodist Members

For the next three Sundays special Days will be observed in the Church School of the Methodist Church. This Sunday will be Friends Day, Nov. 29th, Neighbors Day December 6th, Family Day, December 13.

Last Sunday there was unusual interest in the Sunday school, the attendance having doubled the previous Sunday. Friends Day this Sunday can be a great day of fellowship and a high water mark in Church School work if you will be a friend to somebody and bring them. "Abraham was a friend of God." He believed in God, worked at what he believed and was constantly making friends. Let us be true friends to the Church and reach the unreached. A good program has been planned with special music and singing. Lets go over the top again this Sunday by excelling last Sunday's results.

At the morning service, 10:45 D. V. Snapp, Paris, Ky., Extension Secretary of the Kentucky Conference will be the speaker. Mr. Snapp is a layman in our Church. Every one is invited to come and hear the "echoes" of a layman and see what he would do to better the Kingdom.

Choir practice... Sat. Eve. 7:30 No Prayer meeting. The scouts will not meet on Thursday evening.

# An Open Letter To The Voters Of Rowan County

On November 5, you Citizens of Rowan County, will vote on local option. A vote 'yes' means to bring enforcement to Rowan County of a dangerous method that furnishes loopholes for shysters and racketeers. A vote 'no' means to keep conditions as they are today.

It is up to you to study the issues, the situation as it now exists and the situation as it would be under local option. All that we ask is that you study the evidence, analyze the local option law, figure for yourself what local option means to your community, yourself, your neighbors, your county and your city. We feel that if you analyze the situation fairly and squarely that on December 5 you will vote 'no' for it will be for your best interests.

For 15 years you saw the effects of prohibition in the United States. Two years ago you saw the nation rebuke it, and last year the state of Kentucky turned it down. It was a failure—not only in the United States—in Kentucky but in Rowan County, as well.

## STUDY THESE FACTS OVER —

DO YOU BELIEVE THAT CONDITIONS ARE BETTER NOW THAN THEY WERE 3 YEARS AGO? If you do vote 'No' for a 'No' means to keep them exactly as they are today. A vote otherwise is a ballot for the enforcement of local option. It is a vote to bring a law to Rowan County that provides "that all the lands, stock and holdings of a person found guilty of violating the local option law may be confiscated and the proceeds of its sale turned over to the jury fund. If the confiscation is the result of INFORMATION FURNISHED THE AUTHORITIES, BY A NEIGHBOR OR OTHER CITIZEN, THE INFORMER GETS 10 PERCENT OF THE PROCEEDS AS A REWARD IF A PUBLIC OFFICIAL FAILS TO ACT ON INFORMATION FROM AN INFORMER HE IS SUBJECT TO INDICTMENT FOR MALFEASANCE." Place yourself under these conditions. What if someone should desire to get all your property, your home, your business, your automobile, your life's saving taken away from you. All they would have to do is place a small quantity of liquor on your premises and then notify the officers. EVEN IF YOU COULD PROVE THAT THE WHISKEY WAS NOT YOURS YOU WOULD STILL BE GUILTY FOR THE LAW EXPLICITLY STATES THAT POSSESSION IS PRIMA FACIE EVIDENCE OF GUILT. The next time that anyone asks you to vote for local option, ask them about this unfair unjust law. We'll guarantee you that THEY CANNOT DISPUTE IT FOR IT IS ON THE STATUTES. LOOK FOR YOURSELF AT THE COURTHOUSE.

If Rowan County adopts a local option law it will mean tourists in large numbers will take another route to evade this county. This means a loss in business for every merchant and worse times for every individual. Tourists will not take a chance of being arrested when they can take another route.

Local Option means that thousands of dollars that Rowan County, the City of Morehead and the State of Kentucky now receives will be lost in taxes. These taxes must be met and it means that ultimately your taxes will be increased to care for the deficit. It has to come from some place and you are the taxpayer that must meet the bill.

The adoption of local option in Rowan County would please no one greater than the counties that surround Rowan. They would secure the most benefit for it would mean thousands of dollars worth of business from this county coming to their county. Is there any rhyme or reason to voting legal beer and whiskey out of Rowan County when it can be purchased just over the county line?

We know that the sheriff of Rowan County and the chief of police of the City of Morehead will tell you that conditions are better now than they were before, because we know without a doubt THAT THEY ARE BETTER. A vote 'no' means to keep them better.

The court docket in Rowan County today is only one-third that of 3 years ago. What does this mean? It means that the youth of our county are not being educated to dodge the law, to become law breakers. The records don't lie. Check the court docket yourself and you will see that the decline is not only in liquor cases, but in robberies, murders, wreckless driving, and even other form of law enforcement. Under prohibition the boys and girls of this county were led into breaking the laws.

Now we come to one of the most important phases of local option and the prohibition situation—that is the bootlegger and the moonshiner. They will vote for local option for they wish to resume operations. Three years ago it was unsafe for any man, woman or child to walk upon Railroad Street in Morehead. Today it is safe. Three years ago the street was infested with bootleggers and riff-raff. Ask any merchant on Railroad Street if conditions are not better today. The same situation exists in the rural section of the county. Have you noticed that it is safe to hold church in the rural parts of the county. How does this compare with 3 years ago when worship was continually disturbed.

For 15 years the moonshiner and the bootlegger flourished in Rowan County making criminals of boys and girls. They poisoned the minds and bodies of people with a cheap whiskey that caused men to go crazy. You do not see that today. The people in the rural sections can best appreciate the effects of the new law and we believe that any unbiased person living in the rural sections of Rowan County must admit that conditions are better today.

Business is better. Money is now being placed in our banks that formerly went to the bootlegger and the moonshiner.

The entire question in this election is whether in our banks that formerly went to the bootlegger and moonshiner. If you believe they are then it is to your best interests and the best interests of your community and friends to vote "NO".

# VOTE 'NO' December 5th

AND YOU ARE CASTING YOUR BALLOT.....  
AGAINST THE BOOTLEGGER AND THE MOONSHINER  
AGAINST TAKING YOUR MONEY INTO ADJOINING COUNTIES  
AGAINST MAKING LAW-VIOLATORS OF THE YOUTH  
AGAINST INCREASED COURT DOCKETS  
AGAINST INCREASED TAXES  
AGAINST A LOCAL OPTION LAW THAT IS SO DRASTIC AND UN-AMERICAN THAT NONE, BUT A FANATIC COULD HAVE WRITTEN IT.....  
**A VOTE "NO" MEANS TO KEEP ROWAN COUNTY AS IT IS TODAY!**

# Banquet Held At College

### Dr. E. D. Blair Makes Address As College Hails Heroes

Morehead State Teachers College paid homage to the 1936 Eagle football team Monday night in the school cafeteria with the annual football banquet. Dr. Everett Blair was the chief speaker and he stressed the need of cooperation of all concerned for a better Morehead State Teachers College. Warren C. Lappin acted as Toastmaster and short talks were made by Pres. Harvey A. Babb, Coach Len Miller, Coach Ellis Johnson, and Captain Brashear. Clyde Alley, one of the two seniors on the football squad took sick late Monday afternoon and was in the school hospital at the time of the banquet.

Professors, students, townspeople and friends of the institution were on hand to honor the Eagles. Among the out of town persons was Carey Spier, team mate of Coaches Johnson and Miller at the University of Kentucky.

Coach Len Miller announced that eighteen freshmen had won the freshman numerals for football and Coach Johnson announced that twenty three varsity letters will be awarded. "Fight On Morehead" was sung for the first time at a football banquet and became the hit song of the evening. Dr. A. F. Ellington read a proclamation for the business men of Morehead that brought a rousing climax to the affair.

Toastmaster Lappin briefly told of the first game of football ever played by a Blue and Gold eleven and then went into the introducing process that was regularly signalled by songs from the audience. Faith in the person of Pres. Babb extolled the spirit of Morehead in a few well chosen remarks. Dr. Everett Blair spoke of what went on before this season and how the spirit of Morehead has become the spirit of Eastern Kentucky in the

ball and education "The Kings Jesus" cut loose with a swing dedicated to the football squads with the Queen miking in. Coach Miller ran interference for Johnson on the speaking play and make the hit of the evening. He told the audience to get over the football season in a home bred cosmopolitan manner with real honest to goodness quips that were pipe. Coach Johnson gave the varsity due recognition in a direct tribute and lauded the spirit and cooperation of Eastern Kentucky for Morehead State Teachers College and her brood of topnotchers. Captain Brashear held the pace set by preceding speakers and immediately caught the fancy of the crowd. As in football, Brashear stood out and gave his reign over to others that will come with something by far greater than

## College Boxing Team Is Selected

### Fistic Art To Be Feature Of College Athletic Program

Aspirants for the college boxing team started "punching leather" in earnest this week.

Under the guidance of Joe Jackson, Denver Ball, and Bruce Henderson, twenty-three men are competing for places on the team. This year's squad is balanced in that almost every class is represented from heavyweight to featherweight.

An attempt will be made to formulate a conference among Kentucky schools in this division of college athletics, according to coaches Jackson and Henderson.

Some of the more prominent members of the squad are veterans from last year's team. Among these are Joe Jackson, middleweight, and Bruce Henderson, welterweight, who went to the semi-finals, and Harry Lowman, lightweight, to the quarter-finals of the Golden Gloves tournament at Huntington, W. Va., last winter. Other prominent members are Denver Ball, welterweight, Runyon, Huston, Fitch, and Jones.

# Hear Ye! Hear Ye!

The following is an invitation read by Dr. A. F. Ellington at the football banquet, Monday night.

The Business and Professional men of Morehead and Rowan County, the down town Coaches and Drug Store Quarterbacks, imbued with the desire to express their pride and appreciation of the outstanding achievements of the Eagles football squad of M. S. T. C. of 1936, went into a huddle and came out for a grand finale which will be pulled off Dec. 4th, at 7:00 P. M. at the Christian Church and which will demonstrate trick plays, food and ability to take it.

The following are invited, you, demanded to participate in this last struggle of the gridiron season; the president of the College, Hon. Harvey A. Babb with his old hog rifle; The Athletic Council that all-wise body of five old men, whose decisions are unquestioned; the two most successful coaches in the state of Kentucky, Ellis Johnson and Len Miller, those wizards of the grid-

iron whose magic formula is hard work and untiring efforts which put our team on the top; Bobby Laughlin, popular young coach of the Eagles; the daddy of football in high school in Rowan County, Pappy Holbrook; the Varsity football squad led by their gallant captain Bush-Hog Brashear and also the freshman squad.

These will be the honored and distinguished guests on this momentous occasion.

The rules and regulations governing this engagement are as follows:

1. All contestants are warned to be on the field of action at the kick-off and those coming late will be penalized by loss of either a leg or a breast.
2. Interference will be allowed and there will be no penalties for holding.
3. No penalty for offsidess and free use of hands allowed at all times.
4. No time outs are allowed and the injured will take care of themselves.
5. Shovel passes are in order.
6. Don't fumble and tackle everything that comes your way.
7. Intercept all passes.
8. The final play of the game might well be termed "The Custards last stand."

Referee: Mart Bowne will preside but he has promised to blow no whistle and stop no plays until the field is clear and the wreckage removed.

The food line is in charge of three noted food connoisseurs—Chinn Clayton, Robert Bishop, and yours truly.

A motion is now in order for acceptance. All in favor say Aye. The Ayes have it.

## High School Teams In Basketball Go

### Practices For Coming Hardwood Season

Rowan County's three high school coaches are weeding out the weak basketekers in preparation for a long hard season in basketball. Coach Roy Holbrook is having a class tournament at Morehead to rig his squad. Breckinridge is scouting all boys for new material and as basketball is their big sport, the Brecks will practice other to excel. Haldeman always a strong contender but looks weak this year. However the Leopards are feared in Eastern Kentucky.

This year the rivalry will be really furious for the three teams with Sandy Hook make up the district. Coach Roy Holbrook is looked upon to bring the best team to Morehead in recent years. Complete schedules up to January 15th will be released next week.

## COACH HOLBROOK GIVES LETTERS FOR FOOTBALL

Coach Roy Holbrook awarded fourteen Vikings football letters for their season's work on the gridiron. The football boys receiving letters are: Lloyd Brown, James Butcher, Bras Cox, Ed Wilson, Paul Reynolds, Tip James, Willard Calvert,

Alpha Hutchinson, Lester Brown, Lester Johnson, Cletis James, Leroy Hill, Clayton Turner, and Allie Rose.

Morehead High will go into the basketball season with one of the biggest greenest teams in its history. Regulars on the Vikings team will be given letters at the end of the season.

ELWOOD "FLOSSY" ALLEN

The untimely death of Z. (Jim-Bob) C. Fugate is a tragic end to one of Morehead's most beloved sport figures. Jim Bob was one of the first Morehead baseball players to gain recognition outside the home town. He was a star pitcher for Mt. Sterling in the old Bluegrass League and only last year was throwing them across the plate with his old time speed and accuracy. Baseball fans will really miss him when the spring comes in the air for he was one of the most ardent players and a dyed in the wool fan of all sports.

Robert Brashear has played his last college football game and Morehead State Teachers College has been the home of a great football player and leader. He came to the Morehead campus when football was of the down-grade and kept the team fighting for a place in the football spotlight. The year that "Bush-Hog" stayed out of school was the only really disasterous year on the gridiron. The last of the Eagles that played varsity ball in his freshman year and a carry-over to the new regime with a football record that stands out like a beacon for newcomers to follow in his footsteps.

The Big Eagle is no new-comer to sport headlines in Kentucky and regardless of the K. I. A. C. team of this year, he has probably the biggest following of any player in the K. I. A. C. today. The cream of the crop at Morehead and a coaches' prayer for a lineman. He has played almost every position, in the line. His first three years in college found him playing offensive center and backing the line but weakness at the tackle posts this season caused Coach Johnson to move him where his prowness was most needed. It was only natural that Brashear was selected to lead the Blue and Gold to the top. Useless to tell Morehead how he played for if ever a football player "took this little city," it was "Bush-Hog." The best bet for an Eagle to make all K. I. A. C. is just the same boy that came from Viper with a football record at Hazard High School. A tall, raw bone, mountaineer of the Anglo-Saxon type with true bred courage and leadership. A youth that listens to all, josta to all, friend to all, and a model for freshmen.

Captain Brashear will graduate in the spring and plans to teach and coach. So will go another Eagle into the field of coaching and send his proteges to his alma mater. Morehead is proud of his record and bids him a farewell with a hope for greater success to come.

Clyde Alley is one of the two seniors that helped make football history at Morehead State Teachers College this year. The youth from McVeigh will graduate in June with a major in history and is planning on teaching and coaching the coming year. He is twenty-two, apple built, with dark eyes and hair and the natural pleasing manner of a true mountaineer well educated.

Coming from Belfrey High School four years ago, Allie has made a name for himself on the gridiron and the campus. His senior year found him not always on the starting eleven but a capable reserve that could go places at the right time. The change in the style of play at the Eagle stronghold this season handicapped the Belfrey flash but his services were great to the great record made by the Johnson-Miller outfit. He was the only back to finish his football career and his judgement of plays during actual play was upmany. Morehead salutes this fine athlete and gentleman with a sincere wish for great success in his chosen field.

Unfortunately to say the least when Clyde Alley was unable to attend his last football banquet. Allie took suddenly ill Monday afternoon and was in the school infirmary during the feasting in Allie Young Hall.

Your truly was the only sport writer present at the football banquet for the Eagles.

Lawrence Carter of the Eagles is only one of three all K. I. A. C. basketball players now in school in Kentucky.

Dr. Everett Blair is the only former athlete of Morehead State Teachers College to make the chief address at the Eagle annual football feast.

There was no mention of sweaters for the football players at the banquet although the list of letter winners were announced.

Morehead High school will have the largest basketball team of any high school in the county.

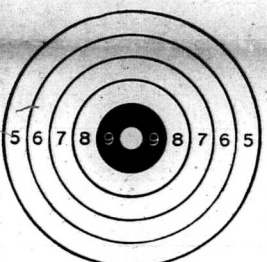

Dr. Ellington's invitation on behalf of the business and professional men of Morehead to the Eagles was a masterpiece.

There is a chance that one of the big Southeastern Basketball fives will play in Morehead this year. Also a slight possibility that the Eagles will play the wanted Wildcats of Kentucky early in the season.

The annual awards of the Alumni M. Club of Morehead State Teachers College will be based upon the scholastic standing of the athletes. The club voted it so and any athlete that makes a numeral will be eligible for the prizes. Morehead is the only college in Kentucky that has honorary awards given to athletes by the former athletes of the school.

Pappy Holbrook, dean of high school athletics in Rowan County will be one of the honorary guests at the banquet for the Eagles given by the men of Morehead.

Turkey Day will finish football season for most college elevens and Alabama followers are looking over the rail and road routes to California after last Saturday massacre of unbeaten teams.
