MOREHEAD, KENTUCKY, THURSDAY, DECEMBER 17, 1936

NUMBER 30

Lester Hogge Is Elected As Democratic Chairman By Unanimous Vote By Committee

Two Precincts Ruled Out As They Fail To Give Credentials

Attorney Lester Hogge was unanimously elected as Chairman of the Democratic Executive Committee for Rowan County at the meeting of the Democratic precinct committee men and committee women, held in the court house on Morehead on Saturday afternoon of last week. The meeting was called to order by the outgoing Democratic chairman, E. Hogge.

The election came after a week of intensive campaigning among the committee men and women, following their election the previous Saturday, at which representatives from fourteen precincts were elected, pledged to support Mr. Hogge while those from the other five precincts were pledged to another candidate for chairman.

Several attempts were made to compromise on other candidates, but those for Mr. Hogge stood fast and in the meeting Saturday he was given unanimous approval. When committeemen and women were asked for their credentials, representatives from six precincts, Haldeman 8 and Morehead 7 were not in attendance at the meeting.

The chairman of the meeting, E. Hogge, refused to seat the delegates from Haldeman and Morehead 19 without their credentials and the meeting continued without their votes.

Delegates from both precincts stated that they had intended to cast their votes for Mr. Hogge for chairman to make the election unanimous.

Notified of his election, Mr. Hogge appeared before the delegates and delivered a short address in which he pledged himself to work for the interests of the Democratic party as a whole and for the duty nominally elected to all general elections.

Miss Thelma Allen, precinct committeewoman for Precinct 19, was chosen as secretary of the committee for the next four years. Miss Allen has been said to be an anti-administration supporter, which is scarcely the way to put it as she has been a staunch supporter of the governor at all times. She has been a Democrat interested in the success of the Democratic ticket at all times but has been affiliated with no factions within the party.

TWO PRECINCTS WET ONE DRY IN BATH OPTION ELECTION

Three Precincts Voted Saturday To Oust Legal Liquor

Two precincts in Bath county voted wet in the local option election held in that county last Saturday while one precinct voted dry. Taking advantage of the local option law which permits precincts to vote individually on local option those three precincts launched elections for themselves.

Two Salt Lick Precincts and the Olympia Precinct were involved. One Salt Lick precinct went dry by a vote of 101 to 91. The other Salt Lick precinct voted wet by a vote of 91 to 20. Olympia in which there is neither a liquor store nor a beer parlor voted wet 40 to 20.

The Saturday election will close the liquor selling at the Log Cabin Camp and the beer parlor at the Twin Wells Camp this side of Salt Lick. On the other side of the road in the other Salt Lick precinct it will be legal to sell liquor and beer. The camp operated by Jack West just across the Licking River from Rowan county is in the wet precinct.

Christmas Exercises Held At Churches

Christmas at the churches throughout the world is the outstanding event of the entire year, commemorating as it does the climax of the Christian year, the celebration of the birthday of the Christ, the founder of the Christian religion.

Consequently, it would be entirely amiss, if The Rowan County News failed in this issue to take note of the various programs and plans laid by the various Christian units of this city, in honor of this greatest of all Christian days.

In order to accommodate the church members who are also students at the Morehead State Teachers College, the Christmas program and tree was held at the Methodist Church on Sunday, December 13. No special plans have been made for a church program other than that.

At the Baptist Church next Sunday, members of the church are expected to attend the usual session of the Sunday School at the regular hour. Following that, the members of the Sunday School will enjoy a Christmas tree and program, together with a visit from Santa Claus himself, who is expected to bring his Christmas treat to the members.

At the Church of God the Christmas tree will be held in the morning, following the regular services. At 6:30 the members of the church have planned a Christmas program including songs, recitations and so on.

On Christmas night the Church of God will appropriately open a revival meeting in charge of Rev. Wiseman. The public is invited to attend.

Christmas services at the Christian Church will consist of a Christmas tree and treat probably on Sunday before the holiday itself. No special church services have been planned for the day.

While not directly a part of the church program, the Community Sing, sponsored by the Breckinridge High School Senior Chorus at the Morehead State Teachers College on Tuesday, Dec. 22, will be an important part in the holiday activities of this community. Everybody is invited to attend this "sing" at the college auditorium on Tuesday, Dec. 22 at 7:30 p. m.

Elliott County Votes Dry In Option Election

Close Vote Indicated As Three Precincts Are Held Up

Elliott county apparently voted dry by a narrow margin, according to reports from that county. There was some argument as a result of the election, as three of the precincts failed to send in their ballots until the Monday after the election. The election commission refused to allow the count of the ballots in those boxes, as the law requires them to be brought to the court house immediately following the election.

Dries maintain that even though the three boxes are not counted and allowed that they will still carry the county by 9 votes. They say if they are counted, they will win by over a hundred votes.

So far no reports of a contest have been heard.

There are no liquor stores in Sandy Hook, although there are two beer parlors in that town. The dries maintain that their object in holding the election was to eliminate these beer parlors and not because of liquor stores in the county.

Randolph Conn Fined Held Uder Bond

Charged With Breach Of Peace And Carrying Weapon

Randolph Conn, aged 18 years was fined \$100.00 and costs in county court on Tuesday of this week, and was held to the Grand Jury on a charge of carrying concealed a deadly weapon. His bond was fixed at \$200.00.

The fine and the "Grand Jury" grew out of a shooting affair at Haldeman last Thursday night, at the Salt Lick, Haldeman basketball game. It is alleged that Conn who was attending the game drew a revolver while outside the building and fired a shot into the air. Charges were filed and he was brought before Judge Chas. E. Jennings on the double charge of breach of the peace and carrying concealed a deadly weapon.

Conn is at present lodged in the county jail, in lieu of payment of his fine and failure to make his bond of \$200.00.

10,000 Old Age Assistance Grants Made In State On Friday Of Last Week

DON BATTISON BREAKS COLLAR BONE IN FALL

Don Battison suffered a broken collar bone on Monday morning of this week and is absent from school at present as a result of the accident. Don together with his schoolmates was playing in the gymnasium at the training school and fell over Dickie Sroggins, breaking the bone. He is able to be out and is apparently recovering nicely from his injury.

Have You Bought Your Christmas Seals Yet?

The Time Grows Short And The Need Great Say Sponsors

Have you bought your Christmas Seals yet?

You will be needing them soon, if you have not already needed them. There is no one who does not use a few seals on their Christmas packages, and there is every reason why you should use the Christmas Seal being sold this year under the sponsorship of the Morehead Womens Club. Every seal a cent and every cent a blow to tuberculosis in children.

The local drive is building up to such an extent that the sponsors are hopeful of the results being even greater than in the past two years.

The Christmas Seal idea evoked each individual but very little. But the sums raised from the sale amounts to huge totals over the nation. Rowan county has its full share of tuberculosis patients especially among the children. Therefore Rowan county will not be behind the throng that purchases

(Continued From Page Five)

We Apologize

Due to the fact that the article was mislaid in a last minute rush on Wednesday, the News failed to publish an announcement from the Haldeman Employees' Representatives Plan, Inc. relative to donations for the widows and orphans boxes. The donations were to have been made no later than December 10, which was last Friday. We are particularly sorry that the announcement failed to get in the issue of last week, as it is the policy of the News to aid in every worthy enterprise of every sort.

News Receives Letter "From Friend"

The Rowan County News is in receipt of a letter, signed "A Friend," enclosing a clipping from an Indianapolis Newspaper. The clipping purports to be about former residents of Rowan county.

While we appreciate sincere efforts on the part of our readers to give us the news, we cannot at all appreciate the person who signed the name "A Friend" but who failed to give us the real name of the writer.

Relative to such news, it has long been an established policy of the News not to publish articles or letters unsigned, regardless of their innocence. Recently we established another policy which prevents our publishing any article that is not brought in person to the News office.

At any rate we have never made it a policy to publish any article that would reflect in any way on our friends and readers in this community, unless by so doing we have been able to help clear up some certain matters. Certainly the News will not be a party to anybody to deliberately hurt any citizen, by publishing scurrilous articles intended only for that purpose.

We have always had the utmost contempt for anyone who attempts to take advantage of us by sending us cheap unsigned letters, asking us to publish articles which would not publish over their own signatures. Such people in our opinion are the scum of the earth. If the person who sent the enclosed clipping is a subscriber of the News, we will be glad if he or she will discontinue his subscription at any time.

Rowan County Club To Give Baskets

Members Draw Lots To Choose Christmas Baskets

The Rowan County Womens Club at their meeting Tuesday night drew the names of needy children to whom baskets of Christmas Cheer will be distributed on Christmas Eve. Each club member is expected to supply one child with a basket, which will contain clothing, toys, food and in fact everything that the donor wishes to contribute.

Funds raised at the benefit bridge held by the Rowan County Womens Club last week will be used for the benefit of the underprivileged school children in Rowan County schools.

J. ADAMS SUFFERING WITH ATTACK OF "RABBIT FEVER"

Has Been Ill For Past Two Weeks But Shows Improvement

Chief of Police John Adams is apparently slightly improved from a serious attack of "rabbit fever" which he contracted about two weeks ago. Mr. Adams has been confined to his home during that time, where he has taken treatment. The disease which is contracted from getting germs from the diseased skins of rabbits in cuts or scratches, is extremely dangerous and difficult to quash and cure.

The last case of the disease in this community was that of Mrs. Cap Rose who suffered with it for several weeks before being finally cured.

However the case of Mr. Adams (Continued From Page Five)

Dan Parker Purchases J. C. Wells Store

One of the most recent business deals completed here was the purchase of the grocery store of J. C. Wells in West Morehead by Dan Parker. Mr. Parker took charge of the store on Saturday of last week. He is at present busy inventorying the stock and rearranging it. Mr. Parker was part owner of the Cui Bate Grocery Store in Morehead with Luther Clark.

Goal Set By Director Is Passed; Many Helped By Action

Close to one hundred people in Rowan County will be remembered this Christmas not by local charity but by the Federal and state government, according to information received from the Department of Public Welfare in Frankfort this week. Those who will be remembered will receive checks from the Old Age Assistance Division of the Department of Public Welfare, of which Dr. A. Y. Lloyd of this city is the director.

In the state, Dr. Lloyd said the list had already grown to well over 10,000 grants, a record of which he and his entire force are particularly proud. Dr. Lloyd had tentatively set a quota of 7,500 grants to be made before Christmas. He is extremely gratified that his department has been able so far to exceed his quota.

All investigations to reach Frankfort before Tuesday of this week were expected to be acted upon for this month's quota, so that checks could be mailed out to reach the old people before Christmas, in time to insure for them a Christmas cheer.

Rowan county will enjoy its full share from the Santa Claus division of the Department of Public Welfare. For obvious reasons the list of those drawing grants from this county are withheld. However the number has nearly if not more than doubled in the past month.

Dr. Lloyd expressed his gratitude to the field workers of Rowan county for their cooperation with the department in swelling the number to receive grants.

In explanation of the reason why some of those who sent in their applications among the first have not yet been investigated, field work-

Marriage "Cows" In "New Cork"?

We make mistakes, and the other fellow makes mistakes. Some are more of those who are just plain funny.

In a recent issue of the Mayville Independent an article states that a "New Cork" couple made their "Marriage Cows" in a solemn ceremony held in that city. New Cork is not, if we know our city, any suitable place to raise cows, marriage or otherwise. The article follows:

"New Cork" — Rosa Kosselle, internationally famed opera singer, was married to Carle A. Jackson, on Monday.

"They repeated their marriage vows before a flower-banked altar."

TO THE VICTOR THE RESPONSIBILITY TAKE A LOOK AT SOUTH AMERICA

President Roosevelt's visit to South America has turned the eyes of the people of North America toward the southern half of the Western Hemisphere, about which most of us know a great deal less than we know about Europe.

How many children are taught in school, for example, that Brazil is a larger country than our own? Brazil is big enough to take in the entire United States of America and enough more to occupy an area as big as Texas.

Argentine is another big country, even less thickly populated than Brazil. It is about the size of the United States east of the Mississippi.

Those are some of the things about South America that ought to be taught in the schools, along with the Spanish language and its closely allied tongue, Portuguese.

ALWAYS A FAD

If there ever was a nation that went crazy over fads, we're living in it. We have fads in autos, and fads in foods, and fads in medicines, fads in dress, and games and books and picture plays.

TOYS FOR SANTA

It is interesting to note that at the New York Toy Show held recently there was an absence of toy soldiers and toy sailors. Makers of toys say they are "out" that the child of today wants toys representing our "G-Men," or bandit chasers.

Mrs. J. D. Falls was hostess at a surprise dinner Sunday when her daughter Cherry was guest of honor.

THE SUNDAY SCHOOL LESSON

Written each week by Rev. E. H. Kaeze, Pastor of Baptist Church.

Subject: The Greatest Gift of All, I John 4:19.

Golden Text: "Glory to God in the highest, and on earth peace, good will toward men." Luke 2:14. This is the season when our hearts turn to expressions of love. It is very fitting, therefore, that we study the greatest gift of all, God is love, so the Scriptures tell us, and love must express itself.

by its presence or absence. Where love is absent God is absent. Where love is present, God is there. The natural tendency of man is to love self. This is an unholo love and is out of God. It is the spirit of the world from Satan.

Love, also, is an aid to understanding. If we are born of the love of God we can understand what God is each other. Most of the people we dislike are those we do not know and this lack of love keeps us from understanding them.

Love, again, is a purifying influence in our own lives. Love melts our natures, refines our habits. With the deeper understanding of what God has done, how He loves us, and what He wants within us, we begin to strive to please Him, just as we would our earthly father, and for the same reason—namely, because He is our Father and loved us first.

Then, finally, this love gives us fellowship and power to obey. We are, as children of God, conscious of a family relationship, just as brothers and sisters in an earthly family. We all have a common blessing from our Father, for which we rejoice together.

CCC Project For Eighth Period

ston Road on the Cumberland National Forest from McKee, Kentucky in Jackson County to the Rock Castle Laurel county line on Route No. 25 near Livingston will be one of the primary objectives of Civilian Conservation Corps during the Eight CCC Enrollment Period, according to a statement issued today by R. F. Hemmingsway, Supervisor of the Cumberland National Forest, Protection of the National Forest from forest fires, the completion of the Beaver Road in McCreary County, the Mt. Victory Road in Pulaski County and the Pine Ridge Forest Camp in Wolfe County will also be included in the Eighth Period program.

The eight CCC camps located on the Cumberland National Forest have to date 300 miles of going road construction, 200 miles of which the grading has been finished, 140 miles of which has been surfaced with crushed limestone. Included in the construction of these roads has been the building of fifteen bridges, 75 masonry culverts, and the installation of 900 pipe culverts. Other improvements which have been installed and are now in use are 17 permanent fire towers, 6 temporary fire towers, 311 miles of telephone lines, 23 short wave radios, 3 equipment depots and four-room dwellings. Six quarries are operated by ERA labor with a total average monthly output of 6,000 cubic yards of crushed limestone.

The roads and improvements thus far completed have played an extremely important part in the suppression of fires. Over 150 have been fought in the Cumberland National Forest since January 1. This phase of the work of the U. S. Forest service in Kentucky has and will continue to be the most important since the value of all other improvements are directly dependent upon the protection of Forest resources.

The completion of the McKee-Livingston Road will furnish an important north and south link between Kentucky highway No. 21 as look upon the world with forgiveness in our hearts and with love that makes us move to the help of those who need us. This is love.

and U. S. highway No. 25. With the completion of a steel beam bridge at Horse Lick, of three 63' spans supported by stone masonry piers 40 feet high this road will be opened for general use.

The Pine Ridge Forest Camp, located on Route 15 in Wolfe County at the site of the Pine Ridge fire tower has already proved popular with both local people and tourist. When this camp is opened next spring complete with all recreational facilities, another recreational area of beauty and interest will have been added to Kentucky's many such areas already developed.

Scrap Book

Beet Salad In Cuke — Boil the largest beets you can find with their skins on; peel them as soon as the beets are done. Cut a slice off the top and scoop out the center to form a cup. Chop celery fine, cut of mayonaisse in two. Place the cups of mayonaisse in dice. Put a spoonful on lettuce leaves and serve ice cold.

For ordinary cuts, and scratches precaution should be taken to wash the part with an antiseptic solution. It is good to have collodion in the house or handy, and apply to such abrasions, thus excluding dirt and making a bandage needless.

If you would soften your hands, keep on the toilet stand near the soap dish of oatmeal, and rub it freely on the hands after washing. Or use ordinary corn meal in the same manner. Or keep at hand a quantity of clean, white sand. A pair of old white gloves may be turned inside out and brushed over with cold cream. The gloves may then be drawn on the hands and worn at night.

Lace curtains may be cleaned easily and will not need washing so often if hung on the line on a clear day with a gentle breeze—not too windy—and dusted by the wind. Washing these articles is a delicate and difficult business, and they necessarily suffer considerably from the process.

YOUR LETTERHEAD CAN BE made any size you desire, with any printing you like. Estimates gladly given.

Coming Lower Electric Rates. Cost of Electric Service Will Be Reduced An Average of 11 Percent, on Basis of Present Use, Beginning January 1st. Much Greater Savings for Many Residential Customers. All Communities to Have New Simplified Block-Rate Plans.

KENTUCKY POWER & LIGHT COMPANY. NOW—MORE WEL-COME THAN EVER —Electrical Appliances as Christmas Gifts— Use This Check List— MR. and MRS. HOMEPOLKS: The cost of food, clothing, fuel, rent, and almost everything else is going up—but this reduction in my wages means that I will do more work than ever in your home for the price of a few trifling knickknacks. With these new lower rates, you can easily afford to have more of your washing and ironing, your sweeping and cleaning, your refrigeration, your cooking, water-heating and many other tasks. So let me banish your housekeeping drudgery... give you better lighting... more comforts and conveniences... more time for recreation... and altogether a happier home. You'll find me the cheapest, cleanest, most dependable servant you can hire. And the more I do for you, the lower my hourly rate of pay. JOHNSON HOPES TEAM IMPROVES FOR NEXT FRAY

First Half Is Wild; Score Thirty-Three Points Quickly.

The Eagles came back strong in a widely scoring second half to tally thirty-three points in eleven minutes, overcome a 16 to 8 half-time lead held by Alfred Holbrook and coast to a 56 to 28 victory in the annual tilt of the 1936-37 net season played in the college gymnasium Wednesday evening before a fair-sized crowd.

The first half was a dismal affair. Coach Johnson jerked all except one of his regulars, and Holbrook took this as an opportunity to score. The Ohioians connected twice from the foul circle, while seven times from the floor and limiting the Eagles to three field goals and a brace of free throws.

Eagles On Spruce.
The opening of the second period Coach started his regulars and gave them just three minutes to open the fireworks. The Eagles, with blood in their eyes, bombarded the hoop for twenty points the first eight minutes, and from then on it was just a breeze.

Morehead tallied a total of forty-eight points in the second frame, swishing in twenty from the field and eight from the gratis ring. Lawrence Carter, all-conference center and one of the highest scorers. (Continued On Page Eight)

Vikings Topple Hopes Of Grayson 23-16

Freshman Squad For High School Come From Behind To Win

Again last Saturday night it was Holbrook vs. Holbrook, rather than Morehead vs. Grayson, with Pappy gaining the laurels and sweet revenge for the defeat administered during the football season last year. Grayson met Morehead last Saturday at Morehead in the first conference tilt of the season on the local high school floor. Morehead won 23-16 after a hectic battle.

Grayson drew first blood with an easy crisp and Morehead followed to tie the score in the first minute. Grayson drew ahead 10 to 1 as the first quarter ended, while the Morehead lads were finding themselves. At the half the score was tied up.

In the second half the smaller Morehead five began to battle and ran away with their opponents. Butcher stood out for the local five.

The Vikings of Morehead defeated Hitchens last night 19 to 10 on the local floor before one of the best crowds of the season. Taking the lead at the opening whistle, the crew of Vikings never gave the visitors a chance to get on even terms. Tackett led the scoring with seven points. At the half Morehead was leading 9 to 7 and steadily increased their lead as the game progressed.

Breck High Plays Ewing Thursday

Training School Expected To Have Hard Tussle In Night's Game

The Brecks will be seeking their second victory in four starts tonight when they face Ewing here. Coach Bobby Laughlin's squad has been coming along nicely this week in practice and should be in the five-hundred column after tonight.

Carmargo defeated Breck in the season's opener by 19 to 14 and then Breck came back to take Frenchburg 29 to 21 showing fast improvement in every department. The first away from home game was a nip and tuck battle with Soldier that had an extra session to decide the winner. The boys from Carter gave

the Brecks the short end of a 20 to 18 score.

Coach Laughlin when asked just what he thought of his team said, 'I believe the team is improving and we will stand a good chance of going places at the end of the season.' Coach Bob Montgomery's 'Antisville High team will play the Brecks here on Dec. 23.

General information of the Breck squad:

Frederick Prichard, guard, Junior, son of Mr. and Mrs. Watt Prichard Sr.; Robert Fraley, guard, Junior, son of Mr. and Mrs. Cecil Fraley; Charles Fraley, Guard, Sophomore, son of Mr. and Mrs. Cecil Fraley; Calvin Crosthwaite, Guard, Junior, son of Mr. and Mrs. C. C. Crosthwaite; Harold Allen Senior, son of Mr. and Mrs. J. A. Allen, Clinton Tatum, Forward, Sophomore, son of Mr. and Mrs. A. T. Tatum; George Jackson, Forward, Sophomore, son of Mr. and Mrs. S. W. Jackson; Harry Caudill, Forward, son of Mr.

Eagles Meet Eagles; Morris Harvey Here

It was Eagles versus Eagles again last night after a layoff between the teams for the past three years. Morris-Harvey of Barboursville, W. Va., met the Morehead Eagles here in a hardwood contest, the second game of the season for the local college men, while being the season's opener for Morris Harvey.

The Eagles after winning from and Mrs. S. P. Caudill; Wendell Brown, Center, son of Mr. and Mrs. M. F. Brown.

Prichard, R. Fraley, Crosthwaite Allen, and Tatum are the lettermen from last year. The starting lineup will be Tatum and R. Fraley at forwards, Allen pivoting, and Prichard and Crosthwaite at guards.

Alfred Holbrook in the second half last week have been put through intensive drill for the encounter last night. Coach Johnson was not satisfied with the showing of his first string last week, in spite of the sensational spurt in the last half. The boys failed to click completely in the first part of the game so much so that Johnson dragged them in favor of a complete substitute team. The Eagles trailed at the half 8-16.

This week the Eagles have worked and worked hard to develop the Johnson system but there are apparently still a number of weak spots that fail to satisfy the coaches.

No one knows what the Morris-Harvey team will drag out, but they have always been a fighting aggregation who even when they lost could make the winners go their limit.

By Elwood "Flossie" Allen

The Rowan County News will sponsor a handicap contract bridge race in the near future. All entrants will enter the handicap under the names of famous race. Prizes will be given the winner, place and show horses. Only the male species will be eligible and those with a creditable contract record. Watch this column for details and entry blanks.

The gray-throated Czar of Baseball, Commissioner Kenesaw Landis will give up his throne after sixteen years of absolute rule over America's greatest professional sport.

Dr. Miller is recovering nicely from the injury he received in the freshman-faculty basketball game last week.

The Eagles of Morehead and the Tigers of Georgetown seem to stack up evenly if we believe the scores that Alfred Holbrook made against the two fives.

Lawrence Carter of the Eagles is well on his way as leading scorer in K. I. A. C. basketball circles, with 17 points in the first game. He is the only all K. I. A. C. basketball on 1936-37 Eagle squad.

Brady Black, Sports Editor of the Ashland Daily was the only outside commentator at the first basketball game at the college.

If Morehead can arrange enough hotel facilities, it is likely that the Morehead State Teachers would try and get the 1936 K. I. A. C. basketball meet.

Names of basketball teams you should know in Kentucky: Morehead State Teachers College — Eagles.

Morehead High School — Vikings.

Breckinridge Training School — Eagles.

Haldeman High School — Leopards.

University of Kentucky — Wildcats.

Transylvania — Pioneers.

Eastern State Teachers College — Maroons.

Kentucky Wesleyan — Panthers.

Centre College — Colonels.

Georgetown — Tigers.

Berea — Mountaineers.

University of Louisville — Cardinals.

Western State Teachers College — Hilltoppers.

Murray State Teachers College — Thorbreds.

Miss Morehead was the most popular racehorse that the late Judge Allee Young ever raced.

Jesse Owens, ebony streak of Ohio State and the show in 1936 Olympics was voted the outstanding athlete in the U. S. A. by sport writers throughout the nation. Carl Hubbel pitching ace in big league ball was a distant second.

White-tailed deer are said to signal with their tails.

Twenty University of Louisville footballers got letters this fall.

Kentucky Wesleyan and Transylvania will double team on the basketballs of St. Xavier at Cincinnati this week.

The Bradford "chmelling" boat is definitely settled for June 3rd with a terrific build-up from all sides.

The Union Bull-Dogs will tear into the Eagles here on January 9th.

Sale will continue until entire stock is sold

Hundreds visited our Big Sale Saturday and Monday and while many sales were made to pleased customers, there were many others whom we were unable to wait on. We want to apologize for our shortness of help and invite you to call again while we still have a large selection of this salvaged and used furniture, much of which is as good as new.

Below we list a few of our many bargains

SCHOOL NEWS

(Continued From Page Six) have been bought and which are in use are The Dutch Town, The Mill, The Assentation, And The Blue Boy. Several projects have been worked out by this group. When completing the study of birds and animals, the children made booklets on these two units of study. A Bible study project is also in progress and some of the children have already earned testaments. During the study of Indiana, a little movie was made by each child, following the story, "How Jack-o-lanterns frightened away the Indians." They have also studied the town and traffic rules and regulations, with poems of towns as their culminating activity. Last Sunday, due to the good attendance of this group, twenty-one of these child-

ren came to the show. The school bus brought them with small cost. The children were very enthusiastic about seeing the show and have made all the others want to come. If every school in the county had as good attendance as this room, would be possible for all schools to have a more advanced group for it is usually good attendance that makes a bright group of children. Miss Lewis takes this part of her work as very serious and one of the most important parts about school work. She makes it known to the children that she expects them to attend every day and if one is absent, she knows the reason why. This is one of the best hard-working groups of children I have ever seen and try to do just exactly what is expected of them. These two lower grade teachers, Miss Lewis and Mrs. Layne are doing

fine work. CARRY SCHOOL NEWS The regular session of the Carry P. T. A. was held Thursday December 10. Mr. K. E. Evans, general manager of "Homecraft Farm" near Farmers, gave an interesting address on the timely subject, "More Reading Material in the Homes." After the address a very delightful lunch was served to all present, by the hostesses, Miss A. B. Loux and Mrs. Pear Thompson. The pupils wish to express their thanks to the P. T. A. hostesses for the generous lunch that was left in the care of the teacher to be served to the children on the next day at school. The pupils are practicing for a Christmas Program which will be given Wednesday, December 23, at one P. M. Everybody is cordially in-

cluded to present. Dorothy Hamilton, Bernice Utterback, and Everett Alfrey have been ill with influenza. We wish for them a speedy recovery as we miss them at school. FARMERS NEWS Uncle Tommy Thomas, age 82 of Midland passed away at his home December 10. His wife preceded him in death two weeks ago. The young women's class of the Christian church has been organized and named the Happy Hour Class. They will hold a meeting December 15 of the class president, Miss Mary Jane Reed Dec. 16, to make plans for a Xmas sale. The young men of Farmers made a special choir at Prayer Meeting Sunday nite. The music was greatly enjoyed by all. Mrs. L. T. Hall and daughter Mrs. Russell Burns were the dinner guest Sunday of Mrs. Fields at Tar Flat. Chicken and goose was the attractive feature. Mr. and Mrs. John Pernel are the proud parents of a son Harry Fred, born Dec. 10. Mr. and Mrs. Stanley Penix spent the week end with Mrs. Penix's parents, Mr. and Mrs. Stepp at Pine Grove, Ky. Mr. and Mrs. Carl Ayres of Pineville Ky. are visiting Mrs. Ayres parents Mr. and Mrs. J. B. Warren. Miss Maude Adams was a business visitor in Morehead last week. The Grown twins are ill with the flu this week. Mrs. F. T. A. is seriously ill at the home of her daughter Mrs. Matt Maze, suffering from a paralytic stroke. Mr. and Mrs. Bill Evans and children of Pineville, Ky. are visiting their parents, Mr. and Mrs. Claude Evans and J. B. Warren. The Ladies Aid of the Christian Church held an all day quilting at the church Saturday. Mr. Herbert Ingram returned home having spent the week in Dayton, Ky. Mr. and Mrs. Jack Parker were dinner guests Sunday of Mr. and Mrs. R. L. Braden at Morehead. In the afternoon Mr. and Mrs. Parker dined on Mr. and Mrs. Archie Williams at Grayson. The party then went to Ashland to see "Love on the Run" at the Paramount. Little Mark Wages is very sick with the flu. F. T. A. Members will meet at the home of Mrs. Peed Thursday, Dec. 17 for a short business session. Mrs. Howard Jones is on the sick list. There will be church at the Christian Church Sunday morning. Brother Bailey of Owingsville will do the preaching.

club begin to raise a howl. The girl goes to New York and is there presented as the author but the home town folks do not find it out. While there she meets the book's illustrator, who becomes interested in her. It is interesting to see the shy New England Miss change into a high stepping modern for an evening and the scene is packed with fun. She finally goes back to the home town and after many experiences settles down and marries the man who illustrated the book. The humor of the story is spontaneous. The surprise twists are excellent and the acting and dialogue are hard to beat. Christmas Seals (Continued From Page One) Seals at one cent each to help her own children obtain the sound healthy bodies that nature intended. Christmas Seals today. Post Office Officials Make Drive In Nation

Seek To Stop Passage Of Obscene Letters Through Mail

With the conviction of Gayle R. Cleveland of Pensacola, Florida to the federal penitentiary for a period of 15 years, the United States Government opened a nation wide drive of obscene letter clubs. Cleveland was the operator of "The Letter Club Different" which worked through ads in cheap magazines and which put people in touch with others and permitted them to maintain an obscene correspondence through the mails. As the federal government provides a five year jail sentence or a five thousand dollar fine, or both for any person found guilty of sending such material through the mails. The federal drive is directed at those who send the mails for this purpose and they have captured extensive lists of patrons of this type of letter correspondence.

College Presents Comedy Drama

For Friday, Dec. 18 the show is titled "Theodora Goes Wild" and is a comedy farce in which things really go wild. It is a well produced and presented story, having "crispy" clever dialogue and many engaging situations in which surprise twists follow one another in rapid succession. It concerns the story of a girl in a "one horse" town who has written a book of flaming nature. The editor of the home town paper is about to serialize the story in the home town weekly when the straight-laced ladies of the woman's

THINK! HAVE MONEY!

Patterns of Wolfpen

By Harlan M. ...

It grew more emphatic with the difficulties at the camp. They had come on gradually, intensifying a little from day to day before they came to a crisis. They were reflected in Sparrell's attentiveness and the troubled mood which followed him into the house, for there had never been any ill feelings between men on Gannon creek. The mountain men could not adapt themselves to the discipline of a supervised lumbering operation.

It was partly Shellenberger's air of detached authority which they found barely tolerable. Not that he kept his own counsel and ate only at Sparrell's but that he went among them as though they were trees or stumps, and acted so superior by virtue of his ownership of Sparrell Pattern's timber and not by right of character, one man to another, as it was among the Big Sandy men.

It was more especially Mullens

he had his own superiorities in the work. He said little to the men beyond a few terse orders. Moreover he had his own methods for felling trees, determining lengths, constructing the dam, for every single detail of the logging. He insisted on telling these men who had lived their lives in the hills and swung axes since they were strappings, how to fell a tree, how far above the ground they should cut, and where to stand when it began to lean. Sometimes they would do as they were told, more often they would go as they pleased and meet the scurrilous looks of Mullens with a passive and childlike silence.

They were difficult and individual as children, and Mullens did not know what to do with them. He swore at them and marked on each tree the exact spot where he wanted it cut. If he then stood by and watched, they would cut low, but when he turned away they would stretch their backs and cut high.

They were not happy at the camp. When they got homesick, or took a fancy for home-cooked meals, or a notion to leave the camp for a few days, they quietly shouldered their axes and went away and they did not expect any unfavorable notice to be taken of their going out or the coming in.

all these strange men coming here from down river, and the hard feeling over Grover Sims getting killed. And there's Cynthia. What about you? You think about him and his maps and papers he's working on, and about how you're getting over to the Institute for a while, and about silly things in the trees that you'd just better leave to old Mr. Stinky Shellenberger and his black man. But it's not nice to call even him bad names.

He had his own superiorities in the work. He said little to the men beyond a few terse orders. ELLIOTTSVILLE SCHOOL

HOPE TO HAVE NEW ROOM Elizabeth Lane, teacher.

The first grade at Elliottsville does not boast of a beautiful room, but they are living in hopes of a new and up-to-date first grade room in the near future, as the new building is going up slowly but surely. The lower grades are housed in what used to be a home at the back of the high school building. It is small and unimpressive, but it does not keep these children and teachers from doing the work they want to do. The first grade room is beautifully decorated with Christmas decorations made by the children. There are Christmas cards on the blackboard and windows. There is a large Santa Claus drawn on the blackboard. A Christmas tree has also been made. Other Christmas pictures are hung about the wall. The room is furnished with chairs and tables, supplementary reading books and stacks of construction paper and other working material. There is a small room at the side of this main room which is used as a working

room and a place to store the wraps. In this room are ivory tables and chairs, a victrola, shelves full of working material. There are reading charts, and everything the child needs to work with. There are curtains in the windows. Almost every morning one of the groups resting their reading lesson more clear the method used was good. The Ben and Alice chart purchased by the County Board was being used.

Each child was given a chance to recite. The interest they took whole sentences were read, at in this room and the expression used by the children in reading made the class a very interesting one. At recess the high school girls came in to help the smaller children in their Christmas program so that time would not be taken from their regular school work. Unfortunates that have already been worked on are busy at home, getting milk and a good one. Now they are working on a Christmas program which is to be given the day before Christmas in the Hall. A Christmas tree has been set up in the hall and a table covered with a red cloth. Some time ago the first grade room and the second and third grade gave a Halloween carnival and made some money with which to purchase books. \$5.00 was also furnished to these rooms by the County Board to purchase more books. This room boasts good attendance and the little tots declare they are going to come to school every day that they are not sick. There is a real spirit of work in this room and a real teaching attitude of the children in the right direction. More parents should visit this room and see just what is being accomplished.

SECOND AND THIRD GRADES

These grades are also in the little building just off the main campus. These children do not care that they are crowded and cramped into little rooms, because they have the joy of knowing that next year it will be different. Today (Monday) there was only one little girl absent. The entire enrollment was there. During recess the boys and girls stayed in their room to make Christmas cards. These are to be used as invitations to the parents to come to the Christmas program they are preparing. They were choosing their own patterns, then making the pattern and placing it on paper. The invitations that were finished were very nice and well written. Parents should be very interested in all this work which seems so small to the parent but which is very important to the child. This room was being decorated for the Christmas holidays. There are curtains and a new stove in the room. There are individual fringing cups and individual towels. Monitors are appointed each week to see over the washing up period prior to their lunch. There is a book case full of books some of which were bought with money made at the Fair. Some of the books were "The Wonderful Story of Jesus, John Martin's Stories for Children, Billy Whiskers, Mile and Sandy and Many others. There is a good Webster's Dictionary was on the table ready for use. Some good pictures which (Continued On Page Four)

Cozy Theatre

All Star Cast

A dramatic star-shell is promised in "The Road to Glory," Twentieth Century-Fox production coming Friday and Saturday to the Cozy Theatre. Featuring the year's most impressive cast, the film is hailed as the strangest, strongest drama of love ever brought to the screen.

Frederic March, Warner Baxter and Lionel Barrymore are starred, with the supporting cast headed by June Lang and Lionel Barrymore.

Fired with the inspiring act of such performers, the film tells a gripping story of love in all its phases, painted on a canvas as great and encompassing as the war itself.

Baxter is seen as the war-weary commander of a valiant regiment, Monique, a lovely French nurse, provides him with his only interest in life.

Frederic March, Baxter's chief aid, unwittingly falls in love with Monique too, unaware that Baxter cares deeply for the girl.

The triangle creates a crisis between the two men, which is increased when Baxter to his astonishment, discovers that his father, Lionel Barrymore is a private in the regiment.

Glowing with pride over the soldier's heroism, Baxter's sense of duty compels him to order Barrymore to the rear, for the captain fully realizes that if one man should err in his duty, the entire company might be endangered.

Barrymore is not so easily discouraged, however, and his burning desire to serve his flag underlies his son's prompts him to bribe Gregory Ratoff to "lose" the order when it comes through. Thus, when the regiment moves towards the front, Barrymore is in the ranks.

What glory does the hearts of men and love to the hearts of women is revealed as the film moves swiftly, strongly, on to its crowning climax.

Darryl F. Zanuck selected Howard Hawks as director and Nunnally Johnson was authored by Joel Sayre and William Faulkner.

John Qualen, famous for his characterization as the father of the quinquages, "The Quinquages Doctor," has a prominent role in the cast supporting Frederic March, Warner Baxter and Lionel Barrymore in "The Road to Glory," Twentieth Century-Fox production opening Friday at the Theatre.

FORD

advances into 1937 with the **LOWEST PRICE IN YEARS**

and new operating economy

THE ADDITION of a new 60-horsepower engine to the Ford line for 1937 brings you a new, low price and gives you a choice of two V-type 8-cylinder engines. 85 horsepower for maximum performance, 60 horsepower for maximum economy.

The 60-horsepower V-8 engine was originally developed for use in England and France, where fuel costs are high. It has been proven there for two years with brilliant success. Now, brought to America, it creates an entirely new standard of modern motoring economy!

The "60" engine, available in five body types, is built in exactly the same body size and wheelbase—to the same advanced design—with the same comfort and convenience as the "85." And it delivers V-8 smoothness at speeds up to 70 miles an hour.

Two engine sizes—but only one car and one purpose—to give you more miles and more satisfaction for your money in 1937.

FORD BASE PRICES FOR 1937

\$480 AND UP

At Dealership Plant

Taxes, Delivery and Handling, Bumpers, Spare Tire and Accessories Additional

FORD FEATURES FOR 1937

APPEARANCE—Distinctive design. Headlamps in fender aprons. Modern lid-type hood. Larger luggage space. New interior. Standing V-type windshield.

BRAKES—New Easy-Action Safety Brakes with "the safety of steel from pedal to wheel." Cable and conduit control. About one-third less brake pedal pressure required.

BODY—All steel. Top, sides, floor and frame welded into a single steel unit. Safety Glass throughout at no extra charge.

COMFORT AND QUIET—A big, roomy car. General Motors control increased by smoother spring-action with new pressure lubrication. New methods of mounting body and engine make a quieter car.

Know Your Language By C. L. Bushnell School of English, International Correspondence Schools

The origin of the word "candidate" goes back to ancient Rome. When a man campaigned for office among the Romans he wore a white toga and was called "candidatus," meaning one "clothed in white." Our word "candidate" comes directly from the Roman "candidatus."

"Lend" is the verb; "loan," the noun. Care should be taken to avoid confusing them: Right: Will you lend me a dollar? Wrong: Will you loan me a dollar? Right: Thanks for the loan.

Mrs. J. L. Nickell and Mrs. Ed Williams were shopping in Mt. Sterling Saturday. Mabel Orienc Carr had as a guest Saturday evening Marie Pells.

Trail Blazer To Have New Office In Dorn

With the completion of the new men's dormitory early next year, The Trail Blazer staff will move into its new quarters there. Needless to say, the staff anticipates this new move, keenly, and feels that it will help in producing a still better paper. All the staff wants now is a small bit of student co-operation and contributions. The new staff room will be furnished with several files, table and chairs, typewriter, and telephone.

Eagles-Holbrook (Continued From Page Five) ers in the state, ignited the hoop for seven field goals-six in the second half-and three fouls, for a total of seventeen points and scoring honors of the evening. Arzen and Ishmael were closely pressing him, collecting thirteen and twelve respectively. Roush was the scoring inquest of the Holbrook, tallying fifteen of the twenty-eight points garnered by his aggregation.

Wearers of the Blue and Gold muffed passes, passed foot hard guarded loosely, and all in all played like a high school quip taking a holiday. Only in the last half did they show the form which was expected of them. Arzen, the fiery soph from Newport, sparkplug of last year's frosh-turned in an excellent second frame exhibition. He passed, guarded, and turned in an all-around floor game as did Smith and Carter.

Johnson ultimated that the squad was in for a lot of hard work both before and after the holidays. He was anything but pleased with the showing of the Eagles against a "B" inferior team, and one who has been beaten by other K. A. C. hoopers, and intends to impress the boys with the importance of being alert. Ishmael (12) L. F. (4) Blair Arzen (13) R. (4) Gaines Carter (17) C. G. (2) Evilleboe Smith (8) R. G. (15) Roush Horton (3) L. F. (6) Cowden Substitutions: Morehead: Kiser, Lacy (2), Anderson (1), Cussidy, Robbins, Moxley, Holbrook: Blair, Schomburg, Mefford, Dibert. Officials: Cover and Black. Scorer: Tutt.

THE ROWAN COUNTY NEWS Future Subscribers
