June 4, 1958

Board of Regents
Morehead State College
Morehead, Kentucky

Gentlemen:

I am submitting herewith a report on the operation of the College for the period, April 17, 1958, to June 4, 1958, with certain recommendations for Board action:

Minutes of Meeting June 4, 1958 continued -

1. Appointment of Trustee for Bonds:

We have been using the services of the Kentucky Trust Company for our bond issues on capital construction projects. I should like to recommend, with the concurrence of the Commissioner of Finance of the Commonwealth of Kentucky, that the Bank Josephine, of Prestonsburg, Kentucky, be named as the trustee and local paying agent in connection with the bond issue on the new 400-bed men's dormitory.

2. Available Lots for Faculty Residence:

lies

One of our greatest difficulties/in the hardships involved in locating housing facilities for the faculty. The accommodations in Morehead are limited and inadequate. The property is exceptionally high. We have some space on the mountain side, north of Fifth Avenue, which we can make available for building lots to the faculty. I would like to request authority of the Board to ask the Commissioner of Finance for permission to determine the value of these lots and to execute the sale to members of our staff who want to buy a lot and build a house.

3. Report on New 400-bed Men's Dormitory:

The preliminary plans have been completed and are in the hands of the Chief of the Division of Engineering. As soon as these plans are approved by Mr. Beckler, they will be sent to Atlanta to complete our final application for a loan from the Housing and Home Finance Agency.

Thompson Hall needs to be renovated and refurnished for occupancy by women when the new dormitory is finished. The old Men's Hall will need to be renovated and refurnished also. I should like to request the Board to authorize the President to apply to the Commissioner of Finance for allocations from the Capital Construction Funds as follows:

To renovate and refurnish Thompson Hall	\$50,000.00
To renovate and refurnish Men's Hall	50,000.00
To apply to the cost of constructing the new dormitory	<u>150,000.00</u>
Total	\$250,000.00

4. Health Examinations:

We have been providing health services for the students and

physical examinations, and have been charging a fee of \$1.50 per semester. The local doctors make a hurried examination at night on the campus of all of the students for which they charge \$1.00 each for physicals and \$1.00 each for dentals. One of the doctors has notified us that he will charge \$5.00 each next year. One of the physicians has retired due to ill health. This leaves only two practicing physicians in Morehead and they are overworked. They can do little more than handle emergency calls to the campus, and referrals to their office.

I should like to recommend that the Board authorize the Dean of Students to require a statement from each student's family physician showing evidence of a physical examination when the student enrolls next fall.

5. Recognition for Dean Warren C. Lappin:

Dean Lappin served as a member of the faculty of Morehead Christian Normal before a state college was established in Morehead. A state institution of higher education was founded in 1923 as the Morehead State Normal School. Dr. Lappin joined the staff as a member of the department of athletics during the spring term of 1923-24 academic year. He has served continuously in many capacities, with the college, such as instructor, Director of Thompson Hall, Principal of Breckinridge Training School, registrar and dean of the faculty. He has served twice, at the will of the Board, as acting president. Dean Lappin will begin his thirty-fifth year with the college next fall. I should like to recommend that the Board authorize appropriate recognition be given Dr. Lappin next year by the faculty, student body, and the alumni association, which will including the naming of the Science Hall as the Warren C. Lappin Science Building.

Buddy Fitzpatrick of the Bank of Josephine of Prestonsburg has discussed with me the possibility of making his bank the trustee and local paying agent in connection with one of our college revenue bond projects.

I do not know whether Buddy has contacted you directly, but I have an idea he will do so. Meanwhile, I have discussed this with Governor Chandler and the designation of Mr. Fitzpatrick in connection with your forthcoming issue would meet with our joint approval.

Cordially yours,

Dear President Doran:

I have just received the letter advising me of the action taken by the Board of Regents at the June 4 meeting making the school year of 1958-59 a recognition year of my services to the college.

You will find a note of appreciation enclosed that I wish you would present to the Board at its next meeting, but Ruth, Mary Ella and I know that this decision comes as a result of your thoughtfulness and recommendation. Consequently, I want to thank you personally, and with all the sincerity of which I am capable, for your part in this action.

I also want you to know that, although I have never been "at odds" with any president who has served the institution, the relationships between my office and that of the president have been more pleasant since 1954 than at any other time during my connection with the college.

You may count on my continued loyalty and cooperation in your plans for promoting the advancement and welfare of the institution we both serve.

Sincerely yours,
