Another Homecoming Day For Morehead's College

Morehead State Teacher College's Homecoming Day, scheduled for November 5, a week from Saturday... Miss Exer Robinson, of the College, has asked that the local merchants help the College in making the day a gala occasion.

A Federal Division Court For Morehead

The announcement that the county bar association is going to make a definite effort to obtain a division of the federal court in Morehead is not a vain gesture.

Because of Morehead's central location, and the large number of criminal cases in the surrounding counties, it is the logical place for a division point.

Although the bill pending in Congress creating the new district does not mention Morehead, there is a very good chance of its being included if the state's representatives at Washington are fully notified of the deep interest held by county residents for the establishment of the division in Morehead.

A Wise Merchant Caters To Preferences

Your wife does not buy just coffee. From the grocer she buys that brand of coffee which appeals most to her family, and she goes to the store where she knows she will find that brand.

What is true of coffee is true of all packaged, bottled or canned food products and other commodities used in the home.

American housewives have preferences. These preferences are based more on the character of the products than on quality.

Every publisher wishes to see the merchant who buys his advertising space get the greatest possible return from that advertising.

It is not a question of what media has been used to create the demand, whether it has been magazines, newspapers, billboards, radio, sampling, or what have you.

Every Two Minutes

At the very moment you read this, fire engines are dashing with screaming sirens to someone's burning home.

two minutes a home catches fire. Here's hoping your home isn't on that list. But hope isn't enough. No one can afford to leave fire prevention to chance.

The National Board of Fire Underwriters has printed a vivid little leaflet, entitled "Two Minutes Tick By—Another House Goes Up in Smoke," which should be read, kept and referred to by every homeowner.

Two-thirds of all our fire deaths occur in dwellings—and 30 per cent of these fatalities are children under ten.

Southern Economic Conditions Section 2—Soil

(This editorial, which is a committee report to President Roosevelt, is deserving more comment from our public than any we have published recently.)

Southeastern farms are the smallest in the Nation. The operating units average only 71 acres, and nearly one-fourth of them are smaller than 20 acres.

Forests are one of the best protections against erosion. Their foliage breaks the force of rain; their roots bind the soil so that it cannot wash away their fallen leaves form a blanket of vegetable cover which soaks up the water and checks run-off.

There is a close relationship between this erosion and floods, which recently have been causing a loss of \$100,000,000 annually.

These factors—each one reinforcing all the others—are causing an unparalleled wastage of the South's most valuable asset, its soil.

For example, it takes quantities of fertilizer to make worn-out, eroded land produce. The South with only one-fifth of the Nation's fertilizer bill.

Moreover, southern farmers cannot pile on fertilizer fast enough to put back the essential minerals which are washing out of their land.

The South is losing more than \$200,000,000 worth of fertile topsoil through erosion every year.

As a citizen of Morehead you should be instrumental in boosting the city, the college, business firms, establishments.

It is not a question of what media has been used to create the demand, whether it has been magazines, newspapers, billboards, radio, sampling, or what have you.

The height of absent-mindedness would be a Sudeten German continuing to beef under the new management.

A president must feel a great relief as he nears the end of his second term. There's so much less weight on his coat tail.

SUNDAY SCHOOL LESSON

Lesson For October 30 PERSONAL RIGHTS AND WHERE THEY LIVE

LESSON TEXT — Ecclesiastes 2:1-3, 10, 11; Romans 6:17-23; 14:21.

"GOLDENTEXT" "What shall we say then? Shall we continue in sin, that grace may abound?"

"Personal liberty"—that end less mission was made of that expression in the days when men seeking the right to again find their country with intoxicating liquors were attacking prohibition.

My liberty ends as someone has well said, where your's begins. I have the personal liberty to swing my arms as far as the tip of your nose, but there my liberty ends.

Our scripture portions for the week however, present a sharp contrast. Man without God, but with every earthly advantage, as pictured in Ecclesiastes in his fruitless search for real joy.

The Way of Emptiness and Disappointment (Eccles. 2:1-10, 11).

1. Physical pleasure does not satisfy (Eccles. 2:1-10). Men who have tasted the distress and disappointment of life are prone to think that if they only had all the money they wanted and an opportunity to partake of life's "thrills" they would be happy.

2. Pleasures of the mind do not satisfy (Eccles. 2:10, 11). Solomon sought real joy in labor, in accomplishing worthy ends.

3. Pleasures of the flesh can reap only corruption (Gal. 6:8). The hectic search for such satisfaction by men and women today reveals that they, like Solomon, cannot find it.

4. Pleasures of the eye do not satisfy the soul of man. The great poet Goethe, who set himself to enjoy the higher pleasures of life—art, science, and literature—came to his seventy-fifth year to testify as he had never had four weeks of genuine pleasure.

II. The Way of Victory, Peace, and True Joy (Romans 6:17-23; 14:21).

We will join with Paul and say "God be thanked" that there is a way that men may find a freedom from the sin and disappointments of their lives. It comes by:

- 1. Personal allegiance to God (Romans 6:17-23). Clear thinking on spiritual matters recognizes that the man who boasts of his personal liberty, his freedom from God's control over his life is in reality the slave of sin (vv. 17-19; Titus 2:9). On the other hand, the one who is a willing bond-slave of Jesus Christ

is free. The way of victory and peace is to yield to God, even as the way of defeat and disappointment is to yield to sin.

The first way leads to joy in this life and eternal fellowship with God. The other way results in ultimate ghastly disillusionment in this life and eternal spiritual death and separation from God.

2. Recognized responsibility for others (Romans 14:21). It should not take two minutes of intelligent consideration for any man to understand that "none of us liveth to himself" (Romans 14:7). Yet that is the obvious assumption under which men live, leaving behind them not only

their own lives that they have wrecked, but carrying, aimed in the stream of their personal influence, those whom they are acquainted with, friends and members of their family and friends.

CCC Boy Says Camp Life Is Interesting And Helpful

By HOWARD BROWN Senior Leader, Co. 578 Life in a CCC camp is different from civilian life in many ways. When the enrollee first comes to camp he doesn't like it for there are many rules that are hard for him to obey.

First, he is given a physical examination and then given his clothing, fingerprinted and the rules and regulations of the camp read to him. Each one gives his oath to obey the rules. All camps do not have the same rules. The western camps are some different but all are run in the army and forestry.

The army furnishes a boy with his clothes, a place to sleep, medical care, his food and pays him five dollars a month. The forestry gives him work and pays the twenty-five dollars which is sent to his parents each month.

There are some jobs in the camp that the boys have done before they came, such as truck driving and bookkeeping or typing. When a boy first arrives he is asked what kind of work he is best fitted for and if it can be arranged, he is placed on that job. Most start at thirty dollars a month. If he has enough education and makes good he has a chance to make more. Leaders draw forty-five dollars a month of which twenty dollars is given to them and twenty-five sent home. Assistant leaders rate thirty-six dollars a month of which eleven dollars is kept by the enrollee.

Ernest Hogge Rates Highest Standing In O.S.U. Examination Makes All A's and "A-Plus" To Make Outstanding Record

According to a notice from Ohio State University, Ernest Hogge, one time student and later instructor at Morehead College, has attained the highest standing in a preliminary examination for the doctorate degree.

A large number of young men took the test along with Hogge and about two-thirds failed to pass it. Of those who failed, approximately one-third failed it on the second time and became ineligible to proceed for the degree. Hogge made an "A" grade on every examination except one, and on that one he made "A-plus," making for himself an enviable record and one to make his friends and associates proud of him.

Billie Black's BLARNEY

Saturday at Richmond, the Eagles will meet the undefeated, undefeated Eastern Maroons in a traditional battle for the "Hawg Rifle." In four games this year Eastern has tallied 85 points on their opponents 6. The Eagles are not over-confident and the Maroons will get a taste of some real "scrapping." The Eagles have met Eastern on the gridiron for the past 13 years. The Maroons hold the edge in games won and 8 of the games ending up in their favor. One of the games was a tie. In the meanwhile, Eagles, remember 1925.

"The time has come." The Walrus said, "To talk of other things. Of the great backs, of pass attacks, And predict the gridiron kings."

Here they are:

Judge John P. HASWELL

Republican Nominee For

United States SENATOR

ROWAN CO. REPUBLICAN CAMPAIGN COMM.

PAID POL. ADV.

Attention All Voters!

The coming election on November 8 will find, for the first time in our history, the name of a Rowan County man on the ballot as candidate for the Congress of the United States. Clell Hayes, Republican nominee for Congressman of our district, was born and reared in Rowan County, the son of the late William Hayes, who is well remembered by older citizens of Rowan County. Clell received his early education in the old Morehead Normal School and worked for some time in his youth at the Kentucky Fire Brick Company at Haldeman. He is a veteran of the World War and is past District Commander of the American Legion in this Congressional District and resides at present at Greenup, Kentucky, and practices his profession as an architect there and at Ashland, Ky.

Clell Hayes is a straight-thinking man of great energy and unquestioned integrity and is well-equipped to give our district the highest type of representation in the United States Congress. His campaign for this office has been made upon the highest plane and he richly deserves the strongest support of all the people of this, his home county.

Mr. Hayes is opposed to the wild extravagance of the present administration and advocates the application of commonsense economic principles in the operation of our Federal Government. He is in sympathy with the cause of the laboring man, having been one of their ranks, and he champions the cause of the SMALL farmer and the SMALL business man.

Vote for Clell Hayes and send a Rowan County Man to the United States Congress.

EXTENSIONS OR SECOND PAYMENTS OFFER AN OPPORTUNITY TO EARN SOME BIG VOTE

TOTALS

LET THE FOLLOWING SCHEDULE BE YOUR GUIDE, MR. SUBSCRIBER!

WHAT IS AN EXTENSION?

An EXTENSION is another subscription for the same person, given in addition to the one they gave earlier in the campaign. For instance, if John Martin gave some worker a subscription for one or two years, and he then gives that worker, or even another worker another subscription, this is called an EXTENSION, and draws the difference in votes between the number allowed on the first subscription and what the whole thing is worth. Provided a subscriber gives two or more contestants an extension either one of which builds his subscription up to the total term of five years, each contestant receiving such an extension will draw an equal number of extension votes as permitted by the regular schedule.

For EXAMPLE: A new one-year subscription taken during the first period draws 4,000 votes inasmuch as a two-year subscription is worth 10,000 votes, the second year must pay 6,000. Two more years given on a one-year subscription draws 16,000 votes in order that the two subscriptions, making three years in all, will carry credit of 20,000 votes, the value of a three-year subscription.

Secure All the Extensions You Can—A Few of These May Turn the Tide in Your Favor!

How Extension Count On First Period Subscriptions On a 1 Year New Subscription

1 More Year	6,000 Votes
2 More Years	16,000 Votes

A Progressive School Program for Rowan County

We solicit your support in the election of November 8th, for members of the Rowan County Board of Education on the following platform:

- To incur no new indebtedness and to attempt to pay off as much as possible of the old indebtedness.
- To improve the rural school buildings in this County and to foster the continuance of the educational growth of the rural school child.
- To give to every child in Rowan County the opportunity to attain a high school education.
- We are against consolidation of any rural school in Rowan County unless petitioned by a majority of the patrons of that sub-district.
- To take advantage of the WPA Program in building other school buildings so far as our finances will permit.
- We are making this race on our past records which we invite and earnestly request you to investigate. We pledge a continuance of the progressive policies which we have advocated in the past.
- In endorsing the present school administration, we ask you as parents and as tax payers to compare the present school buildings, teachers and teaching conditions with those of only a few years ago. In attaining these high standards, taxes have not been raised and we have not only stayed out of debt, but have been able to pay approximately \$14,000.00 on debts incurred by previous administrations.

Our sole aim is the continued improvement of conditions for the school children in Rowan County and if elected we pledge ourselves to adhere to the above program.
