

Judge Cole In Earnest.

The Rowan Circuit Court commenced last Tuesday but there was little or no business transacted. A special to the Courier-Journal, says: "Judge Cole is thoroughly interested in his work and will leave no stone unturned to have every malefactor dealt with as the law prescribes. He is fearless and will discharge his duties at all hazards. A ludicrous incident occurred in the court room this morning after court had been called to order. The Judge stated that after the jury was instructed he would have every man in the house searched for weapons; thereupon there was a general stampede, and out of the concourse of people who crowded the court room only a corporal's guard remained. He has signified his intention to follow this course in the future, and the Sheriff will be placed at the door each morning to divest each man who enters of his arsenal."
