Date Span: 2008-2009

Size of Collection: 0.5 linear feet.

Number of Boxes: 1 letter size document case.

Type of Material: Reports and drawings.

Condition of Material: Good.

Arrangement: Organized by format of material; Chronological arrangement.

Historical Information: The Office of Construction & Engineering at Morehead State University began as part of the duties and responsibilities assigned to the superintendent of building and grounds in 1931. Presently the office provides technical support to all Facilities Management departments at the University. The office is involved with new facility design and continuous improvement of existing facilities. It also manages and maintains the mechanical and electrical infrastructure of the campus, as well as managing the University's utilities and improvements for conservation and efficiency.

Scope and Content: Collection consists of the 2009 submittal package and report on Phase "C" of the Alumni Tower Residence Hall renovation project as prepared by Murphy & Graves Architects of Lexington, Kentucky. Included with the package are drawings of Phase "A" of the renovation project from 2008.

Subject Headings / Descriptors:

Morehead State University. Construction & Engineering Office.

Morehead State University. Buildings.

Morehead State University. Alumni Tower.

Notes: The collection was transferred from the Office of Student Housing on July 10, 2020 and separated and organized as an individual collection on September 28, 2020.
