

1934
MOREHEAD STATE NORMAL

On Wednesday, September 24, occurred the first birthday of Morehead State Normal. The celebration was a most enjoyable occasion. A banquet was held in the dining room at Hodson Hall from six to nine o'clock. All the members of the faculty and all the students were invited. Among the other guests were Mr. and Mrs. S. M. Bradley, Superintendent and Mrs. Arthur James Clay, Mr. and Mrs. Powers, Mr. and Mrs. W. S. Irvin. Many of the speeches deserve special mention. All were good, and appropriate to the occasion. The orchestra, under Miss Shader's direction, furnished excellent music. The program was as follows:
Invocation — Mr. W. S. Irvin.
Welcome — Dean Adams, M. S. Wiley, Mr. Hoggan.
Welcome in Behalf of Public School — Superintendent Powers.
Welcome — W. S. Irvin.
Community — Miss Margaret Scott.
Response to Welcome, in Behalf of Faculty — Miss Cassity.
Response for Students — Starlin Richardson, Nelle Cassity.
Our Heritage — Miss Humphrey.
"Minute" Men and Women — Members of Faculty.
Speeches by Mr. Clay and Mr. Bradley.

The Outlook — Dean Lewis.
Goodnight.
Last Tuesday morning, Miss Betsy Ross gave a most interesting talk in the Chapel on the Kentucky Children's Home Society of Louisville. She said there were 750 needy children on the waiting list.
Mrs. F. C. Button is spending a few days in Berea and Berea College. While in Berea she will attend the daughter, Ida, some of the meetings of an important Y. M. C. Conference.

Among the new students in Lexington are Mary Marshall Day from Hillsboro, and Kathalene Cramer from Lexington.
Professor Chambers and family spent the week-end at the home of his brother in Lexington.
Miss Louise Frye, teacher of English in Berea College, was a guest and some classes Monday.
Students and Faculty were delighted to have Dr. Mann of the Methodist Church speak in Chapel Monday morning. The ministers of the town and all other friends of the school are welcome at all times.
Last Friday morning Brother Hale of the Baptist Church conducted devotional services at Chapel, and Miss Margaret Scott gave some delightful humorous readings.

Other Chapel programs during the week were an inspiring talk on personality by Miss Royalty; a devotional talk by Mr. Hoggan, and of "How I Found America" (Anzia Yezierska) by Miss Humphrey.
Miss Catherine Brawn spent most of last week doing field work. She visited and taught some classes in the Rockville school, taught by Miss Ollie Wells and Mayme Myers in two schools on Christie Creek, taught by Clara Bruce and Susan McBrayer, and in the Clearfield school taught by Ruth Cassity and Mabel Amburgey. Miss Braun reports that good work is being done in these schools. While on Christie Creek, Miss Braun was the guest of Miss Lulu Lewis from Thursday until Saturday.

On Saturday Misses King, Royal, Hard, Carpenter and Ruby Vansant went up to Paragon on a nature trip. Henderson Vansant and Archie McGuire accompanied them. Miss King is making a special study of the plants of Rowan county in connection with some university studies.
On Saturday afternoon most of the teachers and students of M. S. N. were among those who heard Judge Hurst speak in the Court House concerning the bond issue. At 6 o'clock the Judge was guest of honor at a special dinner in Hodson Hall. Later in the evening a reception was given in honor of Judge Hurst, to which all the school and town were invited. An informal program was greatly enjoyed by those who were present. Judge Hurst addressed a splendid group of teachers.

Although the boys who reported for practice are small and most of them have not even seen the game played, they seem to be eager to get into it. The coach is optimistic and determined to make a creditable showing with the boys despite the many handicaps.
Professor Jayne has recently attended a meeting of the Upper Kentucky River Teachers' Association at which 400 teachers were present. He was also in Letcher county where he addressed a splendid group of teachers.

Hogg, Mr. and Mrs. W. S. Irvin and Mrs. Mary Humphrey. President F. C. Button presided in his usual gracious manner. Miss Ora Adams, in behalf of the faculty, presented to President Button a fountain pen and pencil and to Mrs. Button the birthday cake with its one white candle. Most of the speeches centered round the kindly personality of our beloved President and his ability of our beloved

Hurst proved to be a very interesting and humorous speaker. Mrs. S. M. Bradley gave a real treat in her piano solos, and the orchestra was again generous in its musical contributions. Miss Scott read "Courtship Under Difficulties" and a brief humorous encore.
Letcher Kimbrell of Salt Lick, Bert Gilkerson and Delmer Flannery of Bluestone enrolled Monday morning in the Normal.
Tuesday morning the boys and girls met in separate Chapel exercises. The girls considered the subject, "First Things," with Mary Margaret Bishop as leader. The boys were under the leadership of the Faculty men. Starlin Richardson is president of the first thirty boys responded to the call for football practice by Coach Downing, Thursday afternoon at 4 o'clock. As there were only football uniforms on hand, part of the youngsters were issued baseball outfits until more football equipment can be procured.
Coach Downing found also that he had more boys out than he had room for dressing quarters, so he has arranged for the boys on the squad who live in the dormitory to dress in their rooms, and the boys who live or room in town to have the use of the shower room in Berea Hall.

THE CONCEPT

to all their associates in school and town, and even throughout a much wider field in State and Nation. Hodson Hall was beautifully decorated for the occasion and the dining room was made bright with flowers and with the happiness of the guests.
