

## Gas Users Install Many New Furnaces

### City To Show Profit As Increase In Number Of Users Continues To Grow

The Morehead Municipal Gas system is making numerous forward strides in gas consumption and in the number of users. During the past two weeks over a dozen new furnaces, heaters and stoves were connected up and are now swelling the income of the city by their consumption of gas. Among the business places which have installed wall furnaces are the A. B. McKinney Department Store and the Bowman County News.

The News, located in their new quarters on Bishop Avenue, installed a gas heating system of the wall furnace type, which is expected to heat the entire building and to regulate the temperature so that there will be little or no variation throughout the winter.

Numerous furnaces have been installed in residents about the city, and other furnaces already installed have been equipped with gas burners.

According to those who have charge of the installations, within a short time the city of Morehead will be receiving a real income from the sale of gas, under the contract they have with the Young Refining Company, by which the city purchases the gas at wholesale and retails it to the consumer.

## Sheriff Takes Prisoners Away

### Four Sentenced In October Term Of Court Are Taken To Reformatory School, Pen.

On Saturday of last week, three prisoners sentenced at the October term of the Rowan Circuit Court were taken to the penitentiary by Sheriff Mort May, while one was taken to the reformatory at Greendale, Ky.

The prisoners and the cause of sentence:

Orrville Brown, Greendale Reformatory, one year, for breaking into store house.

Eddie Yell, Penitentiary, one year for breaking into store house.

Louis Vivian, penitentiary, one year, for unlawful conversion of property.

Charles Hall, penitentiary, two years for breaking into Willy May Garage, and George Baldridge, restaurant.

## Eagles Win Track Meet Saturday 66-0

The Morehead College Eagles staged a field day, track meet and Marathon all in one last Saturday, when they met, overcame, defeated, crushed and snowed under the football team from Alfred Holbrook College at Manchester, Ohio. The final score was 66 to 0, the largest total ever rolled up by an Eagle team. The score might as well have been a hundred, as the Eagles, were apparently about as fresh when the game was over as when it began, sixty minutes earlier.

One play Stanley was the toast of the encounter. Stanley, held on the bench until late in the fourth quarter, finally got into the lineup. Holbrook kicked off, Stanley receiving the punt on his fifteen yard line. He raced, side-stepped, reversed, and out ran the entire Holbrook team to cross the goal line standing up. As the teams went into the lineup, Stanley was jerked after one play.

The Eagles demonstrated power plus, throughout the game. As we have previously remarked, the strength of the Morehead Eagles lies not in what is commonly called the first line, but in the re-

## Homecoming, Dance Tickets To Go On Sale Soon

College authorities in charge of sale of tickets for the Homecoming dance and banquet October 30, announce that tickets will go on sale today at Battison's Drug Store and The Eagles Nest.

Morehead citizens may buy them there or from students who are selling them on the campus. No tickets for the banquet will be sold after 4:00 p. m. Saturday week.

## Grand Jury Makes Report

### Final Report Turned Over To Judge On Friday After Long Session Of Inquiry

The Grand Jury made their final report for the October term of the Rowan circuit court, of Friday of last week, returning 25 indictments and making recommendations for future action and improvements. The report follows: Honorable D. B. Caudill, Circuit Judge.

Your Grand Jury for final report say:

We have been in session 7 days and reported in open court 25 indictments. When the evidence authorized it we have reported true bills.

We have had our attention called to a point on Highway 60, a short distance west of the city of Morehead where the Clearfield road intersects with No. 60. This is a most dangerous point on that highway and it seems that some should cause to be placed adequate signs either on the road side or overhead, that will protect the people using both highways. We urge that this be immediately done.

On the west side of the Court House we find the window in the tower in a very dangerous condition. It needs to be properly placed and fastened. We recommend that this be done. Aside from this, we have no further suggestions as to (Continued On Page Five)

## Ali Caskey Wins Out In Auto Wreck Suit

A case of local importance was settled in court on Saturday morning, when Alf Caskey was given a judgement of \$600.00 against Miss H. L. Chiam, for damages suffered in a automobile wreck. The wreck occurred four miles east of Morehead on Route 66, early last spring.

## Robert Barricks Commits Suicide

### Christy Creek Man Takes Life At Home; No Cause For Act Discovers

Robert Barricks, of near Vale, Ky., committed suicide, according to a verdict of a coroners jury last night, at his home. No motive for the suicide was given, as Barricks had returned home a short time earlier, apparently in good spirits. According to his stepson, he had come in, commented on the fact that they had put up a heating stove, refused an invitation to eat and went off to the bedroom. Almost immediately they said they heard a shot and found Barricks seated on the side of the bed, with the top of his head blown off. He had evidently seated himself on the edge of the bed, placed the muzzle of the shotgun between his eyes and pulled the trigger.

His wife was visiting her father in West Virginia at the time and Barrick was supposed to go after her, the next day to bring her home.

Mr. Barricks is survived by his wife, who was formally Alice Crum, by his parents and by nine sisters and two brothers.

## Marshall Hurst Is Injured At Work In Covington

A message received by J. A. Allen and family the latter part of last week, stated that Mr. Marshall Hurst, suffered a severe injury to his hand, in one of the machines in the manual training department of the Covington High School. The message stated that the hand had been badly cut and mutilated and that there was a possibility that it would be necessary to amputate the member. Later reports indicate that they will be able to save his hand.

Mr. Hurst is the son of Mr. and Mrs. Allen.

## Line Transposed In Ad Is Corrected

### Error In Ad Of Board Of Education Causes Considerable Comment: Sorry

In the advertisement of A. J. Williams, V. D. Flood and J. W. Corlette, appearing in the News of last week, there was a transposition of lines that somewhat confused. In order to correct a wrong impression that may have been created by the error on our part, we are running the ad again with the correction made. It should have read "If elected, we will welcome any progressive suggestions, even from the poorest and humblest citizen, but we will not be coerced or dictated to by any politician or any group. We pledge our support to Thelma Allen as County Superintendent." The ad will be found on page Two of this issue.

## Cobb Announces He Is Taking Applications

### Farmers May Now Make Application For Loans For Next Years Crops

Applications are now being received by the Farm Security Administration for rural rehabilitation loans for the next crop year. Clarence W. Cobb, County Supervisor in charge of the Rural Rehabilitation supervised loan program of the Rowan Circuit, Administration (See) announced early this week that he is offering Morehead.

Mr. Cobb stated that a considerable part of the work of his office consists in assisting Rehabilitation Farmers to make out practical Farm and Home Management Plans and in advising them in their farming and home operations. "In order that maximum attention may be given to that important phase of the work next spring we are doing what we can to spend the lending activity over a longer period. Farmers thought to be qualified for these loans should therefore be advised to make their applications early this fall," the supervisor said.

These loans are limited this (Continued On Page Four)

## Earl Sparkman Dies In Wreck Of Automobile

### Injured When Automobile Overturns On Christy Creek Road, Dies In Ashland

Funeral services were held for Earl Sparkman on Tuesday afternoon of this week. Mr. Sparkman was the driver of an automobile accident on the Christy Creek road about four miles from Morehead, on Saturday morning. The accident occurred just in front of the home of Robert Fraley who heard the crash of the car as it struck the fence and turned turtle, pinning Mr. Sparkman underneath. He was taken to the home of his father-in-law, Sanford Bowling and later taken to the Kings Daughters Hospital in Ashland, where he died Sunday morning.

Mr. Sparkman was an employee of the Kentucky Fire Brick Company of Halesite. He was regarded as one of the best and most experienced workmen in their employ, and the plant authorities, out of respect for him closed the plant for the day, Tuesday, in order that the friends and fellow employees of Mr. Sparkman might attend the funeral services.

Mr. Sparkman was born in Rowan county. He was the son of Mr. (Continued On Page Five)

## Hog Rifle Is At Stake

### Eastern Game And Homecoming To Be Featured By Battle To Retain Emblem

"To old Hog Rifle" is again to be the chief bone of contention when the Eagles of the Morehead State Teachers College meet their traditional rivals, the Eastern State Teachers College, on October 30. Last year the Eagles won the title for this coveted trophy, when they romped all over the Easterners to the tune of 19 to 7.

This year Eastern will come to Morehead with blood in her eyes. It will be one of the bitterest battles fought in the State this season. Ellis Johnson and Len Miller came from behind last year, by losing only one game during the season. They took the football fans for a big surprise. They are likely to beat even last year's record. The Morehead-Eastern contest this year is to be the Homecoming Game at Morehead. Miss Exer Robinson, Assistant Dean of Women, and Chairman of the State Teachers College, announces that over 1,500 special invitations have been mailed to the Alumni and former students. The Committee is making extensive plans to entertain the huge crowd expected to enter the stadium on Friday afternoon.

## Eaglets Beaten 19-0 By Centre Fresh

### Hatfield And Trooper Are Outstanding

Morehead State Teachers College Eaglets went down to humiliating 19 to 0 defeat before a better organized, harder-charging Centre College fresh Friday afternoon.

Centre scored twice the first half but both attempts at conversion were turned back. The Kernals came back in the third quarter to rally again and this time a drop kick split the crossbar to end the scoring for the afternoon.

Trooper-Hatfield Shine.

The two bright spots in the Eaglets somewhat forlorn lineup were Trooper and Hatfield, the former turned in a bang up game at guard setting up about half the tackles on the line, and was the hardest charging forward on the field. Hatfield turned in a fine offensive game, considering the blocking, and his defense work was outstanding. Time after time this 150 lb. half back dropped Centre's ball carrier at the line of scrimmage or hauled them down from behind after gains.

## Mrs. Lizzie Markwell Dies At Clearfield

### Was Sixty Two Years Of Age At Time Of Death And Had Celebrated 50th Anniversary

Mrs. Lizzie Crager Markwell died at her home on Monday, October 18, at the age of 62 years, 8 months and 28 days. Burial was made on Tuesday of this week at her home in Clearfield, Kentucky. Funeral services were conducted at the home and burial was made in the Clearfield Cemetery.

Mrs. Markwell was born on January 29, 1875 in Rowan county, Ky. where she has spent part of her life. She was united in marriage to John Markwell in 1894.

To this union were born four (Continued On Page Five)

## Special Judge Settles Two Paving Cases

### Mrs. Lyda Messer Caudill, And Mrs. C. W. Bruce Suits Are Heard

Morehead citizens are more than passively interested in the results of the two paving cases that were heard on Thursday and Friday of last week before Special Judge J. B. Hanna of Ashland. They were the cases of Mrs. Lyda Messer Caudill and Mrs. C. W. Bruce, both of whom had brought suit against the city of Morehead for the valuation of their property against which the Keniffes Construction Company of Newport, Ky. had brought suit to recover the cost of paving. The cases were of particular interest to numerous citizens, as many of them have similar cases pending in court, and on the outcome of these cases will hinge the action of several more cases.

The Keniffes Construction Company paved the streets of Morehead under the contract and Morehead is certainly is one of the best paved and most complete of any town of its size in the state of Kentucky. However, at that time, city councilmen and citizens alike forgot that there must be a day of reckoning and that in the final analysis the property owners must pay the piper or the contractor.

Many citizens suddenly awoke to the realization that their property was paved on two and sometimes three sides, and that the cost of the paving far exceeded their ideas of the value of the property. They immediately set about finding some way to retrieve their property, which under the terms they believed would be confiscated. About two years ago, under the leadership of Judge W. Willis (Continued On Page Four)

## ELECT OLD BLOOD WITH NEW IDEAS!

With the idea in mind that the Schools of Rowan County are the closest to the hearts and minds of every citizen of the county; We, who are candidates for membership on the Rowan County Board of Education briefly outline the program and platform on which we are making this race.

1. We pledge ourselves to work unceasingly for the welfare of the schools of Rowan county, to build up the system, to improve the standing, to educate the children of Rowan county so that this county will be second to none in the state in educational matters.
2. Finances. We believe that with the state paying a per capita tax of \$12, where at one time it was only \$7, the teachers of the county are underpaid and should be drawing much larger salaries than they are at present receiving. It is our aim to so administer the finances of the county board as to save all needless expense, and to devote that saving to the increase of teachers salaries, so that Rowan county may obtain and pay for the services of the best teachers and build the best schools possible, without increasing their debt.
3. We will, if elected do our utmost to raise the standards of the high schools of the county, with the ultimate aim in view of establishing four year high schools at the earliest moment that the enrollment in the various schools justifies such a step.
4. A movement was started about three years ago to consolidate the schools of Rowan county. We oppose any such movement, believing that the roads and conditions in the county do not justify such a step, and that consolidation would prevent hundreds of rural school children from attending any school.
5. We pledge ourselves to oppose the building up of a FAMILY rule. By that we mean that we will make it our business to see that the jobs and positions in the schools will not be centered in a few large families but that they will be divided so that every citizen who is capable will be given an opportunity.
6. If elected, we will welcome any progressive suggestions, even from the poorest and humblest citizen, but we will not be coerced or dictated to by any Politician or by any clique.

We pledge our support to MISS THELMA ALLEN as COUNTY SUPERINTENDENT

### Cozy To Feature Slave Ship

Warner Baxter, who goes in for statistics, has worked it out that the film used in "shooting" the average picture returns an average of \$150 in silver to the producer. This the co-star of Twentieth Century-Fox's "Slave Ship," opening at the Cozy Theatre Friday and Saturday, attributes to the fact that all photographic film is covered with a fine film of silver.

"During the process of development, reports Baxter, who appears

with Wallace Berry in the sea drama, "this silver, or a part of it, is dissolved in the developing fluid and later on it is recovered and sold to the government at prevailing prices. The silver recovered on the average picture is worth about \$150 and this may go as high as \$400 or \$500 for films that have extensive locations and big budgets."

The recovery of silver from motion picture film is a welcome gift to an industry that has subsisting by few by-products. The silver in developing solutions, Baxter notes, is recovered by passing the silver-laden liquid through an electrified tank. By this means the silver

concentrates on one of the electrified poles, from which it is scraped later on. This encrustation is then purified and poured into molds for shipment to government mints.

### Breck News

By Mary Adkins

An election to elect president and vice-president of the Student Council will be held Friday morning.

The junior class is selling apples to make money for their home room.

The Minstrel Club had an election Tuesday night. Those elected were: J. G. Black, president; Marion Louise Oppenheimer, vice-president; Josephine Francis, secretary-treasurer; Clinton Tatum, sergeant-at-arms. Tryouts were held for the end men and intercourer, and November 10 was the date set for the Minstrel show.

The first meeting of the chapel committee was held Monday morning and Billy Black was named chairman. A program was planned for the next six weeks.

For the sophomore home room programs, music was furnished by members of the class on hand instruments. Mr. Young held his music contest last week, and this week they are planning on a home room program, consisting of biographies given orally by members of the class.

A "pot-luck" basket is being passed around among the sophomores to raise money for the athletic fund.

The fifth grade is studying a unit on glass. Miss Etta Paulson took them to the Science Building to see Dr. J. G. Black perform experiments with glass. They also visited Miss Braun, who told them about sandstone in Rowan county.

the big Maroons for the second successive year. Mr. Holliday is issuing a special Alumni Bulletin informing the Alumni members of the many events awaiting them when they meet at the Homecoming on the 30 of this month.

Dr. R. D. Judd and Mr. W. B. Jackson are making special preparations for the game, including the Stadium, and seating capacity. Mr. Hagan and Miss Milton, the Registrar, are in charge of advance sales of tickets for the game, dinner, and dance. The college has made arrangements with Mr. E. K. Senn to have his King's Jesters furnish music for the big dance that night.

The old graduates will feel more at home this year than perhaps at any time in the past. Miss Margaret Barber, president of the Student Council, announces that every effort is being put forth to have "A big time in the old town" on Homecoming night. Cordiality and smiles will be in evidence everywhere on the campus. Miss Miller, president of the Nivatori Club, states that her organization is decorating the Gymnasium in the dance, in a way that will out rival all past decorations. The dance is to follow the dinner.

It has been whispered around that President H. A. Babb and President H. L. Donovan, last year, held ye ole hawg rifle dance, in a way that with their hands clasped around the old trophy like two school boys hanging on to a bag of marbles. When the game was over President Babb was so happy that many of the students thought he was demonstrating a new song and dance. But the old rifle rests on the Morehead campus, and the grand will be strewn a fashion deep with Eagle feathers torn loose in bitter combat, before this conveted trophy ever graces its mythical resting place at Eastern.

### Farm Loans

(Continued From Page One) Let it be said that there were few backfield men on the Eagle squad who failed to score one or more of the ten touchdowns recorded. Even Buck Horton, center, broke into the scoring column by kicking for the point after a touchdown on one occasion. Even with the excellent showing made, Morehead could not be said to "have disposed" their full strength, as Bajunas, and Adams, two regular guards, and Triplett were all on the bench with injuries.

Naturally from the viewpoint of the spectators, the game Saturday could not be any stretch of the imagination be called interesting, other than that it demonstrated the power and strength of the Eagles available or obtainable, of sufficient fertility to promise a satisfactory return on human labor intelligently applied, and there must be

a reasonable probability that a successful farm and home management plan can be worked out for the farm. In working out these plans special emphasis is placed on the production of sufficient food and feed crops for all the people and livestock located on the farm, thereby eliminating the necessity for producing larger amounts of cash crops, the return from which would have to be used for the purchase of feed and foodstuff that should be produced on the farm. Thus cash crops are limited to an amount necessary to pay off the loan and meet the cash needs of the family.

"The time given for repayment of these loans is an important factor in getting distressed families back into their feet," Mr. Cobb said. "Many things which the farmer has to buy, such as livestock, farm equipment, lime and other soil improvements, items that will not return the first year and the longer credit period makes it unnecessary for the farmer to sacrifice needed food and seed crops to repay his loan as would be the case if loan of this nature for but one year. Where the borrower is of tenant the term and provisions of his lease are, of course, important factors, particularly as regards loans for soil improvement items."

Mr. Cobb is assisted in his work by Miss Thelma Mae Wheeler, Rural Rehabilitation Home Supervisor. Mr. Earl Mayhew, of Lexington, Kentucky, is State Director in Charge of this phase of the Farm Security work. Note: Office days are "Rowan County, Rural Rehabilitation Office located in the Basement of the Court House, Morehead, Kentucky, Wednesday 9:00 A. M. to 12:00 A. M. of each week. Carter County, Rural Rehabilitation Office located in the old E. K. Station in Grayson, Kentucky, Thursday 9:00 A. M. to 11:30 A. M. of each week. Elliott County, Rural Rehabilitation Office located in Court House 9:00 A. M. to 11:00 A. M. of each week.

The above office days subject to change by County RR Supervisor.

### Eagles Win Track Meet

(Continued From Page One) the bounds of allotted funds to financially distressed farm families. The property on rented land—who are from other sources to make a crop to purchase needed livestock and equipment.

"Eligibles must be willing and able to work and show ability to profit from instruction and guidance. There must be land, already for the coming engagements. Holbrook it will be remembered defeated Union College 6-0 in the opening game between those two teams. Later, Holbrook suffered defeat at the hands of Georgetown, whom the Eagles later defeated 19-

by a score of 12-0. Morehead does not meet Union this year, through some quirk of the schedule, so there will be no trial between these two former enemies.

The Eagles, after the breather of last Saturday, tackle Transylvania coached by Monk Simmons, former star of Tulane University. Transy has been having hard luck this year, but Simmons has developed a tricky team that is liable to stage several upsets before the season is over. The Eagles, while side apparently have the bulge of Transy in the pre-game dope, are not leaving anything to chance. They have been stronger teams upset, by that bug Over-confidence, and they are not going into this game or the next, suffering by that balm of all coaches existence. Transy upset Louisville to win after the Louisville had the game apparently sewed up. They staged a rally that had Eastern on their heels in the last minutes of that game. And they are being pointed for Morehead, as the only undefeated team in Kentucky at present. The game should be a good one and may call for all the strength the Eagles have regardless of all the advance information that looks so good on paper. The game will be played here Saturday afternoon at 2:00 o'clock.

### Paving

(Continued From Page One) Maude Peters, ruled against the property owners, and the case was appealed. Judge Hanna's verdict was sustained.

Later this spring, Mrs. Caudill decided that she wanted her case settled and employed Common Attorney, W. C. Hamilton to bring suit to establish the value of her property. The Kentucky law states that no property may be assessed in excess of half of its value. Under that set-up if the value of any lot is set at say \$500, no tax collection in excess of \$250 can be collected. But there is a joker in that law, as has been established by the Court. The game will be played on three sides, each side is regarded as a separate contract and in that case three times half the value of the lot may be collected. That may seem rather a strange situation to the average citizens, but law is peculiar at times.

In the case of Mrs. Caudill the value of the property was established as \$700.00. The property was paved on three sides and under

the construction put on the law by the Court of Appeals, the contract was awarded a judgement for \$1600. The total amount of the paving was \$2000.34, plus interest from 1928. Mrs. Caudill was given 30 days in which to settle the judgement, after which date interest at the rate of 6 per cent will be added.

Mrs. Bruce's property on Bishop avenue was valued at \$700-and on that side of her lot she will be required to pay half its value or \$350. On the Railroad street side of her property valued at \$700, the remaining paving amounts to \$245.00, which was held as valid, since it is less than half the value of the lot. Terms were fixed the same as for Mrs. Caudill. The City took a default judgement against Murvel Klegley Rice for delinquent paving charges in a lot on Bays Avenue, directing the Master Commissioner to advertise and sell the lot. They also took default judgement on the lots belonging to W. T. Johnson, in the same instances.

A special term of the Rowan Circuit Court has been called for the fourth Monday in November. At that time all default judgements will be taken against all property owners who have been used on paving assessments and who are not defending these actions, with jury trials as to the value of the property.

# With The Schools Of Rowan County

Written Each Week By  
**MABEL ALFREY**  
County Attendance Officer

I think it was with pride that the citizens of the county looked upon the parade during the Fair. The children and teachers and also the parents showed much courage in being out on that day. The three schools who had perfect attendance in the parade are to be congratulated because of their effort made to be present. Many schools had all the children in the census in the parade except one, two or three. It was noticed however, that the schools whose attendance has been holding up good had better attendance at the Fair and in the parade. Now that the Fair is over let's try to have better attendance in the school. It is just as interesting now as while working on exhibits. Just a little more sacrificing on the part of the parents and determination on the part of teacher and children will keep the attendance for the month higher than at this time last year.

Below is listed the school and the number from each school in the parade:

### Eagles Rated Among The Fifty Two Teams In Nation To Maintain No Defeats

According to an Associated Press story, Morehead's Eagles are ranked high in the favored class among the nation's football slate, being one of the 52 college football teams that remain unbeaten and untied at this stage of the football season. Morehead with four games under their belts, have been neither beaten, tied or scored upon this season. In this table the teams are rated by the number of games played, won and tied and by the total scores amassed during the season. Judged by this rating, Morehead is the thirteenth best team in the United States, which is a somewhat rating for the erstwhile lowly Eagles.

Actually this rating, if there were anything to it, would place the Eagles above, Pittsburgh, Minnesota and Nebraska, as Minnesota has lost, and Pitt and Nebraska have both been tied.

There are actually people who would like to see the Eagles meet the Pittsburghers or Minnesota, just as the fans following the Eagles who swear they can take the University of Kentucky Wild cats into camp whenever they meet. At any rate, it brings Morehead a certain modicum of fame, to be rated, even in such an unreliable table as one of the first 52 teams of the nation.

### C. C. C. Trip To Be Made

Members of the Winchester Lions Club will visit the Cumberland National Forest on Sunday. The tour will be conducted by members of the Forest Supervisor's Staff and the Red River District Ranger.

The group will leave Winchester at 9:30 A. M. and drive east to the CCC Veterans Camp F-9 near Stanton. An inspection of the camp will be made and dinner served. Leaving the CCC camp, the group will proceed to the Pine Ridge Fire Tower, Sky Bridge, Lions Club Boys' Camp site and through Red River Gorge to Frenchburg. From Frenchburg the tour will continue through Mt. Sterling and thence to Winchester late Sunday afternoon.

It is expected that about 12 members of the Club will make the trip and will see a portion of Eastern Kentucky during the height of the Autumn coloration.

### Science Seniors Have Seminar

#### Original Research Carried On By Group

The science department has organized a senior seminar, composed of seniors and staff members in biology and chemistry. Recent scientific developments are reviewed and discussed. Original research, carried on by faculty members, will also be reported on from time to time. Opportunities will be offered for students to become familiar with biological and chemical literature.

Refreshments are served at each meeting combining social and intellectual activities. Next Wednesday Professor John L. Sullivan will discuss "Accessory Growth Factors in Micro-Organisms", the problem on which he is working for his doctorate.

### Winters, M. S. T. C. Grad Leaves To Study In Scotland

Mr. William Winters, a graduate of M. S. T. C., and his wife have gone to Scotland, where he will continue his studies.

Mr. Winters has been a pastor in Grayson, Kentucky for the past three years, during which time he was taking theological training at the Southern Theological Seminary in Louisville, where he graduated last June. Last August, he was ordained pastor of the Presbyterian Church in Grayson, Kentucky. The couple will remain in Scotland for one year.

### Three Classes Elect Leaders For Year

#### W. v. a. t. Horton, Ashcraft Named Class Presidents

The fourth week of school ushered in the class elections, the seniors being the first to call a meeting Tuesday, October 12. They elected Tim Wyant, president; Jarrel Vinson, vice-president; and Leora Hogge, secretary-treasurer.

Tuesday night, the freshmen met and selected Dean C. E. Nickell for their sponsor. Student officers elected were: Miller Ashcraft, vice-president; Pauline Nippert, vice-president; Jesse Ward, secretary-treasurer; John Hancock, sergeant-at-arms; and cheerleaders, Lorraine Ratcliff and Lisle Nickell.

The junior class called a meeting Wednesday, October 13, and officers were elected by close margins, the following winning by a narrow majority: Buck Horton, president; Ralph Houston, Vice-president; and Christine Thaw, secretary-treasurer. The newly-elected president appointed a social committee, naming Alton Payne, Ruth Lensing and Cordell Mosley. An unanimous vote elected W. C. Wineland as sponsor of the group. The sophomores have not yet selected officers.

Long since, the last atom of doubt had been wiped from Dakota's mind regarding just how and where Jigger Starbuck stood in relation to the decent interests of the country. Too much damning evidence had been uncovered in the past week or two for him to be mistaken.

The remains of the posse were beginning to break and give back, despite Starbuck's infuriated orders and cursing wrath. They had come with him in the first place, believing that there would be little resistance to their plans. But here, deadly lead was lashing them from several angles at once. They were being out-fought by men they could hardly locate, men who held the advantage of concealment and protection.

Even Starbuck himself began to realize the futility of things. He also began to retreat, slowly, throwing lead steadily at those mocking, fiery flashes, Dakota, singling him out, closed in. At ten paces, he shouted, "Starbuck, yuh crooked, rat, this way. It's Blue who's callin' yuh."

Starbuck twisted in his saddle, snarling, and flung two lightning shots. One drew a crimson brand across the side of Dakota's neck. The other socked heavily into one of the bucking horns of Dakota's saddle.

Dakota let loose one careful shot. Starbuck gasped, his snarling cur-

ses cut short abruptly. His guns rattled to the dusty earth. He loaded both hands about the horn of his saddle, his shoulders hunched, his bitter face draining white.

He drove home the spurs, trying to ride past Dakota. But the first frenzied leap of his mount sent him swaying. Quite suddenly, he slithered head foremost from his saddle.

Instantly Dakota also swung to the ground, leaping apart from his bronco, crouching low. He knew that a hail of lead would be searching for him. In that he was right. The animal he had just left collapsed in its tracks, shot through the head, Dakota went flat on the ground, alert and waiting.

Lead whispered over and around him, one slug kicking his eyes full of dust. Still he held his fire, gambling that without Starbuck to lead them the remaining members of the posse would break and run for it. In this he was also right. Realizing that their leader was down, the posse gave back faster and faster, then finally turned and thundered away into the night. For a time Steve Owens and Charley Quinn warmed them on their way with the Winchester. But presently Slim's voice, calling out, stopped all shooting.

Slim came through the darkness warily, "Dakota, yuh all right?" he called.

"Sittin' pretty, Slim," was the laconic answer. "They've all sloped

Bring the boys out, I've got Starbuck."

Slim exclaimed in surprise, "Leo Brockwell's back in the corral, he yowled as he came up. The dale stopped a slug somewhere, but it can't be very bad; he's still cussin'. He raised his voice to a shout. "Hi, gang, come on over. They've pulled out."

Tisdale was the first to reach them. "Got a furrow from my wrist plumb to my elbow, he exclaimed with profane punctuations. She's bleedin' some, but I've got my neckerchief wound around it. It'll keep for a time."

Steve, Charley and Oscar reported, unhurt, except Oscar had had one boot heel shot off. He walked with a quick hitchy-hop that caused Steve to chuckle. "Ole step-an'-half Oscar."

'As Dakota scratched a match and bent over Starbuck, he was surprised to see that Starbuck's eyes were open. The sheriff groaned. "Listen close, he whispered. 'I'm done for an' I know it. Don't hold it agin yuh. Blue, y're a pretty good man."

"Time was when I was a square shooter myself. But the glitchy of money an' a lot of slick talk made a sucker out of me. However, I am to get some of the dirt off my chiveled soul. I ain't got long, but I'll do my best."

Loyale, yuh were railroaded on prejured evidence. Arthur George Arthur, he's got all the dope. Get hold to him an' make him talk. He is a coward, an' he'll come clean. An' yuh better skin out to town. Sarg Brockwell an' some more of his crowd are aimin' to rob the keep yuh from loanin money to the Hall girl."

"Arthur an' Brockwell been runnin' this thing. Schemed to make a cleanup on them Big Bend herds. But they made a mess of things, an' got me into it. Leo Brockwell's the man who's been holdin up the Vasco stage." His voice turned drowsy and plaintive. "I'm cold-cold as hell. Get me a blanket, some body."

## Attempt Made To Aid Freshmen

Education Dept., Dean Speaks On Subject

An effort is being made this year to help the freshmen acquire certain aids in study and classroom presence, with the hope that this will eliminate avoidable failures and low marks.

Dr. R. D. Judd inaugurated this movement with a talk, "Improving Reading Habits," September 28, October 5, Dr. Frank B. Miller spoke on "Note-Taking and Outlining," and Tuesday, October 12, Dean W. H. Vaughan spoke to them, choosing for his subject, "Preparing for Examinations." The 1937 enrollees average slightly higher than normal on the English tests, and seem to be an exceptional group of Freshmen.

# LET'S GET AT THE TRUTH

The purpose of this statement is to give you, as voters and citizens, the true facts regarding the most important question before the voters of Rowan County.

The present Board and Supt. Cornette have kept faith with the Tax-Payers, school children, and teachers of Rowan County.

## HERE ARE A FEW OF THE LAUDABLE AND INDISPUTABLE ACCOMPLISHMENTS OF SUPT. CORNETTE'S ADMINISTRATION

1. The records since Supt. Cornette took office in July, 1934, are in perfect condition and have always met full approval of auditors from the State Department of Education.
2. No new indebtedness has been incurred during the administration of Roy Cornette, and more than \$9500.00 has been paid by him on old debts incurred prior to his administration.
3. Three modern school buildings are now being constructed by the Board in conjunction with the W. P. A., and four new rural school buildings have been constructed and paid for by the present administration without any new taxes or debts. This building program was made possible through persistent effort and strict economy on the part of the present Board and Supt. Cornette.
4. THE STATE LAW provides that NO SCHOOL shall operate with less than 50 pupils in the school census. Through the SPECIAL EFFORTS of Supt. Cornette and the present Board SPECIAL PER-

MITS have been obtained during the past three years to operate 20 RURAL SCHOOLS having less than 50 census pupils, in order that NO RURAL SCHOOL BE CLOSED OR CONSOLIDATED. This should be sufficient evidence to show that the present Board and Supt. Cornette do not and have never wished to close or move any rural school.

5. EVERY PENNY that has been spent by the present administration has gone for the improvement of educational opportunities as provided by the Rowan Fiscal Court and the State Department of Education; and EVERY PENNY of this expenditure CAN BE EASILY ACCOUNTED FOR by looking at the records of the County Superintendent. ALL INTERESTED PERSONS ARE URGED TO INSPECT ANY AND ALL RECORDS, IN THE OFFICE OF THE BOARD OF EDUCATION, pertaining to these matters.

Vote to keep the man who has given you better schools, better buildings, and a sound Financial Administration with records to be proud of; who has raised teachers' salaries \$30.00 in the past three years, and who has incurred no debts nor asked for new

taxes. You can do this by supporting
