In the fall of 1977, the Student Government Association was allotted a budget to hire and schedule campus activities, events, and concerts with the approval of the Associate Dean of Students. The Program Council was reorganized as the Student Activities Council (SAC) in the spring of 1989 to organize committees to “provide entertainment and recreation for the campus community” and became associated with the Office of Student Activities and Organizations and later the Office of Student Activities, Inclusion and Leadership. Since 2007, the SAC expanded its mission to include “providing an opportunity for growth and personal development of students through both planning of and participation in social, cultural and educational events” on campus.
