Volume VI. MOREHEAD, KENTUCKY, THURSDAY, SEPTEMBER 7, 1939. Number 36

## The StanByer

Stanley K Iverson

I WAS CARRYING A TWO-month-old baby down the street in my arms the other morning and passed an elderly man. After I had passed he turned to a friend and said, "The war is the cause of that."

ONE-HALF BLOCK ON RAILROAD street can now credit itself with three murders in a little more than a year. That's going to be a better record than Brestlin's pretty soon.

I DON'T HAVE FLAT FEET, MY eyes are all right, I have had military training, I am between the ages of 21 and 31, I have no dependents. I'm not a minister of the gospel. It looks like it's going to be Tramp, Tramp, the Boys Are Marching. I wonder if they've learned any new stunts in cooking?

THE ANSWER TO THE HUNTING problem in last week's column about Kelly bringing home all but 2 squirrels, all but 2 quail and all but two rabbits was (3).

MODERN WOMEN (ESPECIALLY Morehead Women) have just about perfected the Art of How to Drink a Coke.

Take one Morehead female, or several, all well groomed, etc., and set her in a local cafe. She orders a coke, but only after long and earnest deliberation. She'll be plain, vanilla, cherry or lemon? Let us say it is a lemon.

Talking animatedly with friends across the table or across the room, she stirs the concoction thoroughly until well-stirred. The conversation lapses and she sips a dainty mouthful. This goes on for several hours until only the ice remains. Then she consumes half an hour eating the ice, either tipping up the glass with one little finger aloft or using her straws and spoons to eat a snack.

But she still has the lemon! She sips it only a spoon. Fortunately she does not plan to practically indestructible she next picks on the straws (she's perhaps finished with all her friends who aren't sitting at the table). As the conversation grows louder, she tears them into bits, (I mean the straws). Otherwise she designs bracelets, French rolls, fol-de-rois, etc., until the observers' nerves are ached.

The ice is now all melted. She drinks the cooling draught and suddenly remembers with the last drop that she must get home and prepare supper. And so she flies home.

## Crackerbarrel Comments

By Woody Hixson

I feel like the country boy when he hit his first jack pot. He remarked, "Gee whizz! How long has this been going on?"

I never knew that politics could be so much fun. I would like to see a lag passed that would make each and every citizen a candidate at some time or another.

I have never known that we have so many good neighbors in our surrounding counties. It seems like that every place I go and every person I meet have been life long friends. I am truly having a wonderful time and I really do appreciate the courtesy that my neighbors and friends are showing me. After the elections and when I am senator, I am going to take the wife and Tommy around and visit all the good folks that have asked me to eat with them.

It's wonderful to live in a country where you can visit with people and discuss any subject. I wouldn't give one acre of Kentucky for the half an acre of any foreign country and be made to live on it.

I have never known, after traveling in every state east of the Mississippi and several western states, any place like Kentucky. This is my birth place; this is where I was raised; this is where I want to raise my family, and have them live here and devote their lives to Kentucky; this is where I want to die. No state or no people could be so dear to me. I am for Kentucky first.

(Continued on page 3)

## 24 Huskies Respond To Call Of Gridiron Whistle

Twenty-four football huskies reported for fall practice yesterday morning as Head Coach Ellis Johnson issued the call for varsity material at Morehead State Teachers College.

Johnson says that he anticipates having no "star" performers this season but expects to have a well-oiled machine.

The here-to-fore high flying Eagles will begin the season under a handicap. Five seasoned veterans of last year's aggregation suffered injuries during the summer months, and which may prevent the Morehead mentors from building a strong backfield.

"Jug" Varney, high scoring ace of last year's team, is suffering from an injured knee sustained while working the summer "Trebay" Bose, 406 pound tackle from Welch, W. Va., and Glendon Stanley, fleet-footed backfield star from Ashland, are nursing injured feet. Joe Lustric, Gary, W. Va., and stellar performer on last season's frosh eleven, is recovering from a recent operation. Harry Hatfield, Newport, Ky., back may be on the bench most of the season with a "brick" knee.

The Eagle forward wall will average over 180 pounds and the backfield 175.

Eleven lettermen from last season's team are back.

Candidates for the team this year are as follows:

Frank Robertson, 180, senior, end, Gary, W. Va. Co-captain.

James Tallent, 165, senior, end, Williamsburg, Ky.

Duerson Barnes, 165, sophomore, end, Mt. Sterling, Ky.

(Continued on Page Two)

## Home Destroyed By Fire Saturday Morn

Loss Is Partially Covered By Insurance; Origin Is Unknown

A house belonging to Mrs. Burns Johnson, valued at \$4,500 was totally destroyed by fire early last Saturday morning at 2 o'clock.

The Morehead Fire department quickly responded to the call but the flames had gained such headway that they were unable to save the structure.

Although the cause of the fire is not definitely known, Fire Chief L. Fanning, said that it was probably caused by defective wiring. The loss was partially covered by a \$2,500 insurance policy. Household furnishings belonging to L. K. Rice were consumed in the fire.

## Flood Announces County Campaign Committees Today

Charles Holbrook Is Named County Vice Chairman By "Mike"

V. D. Flood, who was recently reappointed Rowan County, Department of the State, Director of the county committee members. He named Charles D. Holbrook as county vice-chairman.

## Last Rites Held For Judge F. M. Blair At Ashland Sunday

Seventy Year Old Ashland Jurist Buried In Lee Cemetery

Funeral services for Judge Francis Marion Blair, former Morehead resident, were held at Ashland Sunday morning. Burial was in Lee cemetery, Morehead, after a short service. The Rev. Gabriel Banks conducted the last rites here.

Judge Blair died Friday evening after an illness of about 30 months, during which he suffered a series of slight paralytic strokes. He was 70 years old.

Judge Blair was born June 12, 1869 at Blair's Mill, Morgan county, the son of David C. and Clara Indick Blair. On June 19, 1904, he was united in marriage with Virginia Lee Adkins, and to this union were born eight children, two of whom preceded him in death.

Surviving him are his widow; one son, Harlan L. Blair; five daughters, Mrs. Lucien Hackworth, Mrs. Robert J. Beason, Jr., Virginia, Edith and Katherine Blair, all of Ashland, and three children by a former marriage, Millard Blair, Mrs. Florence Johnson and Mrs. Howard Hall, all of Clearfield; and several grandchildren. Also surviving are five police sergeants of the city of Ashland, in which capacity he served during the years from 1926 to 1929, inclusive, thereafter retiring to private life. His hosts of friends will be grieved by his passing.

## Farm Woodland Demonstration To Be Held This Morning.

A demonstration in farm woodland improvement will be held this morning at 9:30 a. m. at Keson Alderman's farm near Wagoners' store.

W. E. Jackson, of the College of Agriculture, Lexington, will show the farmers what is meant by woodland improvement and how to go about the job of getting the most out of it.

County Agent Goff will have charge of the meeting and advise farmers to attend because many of them have considerable woodland acreage which might be managed so as to provide an annual income.

## College Prepares For Opening September 18

All is in readiness for the matriculation of new students September 18 when Morehead State Teachers College will again open its doors for another school year. It was announced today by H. A. Babb, President. President Babb states that some increase over last fall's enrollment is anticipated.

585 students registered for college work last September.

Several new courses have been added to the curriculum for the ensuing year including journalism and dramatics.

Two new members are to be added to the faculty, according to President Babb. They have not yet been chosen.

## District P-T. A.'s Will Convene Here

County Council Meeting Tonight At Office Of Supt. Roy Cornette

The Rowan County Council of Parent-Teacher Associations will hold a meeting at County Superintendent Roy Cornette's office tonight at 7:30 p. m. Arrangements will be made for the Ninth District P-T-A. conference to be held here September 29.

Several hundred persons from the other fourteen counties in the district are expected to attend the September 29 conference.

The purpose of the district meeting will be to acquaint the public with the objectives of the P-T-A.

Mrs. Lyda Messer Caudill is secretary of the district organization.

## Four Jailed Here On 2 Murder Charges

Examining Trials To Be Held Today By Pelfrey

Rowan county clerk up his second and third homicides of the year within two days of each other in the week-end. Four men are in the county jail charged with willful murder. Their examining trials take place this morning.

Herman Click, 29, of Olive Hill, died in Stovall hospital at Grayson Saturday morning at 7 a. m. from gunshot wounds received near Big Brushy on the Flemingsburg road about midnight.

Roscoe Howard, 31, was killed in the Peoples Hotel Monday afternoon about 4 p. m. when he was found compromising situation with Mrs. Ves Bowling.

Ves Bowling, 28, her husband, was immediately placed in the county jail by Sheriff Ben McBrayer and charged with willful murder. His examining trial is expected to take place this morning after the Olive Hill trio who are accused of the killing of Click.

Last rites were held for Howard at the Howard Graveyard in Elliott county, near his birthplace, Wednesday afternoon.

Ves Bowling is the son of Mr. and Mrs. Ruel Bowling, of Morehead.

Click Found On Highway

Herman Click was found on the Flemingsburg road about seven miles from Morehead at 12:30 a. m. Tuesday morning shortly before a fire raged Mrs. Burns Johnson's home.

Tourists noticed the body on the side of the road and notified George Carter, highway construction director, who was staying overnight here.

Carter had Click taken to Stovall hospital at Grayson. It was first reported that Click had been stabbed by unknown assailants but Lester Caskey's inquest Monday determined that he had met death after being shot twice with a pistol, once with a shotgun and run over by an automobile.

Engaged in Fight

According to Click's companions, Frank Stone, Clayton Withrow and Howard Kegley, they had left Olive Hill early Friday evening to go squirrel hunting in this county. They stopped at Bosco Flats, operated by Howard Henshaw, and Click engaged in a fight with John Paul Ellington, according to a signed statement by Henshaw. However, no knives were brandished, Henshaw said.

The four left Bosco Flats and drove to Brushy road where they parked. Stone said in a signed statement that Click went to sleep in the seat next to him and when they woke up about 4:30 o'clock Saturday morning, Click was gone.

The three then came to Morehead, they told highway patrolman, C. Wilson, to find out where Click had gone and were placed in the county jail as witnesses in their own defense.

## 4-H Club Members To Participate In Judging Contest

Three Youths Will Represent County At State Fair

Next Week

Three 4-H club members will participate in the fall livestock judging contest at the state fair next week. They are Oscar Taton, Elliottville; Fred Swim, Farmers, and John Grayson, Jr., Farmers. County Agent Chas. Goff will accompany them during their stay in Louisville from Monday to Wednesday.

Last year's county representatives placed second in placing the animals but fell down in giving their reasons.

Three contests are open to 4-H club members, poultry, dairy and fat livestock. They are permitted to enter in only one contest.

## Farmers Urged By Wallace To Follow Production Plans

County Agent Goff and Committeemen Will Relay Advice To Farmers

Farmers were urged Saturday by Secretary of Agriculture Wallace to inspect with their production plans as if the European war had not occurred.

County Agent Charles Goff relayed this advice to Rowan county and community committeemen of the Agricultural Conservation Program who were asked to pass it on to their neighbors.

R. M. Evans, administrator, in the same message, warned that there is no reason to expect immediate increases in demand for important farm commodities. Foreign demand for some commodities may go down.

In Much Better Position

Secretary Wallace remarked that American agriculture is in a much better position to meet the shock of war than it was 25 years ago.

## College Will Offer Weekend Classes

Morehead State Teachers College will again offer Saturday morning classes when school opens here this fall, it was today announced by D. J. D. Falls, Head of the College Extension Department.

"This is being done to aid many students out in the field teaching to more quickly obtain their degrees," D. Falls explained.

Registration for Saturday class is to take place September 23 and work begin that day. College authorities state that it is highly desirable that all prospective students enroll on that date in order to expedite class work.

## Baptist Church To Hold Revival

On Sunday, October 22nd, Dr. Selous E. Tull, well known Baptist Evangelist of the south, will begin preaching in a meeting scheduled to begin at that time in the Morehead Baptist Church. The meeting will last about two weeks.

Dr. Tull is a pastor of long experience who has, in recent years, turned his able gifts to the evangelistic field. The Morehead Baptist Church feels that he will meet the needs of our people in an admirable manner, and urges the entire public to plan to attend this month.

Further details will be given later on.

## Security Wage Status To Be Made Available

Posters telling workers how to get a statement showing the status of their social security wage records will appear shortly in every post office in the country, according to Jas. A. Chaney, manager of the Old Age Insurance Bureau field office in Ashland.

A Dairy Cattle Show In Morehead

The local Future Farmers Chapter of the Morehead Consolidated School is very much interested in promoting a dairy cattle show and possibly a fat stock show in connection with the dairy show—somewhere in Morehead.

Since there will be no county fair we believe that a show of this nature would create unusual interest in the growing of better livestock and promoting the excellent work the Future Farmers are trying to do.

In Rowan county there are a number of cattle which would be worth looking at in a show ring. Many persons do not realize that many Rowan county farmers have highly rated animals.

The show would feature three classes of dairy cattle, heifers, two and three years old, and aged cows. In the fat stock baby heaves and fat cows and very likely several other rings.

School is now going on. If you have a cow or calf the local chapter will be glad to hear from you.

Carl Wade, Smith-Hughes agricultural instructor, solicits your cooperation in helping to promote this new type of show in our community.

A Country Club For Morehead On A Silver Platter

Small communities can now easily obtain a municipal country club through the W. P. A. The federal government will underwrite four-fifths of the expense of such a project if local citizens raise the other fifth.

The only other requirements are that a long lease be obtained and that a county or some other tax collecting unit sponsor the project.

The taxpayers would not be responsible for any part of the local money to be raised but the government requires all such projects to be sponsored by some such body. Following completion the deed would be transferred to some local corporation which would then be responsible for all expenses.

Morehead needs such a project which would include a club house, nine-hole golf course and swimming pool, and whatever else the citizens want. That there is a demand for such a project is evidenced by the recent efforts of one local organization which has been investigating the possibilities of constructing a golf course near Morehead.

Municipal swimming pools pay for them-

selves in better citizenship, decreased crime, healthier bodies, and stronger community spirit. A pool where parents can safely send their children would attract large numbers of youngsters who would spend less time on the streets.

Such a club would be a decided asset to a growing city like Morehead. It would be a definite talking point to build up tourist trade which is constantly increasing. Every body profits when new money comes into the community. Let's build for the future.

Important News

It is important news that an improved hot dog is about to make its appearance. Certainly, a large element of the community can be counted on to welcome whatever makes a genuine betterment of the popular American frankfurter, despite its size already to a first position on the menu at the outdoor luncheon when President Roosevelt entertained King George and Queen Elizabeth.

Perfection in the way of a tender and tasty skin has finally been attained, Chicago announced. Detail of the complicated process involved in making a frankfurter, and is of little use to the average citizen. It seems, having "pep" enough to hold but not in the least suggesting to masticators anything like a gristly hide

More Territory Needed

Man yadvantages will accrue in a city or town of more than five thousand population. Many good things are inevitably lost by reason of a deficient population. Paintsville can be classed in that category.

Paintsville and her suburbs contain far in excess of five thousand souls, but unfortunately these suburbs and subdivisions are not included in the corporation of the town proper—but should be.

An illustration of the disadvantage of an insufficient population is the fact that raises in pay of WPA workers were extended to communities where the county seat contained a population of 5,000 or more. Paintsville could not qualify. As a consequence our workers and business men have been deprived of hundreds of extra dollars. Paintsville Herald.

Moving Thanksgiving Day

There is no question whatever that President Roosevelt is entirely within his rights in proclaiming next November 23rd as the annual day for giving thanks to Almighty God for His blessings upon the people of the United States.

Thanksgiving Day is not a legal holiday except by tradition and not established from the customary last Thursday in November, which will be on the 30th this year a week earlier, so not hindering upon anybody but the inhabitants of areas completely under the control of the Federal government.

Any state by legislation, or any state governor by proclamation, can declare November 30th as Thanksgiving Day, and thus maintain the tradition established by immemorial custom in the North and east, and by the proclamation of President Lincoln, in 1864, for the first time on a national scale.

There is much to be said in behalf of a longer interval between school holidays, which came pretty close together when the last Thursday of November falls on the last day of the month, as it does this year.

There are other good arguments for the general principle of observing Thanksgiving Day earlier than time-honored custom places it on the calendar. The Presidential action not only runs contrary to ancient custom and habit, but interferes with football schedules and other Fall events which had been planned on the expectation that Thanksgiving Day would come as its usual time. Moreover, it makes liars out of the calendar makers, and introduces an element of doubt as to what they ought to do in the future.

But if the whole business results in focussing more attention upon Thanksgiving and bringing more people back to its observance as a real day of thanks for Divine blessings, perhaps the net effect of Mr. Roosevelt's action will be good. The Fleming Gazette.

2 Clark County Blue Grass Farms Aggregating 551 Acres ABSOLUTE AUCTION MONDAY, SEPTEMBER 11 10 A. M. ON PREMISES, RAIN OR SHINE

THE LATE JOHN W. SWOPE ESTATE, AND JAMES SWOPE LOCATION: In Clark County, Ky., 18 miles East of Whitesburg, the county seat, on state highway No. 15 on Upper Edwards Creek, near Indian Springs.

TRACT NO. 1. Sold at 10 a. m. Home on road. Contains 290 acres, well improved land, mostly in bluegrass. Good 3-room house, porch, cellar, electricity, 1 new barn, all necessary out-buildings, 22 acre bottom, adjacent to tract No. 2. Tenant house and fruit.

TRACT NO. 2. Sold immediately after Tract No. 1. Adjacent to Tract No. 1. Contains 251 acres, main dwelling of 6 rooms, porch, cellar, 5 barns, 2 tenant houses, fair fencing, plenty grass, 20 acre bottom, fruit.

BOTH OF THESE FARMS have good stock well underlaid with blue, several more both tracts about 40 percent. Both have large road frontages on highway. Plenty of water on both, by Upper Edwards Creek, ponds, springs, and wells. This land has been in the Swope family about 50 years. Some personal property will be sold at the same time and place.

TERMS on both properties very liberal and announced at sale. Free to view, several more both tracts about 40 percent. This property is being sold to settle the estate of the late John W. Swope and division. These lands will sell well worth the money, and remember this is an absolute sale and someone will get deals. We will also sell at auction on Monday, September 25, at 1 p. m. the Dr. F. H. Crutchfield farm of 296 acres, 7 miles North of Georgetown, Ky., on Burton Pike. Look it over.

Prayer Meeting, Wednesday 7:15 p. m.  
Choir Rehearsal, Wednesday 6:30 p. m.

### CRACKERBARREL COMMENTS . . .

(Continued from page 1)  
last, and always.  
Congratulations to my old friend Edgar Hasmann from over in Fleming.

But poison to the drunken drivers that were on the road last Sunday afternoon and night. I suppose I am getting old or developing "tenderfeet," but I am afraid to get out on Sundays any more.

I am going to "swat" that guy who has been telling folks that with each and every sticker I put on cars I give free poll tax jobs. I want you folks who are supporting me in my race this fall to slack up a little, I don't want to "skunk" this guy Thomas. A fellow told me the other day that wall Jackson was with me until the end. Now that it what I call a friend and neighbor. I knew I could depend on "Stone" even if he is "Jay's" cousin. Some week I am going to print the names of all the people that are against me, and then I am going to hand their names in to the preacher and have them churched.

Here's a note from a friend of mine:

"Wood, I appreciate your letting me read your column before it goes to press. I, as usual, was delighted with the humorous vein in which you write. It pleases me no end, but, as you are broad in your vision, you will be broad in accepting my criticism.

"I love people and we love them for the way they have treated us as individuals and we certainly are not going to be the victim of propaganda such as has been used to tear asunder a nation of people as fine and decent as live in the United States of America.

"My congratulations to you again for the grand work you are doing in making the Morehead Independent such an interesting paper to read from a human interest standpoint. Your safety article must have received the same consideration from all readers as it did from us—meaning my family—and we do love our kids—and we do love peace."  
EABS, JR.
