FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Students will have several opportunities to publish their literary and art works in Inscape, Morehead State University's literary and arts magazine.

MSU and area high school students may submit their work for inclusion in the magazine, which is published twice yearly. Black and white art and three literary genres: poetry, fiction and creative non-fiction will be accepted. Writers are encouraged to submit early and regularly during each semester, according to Fred R. Webb II, Morehead graduate assistant and managing editor of Inscape.

For students interested in serving on the Inscape staff, weekly meetings are held on Wednesdays at 4:15 p.m. in Faculty House Five, located behind the Combs Building. Webb can be reached at (606) 783-5163.

Additional information on literary submissions is available from George Eklund, MSU associate professor of English and Inscape adviser, at (606) 783-2398. Submission guidelines may be picked up in 103 Combs Building.

Information on art submissions is available from Elizabeth Mesa-Gaido, assistant professor of art, at (606) 783-2398.

EVENT: Joint meeting of **two committees** of the MSU Board of Regents:
Audit Committee
Administration and Fiscal Services

DATE: Thursday, Nov. 7, 1996

TIME: 9 a.m.

SITE: Riggle Room, Adron Doran University Center

Among the items on the agenda are the 1995-96 Audit Report, the Internal Audit Report, personnel actions, personal service contracts and external agreements. The meeting is open to the public as well as the media.

NOTE: With the two committees combined, there is every likelihood that more than six regents will be present which means this could constitute a special called meeting of the board.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Three Morehead State University graduate students and a faculty member from the Department of Communications presented papers at the Virginia Association of Communications Arts and Sciences in September.

Making presentations were:

Vearl Pennington of **Owingsville**, who authored and presented "U.S. Government Practices, POWs, MIAs."

Debrah Olah-Grace of **Morehead**, who presented "An Evaluation of Advertising Ethics," written by Eric Phillips, a **Morehead** graduate student.

Caryn L. Blow of **Morehead**, who authored and presented "The Under-Representation of Minority Women in the Media."

Dr. Serjit Kasior, associate professor of journalism who coordinates the mass media and graduate programs, along with the other three participants presented, "Coverage of Local News in TV and Newspapers." This paper was co-authored by Dr. Kasior and Steven E. Opauski, **Morehead** graduate student.

Nov. 1, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's Department of Music will host the 37th annual Choral Festival for High School Singers on Nov. 18-19 in Baird Music Hall on the campus.

On Monday, Nov. 18, at 8 p.m. the University's Concert Choir and Chamber Singers, under the direction of James Ross Beane, MSU associate professor of music and festival director, will share the stage in Duncan Recital Hall.

The Chamber Singers will perform two madrigals by Edwards and Pilkington, as well as selections by Byrd, Debussy, Schuman and Carl Zytowski. The Concert Choir's program will include a performance of Brahms' Motet, op. 29, No. 2, along with works by Rossini, Schubert and di Lasso. The Choir also will sing folk hymns and spirituals arranged by Alice Parker and Eugene Simpson.

On Tuesday, Nov. 19, at 7 p.m., a 250-voice chorus composed of high school students from Kentucky and Ohio will be heard in concert. Their program will include compositions by Sandberg, Leavitt, Haydn, Faure, Stevens and Claussen. The guest conductor will be Noel Weaver, choral director at Ballard High School in Louisville with Jay Flippin, MSU associate professor of music, accompanying.

A two time graduate of MSU, Weaver is a former director of choral activities at Southern Arkansas University. He has performed with many regional orchestras including the Chautauqua Symphony Orchestra of New York.

A candidate for the Ph.D. degree in choral conducting from Texas Tech University, Weaver has worked as a clinician and adjudicator in 14 states and the District of Columbia.

Both concerts are free and open to the public.

MSU students participating in the Concert Choir and/or Chamber Singers are (listed by hometown):

KENTUCKY: Morehead--Damon Caskey, freshman, son of Cynthia Caskey; Sandra Hunt, graduate student, sings with both ensembles; Amanda Sloas, freshman, daughter of Laurie Lambert. Joe Sartor, MSU professor emeritus of art, also sings with both ensembles;

Ashland--Shawn Wilson, senior, son of Samual and Liza Wilson, sings with both ensembles; Laura Woods, freshman, daughter of Bobby and Elizabeth Woods; **Berea**--Adria Dowd, sophomore, granddaughter of Bill and Jan Hamilton;

(MORE)

Burlington--Kellie Napier, junior, daughter of Tom and Ronda Napier, sings with both ensembles; **Crittendon**--Gena True, freshman, daughter of Gene and Kay Livingood, sings with both ensembles; **Cynthiana**--David Herrington, freshman, son of Fred and Juanita Herrington; Barry Milner, senior, son of Roy and Donna Milner; **Eastwood**--Bowin Tichenor, sophomore, son of Bernie and Robin Tichenor, sings with both ensembles;

Ft. Thomas--Zach Herzog, freshman, son of Stephen Herzog and Linda Herzog; **Garrison**--Elizabeth Reeder, sophomore, daughter of Barry and Fredia Reeder; **Hazard**--Aaron Bowling, sophomore, son of Chester and Mary Bowling, sings with both ensembles; William Fugate, freshman, son of Kelvin and Iris Morgan; **Hillsboro**--Olivia Evans, freshman, daughter of Dan and Kerry Evans; **Lexington**--Kevin Harris, senior, son of Margaret Harris;

Louisa--Sean Harris, freshman, son of Michael and Debbie Harris; **Lovely**--Brent Sammons, freshman, son of the Rev. Harry D. Sammons and Brenda Sammons; **Mallie**--Ariana Amburgey, freshman, daughter of Betty Williams; **Martin**--Chris Lafferty, senior, son of Fred and LaVonne Lafferty; **Maysville**--Michael Frazier, junior, son of Dewey and Jan Applegate; **McCarr**--Lilly Sullivan, sophomore, daughter of William E. and Peggy Sullivan;

Owingsville--Norvel Perkins, sophomore, son of Glen and Malverie Perkins, sings with both ensembles; **Paintsville**--Jennifer Hughes, sophomore, daughter of Ed and Doris Hughes; Jane Short, senior, daughter of Joe and Billy Short; **Perryville**--Brian Ellis, senior, son of Barry and Millie Ellis; **Pikeville**--Cathy Mullins, senior, daughter of John and Mary L. Mullins, sings with both ensembles; Melia Thompson, sophomore, daughter of Melvin and Linda Thompson;

Prestonsburg--Scott Bradley, senior, son of S.F. Butch Bradley, sings with both ensembles; Michael Halfhill, freshman, son of Michael and Peggy Halfhill; **Raccoon**--Amanda Layne, sophomore, daughter of Bert and Gwen Layne, sings with both ensembles; **Shelbiana**--Kimberly Coleman, junior, daughter of Larry and Diana Coleman; **Somerset**--Kyndra Silvers, freshman, daughter of Joe and Mary Silvers; **South Shore**--Bryan Vallandingham, freshman, son of Harold and Naomi Vallandingham;

Stearns--Thomas McCoy, sophomore, son of Jane McCoy; **Turkey Creek**--Angela Blackburn, junior, daughter of Jimmy and Sharon Blackburn; **Ulysses**--Tonya Castle, freshman, daughter of Tommy and Karen Castle; **Vanceburg**--Genevieve Campbell, senior, daughter of Charles and Carol Campbell; **Warsaw**--Kathy Liebig, senior, daughter of Linda Liebig; **Whitesburg**--Renae Compton, senior, daughter of Ann Compton; **Williamstown**--Carrie Hegge, sophomore, daughter of Bob and Judy Hegge, sings with both ensembles;

(MORE)

Choral Festival
3-3-3-3

From other states/countries:

GEORGIA: **Statesboro**--Jeffrey Bishop, senior, son of Parker and Judy Bishop;

NEW MEXICO: **LaUnion**--Heather Staniak, junior, daughter of Andrew and Kathleen Staniak;

OHIO: **Carroll**--Mindee DeLong, freshman, daughter of David and Pamela DeLong;
Columbus--Melinda Pelphrey, freshman, daughter of Fred and Sue Pelphrey; **Manchester**--Brandon Blythe, sophomore, son of Rita Kirk; **Middletown**--Erin Jessee, sophomore, daughter of John and Donna Jessee;

Minford--Kristi Niner, freshman, daughter of Ron and Linda Niner; **Pleasant Hill**--Chad Sheridan, freshman, son of Phillip and Brenda Sheridan; **Sardinia**--Heather Wilson, sophomore, daughter of Dennis and Cindy Wilson; **Xenia**--Robert Jordan, senior, son of Doug and Mary Jordan, sings with both ensembles.

JAPAN: Masahito Kuroda, graduate assistant, son of Eiho and Tokiko Kuroda; Chiho Sugo, graduate assistant, daughter of Wago and Michiyo Sugo.

INSTITUTIONAL RELATIONS

JUDITH YANCY, DIRECTOR

MOREHEAD STATE UNIVERSITY

UPO BOX 1100

MOREHEAD, KY 40351-1689

606-783-2030

Nov. 1, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Staff members and students from WMKY, 90.3 FM, member supported public radio from Morehead State University, were recognized for excellence in news and sports reporting at the Kentucky Broadcasters Association/Associated Press Fall Conference in October.

Tom Lewis, news director, and Chuck Mraz, assistant news director, and three students were awards recipients. The competition included radio stations from across the state, excluding those in Lexington and Louisville.

We are particularly pleased that our students were honored for their work, Lewis said. "It's always gratifying when we are able to assist them in honing their skills to the extent that they are able to successfully compete on a professional level," he said.

Students receiving awards were:

Glen Hale, a Tomahawk graduate student in communications, tied for second place for a "Sidelines" feature report on table-top football.

Kevin Kefgin, recent MSU graduate now working in Chillicothe, Ohio, received an honorable mention for "Best Use of Sound" for a feature on stepping (synchronized chanting and movement).

Steven Opauski, a Matewan, W.Va., graduate student in communications, received a second place award for the feature "Rolling Thunder Ride for Freedom," a story about a motorcycle caravan headed to Washington, D.C. for an event honoring MIA's and POW's. He traveled to Bath County where the caravan had stopped on its journey. The piece also earned him a first place award in Feature/Human Interest.

Opauski also received an honorable mention in the Public Service Reporting category for his analysis of the recent push in some counties to convert from a magisterial to a commissioner form of government.

Mraz received first place for Best Sports Reporting for a series on MSU basketball coach Dick Fick's uncertain future at the University and an honorable mention for a feature on former University of Kentucky baseball player Chad Green who participated in the Olympics and then signed with the Milwaukee Brewers.

(MORE)

KBA Awards

2-2-2-2-2

Lewis received an honorable mention in the Planned Series/Documentary Division for his retrospective feature on the storm of 1995 which devastated parts of the region.

While the WMKY news department has consistently won awards in KBA/AP competitions through the years, this year's contest is especially meaningful, Lewis noted. "The largest number of awards going to a single station was 11," he said. "We received eight. I think that speaks well of our commitment to high-quality news and sports coverage and shows the value of the station as a training ground for up-and-coming professionals."

WMKY, an affiliate of National Public Radio and Public Radio International, features news and information, classical music and other musical genres, broadcasting from 6 a.m. to midnight seven days a week. Free program guides are available by calling 1-800-286-WMKY.

CHEMISTRY MAGIC SHOW AT MSU

Members of the American Chemical Society Student Affiliates at Morehead State University presented a chemistry magic show for alumni returning to the campus for the Homecoming weekend. During the recent Lappin Hall Open House, Mark Remmele, Catlettsburg junior, shared his "magic" with Dr. Wade Cain, MSU associate professor of chemistry. MSU students have presented the traveling magic show, funded by a grant from the American Chemical Society, at a number of locations including area schools and the University's Science Olympiad.

NEW MSU PUBLIC SAFETY OFFICER

Shawn Marshall Bentley was recently sworn in as a police officer with Morehead State University's Office of Public Safety. The oath of office was administered by Carol Johnson, assistant to MSU President Ronald G. Eaglin. Bentley, who received a B.A. degree in paralegal studies from the University, is a graduate of the basic police training program at the Kentucky Department of Criminal Justice Police Academy. A Pikeville native, he is married to the former Jennifer Combs.

November 4, 1996

Dear Media Representative:

You probably already have received two releases on Morehead State University's sixth annual Wilma E. Grote Symposium for the Advancement of Women scheduled for Thursday through Saturday, November 7-9, at the Adron Doran University Center.

Based on the theme, "Heroic and Outrageous Women," the event has drawn presenters from all over the United States, from Texas to Massachusetts and from Georgia to Michigan.

Since our news releases can't include every topic or times and places of each session during this event, I am enclosing a copy of the Symposium Program itself to give you a complete overview. I would like, however, to point out three sessions that may be of special interest.

A panel moderated by Jane B. Stephenson, founder/director of the New Opportunity School for Women in Berea, will open the general session at 9 a.m. on Friday. With Stephenson will be four of the Appalachian women profiled in her book, "Courageous Paths: Stories of Nine Appalachian Women."

Nationally-known author and storyteller Carmen Agra Deedy will speak at the 6:30 p.m. banquet on Friday. A regular contributor to NPR's "All Things Considered," she will discuss her experiences growing up as a Cuban in Decatur, Ga.

On Saturday at the 12:15 p.m. closing luncheon, the speaker will be Cleaster Whitehurst-Mims, founder and head of the Marva Collins Preparatory School in Cincinnati. Her presentation will focus on heroic women who inspired her to carry out a dream.

If our office can assist you further with your coverage, please don't hesitate to call us at (606) 783-2030.

Sincerely,

Judith O. Yancy
Director

Call for Papers & Workshops

Women's Voices in Policy and Politics

The 1998 Morehead State University Wilma E. Grote Symposium for the Advancement of Women will focus on women and politics. You are invited to submit your ideas, research, writing, creative projects, etc. for refereed selection. Send the following:

1. One cover page including the title of the paper, author's name(s), mailing address, and telephone number.
2. Indicate if the presentation is for a workshop, paper, or panel discussion.
3. Three (3) copies of a titled abstract of approximately one page which describes the major focus of the presentation and related results and conclusions.

All submissions will be reviewed by at least two experts on women's issues related to the paper topic. Submissions should be received by October 1, 1997. Authors will be notified by December 1, 1997 regarding the status of their work.

MOREHEAD STATE UNIVERSITY

1996 Wilma E. Grote Symposium for the Advancement of Women, November 7-9, 1996

Heroic & Outrageous Women

We are pleased to welcome you to the sixth Women's Studies Symposium at Morehead State University. The symposium is only one of many opportunities for women and men to examine cultures, societies, and research related to women's studies. Other events at Morehead State University during 1996-1997 include a variety of speakers that supplement the course offerings in women's studies.

We want to take this opportunity to thank those who have made funds available to support the 1996 Wilma E. Grote Symposium for the Advancement of Women:

- Morehead State University, Office of Continuing Education
- Morehead State University's Office of the Executive Vice President for Academic Affairs
- Kentucky Humanities Council

We are proud to welcome you to our institution. Morehead State University enrolls approximately 8,300 students at its Morehead campus and 10 regional sites throughout Eastern Kentucky. Often referred to as the "University of the Mountains," the institution provides both a physical and intellectual beauty for anyone who comes to stay or just visit. We hope you will return and join us in 1997 to explore the theme Women's Voices: Policy and Politics.

A special thanks to Rebecca Bailey and Dan Shute for their assistance in designing the publicity and program layout.

Nov. 5, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Poet Jeffrey Skinner of Louisville will give a public reading on Thursday, Nov. 14, at 8 p.m. in Fields Hall Seminar Room II on the Morehead State University campus.

Skinner, a published poet, is professor in English at the University of Louisville. His poems have appeared in many magazines including "The Atlantic Monthly," "The New Yorker," "The Nation," "The Paris Review," and "The Iowa Review." He has published three volumes of poetry: "Late Stars," in 1985 by Wesleyan University Press; "A Guide to Forgetting," in 1988 by Graywolf Press, and "The Company of Heaven," in 1992 by University of Pittsburgh Press. His books will be available for purchase and autographing at the reading.

An award-winning playwright, Skinner has won several national awards and has been the recipient of numerous state grants. He earned a B.A. degree from Rollins College and an M.F.A. degree from Columbia University. Married to poet Sarah Gorman, he and his wife are parents of two young daughters.

The program is co-sponsored by the Caudill College of Humanities, Department of English, Foreign Languages and Philosophy and Graduate Writers Association. Additional information is available from Dr. Lynne Taetzsch, assistant professor of English, at (606) 783-2136.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---WMKY 90.3 FM, listener-supported public radio from Morehead State University, ended its 1996 membership campaign with the largest cash total in the station's history thanks to the support of its listeners.

During the 11-day campaign, listeners phoned in pledges, mailed contributions, volunteered to answer phones and served as on-air guests.

"Listener support is more important than ever to WMKY," said Bill Redwine, MSU's director of alumni relations and development. "Because of changes in the federal funding program for public radio, we need to show that we are serving Northeast Kentucky to qualify for our grants. Listener contributions are one way we can demonstrate community support for our programming."

For those who missed the on-air campaign, it's not too late to make a contribution, according to Angela Mullins, MSU's regional development officer who coordinated WMKY's campaign. "Make your check payable to the MSU Foundation and note that your gift is for the WMKY Fund," she said.

Checks may be sent to the WMKY Fund, Morehead State University, Palmer Development House, 150 University Boulevard, Morehead, KY 40351.

MEMBERSHIP CAMPAIGN YIELDS LARGEST CASH TOTAL

Contributors to the 1996 membership campaign at WMKY 90.3 FM, listener-supported public radio from the Morehead State University campus, yielded the largest cash total in the station's history. Volunteers answered the phones and served as on-air guests. During her broadcast, Janean Freeman, WMKY classical music announcer, was joined by MSU alumnus Steve O'Connor of West Liberty, county attorney for Morgan County.

CELEBRATING NATIONAL PA DAY ON MSU CAMPUS

Morehead State University students had the opportunity to enjoy refreshments while obtaining information on the Physicians Assistant Program during National PA Day, Oct. 6. Susan Maxey, student services officer, left, and James Fry, University of Kentucky assistant professor of physician assistant studies, talked with Ashley Bowman of **Campton** and Nicki Maggard of **Paintsville**, both MSU sophomores majoring in biology. On the MSU campus, the PA program, a cooperative effort between MSU, UK's Chandler Medical Center and St. Claire Medical Center, allows students to receive classroom training from both MSU and UK faculty.

HOMEcoming '96 AT MSU

Morehead State University alumni enjoyed a number of activities during the University's annual Homecoming Weekend. MSU President Ronald G. Eaglin, left, chatted with Gregory O'Bannon of Carlisle, Percy Metcalf of Louisville, and Reginald Daniel, a faculty member in MSU's Department of Military Science, at a minority reception at his home. In the background is Dr. Lemuel Berry, dean of MSU's Caudill College of Humanities, and his wife.

Morehead News, Lexington Herald-Leader, Daily Independent, Appalachian News-Express, Jessamine Journal, Portsmouth Daily Times, Community Common, Anderson News, Trail Blazer, Raconteur, Ledger Independent

Nov. 8, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Seven Morehead State University students who are active in the University's theatre program will audition for summer professional acting positions in March at the Southeastern Theatre Conference (SETC) in Miami, Fla.

The students were admitted to the SETC auditions through a state competition held earlier this year, according to Dr. Travis Lockhart, MSU professor of theatre and director of the theatre program. All were cast members of MSU Theatre's recent production of "The Grapes of Wrath."

Selected were:

- Amy Beth Adkins, **Catlettsburg** junior and daughter of Bruce W. Adkins and Margaret A. Burns;
- Steven M. Kazee, **Ashland** sophomore and son of Mike and Kathy Kazee;
- Michael Moore, **Ashland** junior and son of Marilyn Moore;
- Jennifer Carol Drake, **Lawrenceburg** senior and daughter of John and Carolyn Drake;
- Elizabeth Harris, **Olive Hill** graduate student and daughter of Robert and Starlene Harris;
- Brian Phillips, **Nicholasville** junior and son of Willis and Trudy Phillips;
- Tres Dean, **Tutor Key** junior and son of Debbie Daniels and Russell Dean Jr.

"At SETC, these students will be competing with students from all over the southeastern region and beyond for professional acting jobs," said Dr. Lockhart. "Directors and producers from all over the United States, as well as some other countries, attend the SETC auditions to cast their summer theatre productions.

"Our students have had considerable success in the past in attaining acting and technical positions through these highly competitive auditions and interviews," he added.

EVENT: MSU Board of Regents meeting

DATE: Friday, Nov. 15, 1996

TIME: 9 a.m.

SITE: Riggle Room, Adron Doran University Center

The agenda will include a number of items for discussion and/or action including ratification of honorary doctorate awards; approval of December 1996 graduates, approval of educational leave and final fall 1996 fall enrollment report.

The regents will be asked to ratify a series of personnel actions and accept the 1995-96 audit reports, the fourth quarter report for 1995-96 as well as the first quarter report for 1996-97.

Updates will be given on external agreements, personal service contracts, major gifts since Sept. 1, 1996, and private giving from July 1, 1995, to June 30, 1996. The regents will act on an amendment to the board bylaws and to approve meeting dates for 1997.

NOTE: Media representatives planning to attend this meeting are asked to notify the Office of Institutional Relations (606-783-2030) by noon on Thursday, Nov. 14.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---An evolving technological initiative by Morehead State University is providing greater access to upper level undergraduate and graduate college course work to residents in the **Bath County** area of Eastern Kentucky.

MSU's Office of Distance Learning has experienced "dramatic growth" since its inception in July 1995. In Spring 1996, seven communities received MSU classes delivered via this computer-oriented technology and 14 communities will be receiving courses in Spring 1997. During the current fall semester, 12 sites are being utilized.

"It is truly an exciting time to be involved with higher education, particularly for those of us who are in a rural university setting," said Dr. Autumn Grubb, director of distance learning. "With the constantly improving distance learning technology, MSU is on the cutting edge of educational development."

Traditionally a faculty member travels to a particular location to deliver a course. With distance learning technology, a course may be taught at multiple locations by a single instructor. "The beauty of our program is that we can offer courses for as few as two people per site because enrollment includes students at a number of locations throughout the service region. Distance learning therefore provides great diversity in a non-traditional classroom setting," Dr. Grubb said.

Distance Learning is a multi-faceted program which utilizes the information superhighway to provide an interactive learning environment via the Internet, by satellite and interactive television, according to Dr. Grubb. "Simply put, we use a variety of methods that bring students and professors together, without them being in the same community," she added, noting that not only do the students receive the same quality instruction as those who attend classes on MSU's main campus or off-campus centers but they also are exposed to the latest technology available.

Dr. Grubb told of one student who recently took advantage of the competitive edge by participating in distance learning classes because a prospective employer was particularly interested in the student's Internet navigational skills.

Distance Learning
2-2-2-2-2

It is the practical work experience aspect of distance learning that Michelle Kunz, MSU assistant professor of human sciences, is most excited about. Kunz, who teaches courses in the fashion merchandising field, said the compressed video classes have been valuable for students on MSU's main campus as well. "Big companies are using compressed video to do their purchasing, for example," she said.

Current coursework includes degree programs in nursing and business administration. All of the coursework for nursing may be obtained via Distance Learning and the clinical portion of the curriculum can be completed at an appropriate health care facility. A student can obtain the courses for both an undergraduate and a graduate degree in business administration through Distance Learning, and many graduate-level education courses also are available.

Dr. Grubb is particularly excited about the education offerings because they give MSU the opportunity to provide continued training to elementary and secondary school teachers. "The spring schedule will include some upper-level general education courses to support the degree programs," she said.

Another positive, according to Dr. Grubb is that people who had been unable to pursue their educational goals will now have that opportunity. "We can capture the true intellectual potential of all the Appalachian region by increasing access to the resources which can facilitate educational development," she said.

Bath County residents interested in obtaining additional information about Distance Learning courses may contact MSU's Office of Admissions at 1-800-585-6781 or the Office of Distance Learning at (606) 783-2082.

"It is truly an exciting time to be involved with higher education, particularly for those of us who are in a rural university setting," said Dr. Autumn Grubb, director of distance learning. "With the constantly improving distance learning technology, MSU is on the cutting edge of educational development."

Traditionally a faculty member travels to a particular location to deliver a course. With distance learning technology, a course may be taught at multiple locations by a single instructor. "The beauty of our program is that we can offer courses for as few as two people per site because enrollment includes students at a number of locations throughout the service region. Distance learning therefore provides great diversity in a non-traditional classroom setting," Dr. Grubb said.

Distance Learning is a multi-faceted program which utilizes the information superhighway to provide an interactive learning environment via the Internet, by satellite and interactive television, according to Dr. Grubb. "Simply put, we use a variety of methods that bring students and professors together, without them being in the same community," she added, noting that not only do the students receive the same quality instruction as those who attend classes on MSU's main campus or off-campus centers but they also are exposed to the latest technology available.

Dr. Grubb told of one student who recently took advantage of the competitive edge by participating in distance learning classes because a prospective employer was particularly interested in the student's Internet navigational skills.

Distance Learning

2-2-2-2-2

It is the practical work experience aspect of distance learning that Michelle Kunz, MSU assistant professor of human sciences, is most excited about. Kunz, who teaches courses in the fashion merchandising field, said the compressed video classes have been valuable for students on MSU's main campus as well. "Big companies are using compressed video to do their purchasing, for example," she said.

Current coursework includes degree programs in nursing and business administration. All of the coursework for nursing may be obtained via Distance Learning and the clinical portion of the curriculum can be completed at an appropriate health care facility. A student can obtain the courses for both an undergraduate and a graduate degree in business administration through Distance Learning, and many graduate-level education courses also are available.

Dr. Grubb is particularly excited about the education offerings because they give MSU the opportunity to provide continued training to elementary and secondary school teachers. "The spring schedule will include some upper-level general education courses to support the degree programs," she said.

Another positive, according to Dr. Grubb is that people who had been unable to pursue their educational goals will now have that opportunity. "We can capture the true intellectual potential of all the Appalachian region by increasing access to the resources which can facilitate educational development," she said.

Lawrence County residents interested in obtaining additional information about Distance Learning courses may contact MSU's Office of Admissions at 1-800-585-6781 or the Office of Distance Learning at (606) 783-2082.

Traditionally a faculty member travels to a particular location to deliver a course. With distance learning technology, a course may be taught at multiple locations by a single instructor. "The beauty of our program is that we can offer courses for as few as two people per site because enrollment includes students at a number of locations throughout the service region. Distance learning therefore provides great diversity in a non-traditional classroom setting," Dr. Grubb said.

Distance Learning is a multi-faceted program which utilizes the information superhighway to provide an interactive learning environment via the Internet, by satellite and interactive television, according to Dr. Grubb. "Simply put, we use a variety of methods that bring students and professors together, without them being in the same community," she added, noting that not only do the students receive the same quality instruction as those who attend classes on MSU's main campus or off-campus centers but they also are exposed to the latest technology available.

Dr. Grubb told of one student who recently took advantage of the competitive edge by participating in distance learning classes because a prospective employer was particularly interested in the student's Internet navigational skills.

(MORE)

It is the practical work experience aspect of distance learning that Michelle Kunz, MSU assistant professor of human sciences, is most excited about. Kunz, who teaches courses in the fashion merchandising field, said the compressed video classes have been valuable for students on MSU's main campus as well. "Big companies are using compressed video to do their purchasing, for example," she said.

Current coursework includes degree programs in nursing and business administration. All of the coursework for nursing may be obtained via Distance Learning and the clinical portion of the curriculum can be completed at an appropriate health care facility. A student can obtain the courses for both an undergraduate and a graduate degree in business administration through Distance Learning, and many graduate-level education courses also are available.

Dr. Grubb is particularly excited about the education offerings because they give MSU the opportunity to provide continued training to elementary and secondary school teachers. "The spring schedule will include some upper-level general education courses to support the degree programs," she said.

Another positive, according to Dr. Grubb is that people who had been unable to pursue their educational goals will now have that opportunity. "We can capture the true intellectual potential of all the Appalachian region by increasing access to the resources which can facilitate educational development," she said.

Rowan County residents interested in obtaining additional information about Distance Learning courses may contact MSU's Office of Admissions at 1-800-585-6781 or the Office of Distance Learning at (606) 783-2082.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---AN EVOLVING TECHNOLOGICAL INITIATIVE FROM MOREHEAD STATE UNIVERSITY WILL PROVIDE GREATER ACCESS TO UPPER LEVEL COLLEGE COURSEWORK IN EASTERN KENTUCKY.

DR. AUTUMN GRUBB, MSU'S OFFICE OF DISTANCE LEARNING DIRECTOR, SAYS, SIMPLY PUT, THIS TECHNOLOGICAL INITIATIVE EMPLOYS A COMBINATION OF INTERACTIVE TELEVISION, INTERNET, AND WORLDWIDE RESOURCES TO DELIVER COURSES.

SHE ALSO SAYS THERE'S BEEN "DRAMATIC GROWTH" IN THE PROGRAM SINCE ITS INCEPTION IN JULY 1995.

SEVEN COMMUNITIES RECEIVED DISTANCE LEARNING COURSES IN SPRING 1996 AND THE NUMBER OF COMMUNITIES SERVED WILL DOUBLE TO 14 BY THE 1997 SPRING SEMESTER.

CURRENT COURSEWORK INCLUDES DEGREE PROGRAMS IN NURSING AND BUSINESS ADMINISTRATION.

ALL OF THE COURSE-WORK FOR NURSING CAN BE OBTAINED VIA DISTANCE LEARNING AND THE CLINICAL PORTION OF THE CURRICULUM CAN BE COMPLETED AT AN APPROPRIATE HEALTH CARE FACILITY.

A STUDENT CAN OBTAIN ALL OF THE COURSES FOR BOTH AN UNDERGRADUATE AND A GRADUATE DEGREE IN BUSINESS ADMINISTRATION THROUGH DISTANCE LEARNING, AND MANY GRADUATE-LEVEL EDUCATION COURSES ALSO ARE AVAILABLE.

DR. GRUBB SAYS THIS SPRING'S SCHEDULE WILL INCLUDE SOME UPPER LEVEL GENERAL EDUCATION COURSES TO SUPPORT THE DEGREE PROGRAMS.

AREA RESIDENTS WHO ARE INTERESTED IN DISTANCE LEARNING COURSES MAY OBTAIN ADDITIONAL INFORMATION BY CALLING MSU'S OFFICE OF ADMISSIONS AT 1-800-585-6781 OR THE OFFICE OF DISTANCE LEARNING AT (606) 783-2082.

Conner High School in Hebron competed in the Blue and Gold Festival of Marching Bands hosted by Morehead State University's Department of Music. Among those participating in the awards ceremony with the Connor students were, from left, Dr. Christopher Gallaher, department chair; Chad Hall, Virgie senior and MSU drum major, and Dr. Lemuel Berry Jr., dean of the Caudill College of Humanities. CHS received an overall "distinguished" rating from the Kentucky Music Education Association, whose members adjudicated the festival. Students from 30 high schools in Kentucky and adjoining states participated in the competition.

TRAINING AGREEMENT SIGNED

With the Ramey Home as a backdrop, MSU President Ronald G. Eaglin and Rocky M. Hall, executive director of the Ramey-Estep Homes, signed an agreement providing for the sharing of resources and expertise between the two entities. The Ramey-Estep Homes, a private, not for profit treatment program for trouble adolescent males, will serve as a student teacher site and as a learning environment for field experiences and practicums for MSU students in the College of Education and Behavioral Sciences. MSU, in return, will provide consultant services, information on professional development programs and use of the Camden-Carroll Library. Dr. Eaglin noted that the partnership is further proof to the Ashland area of MSU's commitment to the region.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Ten Morehead State University students may spend five weeks studying music in Salzburg, Austria, this summer thanks to the University's membership in the Kentucky Institute for International Studies.

This is an exciting opportunity for our students, said Roma Prindle, assistant professor of music who will be a member of the Salzburg staff during the summer. "Not only will they study in another land but also will be offered life-changing experiences," she said.

The Salzburg program, which was instituted in 1990, originated in the city that was home to the Von Trapp Family Singers, who were profiled in the "Sound of Music" and where musical great Wolfgang Amadeus Mozart was born, Prindle added.

It will cost approximately \$3,000 per student, according to Prindle. This figure includes air fare, tuition, housing, international student identification card and two meals per day.

To raise funds for these expenses, several music students and some special guests will present an all-day Perform-a-thon on Saturday, Nov. 23, on the second floor lobby of the Adron Doran University Center from 10 a.m. until 5 p.m. Janean Freeman, WMKY's classical music announcer, will serve as mistress of ceremonies.

A variety of musical styles will be offered, including classical, jazz, popular and opera, Prindle noted. "Several 'mystery guests' also will make appearances," she said.

Among the MSU students scheduled to perform are: Michael Arthur, **Irvine** sophomore; Darrin Conarroe, **Trenton, Ohio**, senior; Mindee DeLong, **Carroll, Ohio**, freshman; Adria Dowd, **Berea** sophomore; Chi Wai Kam, **Hong Kong, China**, freshman; Vanessa Keeton, **Wurtland** sophomore; Barry Milner, **Cynthiana** senior; Kellie Napier, **Burlington** junior; Norvel Perkins, **Owingsville** sophomore; Amanda Sloas, **Morehead** freshman; Gena True, **Crittenden** freshman; Jeremiah True, **Corinth** sophomore; Shawn Wilson, **Ashland** senior, and Bowin Tichenor, **Louisville** sophomore..

Levels of giving are available for those interested in making a donation: Mirabell Mentors, donations up to \$10; Von Trapp Friends, \$11 to \$50; Landler Lenders, \$51 to \$100, and Amadeus Angels, donations over \$100.

Determination of the 10 students who will study in Salzburg has not been finalized, Prindle said.

Anyone interested in additional information or making a contribution to enable the students to study abroad, may contact Prindle at (606) 783-2481.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---In conjunction with the American Cancer Society's Great American Smokeout on Nov. 21, Morehead State University will provide two "quit smoking" information sites.

In its 20th year, the Smokeout is a 24-hour period in which smokers across the country try not to smoke, according to Judy Krug, MSU Student Wellness coordinator. "The ultimate goal is that people will not only quit smoking for one day but also for the rest of their life," she said. Non-smokers are encouraged to participate by promising to help a friend get through the day without smoking, Krug added.

The campus information sites will be located on the second floor of the Adron Doran University Center and in the Wellness Center from 10 a.m. until 2 p.m. Tips to help smokers quit will be available.

The event is co-sponsored by The Question Spot, Office of Student Wellness, Non-Traditional Student Office and Wellness Center. Additional information is available from Krug at 783-5248.

MOREHEAD STATE UNIVERSITY

UPO BOX 1100

MOREHEAD, KY 40351-1689

606-783-2030

Nov. 14, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's Bachelor of Science in Nursing degree program has received continued accreditation through 2004 from the National League for Nursing.

The eight-year accreditation is the maximum given to any nursing program by the league, according to Dr. Gerald DeMoss, dean of MSU's College of Science and Technology. Now in its 10th year, the BSN program received its initial accreditation with the graduation of its first class in 1990.

"Accreditation of its academic programs by external agencies is very important to any university as it says that we give our students a quality educational experience," said MSU President Ronald G. Eaglin. "MSU's nursing program is one that the faculty, staff and students can take great pride in," he added.

"The commitment of our faculty--campus and clinical sites--and staff to a quality program is what helps make this program strong," said Dr. DeMoss, joining the president in praising the department's effort.

"The BSN degree program underwent a thorough review by the league," said Dr. Betty Porter, chair of the Department of Nursing and Allied Health Sciences. "Our faculty/staff worked hard and it paid off for them," she added.

"The site visitation team was very complimentary of our campus resources, especially the technology resources," Dr. Porter said. "We also received high marks for the range of clinical experiences, the curriculum and the students' comprehension of nursing concepts," she said.

MSU's BSN degree program offers two options:

- The generic track, a four-year program for students who plan a traditional pursuit of their degree.
- The R.N. track, providing registered nurses with an associate degree or diploma the opportunity to earn a bachelor degree in two years and to work full-time while completing their degree.

(MORE)

Currently there are 120 students enrolled in the BSN degree program. The curriculum combines nursing theory classwork with clinical experiences and even includes a research focus. It also gives students a foundation for graduate level study.

Clinical experiences begin in the sophomore student's fall semester and continue throughout the program. Students work in a variety of health care settings. Among these are hospitals, homes, health departments, ambulatory care centers, schools and geriatric agencies.

The baccalaureate program contains seven areas from which seniors may take additional work: care of the adult, pediatric nursing, childbearing/family care, mental health nursing, community health nursing, gerontology and critical care nursing.

"Our curriculum prepares students for roles in practice, leadership, management and community health nursing," Dr. Porter said.

Besides the main campus program, the full curriculum for the R.N. track is available at MSU's Big Sandy and Ashland Area Extended Campus Centers.

In addition to the baccalaureate nursing program, MSU also has a two-year nursing degree program and provides an extensive continuing education component for nursing and allied health sciences personnel.

Nov. 15, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's co-ed varsity cheerleaders and the all-girl squad placed first in the preliminary round and will compete in the National College Cheerleading Championships in Florida early next year.

The competition, sponsored by the Universal Cheerleaders Association, will be held in the MGM Studios in Orlando, Jan. 10.

MSU's co-ed squad will be defending its title in Division I while facing competition from 14 other schools including George Mason University, Sam Houston State, Austin Peay, University of Delaware and Murray State University.

Having won the national title seven times, the co-ed squad were first place finishers in 1988, 1991, 1992, 1993, 1994, 1995 and 1996.

The all-girl squad will be making its third appearance at nationals where they will compete against such schools as Southern Connecticut and Fairmont State University in West Virginia.

Also placing in the qualifying rounds were three partner stunt duos: Christian Galeski, New Burn, N.C., junior, and Sharon Bolt, Morehead junior; Adam Springer, Castalia, Ohio, senior, and Shay Whitehead, Lexington junior, and Promise Herman, Centerville, Ohio, sophomore, and Dan Quick, Dayton, Ohio, senior. Twenty-five couples will compete in this category.

Additional information is available from Myron Doan, MSU cheerleading coach, at (606) 783-2014.

MOREHEAD STATE UNIVERSITY

UPO BOX 1100

MOREHEAD, KY 40351-1689

606-783-2030

Nov. 15, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's Board of Regents today approved the awarding of honorary doctorates to a health care professional and to an artist/writer at the University's Winter Commencement on Dec. 14 at 10:30 a.m. in MSU's Academic-Athletic Center.

An honorary Doctor of Science degree will be conferred on Susie Halbleib of Morehead, a registered nurse who for nearly 50 years has assisted Dr. Louise Caudill as medical pioneers in Eastern Kentucky. The honorary Doctor of Humanities degree will be conferred on Morgan County native Helen Price Stacy, who is recognized as a journalist, artist, poet, author and genealogist.

Halbleib, a native of Louisville, has not only assisted in delivering more than 8,000 babies, but also has managed Dr. Caudill's family medical practice, working side-by-side with her to promote the development of St. Claire Medical Center as a regional health care facility and in numerous other community causes. A respected medical professional in her own right, Halbleib has strongly supported allied health education programs at MSU and been a champion of women's health issues.

Stacy is a feature writer and columnist for several Kentucky papers and was among the original 16 Kentucky Heritage Artists selected to exhibit their works in Washington, D.C., and throughout the Kentucky State Parks System. A self-taught writer and painter, she is the co-author and author, respectively, of both volumes of "Morgan County History" and her paintings regularly appear in various traveling exhibits of Appalachian artists. She is one of the founders of the Morgan County Sorghum Festival.

Additionally, the regents were presented with a report on the institutional scholarship program which showed that during the past academic year, the University had awarded nearly \$2.4 million of its own funds to 1,306 students. Eight-seven percent of these awards go to in-state students, 74 percent of whom are from MSU's service region. The institutional scholarship program does not reflect scholarships from the MSU Foundation, private donors or athletic scholarships, but represents money allocated by the University to the program.

In other business, the regents accepted various fiscal reports, including the 1995-96 audits (external and internal), the 1995-96 fourth quarter and the 1996-97 first quarter financial statements.

With final fall enrollment figures of 8,344 students, MSU President Ronald G. Eaglin told board members that he believed MSU's enrollment decline had "truly bottomed out and that next year we will begin moving toward our goal of 8,700 students."

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---The Residence Hall Association at Morehead State University is encouraging everyone to participate during its Third Annual Random Acts of Kindness Week, Nov. 18-22.

The week is dedicated to doing good deeds for others, according to Danielle Kiser. **Sardinia, Ohio**, senior, who along with Sabrina Johnson, **Virgie** junior, are serving as co-chairs of the RHA committee.

"We wanted to do things that would help the community," Kiser said of the scheduled five day program.

Activities for the week include:

Monday, Nov. 18, From 11 a.m. until 2 p.m., you may purchase a "Smile-O-Gram" on the second floor of the Adron Doran University Center. Have a "Smile" sent to someone on campus to let them know you are thinking about them. The cost is 50 cents or a can of food to benefit the Rowan County Christmas program.

RHA is encouraging everyone to attend the basketball game when the Eagles take on the Yugoslavian Club Team and support the "Kids Koats" program by making a donation of a child's coat. The game gets underway at 7:30 p.m. in the Academic-Athletic Center. Participating will mean an opportunity to enter a raffle and win a door prize.

Tuesday, Nov. 19, It's "Teddy Bears for Tots." Boxes will be located in each residence hall to collect teddy bears. The toys will be given to local police, fire and life squad departments for children who find themselves in emergency situations.

Wednesday, Nov. 20, "Smile-O-Grams" again will be sold from 11 a.m. until 2 p.m.

Thursday, Nov. 21, An AIDS Awareness Program will be held in Button Auditorium, beginning at 7 p.m. An educator from AIDS Volunteers of Lexington will make the presentation along with a person who has tested HIV positive. In conjunction with the World AIDS Day Celebration, students who are members of Question Spot will assist with the program.

Concluding the evening will be an '80s dance in Button Drill Room. There is no admission charge and door prizes will be given.

Friday, Nov. 22, The RHA will sponsor a Thanksgiving Dinner in the basement of Fields Hall, beginning at 5:30 p.m. Later in the evening, everyone is encouraged to bring a teddy bear and cheer the Lady Eagles as they take on the University of Cincinnati Bearcats. The match begins at 7:30 p.m. in the Academic-Athletic Center.

Additional information on the program is available from Kiser at (606) 783-4249 or Johnson at 783-4327.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University President and Mrs. Ronald G. Eaglin will host a "Holidays Past" dinner party on Friday, Dec. 13, at the Adron Doran University Center.

Reservations are now being accepted for the annual holiday dinner party which begins with a social period at 6:30 p.m., followed by dinner at 7:30 p.m. As the name implies, this year's festive event will evoke special memories from holiday dinner parties of the past.

"This dinner party has long been a tradition on the campus," Dr. Eaglin said. "Mrs. Eaglin and I look forward each year to greeting friends of MSU, not only from campus, but from the region as well," he added.

Tickets for the \$17.50 per plate dinner must be purchased and picked up by 4:30 p.m. on Friday, Dec. 6, according to Susette Redwine, co-chair of the dinner party committee. Reservations may be made for table parties or individuals by calling (606) 783-2071.

Dr. Charles Derrickson, former dean of MSU's College of Science and Technology who recently retired as president of the former Lees College, will serve as master of ceremonies.

The dinner entree will be Beef Wellington accompanied by roasted new potatoes, roasted carrots and holiday salad with a "snowball" for dessert.

Music in keeping with the holiday theme will be provided throughout the evening by MSU student ensembles.

The holiday dinner party committee also includes Al Baldwin, co-chair, Dora Ahmadi, Dr. Bob Albert, Yvonne Baldwin, Kelli Barhorst, Roger Barker, Sandy Barker, Jean Besant, Larry Besant, Dee Biebighauser, Bonnie Eaglin, Ruth Ann Harney-Howard, Dr. Bill Layne, Nell Mahaney, Sandy Norden, Betty Philley, Roma Prindle, Dr. Robert Pritchard, Janet Ratliff, Jean Serey, Dan Shute, Vanessa Weikel and Joan Whitworth.

Nov. 19, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's College of Business will offer a two-day workshop on Friday and Saturday, Jan. 10-11, to prepare individuals for the Graduate Management Admissions Test (GMAT).

The workshop will run from 6 to 10 p.m. on Friday and on Saturday, from 9 a.m. to 6 p.m. in 211 Combs Building on the campus. A continental breakfast will be available from 8:30 until 9 a.m. on Saturday.

The registration fee is \$80 for those who register prior to Dec. 6, and \$100 for those who register after that date or at the door if seats are available. A GMAT book is required and may be purchased at the MSU Bookstore or at the opening session of the workshop.

The course will include completion of an actual GMAT exam and 12 hours of classes. Janet Ratliff will be the workshop instructor.

The GMAT test, a requirement for full admission into the MBA program at MSU, will be given Jan. 18. Anyone wishing to enroll in the MBA program in the spring will need to complete the test in January if they have not already done so, according to Dr. Sherri Kae, MBA coordinator.

Additional information about the workshop and registration are available from Dr. Kae, at (606) 783-2183. Her office is located in 215 Combs Building.

Nov. 19, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University's Institute for Correctional Research and Training (ICRT) is broadening its mission while continuing to provide training services to organizations in the field of corrections.

"Since the ICRT began, MSU has been assisting the region in educating personnel in area prisons with problems dealing with corrections," said Dr. Roberto Hugh Potter, who joined the University's staff as director of the institute in August. "With the expertise of our faculty members, we now will offer prevention along with corrections for juveniles and adults.

"We want to assist organizations in the area in addressing problems which they are capable of solving," Dr. Potter said. Prevention includes a wide range of settings besides crime; prevention of harassment, assault and bullying, also are included, he added.

One of the best ways of addressing the situation is to offer preventive measures as early as possible, Dr. Potter said, citing the workplace, educational settings and court system as areas where precautions need to be put in place.

Housed within MSU's Department of Sociology, Social Work and Criminology, the ICRT serves as a resource for justice-related organizations by providing practical solutions to identified needs. "We are client-focused," Dr. Potter said. "Once a problem has been identified, we will then develop a needs assessment and offer technical assistance and training to establish a workable solution." The staff will assist in grant writing and outline a means of measuring the outcomes based on cost-effectiveness and efficiency.

Dr. Potter, who has more than 15 years experience in the planning and evaluation of applied prevention and corrections programs, came to MSU from the University of New England in Australia, where he was coordinator of the graduate diploma in criminology and a lecturer in sociology for the past six years. He is a former director of evaluation and research and information systems for Families First, a child service and family counseling center in Atlanta.

A Florida native, Dr. Potter earned his Ph.D. degree in sociology with an emphasis in deviance/criminology, social psychology and organizations from the University of Florida at Gainesville. He received his M.A. degree from UF in sociology and a B.A. degree in sociology and psychology from University of South Florida at Tampa.

(MORE)

A prolific writer, Dr. Potter has had works published in professional journals and magazines as well as refereed journals. A frequent program presenter at conferences in the U.S. as well as Australia, he also has taught at Clayton State College, Emory University, St. Leo College, DeKalb College and UF.

Besides his specialty in the areas of community and alternative corrections, Dr. Potter has an international reputation in victimology and crimes in educational institutions. His training background includes uses of evaluation research techniques as they relate to management of organizations in the corrections area, especially non-profits.

Dr. Potter's interest in the field began while he was a graduate student, working on a project that allowed him to mix theory with problem solving. He sees the ICRT as offering MSU students the unique opportunity of training in theory and technical support. "We can help the community while maintaining a solid academic standing," he said.

Joining Dr. Potter in work with the institute will be three new assistant professors in the department:

Dr. Paul J. Becker whose experience has been in the juvenile and probation field. He has done research in community corrections, gangs and hate groups, sentencing, crime in cyberspace and corporate crime.

Dr. Nancy Hogan who has more than 13 years of experience in probation and parole, prisons, substance abuse and traffic safety. She has given training programs in such areas as HIV/AIDS policy and program development, use of force by corrections officers and ethics in corrections.

Dr. Rebecca Katz who has more than a decade of experience as a practicing therapist in the areas of substance abuse, mental illness, sex offenders and survivors of sexual abuse. Her research has centered in delinquency prevention, substance abuse and women's corrections. She is a member of the Juvenile Services Review Board for Southeastern Kentucky.

The University's ICRT was established in 1990 through appropriations by the general assembly. Additional information on its services is available from Dr. Potter at (606) 783-2253.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Morehead State University has won two awards in graphic design.

MSU won a first place award from the National Association of Campus Activities' (NACA) Great Lakes region for 1996-97. Taking top honors in the judging was a multi-color poster of the Student Government Association and Student Activities Council "Spring Calendar of Events."

The "1996 Appalachian Celebration" poster won a second place award in the Kentucky Festivals Association competition in division II, three-colors-or-more category.

The winning entries were designed by Dan Shute, MSU's graphic designer.

Shute, who joined the MSU staff in early 1995, is responsible for designing publications for all areas of the University. He has done freelance work, including layout and three-dimensional presentations, for a number of organizations. Earlier this year, he won an Award of Excellence from District III of the Council for the Advancement and Support of Education (CASE) for redesigning a newsletter.

A graduate of Marshall University, Shute is a native of South Point, Ohio.

MOREHEAD, Ky.---Morehead State University's Office of Non-Traditional and Commuter Students wants children of college students to have something special during the holiday season.

Again this year an "Angel Tree" will be available in the office, located on the first floor of the Adron Doran University Center. Anyone who wishes to participate may stop by and take an angel from the tree. The back of the angel will list the needs and sizes of a particular child. Purchases may then be dropped off at the office.

"To preserve confidentiality, we will assume the responsibility for seeing that the gifts are delivered to the children," said Jacquelyn H. Scott, non-traditional and commuter student coordinator.

Additional information on the angel tree is available by calling (606) 783-2102.

MSU STUDENTS TO GIVE NATIONAL PROGRAM

Four Morehead State University students and their teacher will present a workshop at the National Association for the Education of Young Children annual conference in Dallas, Texas, on Nov. 21. The students will present a one-hour session entitled "Learn how to debrief children during and after investigative play activities: a key to developing higher level thinking and performance." Giving the workshop will be, from left, Becki Brown, **Crescent Springs** senior; Kendra Rase, **Minford, Ohio**, senior; Karen Hammons, assistant professor of education and the students' adviser, and Samantha Murphy, **Fairborn, Ohio**, senior. Also assisting with the workshop, but not in the photograph, is Karen Roberts, Lexington senior. The four students are all early elementary education majors. More than 30,000 teachers and professional educators are expected to be in attendance at the convention.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Dr. Sheryl Kae, Morehead State University assistant professor of management, recently was selected to be a member of the 1997 class of the Kentucky Women's Leadership Network (KWLN).

Dr. Kae, who is coordinator of the University's Master of Business Administration (MBA) program, came to MSU in 1993. She has made numerous presentations at conferences including the Southern Management Association and is a member of the Academy of Management, Midwest Academy of Management, and Southern Management Association.

She received her Ph.D. degree in business administration from the University of Kentucky and bachelor's and master's degrees from Illinois State University.

The KWLN is a statewide, non-profit organization committed to improving the personal, professional, economic and political status of women in Kentucky. The program combines continuing education in leadership development, information and discussion of major policy issues in Kentucky and exposure to a wide variety of business, cultural, educational and political leaders.

Since the network's founding in 1993, more than 100 women from across the state have graduated from the program.

MOREHEAD, Ky.---Four members of Morehead State University's Individual Events (IE) team placed sixth in competition at the Five Rivers Double-Header Speech Tournament in Tennessee, Nov. 14-17.

Held at both Carson Newman College in Jefferson City and Walters State Community College in Morristown, the event featured 30 schools from 10 states including five of the top 10 nationally ranked teams. MSU's team was one of three programs to have a finalist in each of the three speaking categories, limited-prep, interpretation and prepared speaking.

Individual accomplishments included:

*Amy Forman, **Morehead** junior speech/English major, placed fifth in persuasion at Carson Newman and sixth in poetry at Walters State. She is the daughter of Karen and Denver Forman.

*Tiffany Musser, **Burke, Va.**, senior English major, placed sixth in persuasion at both sites. She is the daughter of Lt. Col. Kenneth and Anita Musser.

*Amy Smith, **Florence** junior English major with an emphasis in speech/theatre, placed seventh in impromptu speaking at Walters State. She is the daughter of Robert and Ardella Smith.

*Jody Streible, **Hodgenville** sophomore speech major, placed sixth in extemporaneous at Walters State. He is the son of Joe Streible and Charlene Gaddie.

Nov. 22, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---To celebrate the holiday season, Morehead State University's OperaWorks will present the children's opera "Hansel and Gretel" by Engelbert Humperdinck on Thursday, Dec. 5.

The program, which will be performed in English, begins at 8 p.m. in Duncan Recital Hall. There is no admission charge.

This production is an adaptation of the opera by Roma Prindle, MSU assistant professor of music and OperaWorks director. "We have maintained the folk element of the opera and eliminated the heavier, Wagnerian aspects which are too demanding for our young voices," Prindle said. "Those sections have been replaced with dialogue which was written specifically for the people who play the lead roles," she added.

Prindle describes the performance as more of an operetta. "This will probably offend the purists but it will allow our young singers to gain valuable operatic experience without endangering their voices," she said, noting that it would make the opera more accessible to a wider audience.

The production will feature MSU music faculty members along with the students. They include: Jay Flippin, associate professor of music, will play the Witch with his countertenor voice; baritone Dr. Ricky Little, assistant professor of music, will appear as the father Peter, and Prindle, soprano, will play the role of the mother Gertrude. Larry Keenan, professor of music, will provide keyboard accompaniment. The musical director will be Scott Bradley, **Prestonsburg** senior, with Jennifer Hughes, **West Van Lear** sophomore, as the rehearsal accompanist.

Also participating in the program will be: Catherine Mullins, **Pikeville** senior, as Hansel; Kellie Napier, **Burlington** junior, as Gretel; Janelle Jordan, **Olive Hill** junior, as the Dew Fairy, and Kathy Liebig, **Warsaw** senior, and Janie Short, **Paintsville** senior, as Sandman.

Members of the chorus are: Darrin Conarroe, **Trenton, Ohio**, senior; Jennifer Drake, **Lawrenceburg** senior; Carrie Hegge, **Williamstown** sophomore; Missy McGhee, **Morehead** junior; Andrew Minor, **Morehead** senior; Tom Musgrave, **Lexington** senior; Amanda Sloas, **Morehead** freshman; Bowin Tichenor, **Eastwood** sophomore, and Shawn K. Wilson, **Ashland** senior.

Additional information is available from Prindle at (606) 783-2481.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Carolyn D. Taylor, Morehead State University associate professor of human sciences, recently was appointed to the American Association of Family and Consumer Sciences (AAFCS)/Marriott Initiative Working Group.

"This unprecedented public engagement campaign will focus on the importance of the first three years of a child's life," Taylor said. The group, sponsored by the AAFCS, Marriott and the Family and Work Institute, is designed "to help and inform families, to build the capacities of the organizations and agencies that serve young children and to bring about change through public education and community mobilization activities," she added.

A Kentucky Association of Family and Consumer Sciences early childhood representative, Taylor has served as the Kentucky voting delegate with the AAFCS for several years and has been involved in the organization since 1977. She was a voting delegate when the organization's name was changed from the American Home Economics Association to its present name.

Taylor was instrumental in implementing the Nanny Certification Program at MSU as well as other courses in child development and has authored several works on the subjects. She is a graduate of Glenville State College and MSU and has worked on doctoral studies in the area of educational administration/child development from West Virginia University.

MSU HOSTS MATH AND SCIENCE WORKSHOP

Morehead State University was the site of a recent workshop entitled "The Trunk of Knowledge," designed for math and science teachers who teach kindergarten through fifth grades. During the all day session, the teachers explored the life of a tree through use of sections of its trunk and discussed ways to implement this into their course work. The workshop was sponsored by MSU's Center for Community and Economic Development (CCED) and the Kentucky Wood Products Competitiveness Corporation (KWPC). Dr. Robert Boram, right, MSU associate professor of science and chair of the Science Education Committee for the Kentucky Academy of Science, was the program facilitator. With him are Joy Gooding, left, and Don Sundys, both of Fleming County Schools.

Lewis County Herald

Nov. 26, 1996

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Enrollment of first-time freshmen at Morehead State University is up 12 percent this fall semester over last year, and University personnel are attributing it to changes in the Office of Admissions.

"The changes have brought a lot of excitement and a lot of work," said Dr. Beverly McCormick, MSU's interim assistant vice president for enrollment management. The office will continue making improvements where needed, she added.

Everyone on campus is being affected, according to Dan Cornett, director of admissions. "We've involved the whole campus community," he said.

A majority of the changes have taken place in the area of recruitment. A new software system, the Enrollment Management Action System (EMAS), has been put to use to establish a more personal series of communications with prospective students.

The communication with the student takes place over an approximately 90-day period and includes phone contact from student telecounselors, personal correspondence and printed materials. Much of the recruiting is directed by Sandy Barker, assistant director of recruiting activities, and Michelle Richmond, assistant director of telecounseling. The day-to-day office work is being guided by Alene McGuire, assistant director for office operations.

Improving contact with potential students also involved making changes in the Search and Viewbook, brochures used to provide information to interested students. According to Dr. McCormick, the two brochures focus more on the important benefits of MSU, such as the personal atmosphere, the broad range of academic study, the many campus activities and the beautiful campus.

Other programs used in personalizing the recruitment process include: the Eagle Experts, which allows potential students and their family to tour the campus with a student guide; the Red Carpet Society, where potential students stay overnight in residence halls with host students while visiting campus, and family interview rooms, where admissions advisers can talk to students and their family without distractions.

Admissions
2-2-2-2-2

To further assist prospective students, MSU has added the Financial Aid Early Estimator Program. Coordinated by Mike Pennington, this program will calculate the amount of financial aid for which a student might be eligible.

Other programs have been implemented to assist in recruiting transfer and out-of-state students. This year, the University initiated a Dual Acceptance Program to make the transition from community colleges to MSU easier. Recruitment of out-of-state students is enhanced with the Tuition Assistance Grant (TAG).

There also has been a focus on retention of current students. "This is the first time ever we've had a unit to focus on retention," Dr. McCormick said. Lora Hardwick has been named coordinator for retention.

During their first semester, students are required to take MSU 101, which covers basic points of college life from library use to time management to campus activities. Upperclassmen serve as peer advisers in the class. This program, along with the telecounselors, the Red Carpet Society and the Eagle Express, all which utilize current students, provide the link that keeps students at MSU.

Anyone interested in checking out MSU's Office of Admissions may call (606) 783-2000 or 1-800-585-6781. The office is located in 306 Howell-McDowell Administration Building.

MSU ATTRIBUTES ENROLLMENT SUCCESS TO ADMISSIONS CHANGES

According to Morehead State University officials, first-time freshman enrollment at the University is up this fall over last fall, a fact that some say may be attributed to a restructuring of MSU's Office of Admissions. Major changes involved realigning the responsibilities of the office's personnel, using a new recruiting software system and focusing on several additional recruiting tools including daylong and overnight campus visits, transfer and out-of-state assistance programs and a financial aid estimator program. Those involved in the changes included, front row from left, Lora Hardwick, coordinator of retention, Sandy Barker, assistant director of recruiting activities; and Dr. Beverly McCormick, interim assistant vice president for enrollment management. Back row from left, Mike Pennington, admissions counselor and coordinator of the Financial Aid Early Estimator program; Alene McGuire, assistant director for office operations; Michelle Richmond, assistant director of telecounseling, and Dan Cornett, director of admissions.

FOR IMMEDIATE RELEASE

WEST LIBERTY. Ky.---The Board of Advisors for Morehead State University's Licking Valley Extended Campus Center will meet at noon on Thursday, Dec. 5, at the center. The meeting is open to the public.

The agenda will include a discussion of state Rep. John Will Stacy's proposal for a joint MSU-University of Kentucky venture to support a business development center in West Liberty. Officers for the upcoming year will be elected also.

Reports are expected on pre-registration for spring semester and the fund raising campaign for the community education grant's matching funds.

Additional information is available by calling Dr. Jonell Tobin, center director, at 743-1550 or 800-648-5371.

FOR IMMEDIATE RELEASE

MOREHEAD, Ky.---Time is running out to purchase tickets for Morehead State University's "Holidays Past" dinner party on Friday, Dec. 13, in the Adron Doran University Center.

Hosted by MSU President and Mrs. Ronald G. Eaglin, the 7:30 p.m. dinner will be preceded by a social period which begins at 6:30 p.m.

Tickets for the \$17.50 per plate dinner must be purchased and picked up by 4:30 p.m. on Friday, Dec. 6, according to Susette Redwine, holiday dinner party co-chair. Reservations may be made for table parties or for individuals by calling 606-783-2071.

The 24-member committee, co-chaired by Redwine and Al Baldwin, has planned special entertainment and decorations which will evoke memories of holiday dinner parties over the years.
