FOR IMMEDIATE RELEASE

PIKEVILLE, Ky.---Morehead State University's Big Sandy Extended Campus Center in Prestonsburg will be the site of a workshop, "Making the Most of Federal and State Governmental Contracts," presented by the Kentucky Cabinet for Economic Development on Tuesday, July 15, from 8 a.m. to 12:30 p.m.

Co-sponsoring the workshop are the U.S. Small Business Administration, MSU's Small Business Development Center in Pikeville, Dayton Electronic Commerce Resource Center, Kentucky Commission on Military Affairs and the U.S. Defense Logistic Agency.

The workshop will prepare local firms to compete for contracts from U.S. government agencies--the largest market for goods and services in the world.

There is a giant market waiting to be tapped by Eastern Kentucky small businesses and that market is right in their own backyard, according to state economic development officials.

Seminar participants will learn how to compete for contracts from such places as the U.S. Army Corps of Engineers' Dewey Lake and Fishtrap Offices, the U.S. Postal Service's Pikeville office and the state's Finance and Administration Cabinet. They will also see a demonstration on how to use a computer and modem to spot contracting opportunities from their place of business.

"Making the most of Federal and State Government Contracts" is a basic contracting workshop for experienced government contractors and for business representatives who know very little about doing business with federal and state government.

Attendees will learn the latest rules of contracting, the "ins and outs" of selling to federal and state agencies, how and when credit card purchases are made, how to search the Internet for contracting opportunities and the free resources that you can tap to help with the paperwork of government contracts.

The registration fee is \$10 and pre-registration is required. Those interested in participating may register by calling the SBDC in Pikeville at (606) 432-5848.
