Stock Weigher---

mental as usually when a scale is wrong it is to the detriment of the seller.

There are many things that can be wrong with a set of scales that can be detected only when accurately tested. Remember a scale should weigh accurately when a weight is on a corner or whether in the center. Rust, dirt, excess amounts of oil and many other things will slow up the scales and will therefore be against the farmer.

The State Inspectors also have the privilege of reweighing live stock in any of the stock yards. The next time you sell some live stock go to the scale house and either go inside or look through the window and watch the weighman weigh your live stock. He is supposed to weigh it to the nearest five pounds. Your live stock has not been properly weighed until the beam is as close to the center as possible and standing still. If it is moving you do not have the accurate weight and may be from 10 to 15 pounds off.

Your live stock is usually weighed slightly in favor of the buyer because that seems to be an established custom among all weighmen. On a five pound test, if the weight the odds are against you live stock borne exactly on the even or five weight.

If the Kentucky farmers will study their own marketing problems more and insist on their lawful rights, they can win the increased many hundreds of thousands of dollars yearly.

It is hoped that every school will be gathering together all the toys that have been discarded in their schools and that any made in the schools will be donated to this sale.

834 Jobs Open In U. S. Army Air Corps

There are 834 more jobs open in the United States Army Air Corps, according to W. H. Curreton, Lt. Col. F. A. of the Army Recruiting Service.

The War Department authorized yesterday that number of three-year enlistments as an additional preparedness quota.

Men enlisting for the Air Corps ground units must have a high school education or its equivalent, or else a journeyman's rating in a mechanical trade.

These are exceptional opportunities, it is said, because while no definite promise is made by the Army authorities, a number of the men enlisting may be given special training in motor and aviation mechanics.

Men enlisting now will be sent to Patterson Field, Dayton, Ohio.

TO MY FRIENDS IN THE EDUCATIONAL DIVISION NO. 3 COMPOSED OF MALDEMAN, HAYES, PLANK, PINE GROVE, AND CRANSTON PRECINCTS

I wish to announce my candidacy for a member of the Rowan County Board of Education.

I have always been interested in the welfare of the schools of this county.

I have been a teacher in the county and have children in school now.

I am particularly interested in the division in which I live. My home is on Holly. My postoffice is Triplett.

I have been favorably impressed with the record made by the Rowan County Board of Education and I favor the continuance of the present administration.

If elected I pledge to the people of Division No. 3 an honest, impartial term with the welfare of the schools and the community always uppermost in my mind.

Respectfully,  
RAY WHITE

ing and entering was tried and convicted on a charge of stealing from a common carrier. He was given four years on this charge.

Howard Kegley and Frank Stone of Carter County were indicted for the murder of Herman Clark, also of Carter County. This case was continued until the third day of the next term of court.

The Grand Jury is made up of the following members who turned in the following report:

S. T. BAIR, A. D. Johnson, A. Lowe, Jesse Jennings, Everett Hyatt, Ivan Reynolds, Neal Caudill, Felix Davis, Leslie Barnett, W. L. Sambert, Clell Jones, John Grayson.

GRAND JURY REPORT

October 15, 1940  
Hon. W. Bridges White,  
Judge of the Rowan Circuit Court

For our final report herein, we

TO THE PEOPLE OF EDUCATIONAL DIVISION NO. 4, COMPOSED OF PRECINCTS MOREHEAD NO. 7, MOREHEAD NO. 18, AND DRY CREEK NO. 14.

I am announcing my candidacy for a member of the Rowan County Board of Education.

I feel that the Educational Program of the county has been ably promoted by the present administration and I elected to propose the continuance of these progressive policies.

My sole interest as a member of the Board of Education, if elected, will be the improvement of the educational facilities in my Division and the welfare of the school system of the entire county.

I feel that I am especially aware of the particular needs of my section of the county, and I pledge my untiring efforts toward the accomplishment of these aims.

Sincerely,  
CLYDE WHITE

The Grand Jury, wish to state that we have diligently inquired into all the crimes that have been brought to our attention. We have spent much time on investigations that did not develop into a case where a true bill could be returned against anyone. We have returned forty-eight indictments and we believe that the Commonwealth will be able to secure convictions in a great majority of these new true bills.

We have examined the City Hall conditions existing there be remedied by the City Council before the next term of this Rowan Circuit Court.

The court house is badly in need of repair and painting and we suggest that the fiscal court take immediate steps to remedy this condition. We find that the county jail is in good shape as well as the County Superintendent's office and the Public High School.

We have followed the instructions given us and have investigated the driver's of our school buses and we wish to state that they have complied with all necessary requirements set up by law.

We wish to recommend, howev-

TO THE VOTERS OF EDUCATIONAL DIVISION NO. 2, COMPOSED OF FARMERS NO. 2, FARMERS NO. 11, MARYKAY NO. 13, AND PIERCY NO. 3 PRECINCTS

I wish to announce my candidacy for a member of the Rowan County Board of Education.

I have been a life-long resident of Farmers, Rowan County, Kentucky, and have at all times been vitally interested in our public schools.

I feel that our schools have made rapid progress in the past few years.

I heartily indorse the present administration and it will be my purpose to help carry on the good work which is under way at the present time.

If elected, I pledge to the people of Division Number 2, my honest and sincere efforts in behalf of the school children of Rowan County.

Respectfully,  
FRED CALVERT

er, that in fairness to the public in addition to the equipment now on these buses that they add a stop sign which will protrude from the left of the bus and notify everyone to stop at once.

We wish to thank the Court and its officers for their cooperation with this Grand Jury.

time. School terms were shortened from nine to six or seven months. And yet in the six years from 1930 to 1936, stimulated by "Back to School" drives and NEA "under 14" code provisions, the high schools had to make room for 1,600,000 additional students--sixty percent more than the increase which the schools had to provide for in the prosperous six years prior to 1929.

More schools and more teachers were needed, but communities found it difficult even to pay their teachers, to keep open the schools for a regular nine months' term, or to repair the schools they had.

The colleges and universities were affected by the depression in an entirely different manner. Because of the expense of a college education, their problem was one of decreasing rather than increasing enrollments. After years of rapid growth, enrollments declined by approximately ten per cent between 1932 and 1934. More than

100,000 young people were compelled to abandon college careers not from lack of scholastic ability but entirely because they lacked the necessary funds. Either their parents' income had been cut, or scholarship funds (dependent upon investments) had dried up, or they hadn't been able to find the usual odd jobs in the college community because those jobs had been snatched up by older people who had been thrown out of work.

Marriage Announced

Mr. and Mrs. Roy Venicil wish to announce the marriage of their daughter, Miss Edith Venicil to Ora L. Cline, son of Mr. and Mrs. R. W. Cline of Haldeman. The ceremony was performed at the home of the brides cousin, Miss Anna Jane Day at Frankfort, Ky. Saturday evening, October 12. The bride wore a blue suit with blue and white accessories and a corsage of white roses. The room was beautifully decorated with cut flowers in form of an altar covering one end of the room and lighted with gaudies. The only attendants were Miss Anna Jane Day and Mollie Holbrook. Miss Day wore blue and white with corsage of yellow roses. The ceremony was performed by the pastor of the Methodist church at Frankfort, Mr. and Mrs. Cline will make their home with the bride's parents until their home is completed east of town on U. S. 60.

Mrs. W. H. Rice Receives Credit

Much credit is due Mrs. W. H. Rice, chairman of the AAUW, in the way that she is working with the teachers, both rural and consolidated. Mrs. Rice receives no salary for the work she does and donates all her time and energy so that the children may have art materials with which to work. It has taken a great deal of time to gather these donations for these White Elephant Sales, and prepare for these sales. The teachers and students appreciate the work done by Mrs. Rice and other members of this branch of the AAUW. There was a marked improvement in the art exhibits at the Fair this year and this we attribute to the interest of these people who are working so hard for the good of the schools. The teachers especially worked faithfully in this sale.

"What you Americans call 'the gag,' no?" FOREIGN VISITORS in America find it hard to believe scenes like this. They think such things are deliberately arranged to impress them. They cannot believe it happens every day in every state in the Union. Well, it is something you won't see anywhere in the world except in America. For only in America does the working man enjoy a standard of living that permits so many employes to roll up their jobs on the wheels of their own automobiles! What our foreign visitors fail to understand is that in America people go up as prices go down. For we're quick to reflect improved conditions, quick to step up to better living when lowered prices make it possible for us to do so. Take electric service. Each year America enjoys a rapidly increasing number of the good things electric service buys. This is possible because rates have been reduced to about 50% of what they were ten or twelve years ago. And because, with our modern rates, the dollar buys twice as much electricity as used to, millions of people can escape from the monotonous drudgery of housework, are free to enjoy more leisure time, can taste to the full the joys of better living. We of the electric industry have worked hard to free the factory worker from manual labor, and homemakers from hard work - to put such things as easy washing, cool ironing, good lighting within the reach of every family. We pledge ourselves to continue our work of bringing to you the means of better living at lower cost. KENTUCKY POWER & LIGHT COMPANY
