College Arranges A Lyceum Number Of Unusual Merit

November 11 Date For First Lyceum Of Years, Says Peratt

A lyceum of unusual merit has been booked by authorities of Morehead State Teachers for the evening of November 11th, according to C. E. Peratt, chairman of the committee.

(Continued on Page 4.)

"Children In A Democracy" Topic Of Discussion

"Children in a Democracy," will be the topic of the first meeting of the Washington, D. C. who will speak to members and friends of the Kentucky Society for crippled children at the sixteenth annual meeting to be held Thursday, November 14, in the Phoenix Hotel, Lexington.

According to Mr. H. V. McChesney, president of the Society, the luncheon meeting will feature Dr. Hood, director of the Crippled Children's Division, Children's Bureau, United States Department of Labor. Dr. Hood has immediate supervision of the administration of that part of the Social Security Act relating to Federal grants to the States in enabling them to extend services to crippled children.

The Society this year holding its annual meeting of the opening day of the Kentucky Conference of Social Work, will jointly sponsor the luncheon with the Fayette County Council of Social Planning.

Three Louisvilleans scheduled to speak the morning conference are Miss Marian Williamson, Director, Kentucky Crippled Children, E. W. Palmer, Kingsport, Tennessee.

Claims Smokers Are Overcharged

Numerous Kentucky cigarette smokers are being charged an extra penny on their 10c brands of cigarettes due to the illegal practice of some retailers in selling such brands for 12c with only 10c state tax stamp affixed to the package, according to an announcement today by Revenue Commissioner, Clyde Reeves. The state tax on each package of cigarettes is 1c for each 10c or fractional pack.

Clyde White, Ray L. White And Fred Calvert Named To School Board Favoring Present Administration; Clarrance Allen Wins Mayors Race

Roosevelt Takes 38 States As Returns Near Completion

President Definitely Captures Electoral Vote Of 449

President Roosevelt's unprecedented third-term victory in the presidential election today assured the nation that the Government's present national defense and foreign policies would be continued in the face of a war-torn world.

In spite of rainy weather which fell intermittently through the day, an unusually large number of votes were cast in this county as well as over the nation in Tuesday's general election.

1238 votes were cast in Rowan County in the presidential race with President Roosevelt receiving a majority of 350. "Happy" Chandler, led the ticket in this county receiving a majority of 357 votes over his opponent, Walter B. Smith from Somerset.

Joe B. Bates, incumbent Congressman, received a majority of 355 votes over Clell Hayes, Republican opponent from Ashland.

All of the above candidates, successful in this county, were swept into office by substantial majorities throughout their district.

A Change In Our Philosophy Needed

There must be a change in fundamental attitude from the day when the boy worked in the corn field to help support his family to the day when his own grandson winter in Miami and entertain four nights a week with Scotch and soda to relieve the boredom.

Mr. Hagan, tilting his address "You're!" drew most of his remarks from a pamphlet of that name written by Dave Colcord. The address drew a comparison between the mode of living forty and fifty years ago with that of today, lamenting the rapid change.

Discussing the change Mr. Hagan asked, "What principle of living has gone out of our lives today that actuated the men of former generations who built that which we now enjoy?"

"A man who has been possessed with the vicious modern philosophy of abundance without effort is beyond hope until he changes his attitude," the speaker said.

"It is no longer a disgrace to get in debt. You may have your property plastered with a first a 10 second mortgage, your insurance policy borrowed to the limit, your furniture and automobile in hook, your next month's income booked as well and you may have used this money for pleasure."

"This year more than ever we are interested in production. An

(Continued on Page 3.)

I have always been a great fellow to get a laugh at the expense of someone else. One time in Cincinnati a friend and myself had a fellow taken to the Asylum where he stayed for two days and has an awful time getting out. Only last week I almost got a man shot, and Saturday night a fellow tried with some force to put his fist down my throat and I had my mouth closed. Result: Five stitches in my upper lip. I'll never forget the old negro servant that belonged to the Strodes. His name was "Ez" and he was always asking for a pipe full of tobacco every day he rubbed on his powder and it almost blew his head off. I have been very fortunate up until last week. This county is getting along fine. Twenty-five years ago not one of us had heard of Sinus trouble and now most of us have it. I will make a wager that if all the sticks were laid end to end that Dr. has poked-up Mrs. Ted Crosswhite's and my nose they would reach from here to Farmer and back. And the wads of cotton I emptied from an aeroplane over Morehead half of our towns people would think it was snow and start calling Billy E. to know why the gas pressure was so weak. I often wonder if Grandma (bless her heart) were still alive she would be wondering what she would say. I know exactly that she would recommend Mutton tallow and would be rubbed on her forehead every night. I do not think that we are finding more things wrong with us. I just think that we are running out the old fashioned remedies that we used to take. For instance: if someone had told Grandma that we could get in town Center Oil that did not have any taste to it she would have said "drat it." That is some of that brought-on stuff, and its no good. Go down there and get that bottle. Bring Flem and Russell back with you to hold him and you will miss it with a little cough and with sugar in it. Grandma was great for tobacco leaves to draw out poison. I have had stone-brushes on my heels that felt like Niagara Falls. I felt like twenty African Tigers had their teeth in it. Grandma would always apply the tobacco leaves that sit for an hour to the stone-brush. I know that I would think it would surely draw my brains out. Grandma knew her stuff.

(Continued on Page 4.)

Road Signs Will Advertise The City And M.S.T. College

Constructed By N.Y.A.: To Be Erected Here

Rowan County motorists will soon see their town and college advertised along the road no matter which road they take.

Under the direction of Vennie Caudill, Morehead graduate in charge of the NYA unit on the Morehead State College campus, four large signs are being constructed to be placed on the highway leading along Morehead. The signs will be five feet tall by six feet wide and will be placed five miles outside of the city.

Each sign will be placed from Morehead "Biggest Little City in Kentucky" Home Of Morehead State Teachers College. A sign is to be placed five miles east of Morehead toward Ashland, five miles west toward Lexington, five miles north toward Flemingsburg, and five miles south toward West Liberty.

"Battle Royal" Anticipated Sat. In Morehead - Hilltoppers 2 P. M. Battle

"If it's a cool day, even with a squad of eighteen, the Western game is a day."

Ellis sighed again as he thought of the battle of Eagles here to stem Western's Hilltoppers at Morehead, Saturday. Injury, army call and job have wrecked havoc with the Blue and Gold this season.

Things Looked Bad On Old House Creek - So

Things didn't look so well to Working with her pupils and their families she procured lumber from an abandoned saw-mill near Old House Creek, and presto: "A nest little kitchen came into being. A section of the room was set aside. Appeal to the WPA made possible the services of Lizzie Williams Francis, colored cook and a former cook for Howard Payne. The good merchants of Morehead donated tin cups, knives, forks and plates. A stove came to the school, gift of an unidentified donor. No longer do the children go hungry. Some food is given each day by the WPA. The rest is brought by the more fortunate children.

"I wonder each day from where the next day's supply is coming, but it is always there," Mrs. Cecil sighed.

Mrs. Cecil cited her experiment as both "social and academic" as there is a much better feeling among the pupils now. Formerly many of them wouldn't eat together. "Now they do," she said.

"Without exception, the fathers of the thirty-four pupils represent the farmers. All eight grades are represented. Of the thirty four to finish the eighth grade few will attend high school.

"It is a step, we believe in the right direction."

Morehead State Teachers College Some Plausible Reasons For Our Educational Waste

MSTC Talk To Parade At Maysville Monday

The MSTC band will travel by bus to Maysville Monday, where they will participate in a parade program, with a parade at ten-thirty in the morning.

The Maysville High School band was hurt over in a practice session and biggie corps will also perform at the celebration.

Navy Recruiting Officers To Be In Morehead Friday

The Naval Recruiting Station has announced that they will have a representative in Morehead on Friday and Saturday, November 8 and 9, for the purpose of enlisting men in the Naval Service of the United States.

Mrs. Pearl Cooksey Suffers Broken Hip

Mrs. Pearl Cooksey suffered a broken hip when she fell last Saturday at her residence. She was taken to an Ashland hospital.

Tabulated Precinct Votes Of County

Table with columns for Precinct and candidates (Roosevelt, Willkie, Chandler, Smith, Bates, Hayes, Gregory, White, Hall, White, Johnson, Calvert, Allen, Maggard) and rows for votes.

Future Farmers of America

The Morehead Future Farmers gave the chapel program before the student body of the Public School on Thursday. The appearing on the program were Rufus Flannery Bill Stidum, Billy Turner and Rodney Johnson.

In the near future the FFA boys will paint the inside of the school building. The boys are interested in improvement projects in their work and this year we are starting at home. We are all grateful to the Morehead Parent Teachers Association for furnishing the paint to improve our school building.

This year more than ever we are interested in production. An

(Continued on Page 3.)

The Task Ahead

Dr. J. B. Holtzclaw, Morehead State Teachers College

As these lines are written by the author three days yet remain before the election. By the time they are published the election will have become history. The willingness of the minority to acquiesce in the decisions of the majority has always been a characteristic of American democracy. If there ever was a time when this willingness should be thoroughly manifest it is now. To continue the bickering and mud-slinging beyond the campaign could prove fatal to our democracy.

34th Annual Christmas Sale Underway; Anti-Tubercular Campaign

This is the thirty-fourth annual Christmas Seal Sale held in the United States. The sale of Christmas Seals furnishes the funds used in the campaign against tuberculosis in about fifty other countries, as well as to prevent tuberculosis in the United States.

How to prevent tuberculosis is a part of the campaign financed by the annual sale of Christmas Seals.

The first Christmas Seal Sale was held in Denmark in 1904, the result of an inspiration of Eimer Holboell, a postal clerk.

Miss Emily P. Bussell conducted the first Christmas Seal Sale in the United States at Wilmington, Delaware, in 1907.

There are 1,850 tuberculosis associations and eight hundred and fifty smaller committees affiliated with the National Tuberculosis Association in the United States.

Tuberculosis is responsible each year for the death of about 3,500 children under fifteen years of age in the United States.

Each year tuberculosis claims the lives of about 45,000 young people between the ages of fifteen and forty-five.

The tuberculosis death rate of girls and young women between the ages of fifteen and twenty-five is one and one-half times that of boys and young men of the same ages.

One out of every six deaths occurring among young men between the ages of twenty and forty is caused by tuberculosis.

One out of every four deaths occurring among girls and young women between the ages of fifteen and thirty is caused by tuberculosis.

Considerably more than half of all the deaths from tuberculosis occur during the important productive years of life—between fifteen and forty-five.

Three-fifths of all the deaths from tuberculosis occur before the age of forty-five.

Tuberculosis is still the first cause of death during the age period from fifteen to forty-five, although it has been reduced to seventh in importance as a cause of death in the entire population.

The tuberculosis mortality rate is now approximately forty-seven per 100,000 of the population in the early 1930's, it was close to 200.

Thirty years ago tuberculosis was responsible for eleven out of every one hundred occurring in the United States. Today it is responsible for less than five out of every one hundred deaths.

Today tuberculosis is responsible for the death of one individual every eight and one-half minutes.

More than three million men, women and children have died of tuberculosis in the United States during the last thirty years. Over two million more would have died during that time if the mortality rate of thirty years ago had continued to prevail.

The annual death toll from tuberculosis in the United States would be more than 250,000 if the death rate of the early 1900's still prevailed. Under present mortality conditions, the annual death toll is about 60,000.

The tuberculosis death rate among unskilled workers is seven times higher than that among professional workers.

Tuberculosis now ranks seventh in importance as a cause of death. It has been forced gradually into this position since 1912, up to which time it had been the first cause of death.

There are estimated to be about 500,000 active cases of tuberculosis in the United States.

Lenses, the French physician who first invented the diethoscope, died from tuberculosis when he was only forty-five.

Dr. Robert Koch announced the discovery of the germ which causes tuberculosis (the tubercle bacillus) in 1882.

In 1885, Dr. Edward L. Trudeau built for two of his patients a little red cottage in Saranac Lake, N. Y. This was the beginning of sanatorium treatment for the tuberculosis in the United States.

Wilhelm Konrad Roentgen announced his discovery of the X-ray on January 23, 1896.

There are 90,000 beds for the treatment of tuberculosis in the United States.

Hospital facilities for the treatment of tuberculosis represent an investment of more than three hundred million dollars and annual maintenance cost is more than \$70,000,000.

The first dispensary in this country devoted exclusively to the treatment of the tuberculous poor was opened in 1904 in New York City.

Tuberculosis bills close to 175 people every day in the United States, or one every eight and one-half minutes.

Burley Growers Plan Quota Vote November 23

These are important days for Burley tobacco growers—and for business, too—as is shown in the above scenes. Growers are only preparing for the marketing season which will soon begin, but they also will vote in a referendum on that it is important for all growers to cast their ballots in the referendum, since the question of quotas for a three-year period is presented for the first time. With quotas for a three-year period, growers can expect better prices than with quotas for a one-year period, committees state. Better prices for farmers mean better business for everyone in the Burley area. Full details of the referendum can be obtained from the County A.A.A. office or from A.A.A. committees. Consequent voting places will be announced.

Amateur Radio Station Being Constructed Here

Resident NYA Students Will Build Project

The recently inaugurated NYA residence project is progressing well, according to Mr. Markham, supervisor for the project. A total of forty-nine boys are employed on the project, twenty of which are taking college work in addition to their work and twenty-eight enrolled in training school classes.

The project consists of two divisions, radio and workshop. The radio section is to employ twenty boys, Markham said, and the remainder will work in the workshop. The project has twenty more vacancies for persons not taking academic work, a limited number of which are in the radio division and open to regular college students.

Plans for the project include the construction of an amateur radio station on the campus. The actual construction will be done by the boys themselves under the supervision of Mr. William Kost, NYA supervisor from Louisville. Twenty radio receiving sets will be built by the end of the year, while the transmitter is expected to be complete in two months.

The workshop project will build tables, desks, and similar equipment for county school systems under the direction of Vennie Caudill, Morehead graduate. This division has enrolled thirty boys who will work in the industrial arts department in the Science Hall and in the Training School.

Markham stated that with the approval of college authorities, the radio transmitter would be placed in Thompson Hall, and that steps would be taken to prevent local radio interference. The project will be completed by June 30, 1941, but no plans have been made beyond that date.

Mr. Markham has been with the NYA less than a year. A transfer to Morehead from Carrington, he is a graduate of Eastern State Teachers College at Richmond, and holds a reserve commission in the United States Army. He was stationed in the Far East in the Marine Service for some years.

Special Group Of NYA Boys Enroll

Forty-Two Students To Take Class Work At Local And Brick

The local NYA has brought a group of forty-two boys to Morehead's campus. Twenty-two of these boys are enrolled in the college and twenty are students in the Training School. The NYA has arranged for all of them to stay in Thompson Hall.

The boys work 4 hrs. a day and are assigned their jobs by the NYA. Some may work in the power plant, some may paint or construct woodcraft, and others may work at the radio station, which is a probability at the present.

Each boy takes nine hours class work in the course of his choice. Mathematics, Drawing, or Mechanics. In addition to this he may carry four hours of library work, four hours of activities, one elective, which coincides with the course and one hour of Citizenship, Health, or Occupational Guidance.

The idea behind this is to give boys, who otherwise wouldn't come to school, an opportunity to get practical experience simultaneously with their education.

U. K. Enrollment Reaches 3, 734

A total of 3,734 students from forty-two states including Kentucky and from seven foreign countries and possessions, are enrolled at the University of Kentucky for the fall term of the 1940-41 school year at the state university.

Rowan County Has 635 Burley Growers

Rowan County has 635 farmers growing burley tobacco. Most of these farmers have been growing burley tobacco for many years, and virtually all of them have considerable investments in barns and other equipment for growing and curing the crop. These investments are such that, whether the prices are high or low, these farmers must continue to grow burley tobacco or scrap their equipment.

Recognizing their vital interest in keeping supplies of burley tobacco in line with the amount used each year, Rowan County tobacco growers, along with those in other parts of Kentucky and in the fourteen other States which produce burley, reduced their acreages of tobacco under the first A.A.A. control plan.

At the time this reduction was made, the acreage of burley tobacco was approximately thirty-five percent larger than necessary to supply the amount of tobacco needed each year. Supplies of burley had been piling up since 1912 and in 1935 reached an all-time high of 1,077,800,000 pounds.

Under the acreage reduction plan, the amount of burley tobacco produced each year dropped to the amount consumed in 1934, 1935, and 1936 as shown in the following table:

Year	Production lbs.	Disappearance lbs.
1934	234,200,000	284,700,000
1935	220,200,000	309,100,000
1936	216,500,000	329,500,000

The average price paid for burley tobacco during this period rose gradually from 10.5 cents a pound in 1934 to 16.9 cents a pound in 1935, 1936 and 1937. In 1935 and 1936, the total acreage of burley was increased from 302,300 to 442,900, largely because farmers who had never grown burley tobacco before began to grow the crop. Production of burley shot up to 402,400,000 lbs. more than 88,000,000 pounds greater than the amount used last year.

To discourage this spread in the farmers voted a marketing quota on the 1938 crop. Acreage that year was reduced to 407,300 but production was still about 23,000,000 pounds larger than disappearance. For the 1939 crop Kentucky farmers again voted 73.2 percent in favor of the marketing quota but a heavy vote against the quota in other burley producing States reduced the percentage of burley growers in favor of the program to 60.5, which is below the two-thirds majority required to make it effective. With no quota in effect last year, acreage went up to 432,200. Production too, rose to 394,800,000 pounds, or 66,000,000 pounds more than the amount of burley tobacco used during the past year.

Last November burley growers voted a quota on 1940 marketing. The acreage has been reduced this year to 380,800 and it now appears that production will be around 312,000,000 pounds according to Department of Agriculture reports. While this production probably will be below the amount used during the present year, the total supply is estimated at 1,061,800,000 pounds—only a little less than last year's supply of 1,078,800,000 pounds. This with the supply of burley still very large because of last year's surplus, the prospect of a big crop in 1941 might have a disastrous effect on prices for the 1940 crop.

What can growers do about this situation to protect their investments in equipment and to protect their market? Their market should be protected and not thrown open to other farmers who may be attracted to it by the low production and possible better prices this year. In order to protect their investments in equipment, burley growers in Rowan county, in other counties of Kentucky and in other States of the burley area owe it to themselves to control the spread of burley production by supporting the three-year marketing quota plan on which they will vote November 23.

MOREHEAD, KENTUCKY

Sheriff's Sale of Real Estate

By virtue of an Execution No. 1685, directed to me which was issued from the Clerk's Office of the Carter Circuit Court in favor of Test Conn, et al. against O. L. James, J. L. Nickell and Ollie Ray Roberts, I will on Monday, December 2nd, 1940, between the hours of 1:00 P. M. and 2:00 P. M. at the Courthouse door in Morehead, Kentucky, expose for public sale to the highest bidder the following described property, or so much thereof as may be necessary to satisfy the plaintiff, debt interest and cost, to-wit:

"A certain parcel of land lying and being in Rowan County, Kentucky, and described as follows: On the head waters of Christy Creek, to-wit: Beginning on the south side of Christy Creek, corner on a small sycamore bush; thence fifteen feet to two small hickories; thence up the hill seventy feet to a small apple tree; thence one hundred fifteen feet

around the hill and up said creek to a large apple tree; thence down the hill sixty-five feet to a black oak stump and sprouts on bank of Christy Creek; thence down said creek to the place of beginning, containing — acres, more or less, and being the same land conveyed to Ollie Ray Roberts by O. L. James and Berca James, his wife by deed dated the fourth day of March, 1939, which deed is recorded in Deed Book No. 50 at Page 542 Records of the Rowan County Court Clerk's office.

The above sale will be made upon a credit of six and twelve months, with approved surety. The amount of said debt, interest and cost to be raised by said sale is as follows: Amount of judgment \$169.66 with interest at the rate of six percent from August 2nd, 1940 until paid Costs \$5.00

Given under my hand as Sheriff of Rowan County, Kentucky, this October 26, 1940.

B. F. McBRAYER,
Sheriff, Rowan Co.
Kentucky.

Bogus Checks Are Now In Circulation

Warning against cashing checks of any type, with the bearer using only a social security account number as identification, was given today by James A. Chaney, manager of the Ashland, Kentucky, field office of the Social Security Board.

"Recently there has come to attention a new type of fraud involving the use of social security numbers," Mr. Chaney said. "Individuals have presented what appear to be payroll checks

of a reputable business house. Typed on the check is the social security number of the supposed employee. The person seeking to cash the check then presents a social security card bearing that number, also the same name as that which appears on the check.

"Actually the checks are fraudulent and without value. Often there is no such company, so far as we have been able to learn, the name or names used by the supposed writer doubles are fictitious. The social security number was obtained in order to be used as identification, and probably is one of several used for this purpose.

"We advise all merchants and

others who are asked to cash checks only with a social security number as identification to make sure they know the identity of the person with whom they are dealing. Our records are confidential, hence it is impossible for us to even attempt to identify the persons who cash worthless checks in this manner," Mr. Chaney added.

and her deep love for the story as a part of human life at its best. "Once upon a Time," the radio program which Mrs. Clifford presented for three years over the Columbia network, brought to her nation-wide acclaim and the tender appreciation of the countless thousands who heard her.

Eagles Meet Western Saturday, November 9

In what promises to be a real "battle royal," the Morehead State Teachers College Eagles will meet Coach Gauder Terry's big, bad Hilltoppers from Bowling Green at Morehead Saturday. This will mark the first time in the history of both colleges that Western has ever set foot on the Morehead gridiron.

A particularly large crowd is expected for the fray, according to advance information and ticket sales. Many football fans from Fleming and Mason counties are expected to be present due to the fact that neither county has had an opportunity of seeing a good game so close to home so far this season.

Citing his only glaring weakness as "lack of reserve strength," Coach Ellis Johnson said that the Eagles are "cooked and primed" to fight the Terrymen "right down the road, win, lose or draw."

Johnson's statement of his lack of reserves showed up in the second half of the Eastern game when the Eagles, worn out, were forced to relinquish a 13-7 lead after out-fighting and out-gaining Rome Rankin's eleven.

Morehead State Plays Big Role In E K E A Program

Vaughan, Falls, Horton, Banks, Claypool And Others To Have Leading Roles At Ashland Next Week

Morehead State Teachers College, as usual, will play an important part at EKEA sessions to be held in Ashland November 7, 9 and 9.

Miss Ella Wilkes is to preside at the department of Science teachers, while Mr. Keith Davis will direct the string ensemble at several appearances on the EKEA program.

School will not be dismissed this year for students and teachers to attend the meeting, President W. H. Vaughan announced.

Lewis Henry Horton will lead a combined chorus from the high schools of eastern Kentucky at the opening session Thursday night. Dr. J. D. Falls, Executive Head, will speak on "Knowing Your State and District Education Associations" Friday morning. President Vaughan will lead a memorial exercise for deceased members Friday evening; and Mrs. Naomi Claypool will direct a department of art discussion Friday afternoon.

Sam Denny, critic teacher in the Training School, will preside over a Department of English Teachers meeting Friday afternoon; Professor Banks will speak at this meeting on "Introducing the College Man to His Cultural Heritage."

The Morehead College dinner will be held, as usual, in the banquet room of the Henry Clay Hotel, Friday evening. An unusually large number of alumni, former students and friends of the College have signified that they are planning to attend, according to Dr. J. D. Falls, in charge of arrangements.

This Homecoming Promises To Be Bigger And Better

Authorities Plan For Record Crowd Nov. 16

It looks like a great day on the Morehead campus, November 16th, when the 1940 MSTC Homecoming will be in full swing. Every department has been working overtime to make this the biggest and best Homecoming in the history of the school. Letters by the dozen have been pouring into the office of Mrs. Fayne, Director of Public Relations, from former students who plan to be on the campus with their old classmates that day. Paul Henson, Mrs. J. Howard Henderson (nee Sarah Adeline Waters), "Luis" Oxley, Oma Willoughby—these are but a few who promise to return to the Alma Mater two weeks from today.

The social committee has planned a full schedule of entertainment for the day, beginning with an open house in the Young hall Saturday morning. Alumni will be honor guests.

Highlight of the day's festivities will be the game between the Pioneers of Transylvania and the Eagles of Morehead, which will be the final game for the MSTC season this year. A record crowd is expected at Jayne Memorial stadium for this big game, which will start at two o'clock.

At the annual Homecoming banquet Saturday night, special tribute will be paid Professors C. O. Peratt, H. C. Haggan, Inez Faith Stuppiner, and Catherine Braun, who have been on the Morehead faculty since the organization of the college in 1923. President W. H. Vaughan will act as toastmaster. The price of banquet plates is sixty-five cents.

Following the banquet, a dance in the gymnasium will conclude the day's program. Music will be furnished by Jamie Thompson and his orchestra. Admission to the dance is one dollar, stag or couple.

Staff photographers from several Kentucky dailies will be present to make pictures of the events.

These are but a few of the many features planned to welcome back what promises to be the largest Homecoming crowd in the history of Morehead State Teachers College.

Rowan Tots County List

Statistics on enrollment in the county by counties was released Wednesday, October 23, by Miss Mary Page Milton, Registrar. The figures show that Rowan County leads the list with 1,177 students enrolled. Carter with 48, Morgan with 39, and Greenup with 32. Out-of-state registration totaled 46. A complete list of enrollment by counties follows:

- Bath 21, Bourbon 2, Boyd 30, Boone 3, Breathitt 1, Caldwell 1, Campbell 9, Carter 48, Elliott 22, Fayette 8, Fleming 11, Floyd 25, Greenup 32, Harlan 5, Harrison 4, Henry 1, Jefferson 6, Johnson 27, Knott 8, Lawrence 26, Laffin 4, Lewis 6, Letcher 9, Magoffin 11, Martin 10, Mason 5, McCracken 2, Menifee 9, Monroe 1, Montgomery 9, Morgan 39, Nicholas 8, Ohio 1, Owsley 1, Pendleton 2, Perry 12, Pike 8, Powell 3, Pulaski 1, Rowan 111, Scott 2, Taylor 2, Wolfe 3, Woodford 1, and out-of-state 46.

Workers Receiving State mt Of Wages

The Social Security Board is now giving workers a statement of their wage records, which future payments will be made under the old-age and survivors insurance program.

"We have post cards which any worker may use to obtain a statement of the wages which were credited to his social security record during the years 1937, 1938 and 1939. If any wages which the worker has earned in jobs covered by the Social Security Act do not appear on the statement, a study of the record will be made and steps taken to adjust it. "As all monthly payments un-

FIRST STRING CENTER: "Sandy" Sanders receives instructions from Coach "Gandier" Terry, Western.

der the amended Social Security Act are based on average wages it is important that all earnings of insured workers be credited to their accounts. That is why we suggest that these statements be obtained at this time. It takes only a few seconds to fill out the cards, which may be obtained by personal or telephone calls to our office in the Second National Bank Building, or through mail requests, Mr. Chaney said.

Extension Granted Employers To Give Time For Filing

V. E. BARNES, Executive Director Employers who have not yet paid their state unemployment insurance contributions for the years 1938, 1937, 1938 and 1939 have been granted an extension and including December 6 in which to pay such contributions and receive credit against the Federal Unemployment Insurance Act for such years, V. E. Barnes, Executive Director for the Kentucky Unemployment Compensation Commission announced today.

Enactment of the Second Revenue Act of 1940, Barnes explained, makes it possible for employers delinquent for the years 1936, 1937 and 1938 to receive full credit of ninety percent against their Federal Unemployment tax if these past due contributions are paid to the State on or before December 6.

A partial credit of eighty-one percent will be allowed in the case of contributions delinquent for the year 1939 if these contributions are paid to the State on or before December 6, the Executive Director declared. This extension of time permits

employers who were denied Federal credit for State Unemployment insurance payments because such payments were not made by the due dates for the years 1936, 1937, 1938 and 1939, to receive from the Federal government a refund equal to amount to the payment made to the State for those years. Claims for such refunds should be filed promptly on Treasury Department Form 845.

Employers may receive credit for contributions paid to the State Unemployment insurance fund on back wages to any of their employees for the years 1936, 1937, 1938 and 1939, Barnes declared. If the back wages are paid on or before November 16, the employer has through December 6 to pay the state unemployment insurance contributions on such wages and receive full credit against the Federal Unemployment insurance tax for those years, it was explained. If the back wages are not paid on or before November 16, the employer may receive full federal credit only as and when such back wages are paid and proper contributions on such wages are made to the State.

Homecoming....
November 16

Homecoming Will Be November 16

Many Special Features Planned For Old Grads

Saturday, November 16, is the day for which all students and former students of Morehead are waiting, for that day is coming.

Saturday morning there will be open house at Althe Young Hall where you can meet all your old friends. Refreshments will be served by the Social Committee. At noon the main features will be a football game between the Morehead Eagles and the Transylvania Pioneers. This is also the last game of the season for the blue-and-white football team.

Saturday night there will be a banquet in the cafeteria, the main feature will be to pay tribute to C. O. Peratt, H. C. Haggan, Inez Faith Humphrey and Catherine Braun who have been teaching since the school was first organized. President W. H. Vaughan will be the toastmaster. The climax of the days events will be a dance in the gymnasium.

Music will be furnished by a Lexington orchestra.

The largest homecoming crowd in the history of the school is expected. Many clubs are planning special events for the reunion.

The price of the banquet will be \$1.00 state or couple. The entire program is under the direction of the social committee.

Ninety MC Students Enroll For Draft

According to President Vaughan, ninety Morehead College students registered for the draft Wednesday, October 16. Dr. Vaughan stated that the comments he had heard all expressed willingness to undergo a period of training in the military forces.

This action was taken in accordance with the recently passed legislation which required approximately 16,000,000 men between the ages of twenty-one and thirty-six to register for the draft.

Representatives of Home

Mr. J. E. Catron, the Director, and four young children who are in the care of the Christian Church Widows and Orphans Home in Catron, visited in Morehead Monday afternoon and night. Mr. Catron and the children offered a program in the meeting of the Young Peoples' Guild Sunday evening, which was received and enthusiastically welcomed.

During the regular evening session, the group offered another program. The children, musical by balance, sang, and Mr. Catron showed colored motion picture films of the home and its work.

The group was entertained in the homes of members of the Church during the night, having luncheon at the home of Mrs. C. O. Peratt, and then spending the night with Mrs. G. C. Banks, Mrs. W. H. Wolf, Mrs. O. P. Carr and Mrs. Chappie Nickell.

Miss Marie Pennebaker and Nanette Robinson entertained a group of their friends with a Halloween party at the home of the former on Hayes Avenue, on Wednesday evening, October 30 from seven to nine o'clock. Blinking Jack-o-Lanterns greeted the guests as they arrived in costume.

Half-hour games and contests were enjoyed, and refreshments of chocolate doughnuts, cider, and candy were served in the dining room. The guests who were present were: Janet Patrick, Merle Fair, Barbara Jones Shaffer, Betty Jane Wolford, Jeanice Dudley, and Lois Jean Wheeler.

Mrs. Myrtis Hall, Miss Patti Dohin and Miss Bernice Clark attended the Kentucky Home Economics Association at Richmond on Friday and Saturday. Miss Lucile Morris, Miss Juanita Williams, Miss Addie Glass and Miss Millie Sergeant also attended the meeting at Richmond, representing the Morehead College Home Economics Club.

Mrs. James J. Clay, Mr. S. M. Caudill, Paul Reynolds, and Wm. Earl Clay spent Sunday at Adell, Wm. Morgan County. They brought back with them Mrs. Clay's mother, Mrs. S. M. Caudill and Mrs. Mary Blair who had been there for a visit. Mrs. Caudill's sister, Mrs. C. R. Lacy returned with them for a visit here this week.

Mrs. May Day and Miss Anna Jane Day of Frankfort were the weekend guests of Mrs. Roy Vencil.

Mrs. Ray Wendell visited in Cincinnati from Thursday to Sunday of last week.

Mr. D. F. Walker is confined to his bed again this week with arthritis.

Mr. and Mrs. James Clay were in Lexington on Saturday.

Miss Francis Peratt shopped in Lexington on Saturday.

Mrs. Pearl Cooksey is at the King's Daughter's Hospital in Lexington with a broken hip which resulted from a fall on a step at her home on Saturday. Mrs. Cooksey is reported to be resting comfortably now, but will probably be in the hospital six weeks.

Mr. and Mrs. J. M. Clayton entertained the Couples Bridge Club at their home on Monday evening. Special guests of the evening were: Mr. and Mrs. Chiles-Van Antwerp and Mr. and Mrs. G. B. Tannebaker.

Morehead Woman's Club will meet Tuesday Night, November 12th, at the home of Mrs. John Palmer, at seven o'clock.

Missionary Society Meets. The Missionary Society of the Christian Church will meet at the home of Mrs. N. E. Kennard, Thursday evening of this week, at 8:00.

President and Mrs. W. H. Vaughan will go to Ashland this week to attend the EKEA while there, Mr. and Mrs. Vaughan will be guests of Mr. and Mrs. John W. Woods.

Little John Sidney Green returned from the Good Samaritan Hospital in Lexington on Wednesday. He is recovering nicely from his operation.

Mrs. Jack Robey arrived last Wednesday for a visit with her parents, Mr. and Mrs. S. L. Allen. Mr. and Mrs. Robey are located at Prestonburg at the present.

Mr. and Mrs. W. E. Snell of Westland, Kentucky, will spend Sunday of Mr. and Mrs. Ray Wendell. They were enroute home from a vacation in Mississippi.

BIRTH ANNOUNCED.

Mr. and Mrs. Elwood Hall announce the birth of a son on Saturday, November 2, at their home in Morehead. He is their second child and first son and has been named Allen Edward.

Mr. and Mrs. N. E. Kennard were weekend guests of Mr. and Mrs. Harry Jeffers in Frankfort. On Sunday, they visited in Bardonia.

Mrs. A. L. Miller, Mrs. Newland and Reverend Mattiny were in Ashland Monday to see Mrs. Pearl Cooksey at the King's Daughter's Hospital.

Miss Lynn Thompson of Mayeville was a guest of Mr. and Mrs. Drew Evans on Sunday.

Mr. and Mrs. Gerald Vinson of Fort Gay were visitors in Morehead, Sunday. Mrs. Vinson was formerly Miss Virginia Caudill.

Mr. and Mrs. Wm. Lindsey and little daughter, Maribelle, of Stanton, were weekend guests of Mrs. C. U. Waltz.

Mrs. L. D. Bellamy had as guests on Wednesday, her mother and sister, Mrs. W. D. Reed and Mrs. J. A. Jarrell Reed of West Liberty.

Mrs. Russell Meadows and Miss Christine Hall stopped in Lexington on Saturday. Mr. Meadows attended the Kentucky-Alabama game.

Mr. and Mrs. C. J. McGruder of Frankfort were guests of her mother, Mrs. A. W. Young on Tuesday.

Miss Elizabeth Hulbertson of Dunganston, Virginia, was a weekend guest of Mrs. W. L. Jayne and family.

Murvel Caudill and Ligon Kessler were visitors in Flemingsburg Saturday.

Mrs. Sue Henry of Richmond is visiting her sister, Mrs. Tomlinson, this week.

Mrs. May Day and Miss Anna Jane Day of Frankfort were the weekend guests of Mrs. Roy Vencil.

Mrs. Ray Wendell visited in Cincinnati from Thursday to Sunday of last week.

Mr. D. F. Walker is confined to his bed again this week with arthritis.

Mr. and Mrs. James Clay were in Lexington on Saturday.

Miss Francis Peratt shopped in Lexington on Saturday.

Mrs. Pearl Cooksey is at the King's Daughter's Hospital in Lexington with a broken hip which resulted from a fall on a step at her home on Saturday. Mrs. Cooksey is reported to be resting comfortably now, but will probably be in the hospital six weeks.

Mr. and Mrs. J. M. Clayton entertained the Couples Bridge Club at their home on Monday evening. Special guests of the evening were: Mr. and Mrs. Chiles-Van Antwerp and Mr. and Mrs. G. B. Tannebaker.

Morehead Woman's Club will meet Tuesday Night, November 12th, at the home of Mrs. John Palmer, at seven o'clock.

Missionary Society Meets. The Missionary Society of the Christian Church will meet at the home of Mrs. N. E. Kennard, Thursday evening of this week, at 8:00.

President and Mrs. W. H. Vaughan will go to Ashland this week to attend the EKEA while there, Mr. and Mrs. Vaughan will be guests of Mr. and Mrs. John W. Woods.

Little John Sidney Green returned from the Good Samaritan Hospital in Lexington on Wednesday. He is recovering nicely from his operation.

Mrs. Jack Robey arrived last Wednesday for a visit with her parents, Mr. and Mrs. S. L. Allen. Mr. and Mrs. Robey are located at Prestonburg at the present.

Mr. and Mrs. W. E. Snell of Westland, Kentucky, will spend Sunday of Mr. and Mrs. Ray Wendell. They were enroute home from a vacation in Mississippi.

BOOK NOTES...

(Mr. Stith Malone Calls) Assistant Librarian Morehead State Teachers College (Fleeter Books on School and College Days) (Continued) This week we are continuing our discussion of fiction books on school and college days. They are as follows: 1. Hilton, James. (Goodbye, Mr. Chips.) Little Publishing Co., \$1.25.

Full of charm is this story of the delightful Mr. Chips, master of an English boys' school, whose humor and wisdom made him the master his students never forgot. 2. Kinloch, Lucy. (A World Within A School.) Random House Publishing Co., \$2.00.

School girl problems, sports, friendships and jealousies create a realistic atmosphere in this English boarding-school story, which emphasizes preparation for a broader world outside the school. 3. Medary, Marjorie. (College In Crinoline.) Longans Publishing Co., \$2.00.

Beatie Q, the lively heroine in Prairie Anchorage, appears in this realistic pioneer story which takes place in a coeducational college in Iowa at the beginning of the Civil War. 4. Sterne, E. G. (Amarantha Gay.) Dodd, Mead Publishing Company, \$2.00.

The Manly (No Surrender) leaves Alabama to teach science at a newly founded college for women in Massachusetts. Prejudice against women students in the field of science must be met, but Manly wins her M. D. degree and achieves success and happiness. 5. Walpole, Hugh. (Jeremy At Crale.) Doubleday, Doran Publishing Company, \$2.50.

"His Friends, his ambitions and his great enemy," plus some exciting games, make up Jeremy's life at Crale.

returns to the attitude which built this country the every man must do his share of the hard, back-breaking drudgery of his job in order to enjoy its more attractive aspects and to attain finally independence from drudgery.

"As long as there are men and women about us who believe that the reason our ancestors had to work hard was because they were exploited by 'economic royalists' of their time, and that more and more relief from hard work can be secured for all of us by forcing others to divide with us the social security is found in the American people are going to become. As long as many about us believe that the purpose of the American way of life is to secure the greatest amount of pleasure with the least effort the more degenerate we become as a one-way people. The only perfect American philosophy is found in the county jail."

Dr. A. W. Adkins will have charge of this week's program at the Men's Club meeting.

Change Needed--

(Continued from Page 1) you. "The biggest personal fight which you and I have on our hands today is not that of a possible physical combat with an invading enemy, but the fight to recover our American philosophy on life."

Discussing the reason for these changes in our attitude of life, Mr. Haggan declared that the first World War blasted our established way of life, dislocating its very roots... came the jazz age with easy money... then followed the crash of '29 with money gone and the appetite for pleasure unappeased."

The speaker closed his address with the statement that "we must

OUR DEMOCRACY

TAKING CARE OF GRANDPA
IN ANCIENT TIMES, THE FEW WHO LIVED TO GROW OLD AND USELESS, WERE DRIVEN OFF TO STARVE.

OLD AGE IS INCREASING. NUMBER OF REASONS 65 AND OVER IN U.S. HAS NEARLY DOUBLED IN 20 YEARS, BUT--

TODAY WE LOOK FORWARD TO OLD AGE SECURITY, U.S. AND STATE LAWS PROVIDE MINIMUM SUBSISTENCE. 1,500,000 ANNUITIES HAVE BEEN BOUGHT THAT WILL PAY MORE THAN HALF BILLION YEARLY.

F.F.A.-- (Continued from Page 1)

terprise Projects. We have 'three types of projects, productive, improvement and supplementary. Productive projects are those that we receive our labor earnings from several of the boys are doing real well in their productive projects and naturally those who are not doing so well want to move up into the higher brackets. Those who are more successful tell us that all it takes is work and take the advantage of all opportunities given a boy.

Our class work has been centered around the subject of: Transplanting trees. We find the study very interesting and we are encouraging the planting of more trees about the home and stock lots.

Independent \$1.50

St. Alban's Mission (Epicop), Sunday, November 11, 7:30. Prayer and Sermon, 7:50. Preacher: Reverend F. C. Lightbourn, S. T. B., Mount Sterling.

Child Discussion--

(Continued from Page 1.)

Infantile Paralysis. A dinner meeting arranged by the Fayette County Committee will be held in the Red Room, Lafayette Hotel, with Frank A. Barber, president of the North Carolina League for Crippled Children as speaker.

In extending invitations to all Kentuckians interested in crippled children's work, Mr. McClesney stresses the increasing cooperation and enthusiasm of individuals and volunteer groups throughout the State, making possible the widespread success of the Society's work.

While the Kentucky Society for Crippled Children is the parent of the work in Kentucky and is responsible for the creation of the Kentucky Crippled Children Commission which now handles the professional program of holding free clinics and extending hospitalization to crippled children, President McClesney says that it is through interested individuals and civil groups that the work has been successful. All service clubs are urged to send representatives to the meeting on November 14.

Roosevelt-- (Continued from Page 1.)

He led Roosevelt in North Dakota, but trailed him in Michigan. Twenty-three electoral votes are at stake in these two states.

The President's sweep of the largest popular vote in any defeated presidential candidate in the nation's history.

The latest tabulation of 42,513,292 votes of the estimated 50,000,000 cast in Tuesday's election gave Roosevelt 23,190,115; Wilkie 19,323,173. This is in contrast to the 1936 total popular vote when Roosevelt received 27,478,762 and Alfred M. Landon 16,679,583.

Latest tabulations showed that Wilkie had won in seven states with forty-five electoral votes. They are Maine, Vermont, Kansas, Nebraska, Colorado, South Dakota, and Iowa.

Smokers-- (Continued from Page 1.)

The Department are constantly checking retailers in an effort to protect the public and to collect any taxes which may be due. "Criminal prosecution will be resorted to if necessary to enforce this phase of the Kentucky Cigarette Tax Law," he added.

Ques. And Ans.--

(Continued from Page 1.)

enrolled 117,827 children in the first grade. In the twelfth grade for the same year there were enrolled 16,209. What will become of the 100,000 or more boys and girls who do not find their reason or the other find their way into grade XII?

There are many reasons why many do not reach their educational goal in life. Many drop out at 16, the age limit for compulsory education. Many move away. Death and marriage take out a number. Sickness takes some. Inability to do school work, discouragement and the inability to get along with the teacher. And financial reasons. What are the answers?

OHIO STATE UNIVERSITY GLEE CLUB

The Glee Club from Ohio State University is under the direction of Dale V. Gibbard and it consists of sixty voices. Judging from the popularity of the University of Cincinnati Glee Club at its appearance on the program one year ago, the Ohio State Singers would go over in a fine way. The music alone is worth the teachers' trip to the EKEA. Consider this year. Three great Glee Clubs are on the program. In addition to Ohio State University Glee Club, the Glee Clubs of Fayetteville College and a combined High School Chorus from Eastern Kentucky, directed by Professor L. H. Horton of Morehead are to be heard.

Beauty Reaches All-Time High in New '41 Chevrolet

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on the market, a real beauty for the car which has earned first place in public favor year after year. The greater size and roominess of the new models, together with new beauty, are apparent in the Special De Luxe Sport Sedan, shown above. (2) in shows the positions interior of the same model's rear compartment, and (3) is the front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type seat covers, and specially re-cycled dash. One of the major changes is substitution of concealed safety-plate (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 82 to 90 without increasing compression, and cooling, lubrication and other details all improved. In stock is the new switch which reverses the ignition current polarity when the starter is operated, indefinitely prolonging the life of distributor points.
